

## For Quick Hot Water

Fill an SMP Enameled Tea Kettle. Set it on the stove. No Kettle will boil water quicker. That means convenience, time saved, too. All SMP Enameled utensils are very fast coming to the boil and in their job of cooking. Not only quicker to cook with, but easier, more quickly cleaned after. The best any way you look at it. Think this over.

Some of the delegates to the Associated Boards of Trade meeting last week at Englehart were much amused with a printed sign in a drug store window in Englehart. Large letters on the sign bore the words: "Do You Want Any Tanglefoot To-day?"

## To Combat Recklessness In Regard to the Forests

Canadian Forestry Association to Carry Out Strong Educational Campaigns Through Ontario to Impress the Importance of Conserving the Country's Forest Wealth.

The Canadian Forestry Association, the national educational institution for the protection of the forests, has started an active campaign for the cutting down of the number of forest fires caused through human agency and carelessness. This makes the sixth party to take the field in forested areas of Ontario, Quebec, New Brunswick, Nova Scotia and British Columbia. The Ontario tour will have Mr. Fred Vogel as special lecturer assisted by Mr. Alan Beavan of the Association's staff and will travel many hundreds of miles by motor, truck, holding mass meetings for the general public in the evenings and special talks and demonstrations for the school children in the afternoons. In connection with the school children these will be in the nature of a windup to a course of special instruction which has been carried out over the winter months by the Association working in Co-operation with the local teachers.

One of the unique features of these tours is that each party has been provided with complete equipment for showing pictures either in the dark or in daylight and by carrying their own power plants are independent of local conditions and able to show pictures in any section of the country. Similar tours under the Association's

banner have attracted daily audiences of from 600 to 1000 people and many of the meetings have had to be held in the open air owing to lack of a hall big enough to accommodate all who wished to see the films. The forest fires shown in those films are the real thing and make an immediate appeal to campers, fishermen and all users of the woodlands whether for work or recreational purposes.

While working in close co-operation with the provincial authorities the Canadian Forestry Association has the additional advantage of appealing as a non-government, non-commercial organization with no selfish purpose to serve and no partisan policy to advance. Thousands of editors, railwaymen, doctors, merchants, farmers and others comprise the membership and it is a matter of pride to these people that the total cost of these campaigns is being borne by the Canadian Forestry Association.

In Ontario Capt. W. A. Delahay, Provincial District Forester at Sudbury and his assistants are working hand in hand with Mr. Beavan and Mr. Vogel to insure the success of the tour and are enthusiastic in the manner in which the general public is responding to their appeal and report that already whole communities have been organized to stamp out the menace of 'Red Enemy'.

### DYMOND MAN MET BEAR AND VISITED HIS UNCLE.

This is a paragraph from the last issue of The New Liskeard Speaker: "Tom Chester, jr., of Dymond, son of R. D. Chester, had an experience one evening last week which he is not likely to forget. At about 7 p.m., he started after the cows, and alone, as his faithful and trained collie was away with his team. After going a considerable distance through the only partially cleared pasture, he and a large bear came to close quarters. Tom took in the situation as quickly as the bear did, and decided that it was nearer his uncle's place than his father's and this is where he started as fast as his legs would carry him. But he first threw down his coat and when he landed at his grandfather's, very much out of breath, he had his knife in his hand with the large blade ready for use. Soon, three men with rifles were out after the bear, but it had made its escape. The coat was found some distance from where it was left, with one of the sleeves badly ripped."

And this is a comment by The Porcupine Advance:— It was likely the same bear that was noticed at Porcupine Junction a few hours later headed north and in a hurry. It is a pity the young man did not stop long enough, in the interests of science and truth, to test out the theory that bears are harmless and will not attack a human being, except in defence of its cubs. Old-timers are of the opinion that the bear would beat the boy running by about six miles an hour. Indeed, an Irishman old-timer is ready to bet that the bear would be twice as far away from the lad, as the lad was from him before the lad stopped running.

This (Wednesday) evening there will be special services at the S. A. Hall at Timmins, conducted by Commissioner Chas. Sowton, Territorial Commander, assisted by Lieut.-Col. Adby, the singer and concertina player. Mayor Dr. McInnis will preside for the occasion.

Trickery comes back to its master.

### MOTHER SHOWED COURAGE IN SAVING SON FROM FIRE.

Elsewhere in this issue there is a reference to a gallant nine-year-old lad of Haileybury who gave his life to save his sister from death by fire. Last week also showed a mother whose rare presence of mind and courage saved her little son from death. In regard to the bravery of the mother, The Haileyburian last week says:—"The four-year-old son of Mr. and Mrs. R. R. Glover, who resided in what was formerly the office of the Silver Cliff mine at Cross Lake, was rescued from death by burning on Sunday last at 4 p.m. by his mother. The boy was left alone in the house for a short time, his father having gone to work and his mother being at a nearby neighbour's. He set fire to some paper in the house and in some way turned the key in the door so that he could not get out. Mrs. Glover noticed that something was amiss and ran home and succeeded in getting the little boy out in time, but the house and contents were a total loss."

Last week Haileybury had a case of a man collapsing on the street from heat prostration. The gentleman was from Cobalt and was given prompt and kindly medical attention and later was able to proceed upon his way.

Laziness travels so slowly that poverty soon overtakes him.

### ACROSS CANADA AND BACK

The wonder trip of the coming Summer will be conducted by Dean Laird, of MacDonald College, to Victoria B.C., and back.

Inspired by the success of the trip to Victoria last year on the occasion of the Teachers' Federation meeting at that point, and filled with patriotic motives for everyone to see their own country, the Dean has arranged for a special train of standard sleeping cars to leave Toronto on July 20, visiting Port Arthur, Fort William, Winnipeg, Regina, Moose Jaw, Calgary, Banff, Lake Louise, Vancouver, thence Steamer to Victoria.

Returning, the trip will be via the Okanagan Valley, Nelson, the Kootenay Lakes, Windermere Bungalow Camp, from which place the party will be motored to Banff, 104 miles over the newly completed Banff-Windermere Highway, the most charming and awe-inspiring trip it is possible to conceive, with stops at Radium Hot Springs, Vermilion River, and Storm Mountain Bungalow Camps—another day at Banff, then Edmonton, Saskatoon, Devil's Cap Bungalow Camp, near Kenora on the Lake of the Woods, steamer from Fort William to Port McNeill, thence rail to Toronto, where the trip will terminate on August 10.

Everything is included at the price of \$325.00 from Toronto; transportation, sleeping cars, accommodation in hotels and bungalow camps, meals in diners, hotels and on steamers, sightseeing tours at points visited and all gratuities.

While appealing primarily to teachers, the tour is open to everyone desiring to go.

All welcome. Fares from other points than Toronto will be named and descriptive illustrated booklet sent on application to Dean Laird, MacDonald College P.O., Que. -14 t-f
