

## McGill University Students Pay Visit to the Dome Mines

**Dome Does Well at Football. Great Contests in Soft Ball with Lady Teams. Who are the Oldest Old-timers at the Dome? Personal and Other Items from Correspondent at the Dome.**

Dome Mines, Ont., May 26th. Special to The Advance.

We are glad to see that Mr. Robt. Kerr is able to be out and around again after his operation.

It looks like the days of 1911-12 to see a diamond drill working on the surface at the Dome.

A private car with a contingent of McGill University students and professors in charge were visitors to the Dome for a couple or three days last week. The students were getting some of the practical side of the mining game on their upward progress to their degree.

The above has brought something to the mind of your correspondent in relation to the early days of the Camp, when mining engineers of all nationalities were going around with their little bags filled with ore specimens and Roy Staepole, (whom the old-timers will remember) said that there were three classifications of liars, i.e., Positive, Lair; Comparative D—n Lair; Superlative, Mining Engineer. Of course, those days are gone and no reflection is cast on the upright carriers of the M.E. degree of the present day.

Reading about the argument in The Advance regarding the first discoverer of the Porcupine Camp brings up a question: who are the oldest old-timers in years of service on the Dome? Next week we will be able to give you some information about this.

The Dome boys have done very well in football this past 7 or 8 days, the game at the Dome against Schumacher resulting in a win for the home team, and on Monday playing the Timmins Town B team the boys also brought home the bacon to the extent of 3 to 1.

Kirk and Lake grounds had been used as a skating rink during the last winter and the field wasn't in shape to play the second game in the 1924 Dickson Cup play-off.

Great contests are being staged by the Ladies' Soft Ball teams. South End girls have visited the Dome twice this past week, the first game resulting 15 to 23 in the Dome's favour, and the game on Monday reversing things, the South Enders winning 24 to 23. There are some of the ladies on these teams who are value for their places on the best of the men's teams, and the way some of the girls beefed at the umpire was reminiscent of big league stuff, and he showed great judgment when he didn't talk back.

The following was the line-up for the two teams:—

Dome: Mrs. Jay, c; Mary Murphy, p; Isabel Lahti, 1st; Martha Michaelson, 2nd; Florence Michaelson, 3rd;

### Baby's restless nights might be avoided

Scalded skin and other skin troubles are common causes of restlessness, and often could be avoided by careful bathing with Baby's Own Soap.

Its fragrant lather cleanses and heals Baby's skin, and prepares for restful sleep.

"Best for you and Baby too" 22-23

### Baby Chicks and Ducklings.

Place your order now for Baby Chicks and Ducklings, from our famous Niagara strains, Hogan tested high flock average egg producing percentage back of them. Best utility varieties. 100% live arrival guaranteed. L. J. Stewart, R.R. L., Grimsby Ont.

## \$25.00 PRESENT FOR YOU!

To celebrate our Twentieth Anniversary we are giving the above present to the first twenty enrolling in the following:—Mechanical, Dentistry, Bricklaying, Garage Work, Battery and Welding. Write Hemphill's Ltd., 163 King Street, W., Toronto.

## Schumacher Athletes Won Premier Honours at Timmins

**Had No Opposition in Relay Race. Made the Distance of Two Miles in 9 minutes. Dome Football Team won from Schumacher, 3 to 1. Other News Items from Schumacher Correspondent.**

Schumacher, May 26. Special to The Advance.

We are glad to see Mr. Fulton, our town policeman, in uniform again after his recent illness.

Mr. R. Robinson returned last week from the Rouyn Mining Camp.

Misses S. Hermiston, and Elva Code of Iroquois Falls were in town for the holiday, the guests of Mr. and Mrs. J. A. Bush.

The Sports in Timmins were the chief attraction for our citizens on Victoria Day. The members of our Athletic Club were competitors in several events, and acquitted themselves very creditably. In the Relay Race there was no opposition but our team, the members of which were M. McMillan, S. Bonnell, J. Reynolds, and J. Leslie, covered the distance of two miles in 9 minutes. In the 100 yard dash, Don Cameron secured second place. In the feature race event of the day, the honours all came to Schumacher, Messrs. Reynolds, M. McMillan and Stanley Bonnell, finishing respectively in first, second and third place. Mr. I. Davidson, our all round athlete, won the high jump, pole vault and scored second in the running broad jump. He also entered the shot-putting contest, and gained third place by placing the 16 lb. weight 31 feet 2 inches from the line. We extend our congratulations to trainers, and members of the Club, on their success, in this, the initial athletic event of the season, and hope that even greater success may crown their efforts in the future.

The many friends of Mr. P. Montgomery will be sorry to hear that he is a patient in the Toronto General Hospital, having entered that institution about three weeks ago. His speedy restoration to health will be good news to all.

Mr. James Hall, of the McIntyre Engineering Staff, has returned after visiting for a fortnight at the old home in Nova Scotia.

Mr. George Hawley of the Northern Academy, Monteith, was in town over the holiday, the guest of his sister Mrs. Allan Costain, Second Ave.

Mr. S. McCormick, representative of the Geo. M. Hendry, School Supply Co., was in town during the week. We regret to report the illness of Mr. Carl Swanson, who has been confined to his home for several days from a severe attack of la grippe.

Miss Florence Hubble spent the week-end and holiday in Timmins, the guest of her friend, Mrs. Anderson.

Dr. J. E. Barry has been appointed Medical Health Officer for the Public School, in place of Dr. Muterer who recently resigned. The doctor will examine the pupils regularly, and report to the parents or guardians any defects that he may discover.

Mr. David Kerr, our postmaster has returned from a business trip to Toronto. Mr. Kerr reports that the unfavourable spring weather extends to the southern part of the province.

Mrs. Lawrence Wilson, and babe returned home on Sunday from North Bay.

Miss Gladys Elley visited friends at the Paymaster Mine, during the latter part of the week.

We regret to report that Mrs. Hughes is dangerously ill at the home of her mother Mrs. Barnett, Third Ave.

Schumacher Football Club is presenting a football to the Trailrangers, and Mr. Ted Duxfield, manager of the Schumacher Club, has consented to coach the boys for their matches during the season.

Dome vs. Schumacher:—This match was played at the Dome on Wednesday, the Dome being the victors by 3 goals to 1. The game was commenced before a poor attendance and in a downpour of rain. The Dome soon began to test the Schumacher goalie and after 10 minutes play Fidoock scored for the Dome. Even play followed, then Schumacher attacked but found the Dome goalie very safe. Schumacher's right wing had many chances but could not get going. After good midfield play the Dome forwards got to the Schumacher end and Douglas finding himself unmarked scored the Dome's second goal, giving Wills no chance. Schumacher rallied after this reverse and their half-backs by good play got their forwards going and Martin tested Reynolds but he was not to be broken. Half time arrived with the score Dome 2, Schumacher 0. The rain had ceased when the second half commenced and the Schumacher boys were soon around the Dome goal and Reynolds again saved well from Martin, but conceded a corner in doing so, the ball being placed behind. From a throw-in the Dome got away and a

miskick by a Schumacher defender let in Hitt of the Dome, whose shot was saved by Wills but before he could clear Horner placed the ball in the net for the third goal, Schumacher played hard to reduce the arrears and after good work by the left wing Martin ran through to score for Schumacher. Again the visitors got away but could not add to their score, and the end came shortly after. Ewart, Reynolds, and Harrower, for the Dome, and Ned Hitt, Wills and Cooper for Schumacher played well. Referee B. Lambie Timmins.

Dome: Reynolds, goal; Hitt and Ewart, backs; Huston, Harrower and Hodgson, half-backs; Goodman, Horner, Douglas, Fidoock and Mitchell, forwards.

Schumacher: Wills, goal; Cantrell and Johnson, backs; McGowan, Cooper and Hitt, half-backs; Hussey, Watson, Martin, Robson and Wallace, forwards.

**MR. CHAS. BARNARD HAD LEG BROKEN ON SATURDAY LAST**

Mr. Chas. Barnard, on the permanent staff at the fire hall, and one of the drivers of the team, had the misfortune to break one of his legs while at work on his farm. He was on his holidays and was making use of the time by working on a farm he owns near town. He was pulling stumps when one of the big stumps fell on his legs breaking the bone below the knee. He is at Mrs. Moffat's Hospital where he is making good progress to recovery. The innumerable friends of this popular old-timer will regret his untimely accident and sincerely wish him a very speedy recovery.

**MR. DUNC. TWADDLE BREAKS LEG IN FOOTBALL MATCH**

There is very general regret felt at the unfortunate accident in Saturday's football match, whereby Mr. Dunc. Twaddle is laid up at present in the hospital with a broken leg. During the early part of the game, in turning quickly to make a play, he twisted his leg, held against that of another player, and the bone snapped below the knee. Mr. Twaddle is making good progress to recovery and all who know this popular and esteemed young man will sincerely wish him the speediest and most complete of recoveries.

Actual work commenced last week on the construction of Haileybury's new hotel, concrete being run into the footings for the foundations.

### TENTH ANNUAL FIREMEN'S BALL PLEASING SUCCESS

The Firemen's Annual Ball is invariably a success. Monday evening the tenth annual event was even more than usual a pleasing and attractive success. There was a large attendance and all present are agreed that it was a delightful evening. Everything was pleasing, and the fine luncheon served by the ladies was especially so. Another feature was the hall decorations, the Masonic Hall being particularly attractive for the occasion. The decorations included artistic displaying of the colors of the Timmins Fire Brigade, together with an attractive display of the cups and other trophies won by the Firemen. The music was by the Ramblers Orchestra and was excellent. Financially the event was successful, over \$225.00 being netted.

### WEATHER INTERFERED WITH WEEK-END GOLFING.

Inclement weather interfered over the week-end with the scheduled matches, Married vs. Single at the Timmins Golf Club. These matches were to be played on Saturday afternoon, and on Monday, May 25th, this day being a holiday. Several members turned out on Saturday afternoon, but the cold north wind was not conducive to good golf, and no par 35's were turned in. On Monday, in the morning, cloudy skies and threatening rain stopped all but the more enthusiastic. A promise of finer weather at noon drew out a larger number but threatening skies and a north wind again were a deterrent to good golf.

### FIRST CRIME CHARGEABLE AGAINST THE 4.4 BEER.

So far no homes are reported as desolated by the 4.4 beer, and no children made orphans or widows bereaved by the new beer, or vice versa. But the 4.4 beer is responsible for the following composed by a local poet last week. It was posted up on the wall at the Kingston and helped to get the 4.4 beer down.

Twas a glorious day, that twenty first,  
When Fergie quenched our terrible thirst.  
We walked to the Kingston, and opened the door;  
The Crowd were all ordering four point four.  
Oh, why did he play such a dirty trick  
By sending us a beer without any kick.  
They say this same beer will get strong when it's old.  
Let's pray that we live in the age when it's sold.

North Bay Town Council last week laid over the question of having Daylight Saving time in that new city. Apparently the new city of the North does not intend to "kid" itself.

### POLICE MAKE RAID ON ONE OF STANDARD HOTELS.

Last night the police raided some of the rooms in the Prince of Wales Hotel and a couple of arrests were made, with charges of vagrancy against the man and woman arrested. The woman will also likely face a further charge of immorality, while the hotel itself will also likely be charged in the matter, as it is thought that the hotel management could not avoid being cognizant of what was going on. Another room entered under search warrant also had a man and woman as occupant. The woman asked the police to withdraw while she dressed, and then she took the opportunity to use the fire escape to escape from the room. The man followed the fire escape to the roof of the building where he was discovered later. The woman made good her escape.

### Notes of Interest

Haileybury is to hold a big Sports Day on the King's Birthday June 3rd.

Fire recently did about \$10,000 damage to the new school at Englehart.

Dr. Dawson, of Matheson, has resumed practice, after being ill for a couple of months.

The Cobalt assessment for this year shows an increase of 300 in the population over 1924.

Mr. Leslie Buchanan, agent at Earlton for many years, is the new T. & N.O. station master at Englehart, in succession to the late Mr. J. Price.

On Friday evening of this week M. W. Bro. B. G. Gosse, Grand Organizer of the L.O.L., will address a public meeting in the Salvation Army Citadel, Timmins, at 8 p.m.

A freight car got off the track at Redwater last Thursday, the cause being a broken journal, and the result a delay of fifty-minutes for the North bound Continental.

There was a report around town to the effect that the Kingston Hotel had the first 4.4 beer licence issued to any standard hotel in Ontario. This is not the case. Mr. J. F. Tierney says that he had the first application form issued for the license, but the license number itself was No. 249. The first day (last Thursday) there was a great run on the new beer. The Kingston and the Queen's so far are the only standard hotels in town handling the new beer.

"Hold on there, Pat," said Jake as he descended the ladder. "Don't get on the ladder until I am safe down. Can't you see how old and cracked it is?"

"Aw, rats!" said Pat as he got on, "it would serve the boss right if he had to buy a new one."

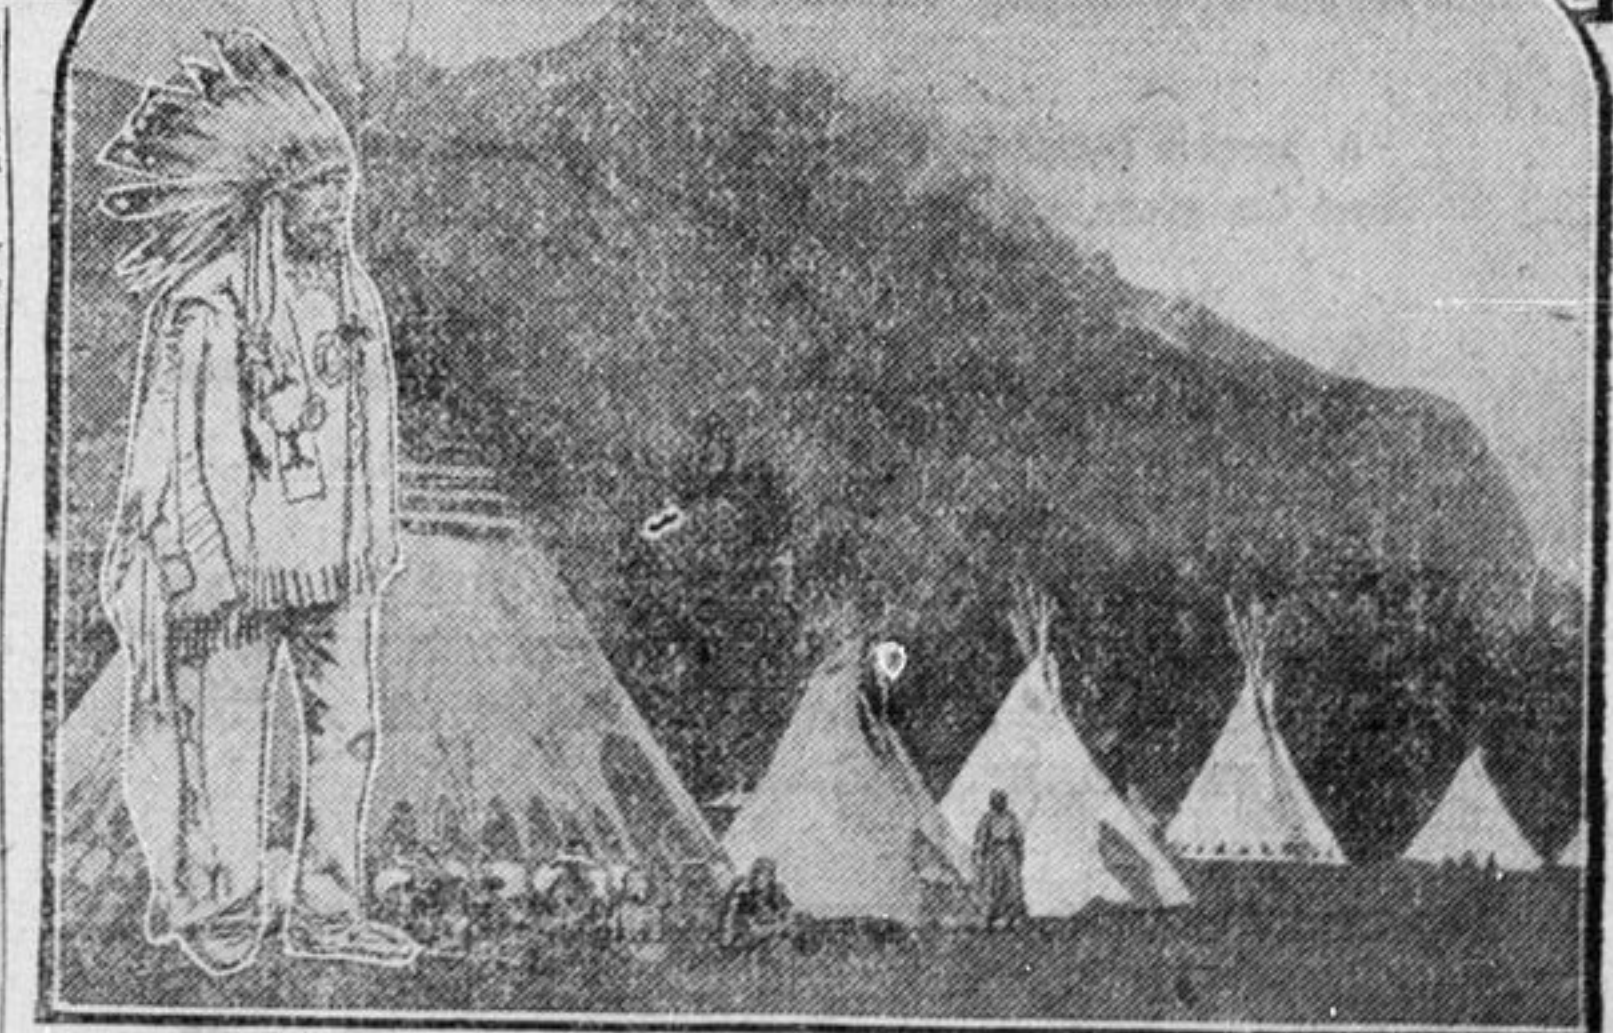

## Stoney Indians Prepare for Celebration

1. Stoney Mountain Indians gathering in the hotel yard at Banff for the distribution of the Pow-wow prizes.  
2. An Indian encampment scene. Insert: The Duke of Connaught as a Tschantoga chief.

These are Tschantoga or Stoney Mountain Indians—"people of the woods". Time was when they were a blood-thirsty lot, with a partiality for white men's scalps and an unpleasant habit of slaying anybody they did not happen to approve of. But look at them now. Their war-like glory has departed and they realize that the white-man is not such a bad sort of chap after all. Big Chief Powderface is as friendly as a Rotary president, and he and his six hundred braves come over every year to Banff, all decked out in their gala attire, and celebrate the burying of the hatchet by a two-day carnival and Pow-wow.

The occasion is called an "Indian Day and Pow-wow" and consists of a series of parades, sports and encampment scenes and events. It always takes place on the third Monday and Tuesday in July, falling this year on the 23rd and 24th. The individual in the insert is not, and never was, blood-thirsty nor fond

of scalps. It is the Duke of Connaught in his regalia as an Honorary Chief of the Stoney Mountain Tribe. The picture was taken on the occasion of His Excellency's visit to the Rockies when he was Governor-General of Canada during the war. This year's Pow-wow and Indian Day will be the thirty-third since its inauguration. After the field events, the members of the Tribe meet in the yard of the Banff Springs Hotel for the distribution of prizes. The big picture above depicts the scene which usually follows the prize distribution.
