VIPOND BUILDING UP ORE RESERVES IN MINE

At the recent special meeting of the Vipond Mine, Dr. J. MacIntosh Bell referred to the fact that the ore reserves at the mine have undergone substantial expansion lately. This was greeted with enthusiasm as was also the news of the installation of additional equipment at the Vipond, the latter being taken to indicate the first move towards enlargement of the plant to double its capacity.

The Unfair Deal Canadian Farmers are Getting

Back in 1921 we sold the United States agricultural products to the value of \$146,539,883. After the Fordney U.S. Tariff of 1922 went into effect in the United States we sold them only \$51,337,733 worth.

By raising their tariffs the United States farmers have put about \$100,000,000 per annum more into their pockets and the Canadian farmers have lost it.

What is the lesson to the Canadian farmer?

On what terms is the Canadian farmer competing with the farmer of the United States? They are terms that not only forbid the sale of his products in the United States but compel him at the same time to witness United States farm products replacing his own in the home markets of Canada. Let us examine some of these terms.

PRODUCTS	For Entrance into Canada the Americans pay:	For Entrance into the United States the Canadians pay:
Potatoes.....	35 cts. per 100 lbs.	50 cts. per 100 lbs.
Eggs.....	3 cts. per doz.	8 cts. per doz.
Butter.....	4 cts. per lb.	8 cts. per lb.
Cheese.....	3 cts. per lb.	5 cts. per lb.
Cattle.....	25%	40%
Hay.....	\$2.00 per ton	\$4.00 per ton
Wheat Flour.....	50 cts. per barrel	\$2.04 per barrel
Wheat.....	12 cts. per bushel	42 cts. per bushel
Corn.....	Free	15 cts. per bushel
Certain Fruits.....	25%	35%
Woollens.....	27½%	100%

The United States raised their tariff, in order to protect the American Farmers, and the purchasing of foreign farm products was reduced. It was, therefore, to the American Farmer's benefit.

And we prove it. In the next column we list a few Canadian products imported by the United States under the 1921 tariff and under the raised tariff of September 21st, 1922. These figures are quoted from the "Commercial Intelligence Journal" published by Ottawa Government (26th September, 1925, page 324).

Canadian Farm Exports to the United States, 11 months ending August 1921 and 11 months ending August 1925

Articles	U.S. Tariff	1921		1925	
		Quantity or Value	U.S. Tariff	Quantity or Value	
Horned cattle.....	Free	\$14,970,944	1½ to 2c. per lb. plus \$2 per head	\$2,897,753	
Poultry.....	1c. per lb.	769,060	3c. per lb.	611,529	
Sheep.....	Free	1,184,950	\$2 per head	219,878	
Oats (bushel).....	6c. per bus.	2,822,129	15c. per 32 lbs.	389,280	
Wheat (bushel).....	Free	47,735,082	42c. per 60 lbs.	3,408,152	
Fresh Beef—chilled or frozen (quintals).....	Free	237,782	3c. per lb.	63,408	
Potatoes (bushel).....	Free	2,581,037	50c. per qtl.	566,115	
Eggs (doz.).....	Free	264,676	8c. per doz.	52,887	

And now a great reduction has been made by the Canadian-Australian Treaty which just went into effect on October 1st, 1925. Under this treaty Australian (and New Zealand) farm products will enter Canada at the following tariffs.

PRODUCTS	For Entrance into Canada the Australians pay:	For Entrance into Australia the Canadians pay:
Eggs, per doz.....	Free	18 cts.
Cheese.....	Free	6 cts. per lb.
Butter.....	1 ct. per lb.	6 cts. per lb.
Honey.....	1 ct. per lb.	4 cts. per lb.
Bees Wax.....	Free	3 cts. per lb.
Fresh Meats.....	½ ct.	5 cts. per lb.
Canned Meats.....	15%	40%
Canned Poultry.....	15%	40%
Lard.....	Free	4 cts. per lb.
Tallow.....	10%	1 ct. per lb.
Canned Vegetables.....	Free	30 cts. to \$2.10 per doz. cans of ¼ to 4 pints
Apples and other Dried Fruits.....	10%	8 cts. per lb.
Quinces, Pears & Apricots	25 cts. per 100 lbs.	\$1.50 per 100 lbs.
Canned Fruits.....	½ ct. per lb.	30 cts. to \$2.10 per doz. cans, according to size

Canada will be flooded with farm products from other countries at these low rates, but Canadian farm products are shut out of other countries by high tariffs. Meanwhile half a million Canadians have moved to the United States because of the tariff reductions that have closed up or slowed down hundreds of factories. That is, half a million buyers of Canadian farm products have been lost. The farmers are hit twice.
