The Car of Tomorrow Is the New Studebaker of Today

THE New Studebaker cars are different. Different because they are 365 days ahead of current motor car design.

Long graceful bodies, including the exclusive Studebaker Duplex—an open-closed car combined; durable lacquer or enamel finish; the oval grouping of all instruments under glass; the lighting control on the steering wheel; new-type emergency brake; completely machined crankshaft; force-feed oiling system; and full-size balloon tires, with steering gear especially designed for their use—these are a few of the features that distinguish the advanced design of the New Studebaker cars.

Because the New Studebakers are the forerunners of a new era of motor car design it naturally follows that the Studebaker you buy today will be worth relatively more tomorrow than any other car.

See the New Studebakers before you buy. It costs nothing to look.

STANDARD SIX

MEETING OF ROD AND GUN CLUB TOMORROW NIGHT

To Discuss Preservation of Wild Life, and Stocking of Streams With Trout.

No sportsman or lover of nature should miss the meeting of the Rod and Gun Club called for to-morrow, (Thursday) evening in the Council Chamber, Town Hall, Timmins. The meeting will begin at 8 p.m., and there are two important questions that will be to the front. One is the plan advocated by Mr. J. R. Todd, of damming Frederickhouse Lake so as to preserve that district as a feeding and breeding place for wild waterfowl. The other is to stock the various streams in the district with trout. Through the good work of those interested in the Rod and Gun Club, there was a stocking of streams hereabouts some years ago, and the present plan is simply with the idea of continuing the good work. In the April 22nd, issue of The Advance an open letter from Mr. J. R. Todd, explained the need for immediate attention to preserve Frederickhouse Lake for the waterfowl. He pointed out how conditions were such that if allowed to continue there would soon be no waterfowl at this lake, or indeed, in the whole district. He suggested the remedy, and asked that all co-operate to save Frederickhouse Lake for the waterfowl. A big attendance Thursday (to-morrow) evening at the Rod and Gun Club meeting will help a lot.

FIRE DESTROYS HOME OF KAPUSKASING FIRE CHIEF.

Kapuskasings always appear to have a particular touch of nastiness. Last week and fire at Kapuskasing had the ineptness to burn down the residence of the Fire Chief. At that, however, there have been cases where fire halls have actually been destroyed by fire upon occasion. The fire referred to at Kapuskasing broke out at close to nine o'clock on Monday morning of last week at the residence of David Joseph Bernard, electrician at the Spruce Falls Co., and voluntary fire chief of the town. Through hard and good work on the part of the volunteer fire brigade, the fire was controlled before much damage was done. The damages are estimated to be in the neighbourhood of \$1,000, caused by both fire and water. The cook stove pipes are believed to be the origin of the fire. The losses are covered by insurance. Mr. Bernard and family were to have left on the east-bound National at 10.30, yesterday morning, on a two-weeks holiday to North Bay, where relations live. This trip is now postponed.

ACROSS CANADA AND BACK

The wonder trip of the coming Summer will be conducted by Dean Laird, of MacDonald College, to Victoria B.C., and back.

Inspired by the success of the trip to Victoria last year on the occasion of the Teachers' Federation meeting at that point, and filled with patriotic motives for everyone to see their own country, the Dean has arranged for a special train of standard sleeping cars to leave Toronto on July 20, visiting Port Arthur, Fort William, Winnipeg, Regina, Moose Jaw, Calgary, Banff, Lake Louise, Vancouver, thence Steamer to Victoria.

Returning, the trip will be via the Okanagan Valley, Nelson, the Kootenay Lakes, Windermere Bungalow Camp, from which place the party will be motored to Banff, 104 miles over the newly completed Banff-Windermere Highway, the most charming and awe-inspiring trip it is possible to conceive, with stops at Radium Hot Springs, Vermilion River, and Storm Mountain Bungalow Camps—another day at Banff, then Edmonton, Saskatoon, Devil's Cap Bungalow Camp, near Kenora on the Lake of the Woods, steamer from Fort William to Port McNicoll, thence rail to Toronto, where the trip will terminate on August 10.

Everything is included at the price of \$325.00 from Toronto; transportation, sleeping cars, accommodation in hotels and bungalow camps, meals in diners, hotels and on steamers, sightseeing tours at points visited and all gratuities.

While appealing primarily to teachers, the tour is open to everyone desiring to go.

All welcome. Fares from other points than Toronto will be named and descriptive illustrated booklet sent on application to Dean Laird, MacDonald College P.O., Que. -14 t-f

Mr. Hopkins, of Toronto, Government Inspector, is in town this week checking up on liquor prescriptions in connection with the drug stores.

INFORMAL DANCE BY K. of C. ON MONDAY EVENING, MAY 11.

Invitations have been issued by Timmins Council, K. of C., No. 2405 for an Informal Dance to be held in King's Hall on Monday evening, May 11th. The best of music, dancing, refreshments, etc., and a first-class good time assured to all attending.

CONCERT MAY 13 BY PREMIER ARTISTS OF TIMMINS.

On Wednesday evening, May 13th, there is to be a Grand Evening Concert in the Ukrainian Hall, the programme to be given by leading artists of Timmins and district. Among the soloists will be Mr. Will Richards and Mrs. H. Barrett. The event is sure to prove a musical treat and should attract a large number of music-lovers.

WINDSOR HOTEL, CEDAR ST., UNDER NEW MANAGEMENT.

On April 23rd, Mr. P. Lacroix, a well-known hotel man, took over the management of the Windsor Hotel, Cedar Street, Timmins, recently conducted by Mr. Geo. Laporte. Mr. Lacroix has had considerable experience in city hotel management, having been superintendent of the Grand Trunk Hotel at Winnipeg and manager of the Norwood Hotel for 7 years. The Windsor, under the management of Mr. Lacroix, is to be conducted on the most approved lines. It is well-furnished, and as Mr. Lacroix has a reputation for first class cooking, the Windsor should prove a popular hotel.

NEW GOLD DISCOVERY IS ON THE GRENVILLE BELT.

Considerable interest has been roused in the reported discovery of gold at Cobb Lake in Pontiac County. Experts of the Dominion Department of Mines are by no means skeptical regarding the possibility of gold finds in the area referred to. According to Dr. Morley Wilson of the Geological Surveys, the geological formation is known as the Grenville Belt, and there is no reason why it should not be gold bearing. "As a matter of fact, we have been rather surprised that no gold has been discovered before now in this belt," he is quoted as saying last week.

A despatch from Pembroke last week also refers to this gold find at Cobb Lake, some seven miles from Chapleau, Que. The despatch referred to says:—

"That ore from the discovery at Cobb Lake, in Pontiac County, when sent to the royal mint at Ottawa for assay, showed a mixture of gold, platinum, nickel and pitchblende, in which is found radium, is the statement of Rev. Father Harrington, of Chapleau, Que., who arrived in Pembroke today. Father Harrington visited the claims on Tuesday of this week.

"The claim is owned by W. Hennessey and A. B. Hennessey, of Fort Coulonge, and Mr. Cobb, of Cobb Lake," said Rev. Father Harrington.

It is located about seven miles from Chapleau, and is difficult of access, the last four miles having to be walked.

"There are about 600 acres available for staking," he continued "and about a score of people were busily engaged in marking out their claims when I was there on Tuesday.

"Prospectors are coming in from the North. As yet very little work has been done. Outcroppings from the vein discovered are quite visible to the eye. The timber was all removed from the district where the discovery was made some years ago by the J. R. Booth people."

Silk Hosiery Rich and Lustrous

WHAT women of good taste desire in hosiery is perfectly incorporated in Penmans Pure Thread Silk Hose.

The texture is beautiful and lustrous.

Only finest mercerized lisle is used for the double soles and tops.

Elastic rib tops give absolute comfort and garter tops keep Penmans Silk Hosiery in place—always. Exquisitely shaped—preserving the trim, neat appearance of dainty ankles.

Made in all fashionable shades and sold in popular weights from sheer to heavy
