

## Mr. John Fell Has the First Apiary to be Started at Dome

**Dome St. John's Ambulance Brigade to Enter Competitions This Summer. Timmins and Dome Rugby Team Stage Great Contest. Jolly Party to Mr. W. H. Johns. Other Items Under the Heading of "Dome Foam."**

Dome Mines, June 9th. Special to The Advance.

At the St. John Ambulance Brigade meeting held on Tuesday June 2nd, the attendance wasn't all that it should have been, there being so many counter-attractions, but those that did attend, about fourteen made up in enthusiasm, what they lacked in numbers. It was definitely decided to enter into the competitions of First Aid Efficiency, to be held this summer. These competitions are to be conducted by Captain Geo. J. Debnay, who is the District Superintendent of the St. John Ambulance Brigade Overseas, for the Province of Ontario. A tentative grouping of the members into four teams of four men each was proceeded with, and it is up to every one of the members who declared his willingness to help, to sincerely live up to his given word, so that those that do give time and energy for the Brigade's well-being, will not be left in the lurch. The teams as drafted up are as follows: team No. 1, F. Richards, Bentley Webb, Clifford Brooks, Robt. McWilliams; team No. 2, Grant Guest, H. H. Costain, Alf Yeomans, Ed. J. Uren; team No. 3, Fuchs, W. F. Taylor, C. A. Hocking, Sam. Phillips; team No. 4, H. Goldsmith, Patterson, Murphy, and Geo. A. Rowe.

A bit of news for the Cornish folk, that was ferreted out by your correspondent, was a copy of an invitation to a wedding reception to be given at the home of Mr. and Mrs. Peter Russell, in Toronto, the contracting parties being Miss Elfrida Charlotte Pryor of 28 Dolcoath Rd., Cambourne, Cornwall, and Mr. Wm. John Pierce, who is well known at the Dome and Timmins. He stayed at the Dome Ex. for a while, and is a demonstrator for one of the big mine drill companies. The ceremony is to be held in the Dunn Avenue Presbyterian Church, Toronto, on the 25th June, after which the young couple will take up their residence in Timmins.

There was a titanic struggle at the Dome Rugby field last Thursday evening, which finally ended in a tied score. The game was evenly contested, though at half-time, Timmins was leading 12 points to nil, but in the second half two beautiful tries were secured by the Dome, the first by W. Allen, and the other by George Mason. The game was well refereed by Mr. Norrie of the Paymaster, and the followers of the game are assured of many a good game in the future. The following constituted the Dome team: Mitchell, back, Reynolds and Angove, half-backs; Geo. Mason R.M.; Collins and Carlyle, centres; and W. Allen, L.W., three quarters; W. Blewett, R. Gegg, F. Ridgeley, Goldsworthy, C. Hockin, Tudor, W. Wattam, and Geo. Watson, (Caut.) forwards.

Mr. John Fell, whose garden has in past years, been the envy and delight of all, has this year pioneered into an entirely new venture for this locality. He has the nucleus of the first Dome

## Expect Road to South End To be Completed by Sept. 1st

**Firemen's Tournament at South Porcupine on July 1st, to be Great Event. Twelve Year-old Lad Drowned in the Lake. Other Items From South Porcupine Correspondent.**

South Porcupine, June 9th. Special to The Advance.

Work was started on Saturday last on the installation of Sewer and Water Works in town by Briggs and Curran who have the contract. The steam shovel was moved to Connaught Hill and is losing no time with excavating. Several hundred feet of ditch has been opened up ready for the pipe and a few weeks time should see the work finished on Connaught Hill and the line continued down Railroad Street and through the town. The work on the supply main, which was given to Mascioli and Boyle, will be started in a few days and rushed to completion. Work in this end has been delayed on account of the recent heavy rainfalls, however, little time has been lost and it is hoped that conditions will improve from now on.

The South End High School Baseball team gave the Timmins High School such a jolt at the game played here on Saturday that the local boys feel confident that the Timmins team will not be so optimistic in the future about razzing our team before the game is finished. The score was 9 to 2 in favour of Timmins up until the ninth innings and Timmins were sure they had the game cinched, but the South End boys turned the tables and crowded eight more runs over the plate in the fatal ninth, bringing home the victory. The blow was a severe one for Timmins to have to take, although the experience will do them good and help to make future games more interesting throughout. The final score was 10 to 9, in favour of South End.

We regret very much to report the accident of one of the auto truck drivers on the Government Highway. While cranking one of the five ton trucks, the engine kicked, breaking his arm above the wrist. Dr. Smith, performed the operation of setting the bone, and we hope he can be able to get back on the job again as soon as possible.

A large crowd enjoyed the old-time dance in the Orange Hall, Golden City, on Friday last.

We hope that those who were asking for rain, have got about all they need by now. The thermometer registered 101 at the Dome on Saturday. Many who were suffering from the excessive heat were seen making their way to Porcupine Lake with bathing suits.

One of the local residents reports a most sad accident which took place on Saturday of last week, when one of his gold-fish collided with a bottle of 4.4 beer. Death was almost instantaneous. The fact remains that although it was a fish, it did not partake of any of the contents of the bottle. The accident occurred while the host was placing several bottles of the well known stomach irritator on the table. A collision of one of the bottles against the glass fish-bowl caused the death of the poor fish. He died wanting a drink, yet he refused the 4.4. A poor but wise fish indeed. While the guests partook of the beverage, they envied the poor fish.

The Temiskaming Firemen's Association will hold their Annual Tournament and Field Day at South Porcupine, on July 1st. Among the specialties for the big day there will be many field sports, Hydroplane Exhibition, Aquatic Sports, Aerial Fireworks Display, Firemen's Tournament, Dancing (Old time and Up-to-date), and many other original novelties. The Porcupine Goldfields Band will render many pleasing selections during the day and help to make things lively. The curious ones will also have a chance to see the entire Porcupine District from the air, including Timmins, Sandy Falls, Wawaitin Falls, Night Hawk Lake, etc., parties of 5 or single passengers, \$5.00 per head. Reservations for these flights may be made with Max Smith, Secretary, South Porcupine Fire Department. The coming 1st of July promises to surpass any event ever given in South Porcupine to date. The most encouraging co-operation from the Mines and business men of the town warrants an unusual holiday for July 1st. The committee in charge of affairs have been very active and have not overlooked a single thing in making their celebration a complete one. If you have any work to do, get it done before the 1st of July, reserve that day for your home town, they need your patronage and support. An extra large turnout is expected. Do your bit and be sure to be among the merry makers. A complete programme of the events will be published later.

Apparently some parents did not heed the warning of last week's issue regarding children going to the lake unchaperoned, and we are forced to report one drowned to date. The accident happened on Friday and Angelo Bettini, aged 12, was the unfortunate victim. The boy was very popular in town and well-liked by every one. In school he was proclaimed as one of the smartest boys in the class. The boy's mother arrived on the train from the South, on the same evening of the boy's misfortune, and the news of the death was a severe shock to her. Many others will also mourn their loss.

Whoever is responsible for the repairs being made at present on the road passing through the golf links at Timmins, deserves double credit for their efforts. This part of the road has been the worst in the country, and one which bore most of the traffic. Many car owners who have been uttering vile epithets when going over this strip of land, are now relieved of the danger of straining their tonsils, and travel with comparative ease and comfort. We consider another good deed has been done toward Christianity as well as repairing the road.

An inspection of the work on the government highway last week, gives us the satisfaction that the contractors are doing their utmost to complete the job as early as possible. According to information received, the road will be finished and ready for use by September 1st.

The management of the Majestic Theatre have announced a novel idea and treat for their patrons on Wednesday and Thursday of this week, with the introduction of Community Nights with Special admission prices, Adults 25c., Children 10c. The special feature "Argentine Love" (with Bebe Daniels) will be shown. The Community Night plan should meet with the approval of all. On next Monday and Tuesday, Norma Talmadge will appear in "Song of Love," (super-production).

In spite of the heavy rains of late, the work on the water mains on Connaught Hill is progressing very rapidly. Several hundred feet of pipe are now in the ground, and the steam shovel continues merrily on its path.

According to information received, the Old Recording Office at Golden City has been rented and will be used for refreshments and dancing during the summer months.

It is estimated that about 2,000 people visited Golden City on Sunday last, during the terrible heat wave, and enjoyed the afternoon bathing at the beach. A continual parade of cars passed through town in the evening, with visitors returning to Timmins and other points.

Who is the girl that said she was going to dye her hair, so that no one would know her intentions? Don't worry, Cupid is on her trail.

Trout fishermen returning on Sunday, reported that fishing was not up to the usual standard. It is believed the frequent rainfalls have hampered this ideal sport. Only small catches have been made to date.

The school children are looking forward to vacation time which will commence about the 28th of this month.

A gang of men have been at work putting a new foundation under the residence of James Hogg. The building has been moved back about fifteen feet from the sidewalk, improving the site and adding to the beauty of other fine residences in this block.

Mr. Jas. Fillier, who has been in Timmins for some weeks past, left last week for Shillington to carry on the summer's work on his farm there.

Mrs. and Mrs. O. Clement announce the engagement of their daughter Minnie to Mr. Frederick Quesnel of Sudbury. Marriage to take place in the near future.

A report last week that the dam at Wawaitin was leaking or breaking had not the solid foundation that the dam itself has. The dam is all right—in good dam shape, as it were. There was a slight crack made by the frost last winter, but this was fully repaired, and the dam is now in good condition.

Boulange—"Pouring watery milk in coffee"—"Pierre, where you get this milk?"

Pierre—"These milk she come from my cow."

Boulange—"Well, you had better get one tarpaulin for these cow. She leak."

## Twenty Sent From Here Last Week to Serve Jail Terms

**Seventeen Convicted on Charges of Immorality. Twenty Convicted for Selling Liquor. More Cases to Come. Regular Clean-Sweep Clean-up on Booze and Wild Women.**

The clean-up carried on by the Town Police with the assistance of four regular agency operators from Toronto, was given its finishing effect on Thursday last at police court.

There were twenty charges of immorality and twenty-five liquor charges (apart from the common drunks). Most of the accused pleaded guilty, and in the few cases where a defense was put up the evidence of the police and of the operators was so conclusive and complete that Magistrate Atkinson had no hesitation in making the convictions. The charges against Mr. and Mrs. L. Maki of selling liquor, and against Mrs. Maki of alleged keeping of a bawdy house were remanded on the request of the accused the latter agreeing to pay for the expenses of the operators from Toronto if convictions were registered.

The disposition of the various cases may be summarized as follows:—

For keeping a common bawdy house—Mrs. D. James, Mrs. Gagneau, Kathleen Brown, each 3 months in jail. E. Delaesse, Clara Strahan, Mrs. Resebek, Mrs. Mason, Mrs. Viehoff on similar charges were sentenced to not less than 3 months nor more than two years. H. Shoui, of the Prince of Wales Hotel, for allowing rooms there to be used for immoral purposes, was fined \$200.00 and costs. G. Valier and J. Cichini, taxi-drivers, on charges of allowing their cars to be used for immoral purposes, were each given terms of three months in jail.

On charges of prostitution—Mabel Gregory, Dolly Potter, Mary Gaudreau, Marguerite Byuere, Blanche Leblanc, were sentenced to not less than three months nor more than two years. Alice Buisser, given a similar term, had sentence suspended and was placed on her good behavior. D. Mario and M. Boisclair, on the charge of being found in a disorderly house, were each fined \$20.00 and costs.

For selling liquor—J. Dubois, C. Trisene, Joe Cichini, Geo. Panchuk, L. Cichini, R. Levine, M. Piconosi, E. Capanina, were each fined \$500.00 and costs or three months, all paying but Piconosi and Capanina who each took the three months. A. J. M. Griffith, on the charge of selling, was given \$500.00 and costs and one month, or four months all told.

On a charge of illegal purchase—Jos. White was fined \$50.00 and costs, taking the option of three months.

For having liquor in a public place F. Somarsien was assessed \$200.00 and

costs. He and E. Lindeberg had a watering can of liquor on the street. The charge against Lindeberg was withdrawn.

Charges against four drug stores or clerks therein—the Goldfields, Whiston Drug Co., Meyers Drug Co., and New Ontario Drug Co.—resulted in the imposition of fines totalling \$1000.00 in each case. There were two charges in each case and there was a fine of \$500.00 on each charge. Where only one charge was pressed the fine was \$1,000.00. All these fines were promptly paid.

A charge against C. Scott for the alleged use of threats against the operators was dropped.

J. Valve was sentenced to thirty days on a charge of being drunk in charge of a motor car.

Three T. & N. O. freight train employees—Messrs. R. Copp, Monaghan and Dunn—pleaded guilty to taking some liquor from a freight car and were each fined \$300.00 and costs for having the liquor in a public place. On the theft charge they were allowed to go on suspended sentence. The liquor taken was shipped in under the guise of other goods and so has not been claimed at this end. Provincial officers picked the young men up Wednesday night with the liquor in their possession.

There were half a dozen ordinary drunks paying the usual \$10.00 and costs.

A fine of \$4.00 and costs was imposed for breach of the motor regulations.

On Friday those sentenced to jail terms were taken to North Bay. A special coach was added to the train for the party, which included twenty prisoners, thirteen women and seven men. Officer W. Pacher went to the Bay in charge of the prisoners, being assisted by two special officers. The train was several hours late in reaching the Bay being delayed by various accidents, eventually arriving at North Bay around two in the morning. There had been a crowd at the Timmins station when the train left, and there was an even bigger crowd at the Bay to greet it on arrival, despite the unseemly hour.

The authorities are being generally commended on the clean-up made and the emphasis given to the idea that Timmins intends to be decent and law-abiding town. There are a few further cases to come before the court to complete the clean-up so thoroughly and smoothly made by the four operators and the town police.

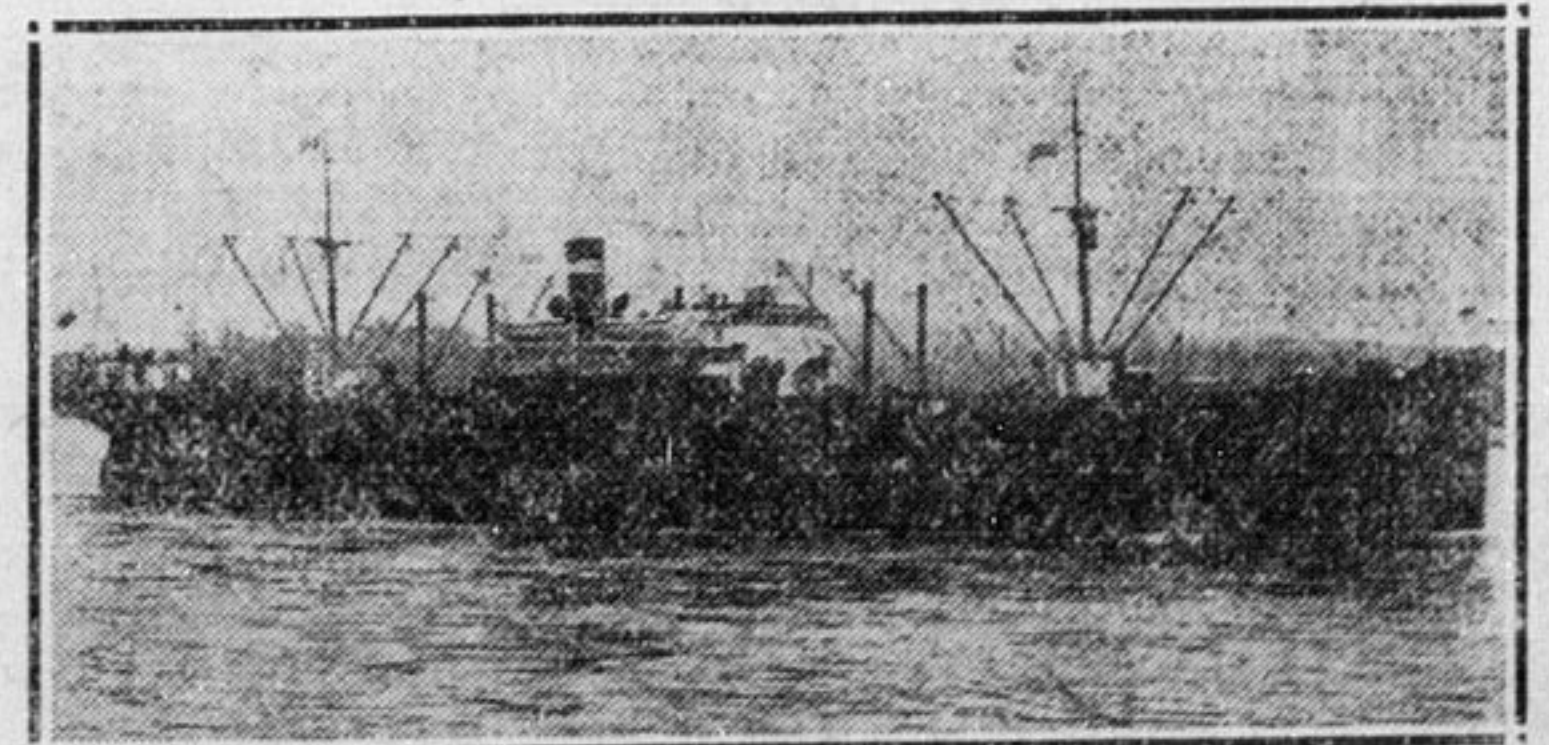

## Official League Standing of the Teams in the P.D.F.L.

**Standing up to and Including Saturday, June 6th. As at That Date, Hollinger is at the Head of the League, With Eleven Points. Cornish Still in Second Place, With Nine Points.**

Below will be found the official report of the standing of the teams in the P.D.F.L., up to and including Saturday, June 6th. This is the second official report for the season. The official standing will be published in The Advance every two weeks throughout the season.

	Played	Won	Lost	Dwn.	Gls. for	Gls. Agst.	Pts.
Hollinger	6	5	0	1	20	6	11
Cornish	7	4	2	1	11	9	9
Town A	4	3	0	1	8	3	7
Dome	5	2	2	1	10	8	5
Holly Recreation	6	1	3	2	6	11	4
Lancashires	5	1	3	1	5	9	3
Schumacher	6	1	4	2	8	13	3
Town B	5	1	4	0	3	11	2

## The Motor Ship

The new Donaldson freighter Moveria, first transatlantic motor ship to arrive in St. Lawrence waters, coming into the port of Montreal this week. Motor ships are expected to supersede steamers on ocean thoroughfares in the near future.

## Notes of Interest

Mr. and Mrs. R. T. Shillington, have returned to their home in Haileybury after spending the winter in southern and western centres.

Haileybury has now formally passed a by-law for early closing every Wednesday—afternoon during the months of May, June, July, August and September,—allege samee Timmins.

**EARN \$7.00 PER DAY!**  
Why work hard for mere existence when you can reach independence in a few weeks by learning one of the following trades: Barbering, Mechanical Dentistry, Bricklaying, Garage Work, Battery and Welding. Write for special offer. Hemphill's, 163 King St. W., Toronto. —23

## The Biggest Little Jewelry Store

GIFTS FOR THE JUNE BRIDE

L. TOWERS  
15 Wilson Ave.  
P.O. Box.

An effort is being made to revive the New Liskeard Band, the Liskeard Council making a grant and advancing a small sum for immediate needs.

Saturday of this week, June 13th, the Bisle team from Canada, including Lieutenant A. J. Harvey, of Timmins, assemble at Montreal preparatory to sailing for England for the world-famed rifle contests.

Omer Gagnon, 11 years and Anna Gagnon, 6 years, son and daughter of Mr. and Mrs. Albert Gagnon, Marcella Street Haileybury, died in the Red Cross Hospital yesterday afternoon, from burns received from a fire caused by the explosion of a coal oil stove, which gutted their home. Both Mr. and Mrs. Gagnon are in hospital, the later is reported in serious condition. Two younger children were unharmed.

At a meeting of the Sudbury Town Council last week there was a discussion as to the wisdom of spending any money to entertain the party of teachers to tour the North Land this summer. If Sudbury refuses to spend money for the entertainment of this important party, then, to be consistent, the Nickel Town should stop all expenditures for entertaining visitors. Certainly there is no group that, from the country's standpoint, is more deserving of attention or that will repay better than the Ontario teachers the small amount necessary for their entertainment on this important tour.
