

Axe Falls and Cuts off Four Fingers of Little Boy's Hand

Another South Porcupine Lad Has Narrow Escape from Drowning. Petition for Paved Roads at South End. Progress on Waterworks and Sewerage. Generous Donation to Goldfields Band.

South Porcupine, August 25th. Special to The Advance.

Mrs. Gordon Gauthier is hostess at her summer residence in Golden City to Mrs. Masson, of Windsor and Miss Hillen, of Syracuse, N.Y.

Mr. and Mrs. H. Rapsey are visiting London, Windsor and Detroit.

Mr. A. A. McKelvie and son, Donald, of New Liskeard, are visitors to friends at the West Dome Consolidated.

Mrs. Donald Flood is away on a vacation to Pembroke and other towns in that vicinity.

Mr. Moses, aged 87, father of Mrs. Harry Rapsey, has left Montreal to reside in South Porcupine.

Mr. Sol Sky's two young nieces, Cecile and Olga Vigod, left last week for their home in Toronto after having spent a month's enjoyable vacation with their relatives.

All the talk about the amount of money that the Palmer Midway Shows have taken out of the Camp is mitigated by a very kind and thoughtful action on the part of Mr. Palmer who gave a donation of fifty dollars to the Porcupine Goldfields Band. In making the gift, he stated that he recognizes the value of a Band to a community and that he had been impressed by the spirit shown by the members who individually have given so much of their own time for the benefit of the organization.

Mrs. J. Hanbury and family, including the little girl who fractured her forearm, and who is recovering nicely, have all gone down to Charlton, Ont., where Mrs. Hanbury's parents reside.

Mr. Gus Knutson has left for Palm Beach, Florida, where he is hoping to get a chance at some of the speed events there.

Several of the local sportsmen are examining their duck-shooting equipment, in anticipation of the season's opening.

Miss Beatrice Dowzer has been spending her school vacation with friends in Detroit, Windsor and London.

Miss Verner Jackson who has been in the employ of Hill, Clark and Francis, has left to take up a position with the Fraser Lumber Co., of Kavanagh, Quebec.

Mrs. J. Ostrom has arrived home after a lengthy holiday at Campbell's Bay, P.Q., and she is now busy entertaining her sister-in-law, Mrs. Jack Andrews (nee Miss Etta Ostrom), from The Lake of the Eds District.

Mrs. C. Cook has returned home from Waterville, Quebec, where she has been holidaying.

A very distressing and sad accident occurred last Saturday evening when little Frank Urbanavitch, aged 6 in October was playing with his sister, aged 8, out in the yard of their house on Railroad Street. By some means the sister got possession of the axe and let it fall on the little boy's right hand lopping off the four fingers at the second joint. Dr. McLaren and Dr. Smith operated on the unfortunate lad and when your correspondent visited the home of the boy he found the little patient fairly well, the lad not realizing the disadvantages the injury will incur in the future. The distracted mother showed the severed digits which was enough to bring tears to the eyes of the visitor. We sincerely sympathize with the family in their trouble.

Mr. H. V. Grewee is away on a motor tour in his new Chrysler, starting for Detroit on Tuesday.

The construction of the sewage disposal plant is going on apace and pro-

mises to be completed concurrently with the water-works.

We are glad to hear that Mr. Donoghue is making good recovery after his operation.

Another mishap which was happily not serious took place last week when little Russell Dillon, who lives on Railroad St., while procuring water from the creek, overblanced and fell in, and while the water wasn't at that place, very deep, it was necessary for Mr. Walter Roan to jump in to save the boy. Russel was seen on Sunday and shows no bad effects from his involuntary bath in the muddy waters. The prompt action of Mr. Roan deserves commendation.

Mr. Tom Gibbons is recovering nicely from the effects of his blood-poisoned hand.

At a regular meeting of the Council of the Township of Tisdale, the following were present:—C. V. Gallagher, Reeve; H. Boyle, J. Mason, and Geo. Helmer, Councillors; Mr. F. C. Evans, Clerk. Much routine business, such as authorization of salaries and payments on the water and sewer contracts, was dealt with. A petition was presented and read, signed by 45 ratepayers asking for the paving of the road from Pearce's corner to the Timmins road turn, past the "White Rat" Corner, and also the short piece from the Imperial Bank to the Post Office. The Council had not been notified if the petitioners desired that this should be done under the Local Improvement plan, i.e. 40 p.c. of the expense to be paid by the Township and the balance by the owners of lots fronting on the streets mentioned.

Another objection to starting any paving on these streets was the fact that the service connections for the water and sewerage would necessitate much trenching that would continually be tearing up the surface. It was decided to write the Northern Development Branch of Good Roads to ascertain if the Government couldn't give some financial assistance on a 50-50 basis, so that the Dome road could be put in good shape, the traffic warranting a good macadamized surface. The installation of two street lights for Elm St., in Moneta was petitioned for and granted.

Mr. McNamara of the road contracting firm gave assurance that the Timmins-South Porcupine Road would be totally completed by the 10th prox., and also that the Township could have approximately 300 cubic yards of rock screenings for other roads in the vicinity.

Mascioli and Boyle have completed their contract and are ready to go ahead on the service connections. Those who desire to have these connections made are advised to make application for same on the forms procurable from Mr. F. Evans, Township Clerk.

There will be a General Meeting of the Porcupine Curling Club on Friday evening of this week at 8 p.m. in the Council Chambers. All members are requested to attend as important business in connection with the rink which was blown down on July 11th will be dealt with.

Parents and school children are advised that School will open on Tuesday, September 1st.

The congregation of the Union Church is pleased with the delightful music at the Sunday evening services. Mr. Bain, the minister, is a wonderful violin player and with Master Bob Miner, 2nd violin; Mr. H. B. Dennis, clarinet and Mr. Reg. Dennis, bass horn, the good old hymns are being sung with true fervour, accompanied by the above instrumentalists.

Miners' Hurling Ace Stops County Seaters With 7-0 Win

McIntyre Catches a Remarkable Game. Smith and McLean Field in Great Style and Contribute Much to the Victory. Nottingham Has 15 Strike Outs.

(By J. N. Levine)

On Thursday last the Miners sent some odd 500 fans away home to their postponed evening meals in a rather happy mood, owing to the fact that they had witnessed one of the best played games of ball to be seen on the local diamond this season.

Nottingham for the Miners, and Cooney Woods, a southpaw, for the County Seaters, went the full route and the Miners' good dependable right hander easily had the best of the argument all the way. Although Notty issued five free passes to 1st, and one of them was intentional, they usually came with one or more down when he could well afford to take a chance on working the batter and save himself McIntyre, who handled Notty's shots, held him up in remarkable style and Mac, turned in one of the best performances of his career in the mining camp.

Judging from the way the County Seaters were trying to pilfer bags, it leaves the impression that somebody certainly gave them a bum steer, as they found out to their sorrow, as McIntyre threw out no less than five County Seaters attempting to steal. Nottingham and McIntyre worked well all the way and were given splendid support by their team-mates. The feature play of the game fell to Dunc. McLean who was playing the outfield for the 1st time this season, when he grabbed Lemon's bid for a hit while on the run and at the same time preventing Haileybury from getting on the scoring sheet.

Smith's hitting was very good and his 1st hit, a double to left was a terrific smash and but for the fence would have been going yet.

The Miners' 1st run was manufactured in the 3rd frame without a safe hit. Johnny Monaghan got on by virtue of a walk but he got to 3rd, as the 4th ball was a wild pitch.

(Haileybury protested that he was only entitled to one base and after a ten minute argument a compromise was reached and Johnny went back to 2nd as a rule book could not be found in time to show that the Miners were right in their argument, which they later proved that they were, and that the ump, C. Thompson from Liskeard, was not up-to-date on the matter of rules and knotty problems of baseball as played to-day). Notty fanned and Monaghan went to 3rd on McGrath's out at 1st. Lynch was hit a pitched ball. Lynch ambled to

2nd and Monaghan scored when Roberts short-throw to 2nd and the return was bad.

The way the clubs were battling, this one run looked as big as a mountain but the Miners got busy and put the game on ice in the 6th innings on a base on balls to Tate. Smith's terrific double to right, McIntyre's ferocious bunt, followed by an error and Monaghan's single resulted in four runs.

The 7th frame saw another tally being added to the Miner run column on McLean's single, a wild pitch and Smith's double, while Murphy helped himself to a circuit smash in the 8th on his drive to centre field.

DEATH OF ONE OF COBALT'S PIONEERS LAST WEEK

Mr. Thomas Frederick Drew, one of the pioneer citizen of Cobalt, and father of Mr. Sanford Drew, formerly on the Timmins Fire Department volunteer staff, passed away at his home in Cobalt on Tuesday of last week, aged 60 years. Death was due to gastric ulcer. The late Mr. Drew had been ill for several months and had taken special hospital treatment in Toronto for the trouble. His death, while not unexpected, came as a decided shock to the many who knew him, and he was widely known and highly respected in the North Land. For three different terms he was a Town Councillor in Cobalt and he had held other offices of public trust and confidence. He was born in Sherbrooke, Que., and when a young man went to Peterborough, Ont., where he became superintendent of the motor department of the Canadian General Electric Co. In 1906 he moved to Cobalt where he resided until his death. In Cobalt he followed his trade of electrician. A widow, five sons and two daughters survive, and to these will be extended the sincerest sympathy at this time. The remains were taken to Peterborough for interment, service being held Wednesday afternoon at Cobalt by Rev. Norman Rawson. Mr. Stanford Drew, now of Detroit, Mich., and Miss Greta Drew, of Indianapolis, Ind., was notified of their father's death by telegraph and were expected to be at Peterborough for the funeral.

LOCK BROKEN ON SHACK CAUSES THREE ARRESTS

There will be the usual line of cases at to-morrow's court, with one, perhaps of special interest. On Sunday a man who had a shack rented just outside the town in Moneta complained to the police that while he had been working at the Dome his shack had been broken into and was occupied by strangers. He laid an information against the occupants and Provincial Officer Finger, Deputy Chief Salley and Constable McCord visited the shack Monday night to serve the warrant. A number of men were found at the shack and the police had no doubt as to the uses to which the house was being put. One woman giving the name of Mrs. Ellis and the other of Mrs. Visco, and both saying they were from Montreal, were arrested and will face charges of immorality. A man found in the bedroom was also arrested as being "found in" a disorderly house. In connection with

Haileybury Evens Up By the Winning of Second Game 7-6

Lefty Farr Was Not Effective and Filled the Bags on Two Occasions. Nottingham Rushed to the Rescue and Turns in Another Brilliant Performance.

(By J. N. Levine)

Too many cooks spoil the soup! However we are making no alibi. Haileybury won the second game here in the series for the Northern Ontario Championship and the R. A. McInnis Cup. Each club is now faced with the task of winning the next two of three games in order to have the honour of being the first to have their name inscribed on the valuable trophy so generously donated by Mr. R. A. McInnis, of Iroquois Falls.

The Miners on Friday started Lefty Farr on the mound and he managed to get himself into all kinds of trouble and plenty of holes by generous free passes to 1st. McIntyre's snap throw to Tate while the bags were loaded, which caught Connelly asleep, pulled Lefty out of a bad hole and he escaped with only two runs being scored upon him.

The Miners failed to score in their half of the 1st, while Farr proceeded to be as wild as a hawk, and he forced in one run and the bases were loaded when he was yanked in favour of Nottingham in the 2nd frame.

Three on and two down, with Cowden up to bat truly a tough spot to be thrown into, especially when it is not of your own making. However such was Nottingham's problem, and but for an error and a boner by two of his team mates he would have escaped without being scored upon. When the smoke of the error had cleared away the score read Haileybury 6, Timmins 0.

But the Miners kept plugging away like a championship ball club should do and finally came up on even terms, only to have Haileybury forge ahead in the 7th on two successive errors and safety.

Nottingham's performance stood out much more emphatically than on the day previous. He fanned no less than eleven County Seaters and allowed but two scattered hits in the 7½ frames that he worked in. Haileybury has yet to score an earned run off him, and taking the past two pitching performances as a criterion, the Miners are quite confident that the McInnis trophy will rest in Timmins.

The County Seaters started Barton on the mound but the Miners soon sent him to cover in the 2nd frame when they smashed out four safeties, including a triple by McGrath and a double by Monaghan for three runs.

Two bases on balls, a stolen base and an error added another to Timmins, while the 6th saw the Miners tie up the count 6 all, only to have the County Seaters forge to the front in the seventh.

The seventh saw the exit of Cowden from the mound and Woods stepped in and he was very fortunate not to have been scored on.

Smith again came through in great style in the field and at bat. His two hits were real honest bingles and he also pilfered two bags.

Murphy came through with a trio of safeties, including a double.

In sixteen and one-third innings of twirling not one earned run was scored on Nottingham, and he only allowed 7 scattered hits, and struck out no

less than 26 opposing batsmen; truly a wonderful performance.
