**Complaint Made Regarding Delay on Deloro-Shaw Road**

Special Drum Major for July 1st. Crossing Near South Porcupine Station in Bad Shape. Other News from South Porcupine Correspondent.

South Porcupine, June 23rd. Special to The Advance.

Many complaints have been reported lately from the farmers to the south of town regarding the delay in the repairing of the Shaw-Deloro road. Of course the farmers were promised relief in this respect during the coming summer, but apparently that is all they received to date, the bare promise, which is not very encouraging to the settlers, who have to date done more than their share towards opening up this section of the country. Why the government is holding up this work cannot be understood, especially with regard to the fact that many men are looking for work and plenty of teams are available. Conditions warrant some activity on the part of the government and at once. The settlers in this section are not getting a square deal and we believe they are justified in making several complaints regarding the treatment they have been getting. With a good road through this section, many families would be taken care of and assured some prospects for the future. Without a doubt the government understands that this section is ideal for farming, otherwise they would never have promised to build a road. We hope the settlers can have the satisfaction at an early date of realizing improvements on the promise. Nothing would please us more than to announce the starting of the work on this road, and it is up to the government to do something and do it quick.

Somebody said there would be a foreign drum-major here on the 1st of July to lead the band while on parade. We have been advised that the foreign drum-major is none other than the famous old-timer, Paddy Gallagher. This is indeed encouraging news, especially to the bandsmen who feel that with Paddy in the lead, the visitors can be assured of some real pep with original comedy from the band generally.

Have you made arrangements to spend the 1st of July in South Porcupine. Everybody will be in South Porcupine on that day and if you are going to be among those having a good time, then be in South Porcupine on July 1st. A list of events

for the big day is published elsewhere in this issue. Look it over and see for yourself the attractions which will take place on the big day. All roads lead to South Porcupine on July 1st. Follow the crowd.

A large number of residents left South Porcupine and attended the big circus in Timmins on Saturday last.

O. K. Presby's Crimson Ramblers will hold a dance in the New School Hall on Friday evening, July 10th. Dance lovers will welcome this news. O. K. Presby's troupe will appear at the Majestic Theatre on July 9th, with vaudeville, music, etc.

Whoever is responsible for the condition of the crossing near the station should be reminded of the danger at this point. We hope the parties concerned will remedy the situation before any serious mishaps occur.

**TOWN A. STRENGTHENED POSITION IN P.D.F.L. SERIES**

The Town A. strengthened their position in the P.D.F.L. table by defeating the Holly Recreation 4-nil on Thursday evening last.

The Holly Recreation Club is coming along and is getting down to better football. Their big fault now lies with the wing men. They play out of their positions too much by getting in to far and not down the field enough, and the consequence is they have to run out and down to get a pass, and most of the time the ball goes out of touch, or is kicked back up the field again. Their passing is much better; likewise their attack. Collings at back is improving every match and is a good help to Elrick.

The Town A. played as steady as ever. Ritchie replaced Lambie on the left wing, this being their only change from previous matches.

Hollinger Recreation:—Elrick, goal; Thompson and Collings, backs; H. Johnston, Stodden and Young, half-backs; Bough Youlton, Shaw, Griss and Hamilton, forwards.

Town A.:—A. Cadman, goal; Street and Liddle, backs; Patrick, F. Cadman and Cooper, half-backs; Ritchie, Jackson, Adamson, Dunn, and Roberts forwards.

The Town got their first counter in

two minutes. Ritchie getting the ball ran down and passed to Jackson who tapped the ball to Adamson. Elrick tried in vain to save the low shot which beat him. The play went to midfield for a time and the Recreation did some fine passing but the leather was intercepted and sent back before the wings could get on it. Adamson came in for some rushing but, Elrick evaded him in his fine handling of the ball. The Recreation made their first raid dangerous, with combination and Cadman had to fist out a nice shot. The leather away again, Adamson passing to Jackson, who looked offside. The referee thought otherwise and Jackson scored. This caused a spectator to holler "offside" and the referee promptly warned this man, and it would be a whole lot better if the referees would be more strict with the spectators, although there have been a lot of bad decisions which rouse the spectators' ire. The Town now settled down to footwork while the Recreation took every opportunity to press and the spectators helped them on, and for a time had a lot of the play in the Town's area. Cadman fisted two nice shots clear and relief came when a corner kick was sent over. The rest of the half was finished in the Recreation's half. Half time 2-0.

The second half was mostly the Town's game. There were two goals scored, Jackson getting both;—the first by heading in a free kick, and the other by heading in Roberts' pass. Elrick was handicapped this half, by injuring his right hand in the latter part of the first half, but he continued to fool Adamson in his rushes in goal. Cooper and Roberts did some fine footwork during this half and showed how simple it was done. Street intercepted a pass and headed the ball three parts the way down the field before the ball finally touched the ground. Ritchie sent the ball to Dunn who made a neat shot but Elrick saved and sent the ball away. The Rec. made a raid and finished with the ball striking the crossbar. Mr. Jardine, referee.
