PRESENTATION KEYS OF NEW CANADA BUILDING.

"Canada" the attractive London, England, publication in a recent issue carries a very comprehensive and interesting report of the formal opening of the new Dominion of Canada building in London. There are numerous illustrations showing the beauties of the new building. The formal opening was by the King and Queen. The High Commissioner for Canada, Hon. Peter C. Larkin, read an address to the King, to which His Majesty made gracious reply. A message from Canadian Children to Their Majesties was also received. The formal opening keys are referred to as follows by "Canada":—

"The four presentation sets of keys—by a happy idea of Mr. Larkin—are made of Canadian metals. They are identical in design, but in each case one is made of gold, another of silver, and another nickel. They have been provided by the mining interests indicated below, all of which operate in the Province of Ontario.

"The design on the handle comprises the Coespur street elevation of the new Canadian building, surmounted by a crown and flanked by oak-leaves, roses and the Canadian symbols—maple leaf and the beaver.

"The King's gold key was presented by the Hollinger Consolidated Gold Mines; the silver key by the Nipissing Mining Co., Ltd.; and the nickel key by the Mond-Nickel Co., Ltd.

"The Queen's gold key was presented by the McIntyre Porcupine Mines Ltd.; the silver key by the Mining Corporation of Canada, Ltd.; and the nickel key by the Mond Nickel Co.

"Another set is being given to Mr. Mackenzie King, the Canadian Prime Minister. In this the gold key is presented by the Dome Mines, Ltd.; the silver key by the Keeley Silver Mines, Ltd.; and the nickel key by the Mond Nickel Co., Ltd.

"Mr. Larkin is also receiving a set, in which the gold key is presented by the McIntyre Porcupine Mines, Ltd.; the silver key by the Keeley Silver Mines, Ltd.; and the nickel key by the Mond Nickel Co., Ltd.

"The keys were made by Messrs. Ryrie-Birks, Ltd., of Toronto, and were hand-chased by Messrs. Henry Birks and Sons, Ltd., of Montreal."

A lone bandit held up a Sudbury taxi-driver on the road to Murray Mine, taking \$65.00 and a gold watch from the driver. The bandit had been a passenger in the car.

WINS PRIZE FOR BEST MINE PROPERTY REPORT

K. A. MacPhayden, Toronto, Wins in Contest Set by Mining Association.

A letter received last week by The Advance from Mr. G. C. Bateman, Secretary of the Ontario Mining Association says:—

Last spring the Ontario Mining Association offered a prize of \$125.00 for the best report on a mining property, submitted by a bona fide Ontario prospector. At the Annual Meeting of the Association held in Sudbury a few days ago, it was announced that the winner of the prize was:—

K. A. MacPhayden, Toronto. The idea behind the competition was to try and assist prospectors to present the facts about their properties, in a clear concise way, so that prospective purchasers would have all the essential information. The judges of the reports were Dr. J. Mackintosh Bell, R. A. Bryce and M. W. Summerhayes.

NEW MAP OF BEARDMORE AND VICINITY ISSUED

In view of the press report of the discovery of gold in the vicinity of Beardmore, Ontario, Canadian National Railway, prospectors will be pleased to learn that a geological map of the area on a scale of four miles to one inch can be had by applying to the Director, Geological Survey, Ottawa.

OVER \$119,500,000 IN GOLD HELD BY FINANCE DEPT.

Gold held on the 30th of last month by the Department of Finance amounted to \$119,539,579, according to the circulation and specie statement issued recently. The amount of gold held against notes in circulation on that date was \$116,263,993, and the total circulation was \$208,391,477. Dominion notes outstanding against deposits of approved securities amounted to \$77,200,000.

- Sat., Aug. 15—Town B. vs. Hollinger.
- Tues., Aug. 18—Lanes. vs. Town A.
- Thurs., Aug. 20—Town B. vs. Lanes.

FINDS HEALTH OF WHOLE NORTH LAND VERY GOOD

Reference was made in The Advance last week to a visit here from Dr. George, Provincial Medical Health Officer. Dr. George also visited other centres in the North Land, and on his return to North Bay was interviewed by The North Bay Nugget. The Nugget says:—

"Dr. W. E. George, Provincial Medical Officer of Health, has just returned from a trip through the northern districts and states, that the health of the northern part of the province is unusually good. With the exception of a few mild cases of scarlet fever in South Lorrain, Dr. George says he found no serious illness and conditions were very favorable. The fever is of the mild type which was prevalent in North Bay during the past winter. The baby clinics and clinics for school children which were held during the spring and early summer months have been discontinued for the summer months but will be resumed in September. The health officer believes these clinics have accomplished much good in the district and that the parents are taking advantage of the health suggestions offered by the doctors and nurses."

RECORD STILL HELD BY SOUTH END BARRED ROCK

Last week The New Liskeard Speaker told of a record-size egg by a Thornloe hen. The Speaker said:— "A peach of a Barred Rock egg was brought us Saturday, from the poultry yards of Mr. W. D. Bradley, Thornloe. It measured eight and one-eighth of an inch one way and six and one-half the other and weighed four ounces. It made a delicious omelet."

A Barred Rock hen owned by Mr. H. Sullivan, South Porcupine, still holds the record so far as known in this North Land as regards big eggs. The Advance had in the office here in May an egg laid by this hen. The egg was 8 1/4 inches the one way (an eighth of an inch bigger than the Thornloe sample) and 6 1/2 inches the other way. It tipped the scales at a shade over four ounces.

The extended express delivery limits will go into effect on August 17th. You can assist in the successful operation of the new plan by seeing that all parcels addressed to you bear your name, street and number and whether north or south.

When the Day--

Is uncomfortably warm and you go in search of relief, you'll find both relief and nourishment in a generous Banana Split. Or try one of our delicious Sodas. Ask for a Smooth Soda.
