CALEDONIANS TO GO TO SCHUMACHER FRIDAY NIGHT

Timmins Caledonians are to pay a visit to Schumacher on Friday evening of this week. The Schumacher people are arranging to form a Caledonian Society in their town, as they find it not practical to attend the Timmins meetings at the Hollinger Hall, on account of the difficulty of securing the desired bus service. There are a number of Scotsmen and Scotswomen at Schumacher and it is believed that a strong Caledonian Society may be formed in that town. In addition there has been a general call from Schumacher to have the Timmins Caledonians meet at that town for a social evening. Accordingly on Friday evening, June 12th, at the McIntyre Hall, there will be a meeting of those interested in forming a Schumacher Caledonian Society, and this meeting will also be attended by Timmins Caledonians. The idea is to assist in the forming of the new society and also to have a pleasant social evening together. It is hoped that there will be a large attendance of the members of the Timmins Caledonian Society to help along the good work in Schumacher and incidentally to spend a pleasant social evening.

Those who disdain others may expect contempt.

Timmins L.O.L.

Meets on the First and Third Friday of every month, in the hall at the corner of Mountjoy and Kirby. All visiting members welcome.

MURDER CASE PUT OVER TO THE FALL ASSIZES

Chenette Brothers to Come Before the Judge on June 25th. Cases This Week at Cochrane.

At the General Sessions of the Peace being held this week at Cochrane, the chief cases of interest to Timmins and district will be the charges of illegal possession of gold ore preferred against J. E. Garrett and Dr. Jackson, on which charges they were committed for trial some weeks ago. The two men arrested at Alexo some time ago in connection with alleged high-grading will also be before the court.

Other cases expected to be at the Court this week have been laid over. The Chenette Brothers, of South Porcupine, who were committed for trial on charges of allowing their taxicabs to be used for immoral purposes, will not be tried at the General Sessions this week, their cases instead to come before the Judge at Cochrane on June 25th.

Pete Stepanuk, of Timmins, who was committed for trial on a charge of murder in connection with the death of Mrs. Senuik several weeks ago, will not be tried at the General Sessions, as suggested last week in these columns. His case is laid over to the Fall Assizes.

Deputy Chief M. Salley and Officer J. Cushing are in Cochrane this week as witnesses in the cases to come before the General Sessions. A number of other citizens of the town are also in attendance at Cochrane either as witnesses or as members of the juries.

TOWN A. MAINTAINING THEIR UNDEFEATED RECORD

The Town A maintained their undefeated record on Thursday evening last when they defeated the Cornish One-and-All, one goal to nil. The last thirty seconds were the most exciting when the Cornish had a good opportunity to take a point by missing a penalty shot.

The teams—
Cornish One-and-All:—Harris, goal; P. Tonkin and Richardson, backs; Bonney, West and Higman, half-backs; Taylor, Toms, Trethewey, Giles and M. Tonkin, forwards.

Town A.—A. Cadman, goal; Street and Liddle, backs; Rankin, F. Cadman and Cooper, half-backs; Lambie, Jackson, Adamson, Dunn and Roberts, forwards.

The first half was good open football and both goalies came in for some fine saving. Towards the middle of the half the Town made a raid on the right, Roberts passed to Dunn who had an open net but hung on too long. At the other end Cadman had a twisting shot to handle, but made a lucky save. The town again pressed and failed again to shoot the leather quick enough. This was followed by a corner Roberts put over a good shot, Dun headed but the ball was diverted out for another corner. Again Roberts sent in a good shot. Jackson made sure of it going in for a score. The Cornish tried hard to equalize but were unsuccessful and the change over was made with the Town one up.

The Cornish pressed at the kick-off, but Rankin and Street cleared. Jackson passed to Lambie who ran in and just missed the post. The Cornish whole forward line came down, but the ball went sailing back and Lambie again just missed the post. Tonkin, made a fine run down touch and centered. Trethewey shot: Cadman fisted clear; Cooper sent the ball to Adamson on the right; the ball came sailing over Roberts, passing to Lambie, who put in a nice low shot, but Harris pulled off a fine save. Higman got his forwards going again by sending Taylor away, but his fine pass was intercepted and cleared. He made another attempt, but Cadman cleared. The Town got going with good work on the right and gave the Cornish backs some clearing to do. Then came the excitement at the last thirty seconds the Cornish rushed, and Cadman was called on to save, and endeavouring to clear the ball, took over two steps. A free kick followed in the goalmouth and the ball was cleared and during the tussle the Town handled, with the result, a penalty. Trethewey took the spot kick and missed. The match finished with this kick.

H. Costain, referee.

A party of sixteen young men left Timmins last Thursday for England.

In the reference to building permits as given in The Advance last week mention was made of building by the Swift-Canadian Co. This should have been the Harris Abattoir Co. The Swift-Canadian Co. intend to occupy their present premises for the present. The Harris Abattoir Co. is the firm putting up the two-storey tile warehouse referred to last week.

MOTORISTS SHOULD BE CAREFUL AT THE CORNERS

Last week narrow escapes were noted at both the public school and bank corners on Pine street. In the one case a motor car came most unpleasantly close to running down a boy and girl. In the other case it was a couple of women, one of them carrying a small baby in her arms, that had the narrow escape. In neither case was the motorist driving rapidly, according to the common idea of fast driving. The speed of the cars in question would not exceed, say, six miles an hour. But the law considers six miles an hour too fast if such a pace puts the public in jeopardy. The motorist is always expected to go at a "safe" rate,—a rate that will not imperil the safety of life or limb. In some cases, especially at busy corners three miles an hour would be too fast a rate, according to the provisions of the law. Apart from the law altogether, however, are there many motorists who would want to be responsible for the injury or death of anyone? It may be admitted that pedestrians are sometimes thoughtless, often unreasonable, and occasionally stupid beyond words apparently in crossing through traffic. But, even granted all this, is there a motorist who would care to have the idea on his mind that his neglect to be specially careful aided in causing an accident? For a present indication it would appear that with the growth of the town, the increase in the number of motor vehicles, and the additional traffic passing certain points each day, it will be necessary before very long to have traffic police stationed at certain intersections for the safety of all concerned. In the meantime, surely no one desires any accident. Surely, no one is going to contribute to the chances of accident by either carelessness or selfishness. If pedestrians will use the best of care and thought, if parents will warn their children not to be foolhardy or tempt Providence, and if motorists will make up their minds that they will stop their cars rather than chance an accident, there will be no sad accidents, to grieve over. Unless both pedestrians and motorists take the proper attitude, however, there will be a serious accident one of these fine days, or one of these days that are not so fine. Safety first! Take care! Have a heart!

Trained Wild Beasts to be Feature of Sparks Circus
Mgr. Chas. Sparks, of the Sparks Circus, coming to Timmins on Saturday, June 20th is of the firm conviction that variety is not only the spice of life but of a modern circus as well, and has this season deviated from the straight and narrow circus traditions of the past by augmenting his two hours' programme with a vast number of trained wild animal numbers of a thrilling nature, among them being a group of five real forest bred African lions. One thing that, according to newspaper reviews, impresses the public in watching the exhibitions given by this remarkable group of lions is the untamed fierceness of the animals. While yielding to the persistent efforts of their trainer, Steve Batty, to train them the tricks that primarily make their performances so interesting, there is abundant evidence that their native wildness has not been subdued and that they are still "kings of the forest" despite their enforced captivity. Cleverly as they have been trained it would be quite unsafe to exhibit these lions in an open ring, and consequently they are presented in a great Safety First arena, in which they can be seen to advantage with absolutely no danger to the audience. The Sparks Fighting Lions are in worthy company, for half a score of other remarkable trained wild beasts are included in the new displays, chief of which are a group of royal Bengal tigers that have been trained to the limit of animal intelligence. Then there is a mixed group of Polar bears, great Dane dogs and lilliputian ponies—all recent importations from the world's foremost wild animal training quarters at Stellingen, Germany. Of course there are many other animal acts of a domestic nature intermingled with the wild animals, a group of llamas have been trained to bend obedience to the will of the trainer and will be another rare feature of this famous circus in conjunction with the Captain Tieber seals and sea-lions, the Bibb Country educated pigs, and a host of other animal acts that have helped make the name Sparks famous, a household word. All will be seen in the stupendous street parade at 10.30 a.m., on Circus Day.

MOTORISTS SHOULD BE CAREFUL AT THE CORNERS

Seats can be secured Circus day at Meyers Drug Store, same price as at show grounds. -23 p.

The Northern News of Cobalt last week says:—"Mrs. Norman Robar and Mrs. K. MacLeod, of Schumacher, spent a few days with friends in Cobalt last week.

WHIRLING SEE-SAW GIVEN SOUTH PORCUPINE SCHOOL

Mr. F. W. Schumacher, of Columbus, Ohio, the Generous Donor.

The Home and School Association of South Porcupine express the sincerest gratitude to Mr. F. W. Schumacher, of Columbus, Ohio, for his donation recently toward their playground equipment. Mr. Schumacher donated the funds for a Whirling See-Saw, which is now on its way here, and the youngsters will soon be having a merry time on it. The Association also appreciates very much the letter of kindly encouragement sent them by Mr. Schumacher in regard to their playground work.

Over-rating ourselves, we under-rate others.
