Now Getting \$7, per Day!
He was just an ordinary labourer with a desire to get out of the rut. He had visions of the future: hard work— independence. Seeing a Hemphill call for trained men, he borrowed money, learned a trade and is now independent. You can do the same in a few weeks time by learning one of the following trades: Mechanical Dentistry, Barbering, Bricklaying, Automotive Engineering, Electrical Ignition, Battery and Welding. Write, Phone or Call for our "Special Reduced Offer." Hemphill's Limited, 163 King St., West, Toronto. -19

LET'S GET THERE!
The go-getter never loses any time says Taxi Tad.
Let's get there—is the Canadian spirit, all the way from the word "GO." The objective in mind must be reached—quickly as possible. Appointments MUST be met on time—let us serve you.

District Soft Ball League Organized at Dome Friday

Rugby Football Away to a Good Start at the Dome. Correspondent Does not Like Some Methods of Tax Collection. Interest Very Keen in First Aid Classes. More Pleading "Dome Foam."

Dome Mines, May 12th. Special to The Advance.
Under the heading of "Dome Foam," the correspondent of The Advance at the Dome sends the following interesting budget of news:
The meeting held last Friday to organize a Porcupine Soft Ball League was attended by the following: Mr. Pickering and Mr. Pirie, representing the A.S.D. Club, of Timmins; Mr. Solomon and Mr. Ball, representing Schumacher; Mr. Britton and Mr. Arnold, South Porcupine; and Messrs. Carlyle, Cegg, Curtis and MacDonell, representing two teams from the Dome. The meeting was very enthusiastic as regards the possibilities of District Soft Ball, and the Porcupine Soft Ball League was duly organized with Mr. A. W. Carlyle, President, and Mr. H. V. Ball, Sec.-Treas. It was decided to limit the league to six teams for this season, a fee of \$2.00 to be paid by each club affiliating, and each club to elect one representative, who with the President and Sec.-Treas., will form the executive, to whom all points regarding the well-being of the league must be presented. The executive are to draft up a set of rules to govern and the next meeting will see the new league well set for district games. May 22nd is the date of the executive's meeting at 7.30; the place is the Lounge Room at number 1 Club at the Dome. The first game will probably be around the first of June.
Queer-sounding words have been issuing from the lips of a number of the boys; words like, sub-clavian, tibia, aorta, tarsus, etc., etc. These men are not trying to find words for crossword puzzles. Oh, no! The examinations in First Aid proficiency are close, and they are memorizing some of the lessons they have been taught. At the last meeting Captain Debnay showed the class a photograph of the shield that is to be competed for by the St. John's Ambulance Brigades in the North Country. The determination was expressed that the Dome Brigade was going to have a good try at it.
On Thursday evening quite a host of friends of Miss Mary Walker congregated at the home of Mr. and Mrs. J. Fell, her aunt and uncle, to wish her God-speed on her journey home to Motherwell, Scotland. Miss Walker has gained the respect and liking of all by her unassuming and cheerful manner and she will be missed by

everybody until she is a Mrs. She is breaking her journey in Toronto where another uncle lives, staying about two weeks before taking the sea trip.
Mrs. Leo Kortin, who has been living at the Dome Ex., has gone to Ottawa for a long visit.
The many friends of Mr. and Mrs. Hector Hodgins will be pleased to know that a bouncing baby girl was left by the Stork on Saturday last. Both Mrs. Hodgins (nee Myrtle Campsall) and the baby are doing fine. "Hee," is positive that he is the happiest man in the Porcupine Camp.
Judging by the amount of laughter and joyful noise, the birthday party of Miss Beatrice Spiers was a complete success. Beatrice was nine years young on Sunday but the party was held on Saturday. About twenty young folks, her guests, made a jolly crowd that enlivened the hearts of the adults.
Mr. C. H. Libby was "on deck" with the Rugby Boys practising the other day. The playing field has been improved considerably this season and we may look forward to many a good tussle in what Capt. Johns calls, "A man's game." There is no doubt that the boys who play rugby need lots of stamina and the best way to get it is to turn out to the practices.
Mr. Herb Warren and his assistant, were visitors on pay day, and quite a number of the boys have been going around with a severe frown ever since. It's too bad that some other method of tax collection couldn't be devised.
Master George Vary, aged three, had a birthday party last week at Dome Extension.
Mr. Douglas, brother to Mrs. D. Houston, has recently arrived from Scotland. We hear that he is a football player of repute, and the soccer fans are glad to see him.
Mrs. H. Truefue, who it will be remembered, was injured through a fall on an icy side walk, is slowly improving, but the injury sustained was greater than was thought and the sympathy of all goes out to her, and expressions for a complete recovery soon, are many.
We all have been kicking about the weather lately, but we forget that every cloud has its silver lining and there is always "Sunshine" in the mill.

Considerable Building Activity in Schumacher

Mr. Chas. McLean, Well-Known Schumacher Resident, Passes Away at Gravenhurst. Mother's Day Well Observed in Schumacher. Afternoon Rally of Sunday School Pupils, with Attractive Programme.

Schumacher, May 12, 1925. Special to The Advance.
Mr. Dan Keeley, Superintendent of the McIntyre Porcupine Mine, left last week for Cleveland, Ohio, to visit his brother, Dr. Keeley.
Mr. Alex Fulton and family have moved to the Dome.
Building operations are very active. At present there are several new dwellings in course of erection in the residential district, and preparations are under way for the building of two new business blocks in the downtown area. It is also rumoured that Mr. F. W. Schumacher contemplates the erection of another row of attractive bungalows on Fourth Avenue, West. The installation of the water system, the completion of two of the largest and best shafts (of their kind) in the world, the picturesque location on Pearl Lake and its proximity to three of the best gold mines in the globe, make our thriving town a very dangerous rival of our friends to the East and West.
The death of the infant daughter of Mrs. C. Martin occurred on Thursday, May 7th. Funeral services conducted by Rev. M. Hall were held in the Baptist Church, Timmins, on Saturday. Interment took place in the Timmins cemetery. We extend our sympathy to the bereaved mother and children.
On Wednesday last, a message was received from Gravenhurst announcing the death of one of our well-known pioneer residents in the person of Mr. Charles McLean. The deceased was stricken with that dread disease consumption, a few months ago, and since that time has been a

patient in the Sanitarium at Muskoka. Mr. McLean was forty-seven years of age, and came to the Camp from Bathurst, N. B., about thirteen years ago. During the most of this time he was engaged in mining operations in the district. The surviving members of the family besides the bereaved widow and children are the mother, two sisters and four brothers residing at East Mines, Nova Scotia, and one sister at Westchester in the same province. A brief service was held at the family residence on Friday by Rev. Sales, prior to the departure of members of the family with the remains to Nova Scotia, where interment will take place in the family cemetery near East Mines. The widow and family, who are left to mourn the loss of an affectionate husband and father, have the sincere sympathy of the community in their bereavement.
Several of our young people attended the Annual Dance of the Timmins Tennis Club held in the Masonic Hall on Friday evening, and report the usual good time.
Mother's Day was well and truly celebrated in the Union Church on Sunday. Three services were held and all were very largely attended by parents and children. The baptism of several infants, and the induction of Mr. McFadden by Rev. C. Armstrong Sales, as a member of the newly-formed session were very interesting features of the morning service. At an afternoon rally of the Sunday School pupils and parents Mr. Longmore, the Superintendent, and Miss Hubble gave very instructive and inspiring addresses which were

OPENING GOLF MATCH ON SATURDAY AFTERNOON

Match Between Teams of President and Vice-President Commenced at 1.30 p.m.

The opening match in Golf this season will be on Saturday afternoon of this week, May 16th, being President vs. Vice-President. The teams were drawn as follows:—
President
A. F. Brigham
I. A. Solomon

WHITE WYANDOTTE SETS A NEW BIG EGG RECORD

Mr. H. Rinn Has Hen That Laid an Egg Over 8 by 1/4 Inches.

Mr. H. Rinn this week brought to The Advance Office an egg that beat the record made by Mr. F. Charbonneau's Leghorn, as referred to last week. The Leghorn's egg was 7 3/4 inches around the long way and 6 1/4 inches in circumference the other way. Mr. Rinn's White Wyandotte offers an egg eight and one-eighth inches around one way and six and one-quarter inches in circumference the other way. The hen cackled a lot after laying that big egg, as though to say: "Can any hen hereabouts beat this egg for size?" Poultry fanciers should note that now there are two record size eggs to
