Champions of Southern Ontario to Play at Timmins Sure on Saturday, October 10th, in Semi-Final for Ontario Football Trophy. Claremonts a Clever Team and the Match Will be a Good One.

Claremonts, who defeated Oshawa, won the Oshawa District Championship, and then the Southern Ontario Football Championship, and a place in the semifinals for the Ontario Cup will be in Timmins on Saturday to play the local team in the Ontario Cup series. The default of Ulsters leaves only the two Ontario Football Cup matches to be played—the game on Saturday between Claremonts and Timmins, and the finals at Toronto between the winners of Saturday's match and Hamilton.

any question as to them going to Timmins, as the match was scheduled by the O.F.A. in the ordinary way. Further, they let it be known that they were not asking Timmins or the O.F.A. for any guarantee of expenses but were ready to take a chance just as the rules of the O.F.A. suggested. "If our share of the gate is not enough for expenses," they said, "we will pay the rest ourselves." They are as good sports as Oshawa, and they beat Oshawa this year. So, they should get even a better welcome here than given to Oshawa last year. Everybody out to see a good match Saturday at 4 p.m., and to cheer on two teams of good sports. To avoid the rush at the gate, tickets are for sale for Saturday's match at King's Amusement Parlours, Meyers' Drug Store and Ben Jacob's Cigar Store.

NO LABOUR CANDIDATE FOR PRESENT ELECTION

Convention at Cochrane Saturday Decides to Contest Any Later Elections.

Representatives from various points of the district attended the Convention of the Independent Labour Party held in Cochrane on Saturday of last week. The convention was an earnest and enthusiastic one, but after mature deliberation and consideration it was decided not to nominate a candidate for the present Dominion Election. It was felt that the Labour Party had not organized early enough to warrant running a candidate in this election. It was resolved, however, that in any future elections the Labour Party should have a candidate. To this end, organization of the Labour Party in the riding was perfected and plans made for the earnest contesting of any future elections. Mr. John Vanier, of Iroquois Falls, Mr. Norman McKinnon, of Porcupine, and others were mentioned as good men for candidates for the Labour Party, but in view of the unpreparedness of the party at the present time it was considered as unfair to ask any of these men to contest the present election. In the meantime, however, arrangements are to be perfected and plans made so that the next election will find the Labour Party ready to put up the best sort of a battle.

DRUG STORE ENTERED SECOND TIME IN A WEEK

Quantity of Christmas Goods Taken from Gray's Drug Store Monday Morning Early.

For the second time inside of a week the sneak-thief type of burglars entered Gray's Drug Store premises early Monday morning, or late Sunday night. This time entry was made to the shed at the rear of the store, and the new Christmas stock pawed over and a quantity of dolls, toys, glassware, fire crackers, and other articles taken away. Some medicated wine in the shed was also stolen. The police were promptly notified of this robbery and soon had clues as to the guilty parties. One young fellow was taken in charge and a couple of others are being sought for. Practically all the stolen goods have been recovered, the young fellows suspected of the crime taking alarm on Tuesday and attempting to hide the goods in a culvert pipe in the Mattagami section. The wine has not been located yet, and a few odd articles are also still missing. It is thought that the young men gave away some of the dolls and toys to neighbours and this feature of the case is being followed up to secure the recovery of the stolen goods.

MEN'S NIGHT AT A.S.D. NEXT WEDNESDAY NIGHT

Men Will Have Full Charge of Programme, Refreshments, Etc.

The succession of successful evenings provided at the A.S.D. Club was repeated last night when a very enjoyable evening was spent by the members of the Club at the regular weekly dance in the Oddfellows' Hall here. There was a good attendance, the crowd being just large enough to make it nice for dancing. Only one special was held during the evening, this being a gentlemen's tag fox-trot. Mr. Wm. Mackie directed a Paul Jones earlier in the evening, and this was a decidedly enjoyable number. The best of music for the dancing was provided by the Club Orchestra. Mrs. E. L. Urquhart looked after the serving of the refreshments; these as usual could be numbered among the specials.

The meeting next Wednesday night will be Men's Night. The older members of the Club will remember the success attending an event of this nature held last year, and the entertainment next Wednesday evening will equal the earlier endeavour. The gentlemen members of the Club look after lunch for the evening, and the whole programme is in their charge. The remaining schedule for the month of October will be drawn up at an executive committee meeting this evening.

Dr. Manion Makes Able and Eloquent Address on Tariff

Also Speaks on Other Questions of the Day in Effective Way, Mr. W. McRaye Makes Eloquent Plea for Canadian Unity. Other Speakers at Political Meeting Include Ray O'Neill, and Messrs Bastien and Cote.

There was a large attendance at the meeting held last night in the New Empire Theatre in the interest of Ray O'Neill, the Conservative candidate. The meeting was one of the most interesting and successful political gatherings ever held in the Camp. The addresses by Dr. Manion, formerly in the Meighen Cabinet, and Mr. W. McRaye, of Winnipeg, made especial appeal to the gathering. Dr. Manion's effective handling of the tariff question was a particularly able and pleasing presentation of the subject. The other addresses of the evening were also capable and well received.

Mr. Geo. A. D. Murray, President of the Timmins Conservative Association, occupied the chair. Among those on the platform were Mr. Jas. Kingston, of Iroquois Falls, President of the District Conservative Association, and Mr. Chas. Pierce, Timmins.

Mr. Ray O'Neill, Liberal-Conservative candidate, explained his platform, touching on the tariff, the pulpwood embargo, public ownership, immigration and other questions. He advocated a sane liquor law, and suggested that the tax on liquor might make it possible to take some of the taxes off the workingman's living expenses. He did not favour the amalgamation of the Government Railways with the C. P. R., but thought that the Government Railways could be conducted under public ownership. The labour market was glutted at present, and he thought immigration should be stopped until this was remedied. He advocated an 8-hour day and a fair wage clause in all Government contracts Dominion, Provincial and Municipal. He found fault with the attitude of parliamentary representatives of this riding in the past, saying that after each session members should hold public meetings and explain their work, instead of just appearing around election time. He hoped to see the Trans-Canada highway pass through the North Land. Menion was made of what he had done for the settlers in the case of the Mattagami Pulp & Paper Co. He said he was assured by the Government that no transfers of limits would be allowed until the settlers were paid. The need for Federal buildings in the riding was touched upon. Mr. O'Neill emphasized the idea that we should set Canada first. He promised on a later occasion to define his position on Imperialism, War, and some other questions. The candidate also made a brief address in French.

Mr. L. Cote, of Ottawa, made an effective and reasoned address in French.

Mr. W. McRaye, of Winnipeg, made a very pleasing address, livened by wit, humour and philosophy. He made an eloquent plea for Canadian unity and the development of a Canadian spirit and a Canadian conscience. A National Policy is the only policy for Canada, he said.

Mr. Bastien, of Ramore, spoke ably in French advocating Conservative policies and the election of Ray O'Neill.

The speech of the evening was by Dr. Manion, a member of the former Meighen Cabinet. The big audience listened to this rapid-fire address for over an hour, with absorbed interest. Eloquent and effectively he dealt with the public questions of the day, and as he humourously suggested himself the effectiveness of the address was about doubled by the work of a questioner in the audience. This questioner was evidently a Mackenzie King sympathizer, but he was courteous and reasonable, and his questions simply were turned into pegs upon which Dr. Manion hung convincing arguments and explanations that went to the point.

After some flattering words for the candidate, Ray O'Neill, Dr. Manion referred to the bad conditions in Canada to-day,—the worst, he said, in the history of the country since the Alexander McKenzie Free Trade Government was in power. There was business depression, unemployment, and the country was losing over 100,000 good Canadians to the United States each year. The official figures admitted 100,000, but the actual figures were probably three times that. "They say we are pessimists, because we point out these things," said Dr. Manion, "but I feel that we would be imbeciles if we pretended that all was well." There was a decrease of millions of tons a year in freight haulage, factories were closed, there was general depression, and all Premier King had to offer was "Senate Reform." "If the whole Senate were dumped lock, stock and barrel in the sea would it give one single man of you a job?" asked the speaker. The country had to get

back to the National Policy of Sir John A. MacDonald and protect Canadian industries and Canadian farmers and other workingmen. Touching briefly on financial matters he showed that alleged surplus of the King Government was in reality a deficit of \$116,000,000 last year. They were signing notes as it were, and like Micawber, thought that settled the debts.

D. Manion scored the King Government for its Royal Commissions and their expense. He touched on other extravagances, such as the fact that the travelling expenses of the Dept. of Agriculture totalled over \$800,000.00 last year.

It was on the tariff that Dr. Manion made the biggest hit, his effective and clear-thinking explanations proving Canada's need for a tariff high enough to protect the industries here. Questions by a Liberal in the audience, as suggested above, were clearly turned to effective use by Dr. Manion. Dr. Manion showed that if Canadian industries maintained their present high standards of wages and conditions they could not compete with certain foreign nations that employed cheaper labour under poorer standards of living. "Cheapness is not the only thing to be desired surely," he said. "What is the use of having cheap goods if you haven't work here to bring you wages to buy? We should be more interested in having work and wages that are good than goods available that are cheap." (The two cheapest countries in the world—China and India—were cheap because labour and conditions were so poor. Canada surely would not pay such a price to get cheap goods. At the same time Dr. Manion showed that as soon as foreign competitors got the native factories crowded out, then up went the prices. He instanced the case of a Hamilton glass factory forced out of business by the King tariff, and now Canadians were paying more for glass and paying to foreigners at that. "Do you want to support Canadian farmers, workmen and industries, then vote for the Meighen Government. If you want to build up foreign nations, vote for Mackenzie King." Dr. Manion showed how the United States had grown great and prosperous through the use of a high tariff. If Canada wished to preserve her life as a nation, the National Policy, brought up-to-date must be enforced. Sir Wilfrid Laurier had not interfered with the National Policy and that was why Canada had remained prosperous in the Laurier regime.

Dr. Manion referred to the Union Government as the best government that Canada had ever had. This in answer to a question. The King Government was the worst this country had had. Conditions after four years of Mackenzie King proved this. And conditions would be even worse were it not for the good crops. "And the crop is the only thing in Canada that Mackenzie King could not interfere with," said Dr. Manion.

Dr. Manion closed his address with an earnest appeal to all to study the questions of the day and vote as true Canadians working for the advantage and development of Canada.

T. J. McGRATH MISSING SINCE SEPTEMBER 28th

Relatives and Friends Anxious to Learn Whereabouts of Popular Pioneer Resident.

Mr. Timothy J. McGrath, a well-known and highly-regarded pioneer resident of this Camp, left his home unexpectedly on Monday morning, Sept. 28th, at a very early hour, and since that time no trace of him has been secured. His family and friends are very anxious to locate him, fearing that he is ill or that he may have met with an accident. The anxiety is naturally great in view of the fact that he was a man who was unusually kind and thoughtful to his family, and he never was away from home even for a night before, without his family knowing where he was. Anyone who can give any information in the matter will be doing a real kindness by notifying Chief of Police M. Greer at Timmins, at once, the police at present being engaged in efforts to assist the family in locating the missing man.

When he left home he was wearing a blue suit, brown and blue checked cap, and fine boots, No. 8. He is 48 years of age, with heavy, dark hair, 5 ft. 9 inches, tanned complexion, blue eyes, and spare but strongly built.
