

Ulsters Refused to Play Cup Game Here on Saturday

O. F. A. Has Suspended Ulster Club and Officials. Grounds Also Closed. Matter of Ontario Cup Games Again Up in the Air.

The following telegram was received here this morning by Mr. W. A. Field, Secretary of Timmins Football Club, from Mr. R. Muir, Secretary of the O.F.A.:

"Regret exceedingly Ulsters have refused to travel. Meeting of executive officers held last night. Ulster club players and officials have been suspended until further notice. Grounds also closed on same terms. Letter giving all information being mailed to you to-day."

This telegram means that there will not be any game here Saturday in the Ontario Cup series. When the other games will be proceeded with is not known yet. It is taken for granted that the Ulster match with Timmins is being considered as awarded to Timmins at the default of Ulsters. The telegram, however, does not say so.

It was known last week that the O.F.A. were having trouble with Ulsters. Ulsters would not play here last Saturday as ordered by the O.

F. A. They then agreed to play this coming Saturday. Apparently, having succeeded once in putting it over, they tried it a second time. The O. F. A. is to be commended on holding Ulsters now to proper sportsmanship, though some will feel that this should have been done a week ago. Last Saturday Ulsters played at Toronto in a match with Montreal, though claiming the reason for not coming to Timmins was that they could not get all their players for the day. It is likely they have a match planned for this Saturday in Toronto. The O. F. A. should deal with the situation in firm and decisive way.

If the default of Ulster is taken as a win for Timmins, there is yet another match in the Ontario Cup series to be played at Timmins. This will likely be set for next Saturday. It will be between Timmins and the winners of the Southern Ontario vs. Simcoe match.

The Timmins boys are keeping in good shape and practice.

BROTHER OF MRS. GILLIES TAKES OVER FATHER'S PAPER

The following will be of interest to readers here. It is from The London (Ont.) Advertiser's editorial column where it was published under the heading "From Father to Son." Mr. John W. Eedy is the father of Mrs. Arch. Gillies, of Timmins, and her brother, Mr. Lorne Eedy, is to be the new editor of The St. Mary's Journal-Argus.

The Advertiser says:—
"The current issue of the Walkerton Telescope announces a change in ownership whereby Lorne Eedy, for the past ten years its publisher, returns to St. Marys to take over the Journal-Argus of that town, so long and so well published by his father, John W. Eedy. The Walkerton Telescope has been purchased by Harry E. Pense, of the Kingston Whig, whose newspaper experience fits him admirably to keep the Telescope up to its high standard. St. Marys was fortunate in having John W. Eedy as publisher of its town paper. Mr. Eedy succeeded because he made his paper readable, clean and indispensable to the community. In handing over the Journal-Argus to his son there will be no break in the continuity of ideals or of service to the district. Nothing could be happier than a worthy father calling on an equally worthy son to come in and carry on the work."

REPRESENTATIVES BRITISH PRESS WELCOMED

ements to pool their huge expenditures for unemployment pay and immigration costs and evolve a plan for bringing British agriculturalists to Canada and financing them here until they were able to look after themselves. Such a plan might solve the most pressing problems of both Britain and Canada.

Mr. Geo. W. Lee, Chairman of the T. & N. O., was in very happy form and his artistically told stories made decided hits. Mr. Lee gave special thanks to the people of Timmins for the fine reception given the visitors.

Mr. Norman Rankin, of the C.P.R. publicity department, made a neat speech, expressing the appreciation of the party to Premier Ferguson, the T. & N. O. Commission, and the various other individuals and bodies that had assisted to make the tour the pleasing success it had been.

Mr. W. C. Noxon, Agent-General for Ontario in London, England, was given a hearty reception, but the warmth of the welcome was even exceeded by the enthusiastic applause that greeted his wise and witty address. He had a number of good stories, and as new as they were good. He paid eloquent tribute to the people of England, for their invariable good humour and good sportsmanship and their modesty as a nation. Illustrating the latter point, Mr. Noxon said:—"I have lived in England ever since the war, and during all those years do you know I never yet have heard a single individual say, 'We

won the war!" "But they did!" The British Empire was great he said, because it had won the world's regard by its high character and honesty. "No part of the Empire is more highly regarded in Europe than the Dominion of Canada," said Mr. Noxon. One of his witticisms should be presented. "It was not a green apple that caused the trouble in the Garden of Eden," he said, "it was a green pair." Touching on immigration he said that the country needed the right kind of settlers, and these were hard to secure. Ambition and adventure were the forces impelling the right kind of colonization. It was regrettable that agriculture did not offer greater rewards than at present. If there were quick wealth and the pleasure of change in farming more would be attracted to it. He felt that city dwellers could not make good settlers for a farming country. The hope he saw was in young men and boys being trained to the work. Plans were progressing along this

line. In concluding his address, Mr. Noxon said the British were the greatest in the world at taking a chance. They were real sports, and they would play the game fairly and generously in the development of this country.

There were about 125 present at the banquet and all enjoyed the evening thoroughly. Rev. Mr. Parks aptly touched on this point before the gathering dispersed with the singing of "O Canada." Rev. Mr. Parks expressed the hope that the visitors had enjoyed the evening. "We certainly have enjoyed your visit and hearing you" he said.

After the banquet the visitors went to the Goldfields Theatre, where through the kindness of the Hollinger Mine and the Theatre management, they enjoyed seeing the picture depicting the gold industry in this district.

The visitors left before midnight on the return trip to the South. Most of the party sail again for the Old Land this week.

ANOTHER CHARGE LAID AGAINST BEN F. DAVIS.

In the issue of The North Bay Nugget of Tuesday of this week there appeared the following paragraph that will be of interest to many in this town and district:—

"Ben. F. Davis, the local stock broker, who was arrested in Montreal on August 12 and was committed for trial by Magistrate Weegar on September 9, on two charges of raising money on false pretences, appeared in court on Monday morning and faced two additional charges for a similar offence. The complainants are the same as in the former case and the claim is for the same amount of money. The original charge was based on the renewal of certain notes which, it was claimed, were cashed by Davis. It appears that the second charge is based on the original transaction, by which Davis sold stock in a mining concern and is alleged to have made representations which were false. Albert Johnson and W. G. Otto, the complainants, in evidence at the preliminary hearing stated that Davis sold them stock and took their notes on the understanding that they would never have to pay them. This would be made possible they understood, by the dividends earned, which would be sufficient by that time, not only to redeem the notes but to pay a bonus of forty per cent as well. Johnson bought stock to the amount of \$200, and Otto to the amount of \$225. No evidence was taken on Monday as J. H. McCurry, counsel for the accused, elected to have a preliminary hearing and asked for a remand until Monday, October 5, which was granted."

The new Anglican church at Healslip, near Englehart, was formally opened last week.

ROBBERY AT GRAY'S DRUG STORE TUESDAY MORNING.

Late Monday evening, or more probably early Tuesday morning, burglars entered Gray's Drug Store, Wilson Avenue, but only carried away a small haul. There were some indications that the burglar or burglars sought to secure drugs, perhaps morphine or similar dope, but if this were the case there was disappointment as all the drugs of this nature were safely locked in the safe. Some cash left for change, some fountain pens and eversharp pencils were taken away. Entry was evidently made by forcing the rear door of the store. The police are working on the case and arrests may be expected at any time. Several places have been burglarized recently, apparently by the one type of criminal. A couple of drug stores and a doctor's office are among the places visited.

"Her niece is rather good looking."
"Don't say 'knees is,' say 'knees are.'"

Marge: "But, Joe dear, I can't possibly go to a dance. I've nothing to wear."
Joe: "Oh, that's all right. I'll get closed car."

The doctor was examining school children. One youngster was under weight. "Live on a farm and don't drink milk at all?" "Nope. We ain't got hardly enough milk for the hogs."

STRENGTHENING TREASURY OF TECK-HUGHES MINE.

The following official circular was issued to-day by Mr. Wm. C. Himrod, Treasurer of Teck Hughes:—

The directors have resolved that for the purpose of strengthening the treasury of the Company it is desirable to offer to the shareholders 227,000 shares of the Company's treasury stock at the price of \$1.65 per share, it has been decided to make such offer to shareholders of record at 12 o'clock noon on October 10th, 1925 and in such manner that each shareholder of record on that date and at that time will have the right to subscribe for one share for every twenty shares then held by him or her. No fractional shares will be allotted, thus a shareholder holding 50 shares is entitled to subscribe for 2 shares. Subscriptions for shares may be made on the blank subscription form enclosed for that purpose and must be forwarded together with payment in full for such subscriptions to the Teck Hughes Gold Mines Ltd. (No Personal Liability) Prudential Trust Co. Ltd., 217 Bay St., Toronto, Ont., so as to be received before the hour of 3 p.m. on 15th October 1925. Only shareholders of record at 12 o'clock noon on the 10th October 1925 will be entitled to subscribe and no shareholder shall be entitled to assign his right to subscribe for shares. Arrangements have been made that the whole of the shares offered will be underwritten at the price of \$1.65 per share without any commission or expense to the company. Shareholders are requested

to be careful to subscribe for the exact number of shares to which they are entitled. Payments must be by certified cheque payable at par in Toronto or New York or by money order. Certificates for shares subscribed and paid for will be mailed as soon as possible after Oct. 15th, 1925.

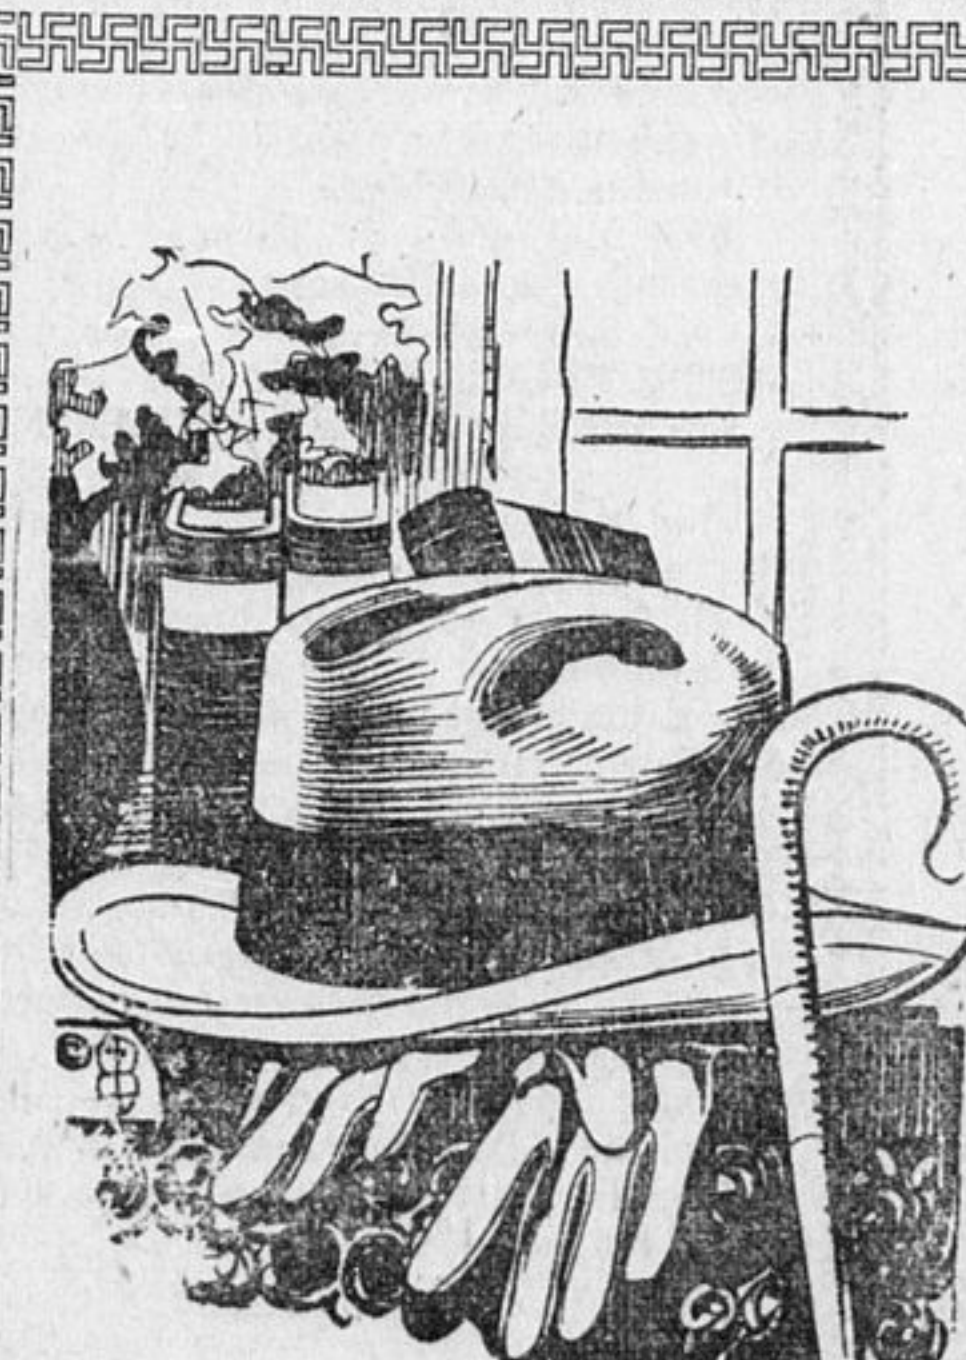

MR. FULLERTON HERE TO-DAY IN CONNECTION WITH ROADS.

Mr. C. H. Fullerton, of the Northern Ontario Development Branch, is in Timmins to-day and is conferring with the President of the Board of Trade and others interested in regard to repairs to roads and certain new roads asked for in this district recently.

Q. "Should a man propose to a girl on his knees?"
A. "Either that or let her get off."

A man was boasting of his dog's obedience. His dog is obedient. When he calls, the animal crawls to his feet, indicating that he obeys because he fears. Discipline through fear is unsafe discipline. To win obedience and loyalty through love calls for intelligence. The man who yells at his dog and the man who yells at his workers are fraternity brothers. Making Paper.
