HAILEYBURY BASEBALL PLAYERS HAVE BANQUET
 Champions of North Are Honoured and Have Good Time.
 There will be more than passing interest this year in the doings of the Haileybury Baseball Club, in view of the fact that Haileybury boys are the champions of the North Land in baseball this season, defeating Timmins in the finals three games out of four. Last week Haileybury had a banquet to celebrate the event in its baseball history, and of this banquet The Haileyburian gives the following report:—
 "About forty of Haileybury's baseball enthusiasts gathered in the dining room of the Matabanick Hotel on Wednesday evening at 7 o'clock to offer congratulations to the members of the ball team on their feat of capturing the championship of the Temiskaming League and gaining possession of the magnificent new trophy, donated by Mr. R. A. McInnis, of Iroquois Falls.
 "The banquet was arranged by the Executive of the Ball Club and Mine Host Bulger supplied a tempting array of choice viands for the edification of the inner man. After full justice had been done to these, Chairman W. A. Gordon stated why the gathering had been staged. The local branch of the G.W.V.A., he said, had thought it would be a nice thing to have individual prizes go with the large trophy emblematic of the championship and had purchased beautiful cups, suitably engraved, for the players. Mr. Gordon mentioned the many worthy things which the local veterans had been responsible for in the past few years, and lauded them for their ambition and community spirit. He then called upon Mayor Legris, who, on behalf of the town of Haileybury, congratulated the ball team on their success of the season. Mr. Adam Keddie, Sr., president of the local branch of the G.W.V.A. was then called on to make the presentation of the cups. Mr. Keddie spoke of the lean years in which Haileybury had rested in the shadows while other clubs were gaining athletic laurels, and said it was only right that some recognition be made of the efforts of the team this year. He then called the players, one by one, to receive their prize, and each responded suitably. Manager H. Roberts explaining that at the beginning of the season things did not look promising, but that, due to harmony and a willingness on the part of the younger players to learn, a winning combination had been built up. He also lauded the Executive for being always on the job to see that all needs were supplied, and he thanked the Veterans, on behalf of the other members of the team for their splendid trophies which would serve as mementos of a very happy summer.
 "The players present were Hugh Roberts, Harry Cowden, Danny Barton, Vern Little, Bill McKee, Stan Lemon, Romley Hughes, Sterling (Curly) Connelly, Gorman (Pete) Burns. The absentees were Don McArthur, A. D. McKinney, who has returned to Toronto University to resume his studies, and "Cooney" Woods, who left on a prospecting trip Sunday, and will not be back for several weeks.
 "The new trophy, emblematic of the championship of the League, has not yet been received, but it is understood to be a very handsome one indeed. According to advices it is of silver, a ballplayer at bat being depicted taking a healthy swing at a ball. It is understood that the trophy will be here shortly and on view in one of the local store windows.
 "The gathering closed with the singing of the National Anthem and cheers for the ball team, the G.W.V.A. and Mr. and Mrs. Bulger."

BAND GAVE PROGRAMME AT HOSPITAL ON SUNDAY
 On Sunday afternoon the Timmins' Citizens' Band gave an open air band concert on the lawn in front of the St. Mary's Hospital for the pleasure of the patients and the staff. There was a good turnout of the members of the band, and a long and varied programme was given. The band was in good form and rendered all the selections in very talented manner. The concert was very much appreciated not only by those in the Hospital, but also by the large crowd that gathered after the band assembled. On account of the coolness of the evenings now it has been found necessary to forego further evening band concerts. It is likely, however, that one or more other afternoon concerts will be given at the Hospital before the year is over.

TOWNSHIP SELLS FORMER COLLEGE AT NORTH COBALT
 The Township of Bucke recently sold St. Joseph's College at North Cobalt to Messrs. G. Brewer & Sons and A. Pecov, of Cobalt. The purchase price is said to be \$3,000. If a fixed assessment is granted for five years an additional \$1,000.00 will be paid for the property. The Township came in to possession of the property through taxes due. A by-law is to be submitted to the ratepayers at the next municipal election to decide the question of fixed assessment. Before the fixed assessment can be given the electors have to vote on the matter. The Township of Bucke is understood to be doing well in the sale. The Township, instead of having the property on its hands will have a property and business that will pay taxes. The part of the property used as a recreation ground has been reserved by the municipality, only about six acres going with the building. The purchasers, it is understood, intend to establish a cold storage plant and sales depot for meat and other products.

NEW HAILEYBURY JAIL SOON TO BE READY FOR USE
 The new Haileybury jail will be used, in place of North Bay, for the accommodation of prisoners from this district. Accordingly, it is of more than passing interest to the public of this section. With the hope that all that any reader of The Advance may ever know of the new jail will be what he may read or see from the outside only, the following is published from the Northern News of Cobalt:—"The new jail at Haileybury is about ready for the reception of "guests," and its opening will be hailed with relief by police officers who, for years, have been under the necessity of making the long trip to North Bay with prisoners. While the journey from Cobalt was not often a very trying time the strain on the constable who had to escort a mental defective from the Hearst section was quite severe, as the patient had to be under the closest surveillance, had been brought on the provincial authorities, and after grand juries had recommended that the jail be throughout. After sharp pressure created at Haileybury, the work finally was undertaken and the expense of sending accused persons to North Bay will be cut down. The jail will serve both Cochrane and Temiskaming districts meantime. It is a thoroughly modern building, with up to date heating and ventilating systems, and will have accommodation for about fifty prisoners. A jailer, two turnkeys and a matron will be on the staff."
 The Barrett Producing Company, who gave a couple of shows last season in Timmins, are opening the present season at Haileybury on Oct. 2nd and 3rd, under the auspices of the Memorial Grounds Committee. The show to be presented is "Officer 666." The Barrett babies, who won special prizes this year at Detroit, will be a feature of the programme.

CALEDONIAN SOCIETY TO RE-OPEN FRIDAY, SEPT. 25
 This year, as in seasons past, the Caledonian Society of Timmins will re-open its meetings for the season by holding a Social Evening. This social evening will be held in the Hologer Recreation Hall on Friday evening of next week, Sept. 25th. There will be a good programme of music, dances, etc., refreshments, etc., and all will find the evening a very pleasant one. The following meeting, on Friday night, Oct. 9th, will be the annual meeting when the election of officers, etc., will take place.
A MILLION AND A QUARTER PROFIT FROM MINES OF NORTH
 According to estimates made recently an aggregate net profit of \$1,250,000 is being realized each month from the gold and silver mines of Northern Ontario, gold accounting for \$1,000,000 and silver for \$250,000. This is the best record so far attained in the history of mining in Ontario. It is thought that by the end of the year monthly net profits of between \$1,500,000 and \$1,750,000 will be derived from these mines. The returns mentioned do not take into account the large revenue from the nickel-copper district of Sudbury, nor do they include the Rouyn mining field in northern Quebec, where large ore reserves said to be valued at millions of dollars are piling up.

BIG MARKET ON SATURDAY AT THE SKATING RINK
 Large Attendance and Good Displays of Produce for Sale.
 The Timmins Market on Saturday last was more than usually successful. There was an attractive display of varied produce, and the attendance of buyers was large. It was the best market of the year, being even better than the one the previous week. The change of place for holding the market has added to its usefulness and success. The Skating Rink is a much more accessible and convenient place for the market than the Curling Rink where it was held during the earlier part of the season. This has been proven by the added interest and attendance in the market since it was transferred to the Skating Rink. At the Skating Rink last year the market developed into a very useful and successful affair, proving of particular advantage to the general public and to the settlers and market gardeners. This year it also promises to be of the greatest service and advantage to all concerned. The market is held every Saturday.
