

Large List of Prizes for Horticultural Show Monday

Event to be Held in the Curling Rink on Labour Day, September 7th. First Annual Show of Timmins Horticultural Society Promises to be Attractive Event.

President H. Hatton, and Secretary A. R. Harkness and the other officers of the Timmins Horticultural Society have been busy during the past few weeks arranging the prize list and perfecting other details for the first Annual Horticultural Show at Timmins.

The event will be held on Labour Day, Monday, Sept. 7th, in the Timmins Curling Rink.

From the interest shown so far it would appear that the Show will be successful and will bring out noteworthy displays of plants, flowers and vegetables.

In town the season generally has been somewhat discouraging, but nevertheless there is a large amount of fine displays ready for the event on Monday.

The public no doubt will show its interest and support by attending the event, and, wherever possible, by sending exhibits to the Show. The following is the prize list as issued:—

CLASS 1—Open to all members.

- Plants in Pots.
 Best Fern.
 Best Hanging Plant.
 2 Geraniums, Distinct.
 Best Foliage Plant.
 Best Aster.

 Entries taken up to 10.30 a.m.
 Judging to start at 11.30.
 Doors open to the public at 1 p.m.
 Special prize for largest number of points in Show:—1st prizes, to count 2 points; 2nd prizes to count 1 point.

Haileybury Wins Baseball Championship of the North

County Seat Town Wins Handsome Trophy Donated by Mr. R. A. McInnis, of Iroquois Falls. Timmins Loses Out at Haileybury. Wildness of Pitcher and Ragged Playing Behind Him Mainly Responsible.

(By J. N. Levine)
 Timmins travelled down to the shores of Lake Temiskaming on Wednesday last to engage Haileybury—the County Seaters—in the final games for the Northern Championship and the valuable R. A. McInnis Trophy. Both games were won by Haileybury, the first with a score of 9 to 2, and the second with the score 6 to 4. Haileybury won on the merit of its play, and deserve all credit for the victory. The Haileybury boys played ball for all they were worth, and, as is usual in such cases, they were worth a whole lot. Timmins generally will congratulate the Haileybury boys on their success. Next year Timmins will try if the result may not be reversed.

In Wednesday's game Nottingham started on the mound for the Miners. He was for once as wild as a hawk, walking the first two batters to face him. Roberts then struck out, Cowden doubled and Woods tripled, and before the smoke had cleared away Haileybury had scored four runs, which proved more than enough to win, as Woods, the County Seaters' sturdy southpaw, was working smoothly.

It wasn't until the final stages of the game that the Miners were able to make an impression on the scoring column.

Timmins were minus Tate and

Scully and McGrath and the entire club seemed to go to pieces. McLean and Lynch were the only two to hold up their end of it in their usual brilliant style, while the balance of hurriedly-assembled so-called Miners gave a first class exhibition how baseball should not be played. McLean relieved Nottingham in the 5th frame and but for some dumb baseball behind him he would not have been scored upon.

Lynch came through with a single and a double, while Pierce, McLean, and Monaghan came through with one hit each.

Nottingham issued 6 walks and 9 hits were garnered off his delivery in the 5 innings that he worked.

Final score:—

Score by Innings:—

R. H. E.
 Hailey'y 4 2 0 1 1 1 0 0 x—9 12 0
 Timmins 0 0 0 0 0 0 1 1—2 5 6

In Thursday's game Nottingham was again started on the mound in a desperate effort to even up the series but he again failed to hold up his end and McIntyre's catching didn't help him any; in fact McIntyre gave the poorest exhibition of catching of his entire career.

Hackett relieved Nottingham in the 4th and turned in a splendid effort and but for misplays behind him he probably would have won.

Timmins 1 0 0 0 2 0 0 1—4 8 10

Hailey'y 0 0 4 0 0 0 2 0 x—6 6 2

Notes of Interest

Mrs. W. McCord and children returned on Saturday from a visit to the East.

Mr. John Ferguson, well-known in Timmins as a former Mayor of North Bay, and one of the pioneer business men of that young city, was last week given the unanimous nomination as Conservative candidate for Nipissing for the approaching Dominion Elections.

Harry E. Winslow, of Cleveland, Ohio, was drowned at Temagami a week ago when he fell out of his canoe. It is thought that he was seized with a heart attack, having previously had similar seizures. The canoe did not upset, and so two young ladies accompanying Mr. Winslow on the fishing trip on which he was starting, were not endangered.

EXPECTS THE RADIO TO TELL THE TRUTH ABOUT IT.

The Market Despatch this week says:—

“Scientists now claim that the human mind emits radio waves when under stress of some violent emotion. At last we may be able to find out just what the lucky prospector really says when he barks his shin on a streak of \$100 ore, or uncovers a “silver sidewalk.” Will he shout dramatically, “The world is mine,” or will he just say “darn”?

NAME OF NEW MINE SOUNDS TOO MUCH LIKE OTHER ONE.

Information was received from Quebec on Saturday that Hon. J. E. Perrault, Minister of Mines had ruled that the Duranda mining enterprise must change its name. The similarity of this name with that of the favourably known Noranda Mines, Ltd., was so great that the Quebec Minister of Mines decided to restrain the Duranda company from continuing under its original name.

FREE GOLD SHOWINGS IN GAUTHIER TOWNSHIP.

A find of importance is reported in Gauthier Township close to the Argonuat road. This property, known as the Murphy-Little Pollack claims, was prospected in 1908 and abandoned since which time no one has looked it over until recently. Sightseers from Kirkland Lake have been plentiful since the new find, which has been stripped for 150 feet and which is showing free gold.

USED SHOVEL MADE OF SILVER FROM GOWGANDA.

Hon. G. Howard Ferguson, Premier of Ontario, opened the Canadian National Exhibition at Toronto on Monday. He also turned the first sod for the new Government building for the Fair. The shovel used was made of silver from Gowganda in this North Land. The Ex. is away to a good start this year, there being 90,000 people in attendance the first day.

IRISH SOCIETY SECURES HALL ON CEDAR STREET

Since the article elsewhere in this issue was written, the recently-organized Irish Society of Timmins has been able to secure suitable quarters for hall use. The premises secured are at No. 9 Cedar Street North, in what is known as the McGrath building.

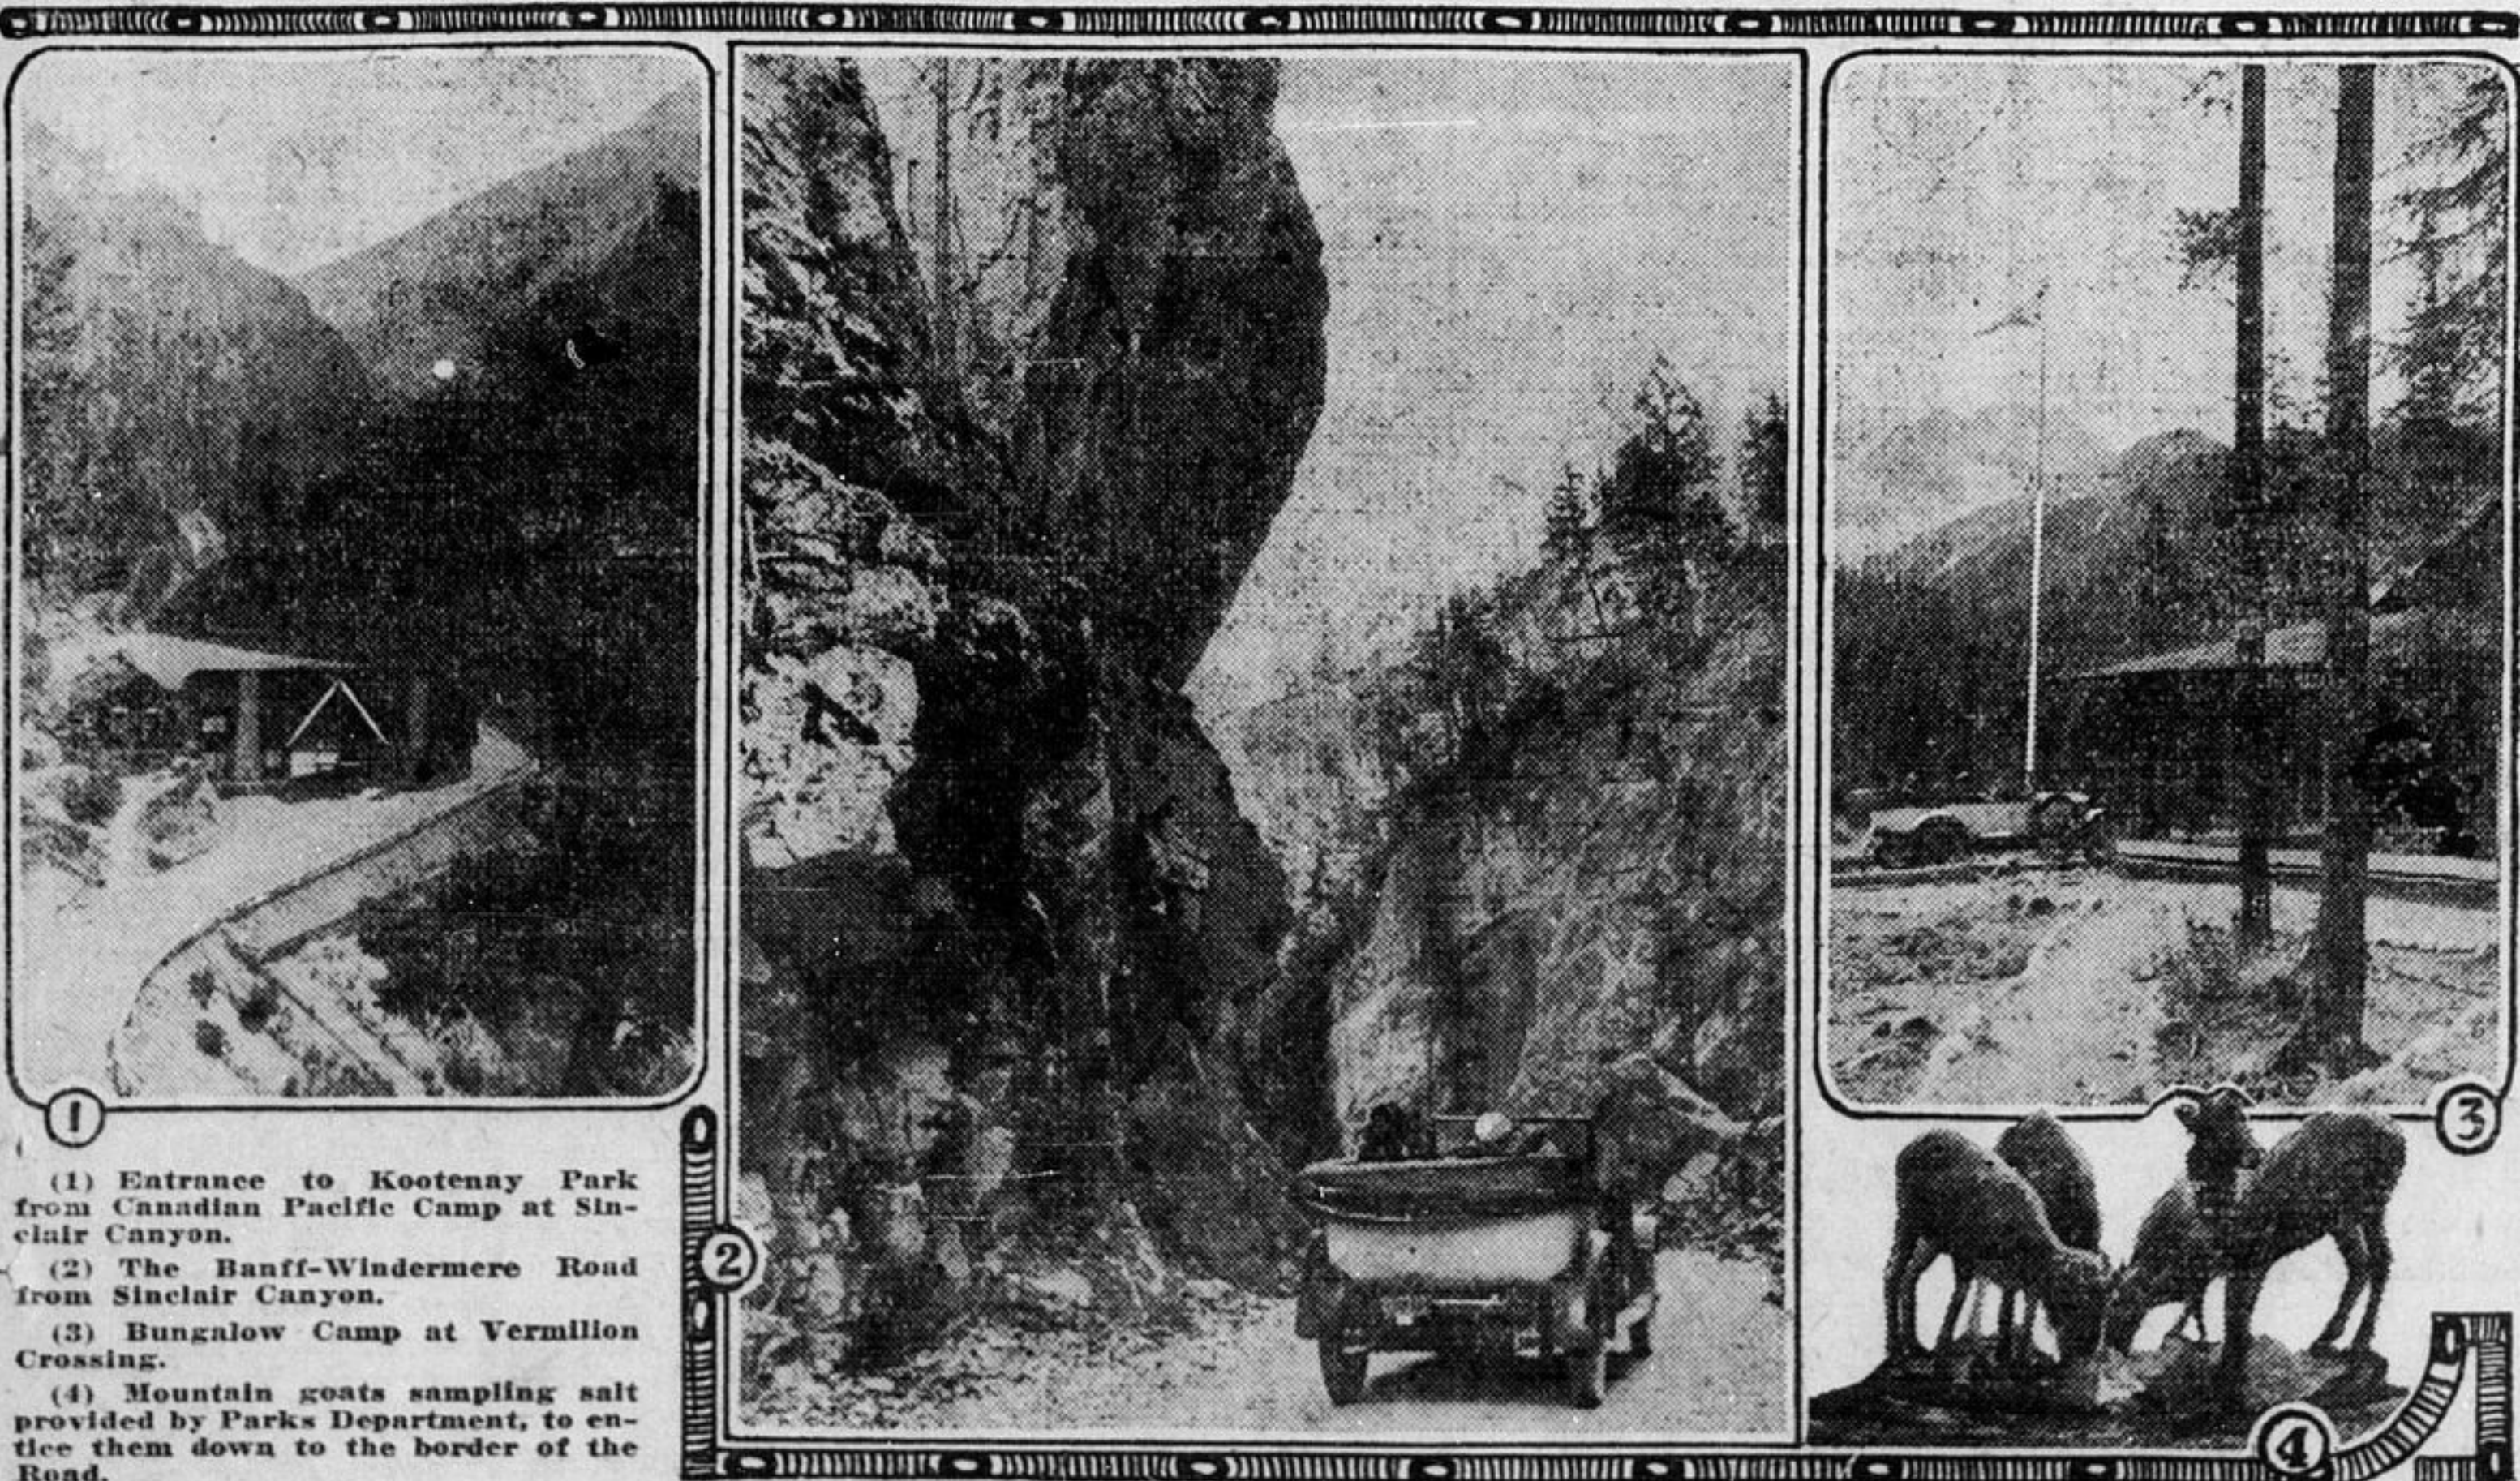

A couple of local fishermen who spent the week-end at Kamiscotia Lake, are enthusiastic in their faith in the future of the mining prospects of that area. “I saw some of the most wonderful specimens of high-grade ore from properties out there,” said one of the sportsmen, adding “that it looked like a great mining country.”

PORQUIS JUNCTION FAIR SEPTEMBER, 15th and 16th.

Porquis Junction Agricultural Fair this year will be held on Sept. 15th and 16th. Announcement is made to any interested who have not received their prize lists that all exhibitors of grain and vegetables and ladies' fancy work are requested to have exhibits in Agricultural building before 11 a.m. standard time on Sept. 15th at which time judging will begin. There will be sports and horse racing on Sept. 16th, with a dance in the large hall in the evening.

Mrs. R. Anderson and Miss Annie Anderson returned on Sunday from a three week's visit to Toronto, Cobourg, Peterborough and other centres.

Along the Banff-Windermere Highway

(1) Entrance to Kootenay Park from Canadian Pacific Camp at Sinclair Canyon.
 (2) The Banff-Windermere Road from Sinclair Canyon.
 (3) Bungalow Camp at Vermilion Crossing.
 (4) Mountain goats sampling salt provided by Parks Department, to entice them down to the border of the Road.

This is the Banff-Windermere Highway. It really needs no introduction for it is numbered among the most famous and most perfect Motor highways in the world. Above are the latest pictures of some of the country it passes through and some of the mountain goats one is sure to encounter just outside Banff.

Here is what the “Motor News” says about it: “This wonderful highway, wide and smooth and hard and level as any the old Romans or the modern Americans ever built, is in the Canadian Rockies. For 114 miles it twines its tortuous way through unbelievably magnificent mountain scenery, from Banff, the world-famous resort in Alberta, to Lake Windermere, in British

Columbia, clinging to the brim of sheer precipices, cleaving through sheer canyons, skirting giant mountains, spanning giant rivers, overlooking giant valleys and affording the most soul-shaking views of rivers and valleys and mountains stretching away and away, ever so far, ever so deep, ever so high, for ever and ever, amen.”

The mountain goats and sheep, incidentally, are quite tame and little groups of the mild-mannered creatures not infrequently make themselves at home in the middle of the roadway and gaze wonderingly at the Lord of Creation who wait impatiently in their cars for permission to pass.

THE EASY VACUUM ELECTRIC WASHER

Special Attractive Terms for 4 Days:
 THURSDAY
 FRIDAY
 SATURDAY
