

## Report by Wire at Advance Office of Ontario Cup Match

Special Wire to be Installed and Match on Saturday to be Reported Play by Play. The Ontario Cup Match will be Bulletin Here, Commencing at 2 p.m.

Arrangements have been made between The Advance and the Timmins Football Club to bulletin the Ontario Cup match at Toronto, play by play, on Saturday afternoon. Timmins Football Team and Hamilton Westinghouse are playing the final in the Ontario Cup Series at the Stadium at Toronto on Saturday afternoon, and very naturally there is the keenest interest here in the match. For the benefit and pleasure of those interested the private wire and bulletin service has been arranged, and the intention is to give a running account of the match, play by play, as it proceeds. The match starts at 2 p.m., and from that time on to the end of the match there will be bulletins to show the progress of the game. The Advance invites all interested to enjoy this bulletin service on Saturday, at The Advance Office, Fourth Ave.

The Football boys left here Wednesday in first-class shape and will have a good rest before the game. There is every reason to expect that they will bring home the coveted Ontario Cup trophy, and in any event they will put up a good showing and the match promises to be one of the most interesting held for the Ontario Cup. The O.F.A. has arranged that there will be no conflicting events in Toronto on Saturday, as there was last year, and an unusually big crowd is expected at the Ontario Cup final in Toronto. There is also a big crowd expected here to watch (by bulletin) the progress of the match.

## INQUEST HELD INTO THE DEATH OF PETE PERUCCI

Coroner's Jury Place Cause of Death as Poisoning from Wound Resulting from Shot Fired by Woman.

Last night the coroner's jury enquiry into the death of Pete Perucci returned a verdict to the effect that the man's death was due to poisoning through a bullet wound resulting from a shot from a rifle in the hands of Mrs. Whitlock. Coroner H. E. Montgomery conducted the enquiry and the jury members were as follows:—T. F. King, foreman; I. E. Dunn, H. J. Marshall, A. F. Kenning, Chas. Hall, H. J. Laidlaw and W. Rinn. Evidence was given by Mr. and Mrs. Whitlock and the Smith Brothers, of Nellie Lake and by Provincial Officers Finger and Delves. Reference was made to the story told the police by Perucci before he died. This story briefly was to the effect that he went to a neighbor's to stop what appeared to be a quarreling. He claimed that he was unarmed, but that Mrs. Whitlock shot him while he was struggling with one of the men. The evidence of Mr. and Mrs. Whitlock and, of one of the Smiths particularly, appeared to disprove Perucci's claims. It seemed to be generally admitted that there had been considerable drinking of home-brew during the day. Then, it was asserted, Perucci had come to the house, threatening the three who were there. He had a gun, they said, and they were afraid that he might kill them. Mrs. Whitlock had shot Perucci in self protection, they claim. Provincial Officers Delves and Finger gave evidence as to their work in the case. The jury returned the verdict referred to above. Perucci was brought into Timmins to the Hospital here on August 17th. It was thought then that Perucci would die within an hour or two, but instead he lived for nearly two months, eventually passing away on Oct. 13th.

## NORTH A WEEK BEHIND THE SOUTH FOR BAD WEATHER

Many here have voiced objection to the snow and wintry weather of the past few days, speaking as if the North Land were to blame. Such people should remember that the South had similar or worse weather a week ahead of the North. Last week a blinding snow storm was reported at Guelph, another at Woodstock, a blizzard at Orangeville, winter at Stratford and storm at Kitchener.

## ROUYN SMELTING PLANT DEFINITELY ARRANGED.

A despatch from Quebec this week says:—"It has been learned here on excellent authority that the negotiations which have been going on for some time between the Quebec Government and the Noranda Mines Limited for the immediate erection of a large smelting plant on Lot 156 in Rouyn Township have been successfully completed. Work will be started without delay, giving to this province's gold fields a very complete plant. This follows the recent conference held between Premier Taschereau and the mine's representative. The new smelter, which will handle all the output of the mines, will supply the railways with fuel and will be ready for operation last next Fall and will supply the railway with ample business along the Rouyn mines subsidiary lines."

## ARE THERE 300 MEMBERS OF K. K. K. IN TIMMINS

Letter Pushed Under Door of Advance Office says there are.

Last night a letter was pushed under the door of The Advance office, the full text of which is as follows:—"Notice to The Advance, October 20th, 1925. Sir: You will be surprised to be the first paper in this Camp to get this news and we hope it will always be first. You will find by this that there was over 300 of the K. K. K. organization on the above date. P. S.—You will do all that you can to have this cut in your paper."

The "cut" referred to is a small clipping apparently from K. K. K. literature, showing the "hooded rider," with the motto, "Yesterday, To-day and Forever." Another type of cut is necessary to print from. The Advance would certainly be surprised to know that there were 300 K. K. K. members in this town or camp or district. So far as known no organizer has attempted to institute a branch of this society here. A couple of years ago K. K. K. organizers were reported as at work in Cobalt but won no special success according to accounts. This would appear to be a cold country for the K. K. K. The Advance would be less surprised to find that someone was simply "spoofing." In any case it seems a lot of trouble for nothing. Nevertheless, honest or 'spoofer,' the letter makes a news item.

## NORTH BAY BROKER GETS ONE YEAR ON TWO COUNTS

According to information given in this week's North Bay Nugget Ben. F. Davis, well known in this section of the country where he sold quite a quantity of mining stocks, has been sentenced to a year's imprisonment on charges of obtaining money under false pretences. The Nugget says:—"Ben F. Davis, former president and manager of the Hazel Lorrain Silver Mines Syndicate and interested in many mining ventures in Northern Ontario, was sentenced to two years' imprisonment by His Honor Judge Valin, this week, when the accused was convicted of obtaining money under false pretences on two counts. Davis was sentenced to one year on each count, the terms to run concurrently. The evidence of the crown witnesses disclosed a scheme to unload mining stock on the public and along these lines the accused had obtained money on two notes, one from W. G. Otto for \$75 and one from Albert L. Johnson for \$200. Mr. Otto, a member of the Hazel Lorrain company, testified that he had been induced by the accused to buy additional stock and had taken three shares for which he had given two notes, one for \$75 and one for \$150. He understood that by the time these notes were due there would be sufficient dividends to meet the notes and pay a forty per cent. bonus. When they were due, there was not sufficient dividends and Davis took a new note for \$225 promising to lift the two old ones. He failed to lift the \$75 one and cashed both it and the \$225 one at the Bank of Nova Scotia. The same principle was worked in the Johnson case. Crown Attorney T. E. McKee conducted the case for the crown and J. H. McCurry appeared for the defense."

If you have a visitor from a distance or know other news that may prove of interest to readers of The Advance, phone 26.

## CONSERVATIVES HERE PERFECT ORGANIZATION.

The Timmins Conservatives held a meeting at the Committee Rooms to perfect organization for the election event on Oct. 29th. Ward Chairmen and other officials were selected for the election work and arrangements made to look after the various details. Col. C. McAlpine, of Toronto, one of the organizers for the Conservative party, was present, and gave valuable assistance and advice in the matter of perfecting organization. Col. McAlpine having had a wide and valuable experience in executive work both in Canada and overseas.

## FOOTBALL CLUB TO BE BANQUETTED BY KIWANIS

Event in Honour of Timmins Team to be Held Tuesday Evening at Empire Hotel.

Timmins Kiwanis Club will give a banquet to the Timmins Football Team and officers of the Football Club on Tuesday evening, Oct. 27th, in the Empire Hotel, commencing at 8.30. The boys expect to be back from the final of the Ontario Cup series on Monday evening, and it is hoped that they will have the Ontario Cup to grace the banquet table. The Kiwanis Club, however, are to banquet the football boys regardless of the result of the game in Toronto, the Kiwanis feeling that the Timmins Football Club by the wonderful record made this year have brought honour on sport and on Timmins, and, in turn, they have honour coming to them. There is considerable musical talent among the football boys and it is expected that this talent will add considerably to the interest of the evening.

An Armistice Dance will be held on Monday night, Nov. 9th, in the Masonic Hall, under the auspices of the I.O.D.E. Refreshments served. Tickets \$2.00 per couple.

## Hon. Chas. McCrea Presented First Aid Shield Dome Team

Several Dome Men on Executive of Porcupine Goldfields Band. Big Event Planned for Oct. 30th by Mechanics and Electricians. Correspondent Suggests the Need for Additional Light.

Dome Mines, Oct. 21st. Special to The Advance.

Mr. Leiterman has moved into his new house behind the Mill, and Mr. Lalonde, of Timmins, has taken up residence in the house just vacated.

If some of the parents who allow their children to play around the headframe and among the mine timbers could see the hair-breadth escapes from serious accident that the youngsters have, parental anxiety would be exercised and this dangerous practice debarred. There are more safe places for the children than around the operating part of the Mine.

Mr. and Mrs. F. Horne, Mr. and Mrs. A. C. Stevenson and Mr. and Mrs. W. Flewelling were all guests of Mr. W. Jeales at his home in South Porcupine, where he holds bachelor hall. The guests were highly delighted with the hospitality of their host, and after noting the spick and span appearance of everything in the house, the undivided opinion was that Bill would make a man a good wife.

Mr. Hussey, manager of the Continental Mine at Kirkland Lake, was a visitor to his sister, Mrs. W. Flewelling, from Saturday to Monday.

Dr. Alexander, the eminent Throat and Ear Specialist, of Toronto, paid one of his periodical visits to the Dome Hospital.

The Hon. Chas. McCrea, accompanied by Mrs. McCrea, dined with Mr. H. P. DePencier, previous to going down to South End for the presentation of the First Aid Shield.

The Porcupine Goldfields Band held its annual meeting recently and the following gentlemen at the Dome were honoured by being elected to high offices:—Mr. W. Horner, vice-president; Mr. Percy Richards and Mr. F. Horne, trustees, and Mr. Robt. McWilliams, assistant bandmaster, so the Dome is well represented in executive offices as well as in the number of good bandmen.

The Mechanics & Electricians Masquerade Ball to be held on Friday, the 30th inst, will open the eyes of the invited dancers because of the amount of thought and labour that has been put into the preparations for novelties, decorations, etc. A beautiful electric percolator has been donated to the boys as a prize for the best dressed lady in costume, Mr. H. M. Wilson, being the kind donor. Quite a few other worth-while prizes are to be given for the various novelty dances and for pretty, novel and comic

## MASONIC LODGE TO ATTEND DIVINE SERVICE SUNDAY.

The annual church parade of Golden Beaver Lodge, A.F. & A.M., will be held on Sunday, Oct. 25th, to the morning service. The United Church is the church that is to be attended. Owing to the fact that the re-modeling and extension of the church building is not completed, services are being held in the Masonic Hall. The service to be attended by the Masonic brethren will be in the Masonic Hall at 11 a.m., and Rev. J. D. Parks will conduct the services. All members of the Order are invited to attend this service.

## UNITED CHURCH LADIES' AID BAZAAR NOV. 4th

Event to be Held in the Church Basement, Fourth Avenue.

A Grand Bazaar is announced to be held in the basement of the United Church, Fourth Avenue, on Wednesday, Nov. 4th, afternoon and evening, from 3 o'clock to 10. The event suggests a handy and attractive plan for some Christmas present buying. There will be a large variety of goods on sale, and the fact that the event is under the auspices of the Ladies' Aid is guarantee that everything will be of high quality. Fancy Work booth will include household linens, personal articles, novelties, etc. Dolls and dolls' clothes will be featured at another booth. Home cooking and candy of the best quality will be on sale at attractive booths. The Fish Pond will provide lots of fun for the youngsters, irrespective of age. All kinds of aprons will be on sale at another booth. The Baby's booth will have all sorts of wearing apparel for the baby. Afternoon Tea will be served. Hot supper will be served commencing at 6 p. m.

Mrs. T. Casey left on Monday to take up residence in Arnprior.

## Attempt to Blow Up T. & N.O. Station Safe at South End

Dynamite Used and Safe Partly Wrecked and Damage Done to Office. Burglars Apparently Frightened Away Before Completing Their Work. Other Items from South Porcupine Correspondent.

South Porcupine, October 22nd—Special to The Advance.

During the early hours of Sunday morning the office of the T. & N. O. Station here was broken into and an attempt made to blow up the safe. Dynamite had been placed on top of the safe, then over that blankets and old clothes and on top of that a letterpress, weighing around 200 lbs. The first attempt made a hole in the outer casing of the safe and bulged the door and it is evident that the would-be safe-blowers were frightened away hastily as they left some of their tools behind them, beside the uncompleted job. However, quite a good deal of damage was done in the office, owing to the force of the explosion. Even if the marauders had been successful in getting into the safe, all they would have found would have been cheques. Up to the time of writing no arrests have been made.

On Wednesday morning Mr. Allan

Sheppard's auto skidded and turned completely over, pinning the three occupants beneath it, just near the old grave yard. The car was rather badly smashed, but none of those in the car were injured. The wind shield was smashed, the axle and fenders were badly bent and the top broken off, so it seems almost miraculous that Mr. Sheppard and Mr. and Mrs. Wilson Raynor, who were with him, escaped so luckily. They say if they had been driving fast they would have surely been killed as they landed about eight inches away from a telegraph pole.

Mr. D. J. McRae, an old-time resident of this part of the camp, is back to town again. He expects to spend some time here in charge of development work on a promising group of claims near South Porcupine.

We hear that a Theatrical Club is being formed in town, with the intention of putting on several plays during the coming winter.

## LARGE NUMBER OF CASES AT POLICE COURT TO-DAY

But None of Them Were Very Important. Fifteen Were Simple Drunk Charges.

Police court to-day had a large number of cases, but none of them were important.

There were no less than fifteen drunk charges and one and all were fined \$10.00 and costs, each man paying forthwith. C. Kajander faced the more serious charge of having liquor in a public place and it cost him \$50.00 and costs, or nearly the price of five drunks.

A local merchant had a charge against a Timmins woman alleging the theft of goods, the woman in question, however, maintaining that she had bought the goods in question on the instalment plan and had made partial payment. After the merchant had secured her arrest on the theft charge, doctors certified that she was seriously ill and she was at once transferred from the jail to be under medical care. The case to-day was remanded for a week.

## HALLOWE'EN PARTY TO BE AT ST. MATTHEW'S SOCIAL CLUB.

The next meeting of the St. Matthew's Social Club will be held in the Church basement on Tuesday, Oct. 27th, beginning at 8 p.m.

The programme for the evening will take the form of a Halloween Party and it is confidently expected that everyone will have a jolly evening. The club is open to all members of St. Matthew's congregation and was formed for the purpose of bringing the young people (under 70) together in a social way. Meetings are held the second and fourth Tuesday of every month.

## PENITENTIARY TERMS FOR FORMER KAPUSKASING GIRL

The three girls, Isabel Prouse, Bessie Carrol and Jeannette McMinn, the latter formerly resident at Kapuskasing, all before Chief Justice R. M. Meredith in connection with the death of Mrs. Margaret Mick, matron at Toronto jail farm some months ago, were sentenced last week to five years each at Kingston penitentiary after they had pleaded guilty to manslaughter. Before sentence was passed the girls sobbed as they sat in the dock, but they took the sentence without special further emotion. The three girls attacked the matron one evening beating and choking her, and eventually securing the keys and making their escape. The matron died some three hours after. The girls were later re-captured and charged with murder. J. T. Mahon, for the defence, recalled that evidence at the inquest had shown that Mrs. Mick had not died for three hours after the attack by the girls in their plan to escape from the prison farm. This would preclude the theory that death had been caused by strangulation. "The Crown must have been satisfied of that or the plea of manslaughter would not have been accepted," said the Judge. After Mr. Mahon had made a strong plea for leniency, the Judge imposed the five year term, closing his remarks to the prisoners with the words, "I trust that at the end of your term you will be old enough and sensible enough to try to lead moral, honest, industrious lives."

## NEXT WEEK TO BE GHOST MASQUERADE AT A.S.D.

All must be in Ghostly Garb or K. K. K. Clothes.

Though the attendance was smaller than usual at the regular weekly dance of the A. S. D. Club last night, one of the best nights spent by the Club at the weekly dance was enjoyed by those attending. The music for the dancing was splendid and the repeated encores after each number testified to the appreciation felt by the dancers. Mr. J. K. Kennedy acted as director for the Paul Jones and also for a real old-fashioned square dance, which was one of the most enjoyable numbers. The refreshments which were in charge of Mrs. N. J. Leamen and Miss Bessie Urquhart, were of the usual high standard supplied by the young lady members of the A. S. D. Club. In every way the dance last night was one of the most enjoyable held for some time.

The meeting next Wednesday evening will be Ladies' Night and the ladies are making the feature of the evening a Ghost Masquerade. Every member of the club is requested to be in garb popularly credited to the departed spirits, or that worn by the Ku Klux Klan. Admission to the Hall may only be secured by those in costume. A real good time is promised for the evening and it is expected that there will be a record attendance.

On November 4th the Annual Meeting and Election of Officers for the coming year will be held. The new Executive Committee will decide on the schedule of meetings for the month of November.

## KEEFER PLACER CLAIMS LOOK VERY PROMISING

Looks Like a Dredge Proposition on Large Scale.

Dr. Sloan, a mining man with wide knowledge of placer mining, and who has been out on the Keefler Placer Syndicate claims in Keefler Township for some weeks past, was in town this week. He brought out with him a number of pan samples showing colours in very promising way. Dr. Sloan says that while it would be premature to say anything definite at this stage, the indications are very good so far as work has progressed. At present the chief effort is centred on completing the assessment work. Operations are handicapped by the lack of the best transportation facilities, the need for a good road being evident right along.

Dr. Sloan has found the showing on these placer claims to be very encouraging. "They look good," he says. In his opinion it is a case of a dredging proposition on a large scale. A large number of samples have been taken and showings of colour in each pan is the rule. In some places a depth of thirty feet has been reached, but in no case has bedrock been reached. Dr. Sloan points out that the best results may be expected at bedrock. Very rich stuff has been encountered at water level on the claims in different spots. "These claims look unusually good," says Dr. Sloan, "and if future work is as satisfactory as the showings so far a big placer proposition may be expected."
