

# Schumacher Firemen Hold Very Enjoyable Banquet

Pleasant and Successful Event in McIntyre Mess Room Last Thursday Evening. Everything of the Very Finest Some Interesting References to Early Days in the Camp.

The banquet given by the Schumacher Fire Department on Thursday last in the McIntyre Mess Room was without doubt one of the very finest events of its kind ever held in the North Land. The event was to celebrate the fine showing and many prizes won by Schumacher at the recent Temiskaming Firemen's Association Tournament at South Porcupine, and practically every address during the evening paid merited tribute to the good work of Schumacher's capable fire-fighters, with special reference to the Chief, Mr. C. Jucksch and the Deputy Chief, Mr. C. Arnott, and the fine harmony and co-operation and friendly spirit all through the brigade. There was also special mention made of the co-operation given by the Township Council, and the popularity of the brigade with the general public. There were attractive printed menus for the occasion the various items being humorously termed: Reel Olives, Pickled Firemen, S.F.D. Celery, Nozzle Soup, Absentee Fish, with Cant-tackle Sauce, Schumacher Young Turkey, with Siamese Dressing and Extinguisher Gravy, Water on Potatoes, Alarm Beans with Smoky Sauce, Fire Truck Salads, High Pressure Jelly, Reel Ice Cream, Turnout Cake, Hydrant Nuts, O. T. A. 4.4, Fire Pump Tea, Full Blaze Coffee. The repast was an unusually attractive one, the mess room looking especially pleasing for the occasion, the tables being particularly well set and the decorations including the handsome trophies won by the Schumacher Firemen.

There were about 70 present, including the Reeve and Council of Tisdale, Chief Harry Wilson and the South End Firemen, Mr. Frank Evans, Township Clerk, Mr. Robert Dye, manager of the Vipond, Dr. Byers, and others.

Mr. C. V. Gallagher, Reeve of Tisdale, was toastmaster for the occasion and was the ideal man for the place, keeping a steady flow of shrewd wit and ready humour throughout the pleasant proceedings. After the toasting of the King, the following toast list was enjoyed:

Our Guests—Proposed by Deputy Chief Arnott in a neat speech welcoming all. Responded to by Mr. I. A. Lomon in a very effective way.

Our Town—Proposed by Councillor D. G. Kerr in interesting fashion and

given capable and pleasing response by Councillor Helmer and Mr. J. R. Todd. The latter in his interesting references to early days in the town and camp was especially interesting and effective.

Our Industries—Proposed by Mr. Frank Evans in a concise but thoughtful speech, and given an inspiring and informative response by Mr. R. E. Dye, whose optimistic references to the prospects before Schumacher and the district were greatly appreciated.

Our Education—was proposed by Dr. Byers in a speech that had the right balance of humour and inspiration. The reply by Mr. Jas. Shewan was equally effective.

Councillor Hugh Boyle gave well-merited praise to the Schumacher and South Porcupine Fire Brigades and their good work in his effective proposal of the toast to the Tisdale Fire Departments. Chief Jucksch and Chief Wilson each made pleasing and appropriate response, touching on the good work done by their boys and the good work still to be carried on.

The Press was ably proposed by E. J. Mason and responded to by G. A. Macdonald, Editor of The Porcupine Advance, stories being featured.

During the evening excellent music was furnished by Mr. W. H. Wilson, at the piano. Songs by Messrs. Starling, A. Fulton, W. R. Sullivan and J. Musket were very greatly appreciated. The community singing led by Mr. W. R. Sullivan was one of the happy features of an altogether happy evening.

Everything about the evening,—the fine food, the excellent service, the speeches, the music, the goodfellowship, the smokes an' everything—was of the best, and the Schumacher Firemen and everybody else concerned are to be congratulated on the big success of the event. It was a very fine evening, and all enjoyed it.

During the evening there were many helpful ideas advanced for the advantage of Schumacher and the district. Reeve Gallagher thought the time not far distant when it would be good business to have some salaried firemen at Schumacher for the better protection of the growing town. There were many references to the growth in this part of the camp, as well as appreciation for the modern improvements being added.

Our Town—Proposed by Deputy Chief Arnott in a neat speech welcoming all. Responded to by Mr. I. A. Lomon in a very effective way.

## WORST FOOTBALL DEFEAT EVER SUFFERED BY DOME

Timmins Won 7-0 Wednesday. Other Splashes of "Dome Foam."

Dome Mines, Aug. 19th, Special to The Advance. Mrs. C. H. Libby has been a patient at the Dome Hospital and has made a rapid recovery after a serious operation.

The trimming that the Timmins Footballers administered to the Dome on the 12th inst., was the worst that the local boys ever received. The visitors were at the top of their form and tried hard all the game, as the score of seven-to-nil indicates. The only consolation that the Dome players and supporters have, is that the day has been when Timmins were trimmed by a similar score, and there are other years coming.

The following is the standing in the Dome Mines Softball League up to Tuesday noon.

Played	W.	L.	P.C.
Mine . . . . . 6	4	2	.667
Mill . . . . . 5	3	2	.600
Engineers . . . . 4	2	2	.500
Mechanics . . . . 4	0	3	.000

The Engineers and the Mechanics have a tie game to play off.

Mr. "Bill" Hutchinson has severed his business connections at the Dome Office and has accepted a position as assayer at the Night Hawk Peninsular Mine. Good luck, Bill.

Mr. and Mrs. D. Wright and Mrs. Hughes have gone for a motor touring vacation in Southern Ontario.

Mrs. O. N. Spiers has returned from a happy holiday spent visiting the old folks and places. Otto is now able to get a square again.

Quite a few of the boys have left recently for the Harvest, Del. McCaffrey, Harry Goldsmith, Tommy McEwen, Henry Loyd, Reg. Humphreys, Bert Rundle, Jack Wills, Bill Davies, Charles Old and Rene Beaudry, being noted as having accepted the call for harvesters.

C. F. Caswell is away on a vacation to Montreal.

Joe Norrie has returned to college to resume his upward climb to the M. E. degree.

Wilfred Tansley, who formerly worked here, but was more recently working at the Night Hawk, has left to accept a position of trust in Mexico.

The Tripods beat South Porcupine in a softball game last week. It was a dandy game, the score being six to six up to the ninth, then the Dome got their batting eye and whacked out enough to double the score, 17 to 8 being the final result after the dust had cleared away.

J. J. Jordan is home again after a holiday spent down in Old Ontario, etc.

Ideal Weather, and a Fine Time Enjoyed by All Last Wednesday.

South Porcupine, Aug. 19th, Special to The Advance.

The Basket Picnic held under the auspices of Timmins and South Porcupine Oddfellows' lodges was an unqualified success this year. For quite a few years past this day has been often marred by inclement weather and the two lodges have been at a considerable loss, but this year the three-linkers will break even and they have the satisfaction of knowing that everybody enjoyed themselves. The various races attracted great interest and there was a good class of entrants for each event. Tea, coffee and sweet milk were furnished gratis and the baskets all went home like Mother Hubbard's cupboard.

The races were won as follows:— Boys 5 and under—1st, Lewis Park; 2nd, Frank Roberts; 3rd, Geo. Roberts. Girls 5 and under—1st, Betty Landers; 2nd, Cora Mansfield; 3rd, Lillian Fay.

The following wire received by Arthur E. Moysey & Co., Ltd. referring to the Kirkland Lake Mine, will be of more than passing interest. "We learn on good authority that the Kirkland Lake Mine cut downward extension of their ore which is of good grade' in the cross cut at the 2000 ft. level yesterday. Assay value yet to be determined."

Provincial Officers Finger and Delves last night seized three cases of Quebec liquor shipped here addressed to a local drug store.

## ROAD TO SCHUMACHER NOW MUCH APPRECIATED

Landing Stage and Diving Board at Pearl Lake. Other Schumacher News.

Schumacher, Aug., 18th. Special to The Advance.

Mrs. C. Miller and family have returned from their holiday and report a good time.

We regret to hear of the illness of Mr. Jospe, one of our respected merchants.

Mr. Jack Barron, with the assistance of a few friends, has been busy at Pearl Lake, fixing a landing stage and diving board; also cleaning out the bathing houses. It is to be hoped that people using the bathing houses in future will leave them in a much cleaner condition than was the case last swimming season.

A pet dog belonging to Miss M. Angrignon was run over by a motor car on Monday night and so severely injured that it had to be destroyed.

On Wednesday last a horse, belonging to a grocery firm in Timmins, which was left unattended, was startled by a passing train and bolted down the main thoroughfare, where it was promptly brought to a standstill before any damage was done.

The officials and players of the Schumacher F.C. have been invited to a supper in the McIntyre Mess on Monday night by two local gentlemen. Full justice will be done as the boys have gone into special training for this event.

Football supporters of the Schumacher team were given a treat on Monday night when the Married Men vs. Single Men's match came off. The Married Men won out by 3 goals to 2, the victory no doubt being due to a great exhibition of goal-keeping by Jack Jenkyn, who consented to be a married man specially for the match.

Taxi drivers and passengers journeying to and from Timmins much appreciate the new road which is now open for traffic.

Our local residents who travelled with the Oddfellows picnic last Wednesday to Golden City had a most enjoyable time and all voted it a huge success.

The builders are again busy on the main thoroughfare in Schumacher, several new business premises being in the course of erection. Schumacher is certainly going ahead.

## TWO DEATHS LAST WEEK AT MINES IN DISTRICT

One Man Killed by Stepping on Chute. Falling Steel Kills Another

There were two accidental deaths at the mines last Saturday. At the Vipond, Mr. Norman Inson stepped on a chute from which ore had been taken below, and he was let through the chute with the falling rock, being killed almost instantly. He was well known and highly respected in town and there is genuine regret at his untimely death. He was formerly captain at Kerr Lake and Drummond mines, Cobalt. He was about 55 years of age, and leaves a widow and three children, to whom the sincere sympathy of all goes out. Internment was made at his old home in Nova Scotia. An inquest is being held this week at South Porcupine.

At the Hollinger mine on Saturday, Torlesi Braaten, a deckman, met death. He was apparently riding in the cage with some steel, when the steel shifted. He was thrown out of the cage, falling about 60 feet. He was badly smashed up by the falling steel and by the fall from the cage. The coroner's jury this morning returned a verdict to the effect that the accident might not have occurred had the steel been chained together. The shift boss gave evidence to the effect that there were standing orders that all steel had to be so fastened. Other witnesses suggested that it was not customary to follow the plan of chaining the steel. The late Torlesi Braaten was 32 years of age, single, and a native of Norway. He was well regarded by all who knew him, and regret at his death is very sincere and general.

The Chautauqua this year lost money for the Iroquois Falls Band, under whose auspices it was held at the Falls. The Iroquois Falls Band had to put up about \$70.00 to meet the guarantee made.

Our local residents who travelled with the Oddfellows picnic last Wednesday to Golden City had a most enjoyable time and all voted it a huge success.

The builders are again busy on the main thoroughfare in Schumacher, several new business premises being in the course of erection. Schumacher is certainly going ahead.

## CANADIAN-MADE GOODS AT NATIONAL EXHIBITION.

Mrs. Cockshutt will also be the recipient of a 100 per cent Canadian costume and will also receive a tiny lamb, emblematic of the woolen and knit goods industry and its importance.

## A. S. D. HOLDING EVENING SAIL ON MINGA TO-NIGHT.

At a meeting of the Executive Committee of the A.S.D. Club held Monday evening in the office of the Secretary, Mr. A. W. Pickering, it was decided that the Club would hold an evening sail on the Steamer "Minga" this (Wednesday) evening. The "Minga" will leave the dock at eight thirty, and the members will enjoy a two or three hours cruise, before the return. All members of the club are requested to take this as their notice, for owing to the shortness of the time it has been impossible for the Executive Committee to get in touch with each member personally.

It was also decided at this meeting to open the fall and winter season of the Club, on Wednesday, Sept. 2nd, with an open dance in the Clubrooms, Oddfellows Hall, Timmins. This dance will be similar to the Visitor's Nights which proved such a decided success last winter, excepting that ex-members of the Club may be invited for the opening event. All members are requested to take notice, and keep Wednesday, Sept., 2nd, the opening night of the A.S.D. Club, open.

## MR. GEO. T. SMITH RESIGNS FROM LICENSE BOARD.

Last week announcement was made of the retirement of Mr. Geo. T. Smith, of Haileybury, from the Ontario License Board. Mr. Smith had been a member of the Board since 1915. Last year he wished to resign but stayed on at the direct request of the Chairman of the Board. Recently, however, he had again expressed his desire to be relieved of the duties of the office, and the fact that he was pressed by many to contest the nomination as Conservative standard bearer in Temiskaming Riding for the Dominion election no doubt had its effect in making the decision that he would retire from the Board at once. Mr. Smith as a member of the Ontario License Board, has done his duty with much tact and judgment, as well as maintaining a reputation for honesty and fairness. Prior to his appointment on the License Board he was Mining Recorder for Temiskaming District for some years, previously having been postmaster at Mattawa.

Winner of Williams—Garner match versus L. Pare.

J. A. MacDonald versus C. M. Auer. All matches in the Golf Club Trophy competition must be played during the week, previous to the date on which the next round starts. As the rounds start on Saturday, all matches must be played by Friday evening; players not being able to compete lose by default.

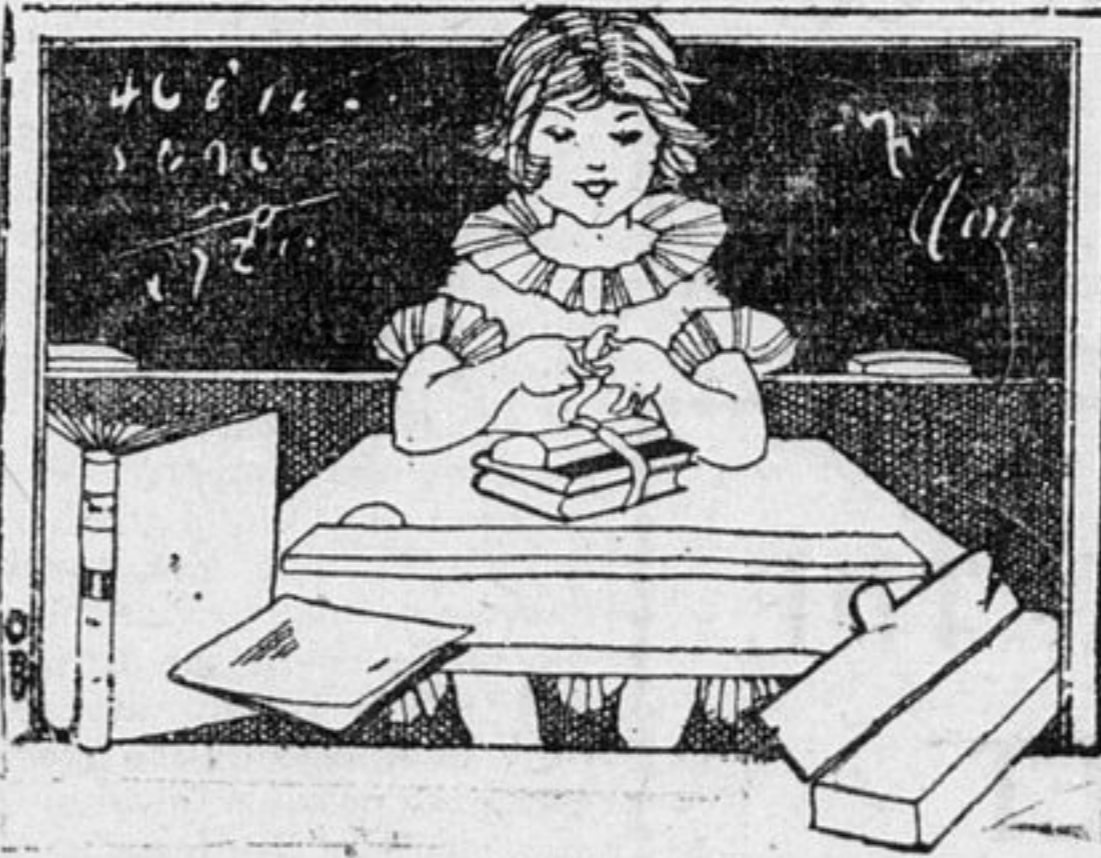

## PROOF THAT SOUTH END HAS THE MONEY ALL RIGHT.

South Porcupine, Aug. 19th. Special to The Advance.

Palmer's Shows have been busy this past week, and if anybody thought there was no money in this end of the Camp, well the number of customers for kewpies, etc., was enough to show different.

The three-year-old son of Mrs. Fred Findlay, of Matheson, while climbing a lumber pile near his home, fell and broke his collar-bone. The little lad is reported as making excellent progress to recovery from the unfortunate accident.
