#### INSPECTED THREE HUNDRED AND FORTY SCHOOL GARDENS

The New Liskeard Speaker last week says:-

"Mr. McFarlane has just completed his annual tour of the school children's gardens, this year amounting to 340, a number in itself speaking volumes. But it is not altogether quantity. Mr. McFarlane is enthusiastic over the quality of the many fine plots, a large percentage of the whole, and reports great interest and industry among a host of youthful gardeners in New Liskeard. This branch of the School Fair work has grown to noticeable proportions and the President of the Fair Board who has so many other duties at this time of the year, especially, has himself unaided performed the difficult task of No. Con. or Street inspecting, grading, marketing and judging the whole 340 gardens a task in itself surely worthy of more than passing notice."
