Lightning Blew Radio Set Into Numberless Pieces

Peculiar Damage Done During Big Storm on Sunday near Noon. Electric Lights Also Blown Out in House Hollinger Townsite.

The big storm just about noon on Sunday did one bad bit of damage. Lightning struck the aerial of a radio set at 54 Vimy Road, and travelled down knocking the radio set into twenty pieces that could be counted and some others that were not countable. The lights in the house were also blown out and there was a badly damaged sheet of gyproc. The gyproc, being fire-resisting and a non-conductor, no doubt prevented serious damage to the house, the gyproc taking the force of the lightning all to itself.

The storm on Sunday was one of the worst of its kind to visit this part of the North Land. The rain came down in torrents, hailstones being intermingled with the shower. It had every indication of the typical cloud-burst. There were heavy rumblings of thunder and vivid flashes of lightning. The storm lasted only about half an hour. But that was plenty long enough.

As a consequence of the storm there was a break in the regular service of the light and telephone companies.

The unusually heavy rain also did some damage on its own. Roads were washed out in spots. It is remarkable to note the size of some of the stones washed considerable distances, on streets like Sixth Avenue. Sand and gravel was piled up on the crossings and walks at certain points and also damage done to the gardens on some streets by the heavy wash-outs.

One real optimist said, "Well, anyway, that the rain has put a damper on any bush fires in the district." This was quite correct at that. There were a couple of fires noticeable west of the town on Saturday. After the storm there was no sign of smoke even.

Considerable damage was done to electrical apparatus in town through the violence of the storm. The lightning burned out the coils in the gong at the waterworks pump station and also in the gong in one of the firemen's houses. The lead wires leading into one of the transformer houses were also burned off. About 150 telephones were put out of commission for a time through the work of the storm.

LIVELY BOXING BOUTS AT NEW EMPIRE LAST WEEK

Belanger, Holmes, Rivers and Clay Show Special Class and Speed.

A couple of hundred or more gathered at the New Empire Theatre on Friday evening last week enjoyed a very lively card of boxing bouts. A feature of the evening was the contest between "Frenchy" Belanger, Fly-weight Champion, and Al Holmes, contender. They battled six rounds of swift and scientific work to a draw. Phil Rivers showed class, knocking out B. Raymond of Kirkland Lake, in the first round. Gene Clay knocked out D. Lang, of Kirkland Lake, in the fourth round. There was an interesting four-round bout between P. O'Neill and C. Jessom, the latter winning the decision. D. Holland beat "Dutch" Johnson in four rounds. Another special was the four-round exhibition put on by the Pearce Midgits.

A man went into a store and asked for a comb.

"Do you want a narrow man's comb?"

"No," said the customer. "I want a comb for a stout man with rubber teeth."

ANOTHER BAND CONCERT ON SUNDAY EVENING.

The next open air band concert will be held at the new band stand on Sunday evening, August 16th, after the church services. A special programme has been prepared for the occasion. The last band concert on Thursday evening was largely attended and much appreciated. As noted before in these columns, on account of several members of the band being on different shifts, in order to get a full band for each concert it is necessary at present to have the events on alternate Thursday and Sunday evenings.

PRETTY SOON THE NORTH WILL NOT HAVE EITHER

The North Bay Nugget thus describes "our changing country":—
1825—All woods, no roads.
1925—All roads, no woods.
That may hit it off for the country around North Bay.

But it is different in this North Land.

At the present rate of progress, and lack of progress, we bid fair to arrive at the point where there will be neither woods nor roads.

The forests are being cut down and burned down and blown down.

Settlers have to clear the land to make a homestead, and then to often they have to clear out to make a living.

"Roads, roads, and more roads" is the greatest need of the North Land. Particularly is the need for roads for settlers a big need. Without roads the settlers will have to leave.

It would be a good thing all round to keep a fairer balance between roads and woods. No country can prosper and progress on all woods or all roads.

The North has enough woods to go along on for a long time. Roads now wanted, needed, demanded and absolutely imperative!

One thoughtful, long-headed Anglican in the district has altered the wording in one of the petitions in one of the prayers in the church service, and so every Sunday he repeats to himself:—"Grant us Roads in our time, O, Lord."

BIG CROWD AND GOOD TIME AT CALEDONIAN DANCE

The dance given by the Caledonian Society in the Hollinger Hall on Monday evening of this week proved a very pleasant and successful event. There was a large attendance and everyone voted the evening as a very enjoyable one from beginning to end. Popular modern dances were featured, while there were also the favorite Old Land dances. Music for the occasion was furnished by Bridge's Orchestra and proved the very best. The refreshments, served as usual under the expert supervision of Mr. A. Roberts, proved a specially pleasing item on the programme. The event was under the direction of the Ladies' Committee, and the ladies are to be congratulated on the all-round success achieved. The dance was held as a sort of prelude to the other big annual event this week—the annual picnic at Golden City, to be held to-day (Wednesday).

Mr. E. A. Nunn.....Violin and Piano
Mr. Burton Holland.....Violin
Miss Dorothy C. Porter.....Piano

All branches of Music taught, including, Harmony, Theory, Counterpoint, Fuge, etc.

To Whom It May Concern:

"Mr. H. F. Schroeder is a Musician in the broadest sense of the word, having studied under A. E. Kaepfel, E. H. Hohman, A. Reclin, Hongo Schmolli and others. He has a wide experience as Teacher and Violinist, and has a thorough knowledge of the works of the old masters, as well as the more modern composers. I can recommend him as a Teacher and Performer of the very best type." Mr. George Nern, Concert Organist and Tenor, 2046 1/2 Highland Ave., Hollywood, California. Other testimonials upon application.

Mr. Edward A. Nunn, A.V.C.M., Hons., is an Honour Graduate of the Victoria College of Music, London, Eng., and comes to us highly recommended. He had studied under Dr. J. H. Lewis (Principal of the Victoria College), Dr. J. W. Bently, Mus. Doc., Cantab., of Cambridge University; Sir Landon Ronald, the King's Musician; Sir Frederick Bridge and others.

Mr. Burton Holland, Violin, and Miss Dorothy C. Porter, Piano, received the greater part of their musical education under Mr. Schroeder. These two teachers are making an enviable reputation for themselves both as Teachers and Performers:—We sincerely recommend them.

We are negotiating with Miss Elizabeth H. Fox, of Toronto, who is a twelve year student of the Hamburg Conservatory in Violin and Piano and of whom the Toronto Globe says: "Miss Elizabeth H. Fox in the difficult Weiniawski Legend played the expressive melody in the first and second sections with a refined singing style, and surmounted the double stopping difficulties of the middle movement with apparent ease."

All pupils enrolling have the privilege of taking Examinations every six months, either of the Toronto Conservatory or the Timmins Conservatory.

Weekly Theory, Harmony and Orchestra Classes—Free

Enrollment may be made at any time:—Syllabus of Examinations etc., may be obtained upon application.

All pupils working for Certificates and Diplomas will be required to take Theory.
