TIMMINS COUPLE MARRIED AT NORTH BAY LAST WEEK

St. Mary's Cathedral, North Bay, was the scene of a very pretty wedding on Tuesday morning, July the seventh, at half past seven, when Ruth McCaw, daughter of Mrs. Charles Rathwell, Merrickville, became the bride of Stephen Andrews, son of Mr. and Mrs. Alfred Andrews, Fournier, Ont.

The Reverend Father O'Leary said the nuptial mass.

The bride was charming in a gown of white flat crepe with touches of blue as a background for rich gold and white embroidery. Her white picture hat was decorated with gardenia and she carried a shower bouquet of Columbia Roses, lilies-of-the-valley and carnations, with streamers of sweetheart roses.

Miss Gertrude Lane, of Cardinal, accompanied the bride and wore lavender with purple trimmings and hat to match. The bridesmaid was attired in a dainty frock of Eucalyptus flat crepe, with cream lace trimmings and hat to match.

Mr. Basil Bunyan assisted the groom.

After a tastefully arranged wedding breakfast at the Pacific Hotel, Mr. and Mrs. Andrews left for a three weeks' trip through Southern and Eastern Ontario, including a boat trip from Toronto and down the St. Lawrence.

The bride travelled in a very chic coat and dress of Sandalwood, with black trimmings and hat and shoes to match.

Mr. Andrews is of the firm of Burnett-Andrews of this town and he and his bride will reside in their new home at 65 Maple St., South.

Innumerable friends here join in extending the sincerest good wishes to Mr. and Mrs. Stephen Andrews.

MACCABEE LODGE HOLDS AN ENJOYABLE SOCIAL.

On Friday evening last a very enjoyable evening was spent in the Odd-fellows' Hall, Timmins, it being the usual monthly social given by the Maccabees. Card games occupied the early part of the evening, being followed by dancing about 50 being present. There would have been a larger attendance but for a slight misunderstanding as to the arrangements for the event, but all present had a very pleasant time, and it is confidently expected that at the next social by the Order there will be a bumper attendance. Music for the dancing was furnished by Mr. W. A. Devine at the piano, and Mr. R. Pagliari on the banjo. The members and guests present voiced the opinion that this was one of the best events yet, especially the refreshment period of the evening.

MR. F. M. AUER WINNER OF GEO. LAKE GOLF TROPHY

Mr. W. H. Wylie, Last Year's Champion, Loses by One Stroke.

On Saturday afternoon, the concluding matches in the Geo. Lake Shield contest were held at the Timmins Golf Club, Mr. F. M. Auer winning the shield for 1925, which is emblematic of the open championship of the Timmins Golf Club. Mr. W. H. Wylie, last year's champion, was defeated by but one stroke by this year's champion, Mr. Auer having a 335 against Mr. Wylie's 336. Seventy-two holes were played during the past four weeks, and though fifty-five members entered the competition only twenty-nine remained until the conclusion.

For the concluding matches last Saturday afternoon, the weather was slightly too warm for good golf, a thunderstorm coming up about three o'clock interfering to some extent with the play, though this had a cooling effect on the weather, and gave the later entries a better chance to turn in a good score. The following are the players who turned in scores for the four matches to decide the possession of the Geo. Lake shield, with the scores of each:—

WIDDIFIELD BELIEVES THE BEAR WAS SLANDERED.

Apparently many at Widdifield are not satisfied with the finding of the Coroner and Provincial Police that farmer Geneaux met his death in a battle with a bear in a shack near his farm a week or two ago. They assert that there are absolutely no indications that any bear or bears were near the shack, and they also claim that the conditions under which the body was found would suggest that an explosion had caused the death. A neighbour asserts that he distinctly heard an explosion on the day of the tragedy. The claim is made that the man's hand instead of being bitten off by the bear was blown off by the explosion. It is thought that Geneaux found some percussion caps in a tin box and in some manner or another exploded them. Pieces of tin were embedded in the table, as were also parts of the man's clothing. The upholders of the explosion theory also emphasize the fact that the suppositions regarding an attack by a bear are contrary to all general knowledge of the ways and habits of bears. From the tone of the protests sent from Widdifield to outside newspapers it would appear that the people of Widdifield feel that the bears have been unduly slandered. An inquest has been requested by some to clear up the matter.

"Do you find that advertising brings quick results?"
"I should say it does. Why, only the other day we advertised for a night-watchman, and that night the safe was robbed."
—Yorkshire Evening Argus.

Lost Ball!

"THAT'S the third ball I've lost to-day," says Smith; "and they were good, new balls, too!"

Good golf balls cost 75 cents to \$1.00 or more. If you lost only one ball per game, at \$1.00 each, playing but one game per week during the season of, say, six months, it would cost you more than what you would pay for \$1000 worth of profit-participating life insurance in the Mutual Life of Canada, issued at the age of 30!

Perhaps you hardly ever lose a ball. Perhaps you lose life insurance in some other way. Now is a good time to figure out how you can stop some of the leaks and cover the risk you are running every day at the expense of your dependents. Mutual insurance is insurance at net cost. The Mutual Book explains. Write for your copy to-day.
