## Schumacher Continues Its Prize-Winning Record

Local Athletes Make Fine Showing at Hollinger Recreation Club Field Day. School Re-Opens Sept. 1st. Boy Badly Bitten by Dog. Other Schumacher News Items.

Schumacher, Sept. 1st.—Special to The Advance.

Our local athletes had a day out at the sports held by the Hollinger Recreation Club in Timmins last Wednesday, bringing home the first prizes in running, jumping, baseball and football. Good old Schumacher! The number of prizes brought home this season by Schumacher is well worthy of note.

Some days ago there was a very odd accident at Schumacher, a car wheel coming off and bouncing through a store window. The driver of the car had to pay for the damage done.

School re-opened on Tuesday of this week with a good attendance, and a staff of nine teachers. The new teachers engaged are:—Miss Mitchell, Bruce Mines; Miss Belanger, Elk

Lake; and Miss Murphy, Mount Forest. The following teachers returned this week to resume duties on the staff of the public school:—Miss V. Malkin, Orrville; Miss G. Sabine, Niagara; Miss Irene Murphy, Mount Forest; Miss F. Hubble, Hastings County; and Mr. J. A. Bush, Toronto.

The members of the Girls' Own Club, organized by Mrs. J. R. Todd, spent the week-end camping out at Sesekinika.

Several of our local sportsmen left town on Monday night for a few days' duck shooting.

Mr. John Griffiths, of Gold Centre, left town on Saturday last for two weeks' vacation at Montreal.

On Friday last, while playing near his home a 6-year-old boy named James Feathers, was attacked by a dog and severely bitten about the arms and legs.

## COCHRANE DELIGHTED BY YOUNG TIMMINS MUSICIANS

Concert Given Recently Evokes High Praise from Northern Town.

Several times when The Advance has given what it believed to be due praise to some of the young musicians of Timmins, someone would suggest that perhaps this paper was inclined to be over-enthusiastic. So, perhaps, it is well to have opportunity to hear what outsiders have to say about some of the same young musicians. Recently, a number of the young Timmins musicians visited several towns in the district, giving recitals. At Cochrane, the young people made a decided hit. In referring to the event at Cochrane, the Cochrane Northland Post last week says:—

"Pupils of the Timmins Conservatory of Music gave a pleasing treat to a rather sparse audience in the Lakeview Hall last night. The talented young pupils showed considerable skill and artistic temperament in their playing, and made the evening a delightful surprise that amongst all the rush and bustle of pioneer life art is taking a prominent place by providing excellent opportunities for musical training of the young people. While the personal element was lacking owing to the pupils not being of our own town, the performance was of such merit that it easily overcame the handicap so that all whose interest had brought them to the hall were thoroughly delighted to listen to the concert.

"Both in the orchestra pieces and the solos the selections was pleasing, and the young artists played with considerable talent and expression of musical genius. Some day we shall have pupils of our town to listen to, and the example set by our sister town will give a good spur to our own young people.

"The pupils were Joek Neilson, who played the Intermezzo on the violin; Miss D. Porter, who played the Hexantanz on the piano; Willie Shub, who played the Rondo Brillante on the violin; Burton Holland, who played Melancholy on the violin; Miss Viena Pertisalo, who played 1st Air by Debariot on the violin; and Miss Porter also played Chopin's Waltz in C Minor. A violin duet, O. Solo Mio, was given by Miss Pertisalo and Burt. Holland. The orchestral pieces included "Old South," Overture, Beethoven's Minuet, Op. 54, Hope March, and a comic sketch, "O Katherina."

"Professor Schroeder delighted with a violin solo, and our own Doug. Turner was in splendid voice for several solos. Mr. E. Nunn, excelled himself in two comic songs. In all, it was a pity that not more of our townspeople took the opportunity to be present, as they certainly missed a treat."

### CORNET SOLO ATTRACTIVE FEATURE AT BAND CONCERT

Despite unfavourable weather, there was a good attendance at the open air band concert on Sunday evening. On account of the road being closed from the station to the Empire Hotel corner, in consequence of the operations for the construction of the new pavement, there were not the usual automobiles in attendance at the concert, but there was a good attendance of people generally. The programme was a good one and well-rendered throughout. A special feature of the evening was the cornet solo, "Killarney" by Bandsman Lloyd. This selection, with band accompaniment, was very effectively rendered and Bandsman Lloyd won very high appreciation for his capable and attractive solo work.

The Pas Herald, The Pas, Manitoba, last week says:—"Jack Callinan, formerly a well-known figure in mining circles in the north, and who has been in the east for some time returned to The Pas on Tuesday."

## CHARGE AGAINST BEN F. DAVIS WITHDRAWN AT BAY.

The charge of wrongful conversion against Ben F. Davis, in connection with the alleged disposal of 6000 shares of Owens-Acme mining stock, was withdrawn last week when the accused appeared before Magistrate Weeger at North Bay. According to The Nugget, the Crown Attorney asked that the charge be withdrawn or dismissed as the prosecution had no evidence to offer in support of the charge. Accordingly the charge was withdrawn and Mr. Davis freed, but immediately after he was served with a warrant, issued at the request of W. T. McPhee, covering a charge of conversion of \$495.00, the proceeds of a sale claimed of Eureka-Kirkland Lake mining stock. At his own request the accused was granted a remand to Sept. 2nd, bail being set at \$1,000.00 He says that as soon as he visited his Montreal office this latter case will be settled satisfactorily.

Two prospectors on their way to Larder Lake report having captured a small black fox, using only their hats and hands. According to The Northern News the fox was noticed on the road about three miles from Dane. The men chased it and eventually made the capture in some long wet grass where the animal attempted to take cover. The fox was later sold for \$90.00.

## AGREEMENT REPORTED AS TO ROUYN RAILROAD

Tenders Being Asked for. Road to Cost \$3,000,000. Will be Controlled by C. N. R.

A despatch last week from Montreal suggests that the negotiations covering months have finally come to a head and the construction of a railway line, expected to cost in the neighbourhood of \$3,000,000 will start this fall to open up the Rouyn Gold and Copper fields. A long series of conferences between the Quebec Government, the Canadian National Railway, mine owners of Rouyn district, and Rouyn Mines Railway Company have been going on for months and have finally culminated in a plan, whereby the Rouyn Mines Railway will construct a 44.71 mile line from O'Brien on the National Transcontinental line, to Rouyn township, which will subsequently be leased to the Canadian National Railway and be operated as part of that system.

Tenders have been asked by the Rouyn Mines Railway Company, for grading, clearing, bridging, construction of culverts, track-laying, ballasting, fencing and other actual labour work in building the line. Construction of the line would be under the direction of engineers of the Canadian National Railway. It was stated at the office of Mr. Gzowski, the chief engineer, that it would be hard to estimate the exact cost of the work, until all the tenders had been opened, but it was expected that the entire cost of the work, including buildings, telegraph lines, which are to be laid by the Canadian National Railway, track materials, engineering, etc., would run between \$2,500,000 and \$3,000,000.

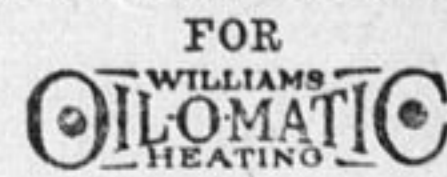

The price the Canadian National Railway will pay for the lease of the Rouyn Mine road has not been made public, but it is explained that the Rouyn Mines Railway will put up a bond of \$20,000, for five years and the Quebec Government one of \$50,000 for the same period to guarantee the Canadian National Railway against a deficit in the operation of the road. The new road will leave the Transcontinental tracks of the Canadian National about one and a quarter miles from O'Brien.
