

Your Silent Partner

A silent partner, with money, wishes to take a place in your organization but does not ask for voting power or any voice in control.

He will agree to 'team-up' with any valued official, or other person, ready to compensate in cash for the loss of this person to your firm through death.

This will maintain your credit and get you over the readjustment period when the shock comes. If you should estimate the loss at \$35,000 and your official is age 42, the salary demanded by the 'silent partner' is only \$1,000 a year,—to be reduced substantially year by year.

This story represents what the London Life Insurance Company can do for you under its new Jubilee Policy based upon half a century of experience.

Have one of our representatives explain the many special advantages we offer under this plan, or write the Head Office for further information.

Dr. J. B. McDougall to be TRANSFERRED TO TORONTO

Well-known Educationalist Leaving North Bay This Month

Dr. J. B. McDougall, Assistant Chief Inspector of Schools for Ontario, who for the past 27 years has been a resident of North Bay, leaves that city the end of this month to make his headquarters hereafter in Toronto. It is understood that for some time past the Department of Education has been desirous of having Dr. McDougall in Toronto where his wide knowledge and experience in educational matters and his valuable advice and assistance would be more conveniently available to the Department.

Dr. McDougall is widely known all through this North not only in educational matters but also in other more general ways as a good citizen. He has taken a particularly keen interest in Board of Trade affairs and was on more than one occasion a delegate to the Ontario Associated Boards of Trade. He has a very wide knowledge of the North Land and its problems, especially along educational lines, and he has always given generously of his time and effort to the cause of the progress and development of this country. During the past years he has been a frequent visitor to Timmins and other parts of this North. He will be specially remembered in Timmins for the interest he took in the establishment of the Mattagami Public School some years ago. At Teachers' Institute meetings in this North Dr. McDougall was also a popular guest, his earnest and capable addresses being often a feature of such gatherings. There will be a general feeling that the transfer mentioned means one more well-informed friend of the North at headquarters in Toronto.

With Dr. McDougall established in Toronto it is to be hoped that the question of educational facilities for the families of settlers in the sparsely-settled areas of this North will be taken up with renewed vigor and settled effectively. Dr. McDougall was at a meeting of the Northern Ontario Associated Boards of Trade some years ago when the proposal for the adoption of the Correspondence School system of education was advocated for the benefit of settlers in sparsely-settled areas. Dr. McDougall at that time saw many possible disadvantages to the proposal. Since then, however, the Department has been given data to prove that the plan has been a success in British Columbia, Alberta and other areas. Also the Department of Education has evolved a plan that seems to be superior to the original proposal. This plan is a combination of the Correspondence School scheme and the idea of Travelling Pedagogues, the latter plan being successful and useful in Norway, Sweden and other European countries. For this North Land the combined Correspondence and Travelling Pedagogues system would appear to be close to the ideal. For education in this North Dr. McDougall has done much. He will do still more if he can hurry along a plan for the education of the children of settlers in sparsely-settled areas. Thousands of children in this North are denied educational advantages. Children are too far away from established schools, and settlers are too few and too poor to finance further schools. Dr. McDougall knows the pressing needs in this line. He can do the North and the Province and the children great service by urging speedy action in this matter.

BRITISH PRESS SURPRISED AT DEVELOPMENT OF NORTH.

It is pleasing to note that while the people of this North were pleased with the visit of the representatives of the British Press, the members of the party of newspapermen from overseas were also impressed with the North Land. The North Bay Nugget interviewed the party after the Press men had been through this North, and The Nugget last week published the following reference to the matter:—

"The party of twelve British Journalists who spent Tuesday and Wednesday along the T. & N. O. railway, as guests of Premier Howard Ferguson and Chairman George W. Lee, of the T. & N. O. Commission, were in the city for two hours on Wednesday evening, when representatives of the city council, the Board of Trade and Rotary Club acted as hosts and escorted them around the city. No elaborate entertainment could be arranged, on account of the short time to be spent in this community. The members of the journalistic party expressed delight with their trip through the north and declared that the extent of territory, the diversity and prosperity of the various industries had come as a complete surprise. They had been told in many places throughout Canada that they were standing on the best agricultural soil in the Dominion, but they felt that the northern district around New Liskeard and Kapuskasing had an excellent claim to the title."

Politeness isn't the only reason, in these days of short skirts, that makes the men stand back and let the ladies board the street cars first.

LADIES' ORANGE LODGE ORGANIZED IN TIMMINS

Makes Auspices Start With Between Fifty and Sixty Active Members.

An organization meeting was held last Wednesday and Thursday afternoons when a branch of the Ladies Orange Benevolent Association was formed in Timmins. Two distinguished visitors in the ranks of the L.O. B.A. were here for the occasion, namely Mrs. Brush, the Provincial Grand Mistress, of Hamilton, and Past Worthy Mistress Mrs. Thos. Rogers, of Cobalt.

An enthusiastic meeting was held, and between fifty and sixty ladies were initiated or affiliated with the newly-organized Association in Timmins. The following officers were elected:—

Worshipful Mistress—Mrs. Bonnell.
Deputy Mistress—Mrs. Burnton.
Fin. Sec.—Mrs. Ruir.
Rec. Sec.—Mrs. Townsend.
Guardian—Mrs. Johnson.
Treas.—Mrs. Macfadden.
M. of C.—Mrs. Sampkin.
1st Lecturer—Mrs. McCain.
2nd Lecturer—Mrs. Feltnate.
1st C.—Mrs. Croft.
2nd C.—Mrs. Smith.
T. S.—Mrs. Riley.

The L.O.B.A., got away to a good start at the organization meeting, and it is expected that the Timmins Branch of this Lodge will increase in membership and enthusiasm as time goes on.

While in Timmins for the purpose of forming the new lodge, Mrs. Brush and Mrs. Rogers were the guests of Mrs. Ruir, 172 Balsam St., North.

The new lodge will be known as Golden Star, No. 677, Timmins, L. O. B. A.

HIGH LAND PRICES SAID TO BE DELAYING ROUYN ROAD.

The contracts for the Rouyn Mines Railway in the northwestern gold fields of Quebec have been let but progress is said to be held up at present through the high prices demanded by property owners for the land through which the railway is to pass. This may cause a delay in construction, according to despatches from Rouyn. The matter is said to have been placed before Premier Taschereau with a view to having pressure brought to bear to keep prices within bounds. In the meantime engineers are going ahead with the preliminary work.

GAME LAWS AS TO OPEN AND CLOSED SEASONS.

A reader of The Advance asks for information as to the open seasons this year, and the following summary may fill the need for information:—

On account of the desire to preserve the game, it has been decided not to have any open season this year for shooting partridge.

The open season for deer, moose and caribou in Temiskaming, that is, between North Bay and Cochrane will be from October 25th to November 30th, both days inclusive.

The open season for ducks closes on December 15th.

TREASURER'S SALE OF LANDS FOR ARREARS OF TAXES

IN THE TOWNSHIP OF WHITNEY, DISTRICT OF COCHRANE

TO WIT:

By virtue of a warrant issued by the Reeve of the Township of Whitney bearing date the 18th July, 1925, and to me directed, commanding me to levy upon the several lands, being in the Township of Whitney mentioned and described in the following list for arrears of taxes respectively due thereon and costs, I hereby give notice, pursuant to the Assessment Act and amendments, that unless the said arrears of taxes and costs be sooner paid, I shall, on Wednesday, the 28th day of October, 1925, at the Township Hall, Porcupine at 10 a.m., proceed to sell by auction so much of the said lands as may be sufficient to discharge the taxes and all lawful costs incurred in the sale and collection of same.

Dated at Porcupine, this 20th day of July, 1925.

J. M. NICOLSON,
Treasurer, Township of Whitney.

Beauty and Economy

A roof of real beauty is one covered with a soft, harmonious shade of reddish brown or dark green crushed slate. These are the two artistic colors in which

Brantford Crystal Roofing

is made—the natural colors that never fade and keep the roof looking new. A most economical roof at moderate cost, one that is easily laid and sheds every drop of rain.

Note the extra heavy weight—80 to 85 lbs. per square—that means extra long life. Suitable for the better class of buildings. We have some roofing facts you should know. Do not think of ordering until you have seen our samples of Brantford Roofing.
