Active Work Now in Progress on Construction of Highway

Big Gang of Men at Work and Work Being Rushed Along. Two Steam Rollers on the Job. Schroeder's Concert a Big Success. Activity in Shaw Township. Other News from South Porcupine Correspondent.

A good crowd attended the Concert given by Prof. Schroeder in the Majestic Theatre on Tuesday evening, of last week. Much credit is due Prof. Schroeder for his untiring efforts towards producing exceptional musical talent in the camp and the exhibition given on Tuesday last was well received and appreciated by all present. Among the outstanding numbers were a Violin Solo by Vieno Pertiallo; Singing, Dancing and Readings by Gwen Smith; Piano Duet by Dorothy and Roma Porter; Violin Solo by Willie Shub and last but not least the famous Hawaiian Guitar Orchestra. Others taking part were: J. Neilson, especially good on the violin; Guitar selection by Mr. Lamotho and Ash, with Burton Holland and Prof. Schroeder assisting in Duets and Choruses. A two-reel picture was run previously to the concert. Many of the parents who have children studying music were much impressed with the splendid rendition of these pupils, who with continued effort will undoubtedly turn out to be artists of the finest class.

The Porcupine Goldfields Band held their weekly rehearsal last Sunday afternoon at the Dome Recreation Hall. About twenty-five members present. The Band are holding a Concert in the Maple Leaf Theatre, Schumacher, on Sunday next and will be assisted by talent from Schumacher. Another Concert has been announced to take place in the Majestic Theatre, South Porcupine on the following Sunday, May 10th. Bandmaster James Boissonault has received many requests from friends at the Dome regarding the splendid soloists taking part again as were present at the last concert. This is indeed encouraging to the Band and the ones who took part as soloists. Let us hope the same spirit will continue.

The wind blew; the lightning flashed; the thunder cracked; a small dog crawled into a doorway; people were hurrying inside; the lights went out; then the fire-bell rang, and the South Porcupine Brigade were away to answer a call at the Telephone building, where the lightning had been successful in shorting some of the wires, and caused considerable smoke, as well as putting about twenty-five telephones out of service temporarily. It was a most excitable ten minutes for South Porcupine especially on the Sabbath and the brigade had the unusual thrill of getting wet before they got to the fire. The storm lasted for about twenty minutes when the good old sunshine was back again to the satisfaction of man who were frightened. No doubt they will remember last Sunday at 3.30 p.m. for some time to come.

Excavation has been started on the lot adjoining Tony Aquino's Shoe shop and it is the intention of the owners who are from Timmins to erect a business block on the site mentioned. It is especially noticeable that a cellar has been dug in conjunction with the proposed water system that will shortly be installed in South Porcupine. Others are considering this move with plans of their own and it is presumed that similar operations will be noticeable elsewhere in the town during the Summer.

Mr. Freeman intends building a bungalow on the site adjoining his present residence. The new building will be occupied immediately when finished.

We are glad to report that our Reeve Chas. V. Gallagher is again on the way to recovery. His many friends join us in extending their most sincere best wishes.

Russell Buchanan was a visitor in town last week, on business.

The Contractors who started work on the Government Highway between South Porcupine and Timmins are losing no time in showing signs of life. The activity that has been shown in the past week relieves all doubt about the road being finished this year. At the plant the machinery is in motion; on the highway just past the Rea Hill, many loads of rock have been dumped and the steam roller is packing it down. Opposite the Hollinger Office, the rock cuts are being blasted open and stumps are being cleared out of the way to satisfy the cry of commerce, which will soon demand a permanent highway of this sort. It is rumoured that the road will be closed shortly to traffic and the old road used the same as was done last year.

According to information received, the Orange Hall at Golden City will be opened again this season with regular weekly dances. Announcement of opening will be made later.

Mr. Leo Mascioli of Timmins, was a visitor in town last week.

Prospectors returning from a group of claims in Shaw township report having found some exceptionally fine-looking ore in that section. The parties are returning again this week with supplies to carry on further development work and tracing of other large veins encountered.

The many friends of Vic. McCaution are pleased to know that he has completely recovered from his operation of a few weeks ago.

Dr. and Mrs. Lee Honey from Timmins, were the guests of Dr. and Mrs. Mommerville on Wednesday last.

Mr. Chas. Morgan left on Tuesday for a business trip to Sudbury and

other points. Mr. and Mrs. A. Hancock, of Cochrane, were guests of Mr. and Mrs. W. W. Wilson on Friday last. Misses Pearl and Vera Bigelow, of Smooth Rock Falls, were the guests of Mrs. Shepherd over the week-end. According to advice, a prominent engineer from Toronto has been sampling the James Claims in Deloro with a view to taking an option on them. Assays from these properties have always been such as to warrant some extra activity in the nature of mining, and apparently Toronto financiers are waking up to the fact that now is the time to take a good look at Deloro Township and get in on the ground floor. Several properties are now under development in the Township of Deloro and the coming Summer and Spring promises unusual activity throughout the township. Tenders are now being received on the installation of Water and Sewer in South Porcupine. The Council as well as the ratepayers are anxious that some of this work should go to contractors in the camp, thereby providing extra work for some of the less fortunate ones, as well as keeping the investment intact with unlimited commercial value to the town. As near as can be learned at present the actual work should be started within thirty days. Sutcliffe & Neelands are finishing the plans and specifications for the work.

FOOTBALL MATCHES IN THE IMMEDIATE FUTURE

The following are the matches, scheduled in the Porcupine District Football League for the next week or so:

Thursday (to-morrow) April 30th—Lancastrians vs. Cornish-One and All.

Sat., May 2—Schumacher vs. Lancastrians.

Sat., May 2—Dome Mines vs. Hollinger.

Tues., May 5—Holly Recreation Club vs. Town-B.

Thurs., May 7—Town-A. vs. Dome Mines.

Sat., May 9—Cornish vs. Schumacher.
