Saturday's Benefit Match Was Nice Brand of Football

Attendance Was Large and Crowd Enjoyed the Play Throughout. Baseball Match in Afternoon Was Somewhat of Handicap. Pick of Schumacher and Dome Win in Pleasing Match.

The Benefit Football Match at Timmings on Saturday last was well attended, although the baseball match earlier in the afternoon may have decreased the number for the football match. All at the Benefit Match, however, were well pleased with the nice brand of football played, and the interest was keen in the match from start to end.

The match was between two picked teams—the pick of Timmings versus the pick of Schumacher and the Dome. The Schumacher—Dome team were victorious by a score of 3 to 1.

In the first half Robson was the only scorer by sending a quick shot in off a pass. The Timmings goal had some narrow escapes during this half, but Jimmy would only let one by, while at the other end just before half-time Whitton almost evened up things from a pass from A. Roberts,

Sr., by driving in a high shot which hit the crossbar.

The second half started well for the visitors, and Goodman made a nice individual play and scored in a short time from the kickoff. Timmings got busy and Taylor went down and centered to Roberts, sr. who passed the ball across the goalmouth and Jackson headed it in. And just before the whistle, Hitt ran in to shoot, but Dougal beat him to the ball and scored for him.

The Teams were picked as follows: Timmings: Elrick, goal; Collings and Roberts, jr. backs; Trenough, Anderson and Hamilton, half-backs; Taylor, Trethewey, Jackson, Whitton and Roberts, sr. forwards.

Schumacher—Dome: Wills, goal; Ewart and Butt, backs; Kellow, Harrower and Cooper, half-backs; Wallace, Robson, Hitt, Dougal and Goodman, forwards.

SIX WEEKLY NEWSPAPERS BETTER THAN ALL THE DAILIES

Nine years ago in an advertisement The Advance said:—"The man who toothed not his own horn, the same shall not be tooted, unless he goes on a toot." Probably the weekly newspapers need occasionally to note this motto. But, better still, to accept some timely tooting from a friendly source. For example, how is the following for a good old toot for the good old weeklies. Dailies are forever talking about how great they are. Listen, then, to the Mayor of Winnipeg tell them all where they get off at, and who may truly be termed the Cat's Pajamas:—

"I would rather have six weekly newspapers than all the dailies in Canada; to champion the interest of a cause" was the welcome tendered the members of the Canadian Weekly Newspaper Association by Mayor Ralph Webb, of Winnipeg, at the opening of the 6th annual convention of the organization at the Royal Alexandra Hotel, The Winnipeg Free Press in a leading editorial on the occasion of the newspapers convention said:—"The editors of weekly newspapers represent the country better than almost any other possible body of men could do, because each is so closely in touch with all phases of the life of his own community. That the greater part of the country is outside the large cities may not have occurred to some people who live in them and imagine that they largely constitute the country, while the towns and rural parts are of secondary consideration. The last few years have demonstrated rather forcefully that the cities do not stand by very well when anything happens to those other parts. The annual gatherings of the weekly men have a national significance. They should be a factor in spreading mutual understanding between different sections of the country and in bringing about more effective national unity."

GREAT AGRICULTURAL POSSIBILITIES IN NORTH

Toronto Man Gives His Views on Farming in the Clay Belt.

The importance of agriculture to the North Land is becoming more important, day by day. So much so, indeed, that any discussion of the matter is of general interest. Accordingly there will be more than passing notice to the following letter published in this week's Broke Hustler, of Iroquois Falls:—

To the Editor of the Broke Hustler.

Toronto, July 28th, 1925.

Sir,—I saw in the paper dated June 16, a subject under discussion, Dairy-farming what North needs. I came to New Liskeard, June 1903; bought two lots 50' x 172'; built a good sized house 26' x 30'. We had a good sized garden on this wonderful great northern Clay Belt. I had some bother at first, then I found the nature of the soil and all was then clear sailing. Some farmers speak about the cold backward springs but never say anything about the land. After turning the first furrow they found hard clay, but did not examine it so as to find out that it was not like the clay they were used to in Old Ontario. It is very close-grained and the water could not get down. Consequently they had cold backward springs. I had the same in the garden, until I dug it all up with a fine-tined fork, going down 12 inches deep, breaking up the hard parts to let the water down from the surface and leaving the ground warm so that the plants of all kinds could come on quick. Then the question of harrowing the growing grain after rain. This clay has a tendency to form a crust and that, of course, stops the growth. Many people are afraid to harrow growing grain for fear of tearing it out of the roots. If they would only run the harrow alongside of a field a time or two they might find out the difference for themselves and not be in doubt any longer. There are many living on this great Northern Clay Belt that don't know the nature of the land they are working, or sort of working, and they give the country a very bad name. Good farming is just good gardening on a large scale. Anything worth doing at all ought to be worth doing well. Do not say we cannot, but try. There is no doubt that Northern Ontario will be the greatest part of Canada before long. I am too old now to start farming but I know what good farming is and the farmer feeds the world. Old Mother Earth is a very kindly old lady and if used properly she is very generous to all mankind.

I am, Yours Truly,

CORNISH TEAM MAKE IT A DRAW WITH RECREATION

The Cornish One-and-All divided the spoils with the Holly Recreation in the P.D.F.L. last night by a 2-2 score.

The first half ended 1-1. Higgins scored the first. He took a corner kick and sent in a high corner shot that beat Elrick. The Holly Recreation went right down and Shaw scored, after West failed to clear the ball.

In the second half the Cousin Jacks were the first to score, but the Recreation evened up matters a minute afterwards from a corner.

The teams:—
Cornish: Morecombe, goal; West and Trethewey, backs; Hignman, Harris and Timmings, half-backs; Giles, Mills, Richardson, Hignman and Taylor, forwards.

Recreation: Elrick, goal; Collings and Thompson, backs; Stewart, Stodden and Ash, half-backs; Youlton, Walsh, Shaw, Griss and Norris, forwards.

Next open air band concert on Thursday evening of this week, Aug. 6th.
