The Conservative Candidate for Temiskaming, North

**HON. Chas. McCrea, Minister of Mines for Ontario, has proven himself a true and able Friend of the North, and the electors would do well to heed the advice of such a friend.**

In his addresses in this riding last week Hon. Mr. McCrea stressed the fact that the Ontario Government was anxious to see Ray O'Neill elected. The Ontario Government wants a Conservative Candidate elected in this Riding and a Conservative Government in power at Ottawa

## **TO HELP THE NORTH**

The Ontario Government is specially interested in the North Land and believes that in its great future there will be progress and prosperity for the Province. Great hopes for the Province rest in the great promise of development of the North. A Conservative Government at Ottawa and a Conservative Government at Toronto could and would CO-OPERATE FOR THE ADVANCE OF THE NORTH.

Furthermore, the development of the North will be greatly assisted by a wise general Domin-

ion policy. Hon. Mr. McCrea in his addresses gave striking illustration of how the National Policy may re-act on the North. He quoted the incident of the tariff-tinkering closing down a Hamilton glass factory; the glass factory used millions of feet of North Land lumber yearly; the closing of the factory meant loss of business for the North; it meant the throwing out of employment of hundreds of men in this North. This is but one case in many that could be cited.
