**LOCAL ELECTION EXAMPLE
OF POWER OF ORGANIZATION**

The victory of Mr. J. Ray O'Neill at the polls on October 29th, as the Conservative candidate in this riding, is generally admitted to be chiefly due to superior organization of the party in the riding. Wonderful work was accomplished by Col. McAlpine, who spent a few weeks here as organizer, and who not only gathered a large number of active workers around him, but also imbued them with his own enthusiasm for the Conservative party policies and candidates. The organization was also perfected so that the vote was polled. Few elections in this North Land have brought out so large a proportion of the possible vote.

Another feature of the contest in this riding was the large vote polled by the Independent candidate, Mr. Jos. A. Bradette. Handicapped by the lack of a party behind him, without organization, without speakers, without any but personal funds for expenses, Mr. Bradette started in the race with the odds much against him. But he built up an organization, he found speakers gathering round him in support, and he was eventually able to make the race a close one. His personal ability and popularity and the organization he was able to build, made his candidature a serious factor in the fight.

Mr. C. V. Gallagher had many disadvantages to face. First, there was the general discontent with the Government Party. Then there was the splitting of the Liberal party ranks in the riding. Also, there was the fact that outside assistance was not given the party in this riding to the same degree as in other elections or other ridings. Mr. Gallagher's personal popularity and the regard felt for him by all won him a larger vote than ever before received by any suc-

cessful candidate in the area covered by this riding. To this end, organization assisted materially.
The winning of this riding to the Conservative side is an achievement that has roused much interest throughout the country. It is an evidence of what may be accomplished by organization for a good cause. If the North Land is to reap advantage from the situation, the value of organization must be recognized. Organization should be continued and extended so that a powerful force may always be working effectively and earnestly for the progress and development of this North Land.

PORVE BIG SUCCESS**

Events Yesterday Under Auspices of Ladies' Aid of the United Church, Timmins.

The Bazaar, Tea and Supper, under the auspices of the Ladies' Aid of the United Church, Timmins, yesterday, Wednesday, Nov. 4th, proved successful in every way. The Bazaar was very largely patronized and the various booths and other features deserved the patronage. The supper served last night attracted a record crowd and all were delighted with the array of good things to eat and the service given. A feature was the attractive music furnished by Bridge's Orchestra. The basement of the church was specially arranged and decorated for the event. The ladies are to be congratulated and commended on the pleasing success of every feature of the Nov. 4th. event.

Bringing the West to the East

1—Empress Hotel, Victoria, with dome of Houses of Parliament on right; 2—Airplane view of Lake Louise and Chateau; 3—Crossing the Wolverine Pass in the Rockies; 4—Trail Riders in the Yoho Valley.

Not the smallest part of the education of a Canadian Teacher should be a knowledge of the Dominion, derived from personal contact with its vast areas. When in addition the West is brought home to the East by a tour covering most of the former's points of interest, commercial, agricultural and scenic, then a very valuable addition to one's knowledge of one's own country has been consummated.
This is the object of the 21-day tour of Canada which is now being arranged by the Canadian Teacher's Federation in repetition of their very successful similar trip last summer. The party will leave Toronto west-bound July 20 and will be back in that city August 10. It will be under the personal direction of Professor Sinclair Laird, Dean of the School for Teachers, MacDonald College, Quebec. The journey out and return will be over Canadian Pacific Railway lines, motors and boats and stop-overs will be arranged at points of interest.
Starting from Toronto in the afternoon, the train passes through a land of beautiful lakes, the Muskoka region, reaching Sudbury and continuing through the big game district of Northern Ontario and skirting the shores of Lake Superior for many miles before arriving at Port Arthur and Fort-William, the twin cities where most of the western grain is stored. A day is spent in Winnipeg, the centre of the greatest grain marketing and inspection point in the Empire. Half a day is spent in Regina and Moose Jaw is reached the same day.

Then on to Calgary where the last of the prairie country is covered and the foot hills of the Rockies commence. Passing next day through the Gap, the gateway to the Rockies, where the roadway is hewn through the solid rock, Banff is reached on the first Saturday of the trip.
At this point the traveller enters fairlyland. Banff is the headquarters of the Rocky Mountains Park, a region of 2,751 square miles, covering rivers, lakes and mountain scenery of unsurpassed grandeur. The weekend is spent in this district. Drives and automobile trips here make a pleasant contrast with the train journey and the wonderful sights will live long in memory. There is Lake Louise, an exquisitely colored limpid mirror of glaciers and snow-crowned peaks and the brilliant blue clouds of the sky with its argosies of fleecy clouds. Mounts Stephen, Chancellor and Sir Donald rise into view as the Great Divide is crossed and the marvelous Yoho Park is traversed. Canyons, caves, valleys, deep gorges, passes twinkle past the train in its journey which is sometimes slowed up to admit of a more lasting impression. The scenery is so perfect that to avoid missing any the train does not travel at night and continues its journey at dawn. For 250 miles it passes through the Great Canyons of the Thompson and Fraser Rivers and the long day of fifteen hours is one unbroken pasture of delight. Vancouver is at last reached and a short but interesting boat trip is made across the straits of Georgia to Victoria with a panoramic

view of beautiful islands, bays and rocky headlands and the snow-capped mountains of the Coast ranges and the Olympics as a background.
The return journey takes us through the Cascade Mountains and the Kelowna Valley to Nelson, commercial centre of the Kootenay district. An overnight journey ends at Lake Windermere where after a trip to the Camp there is a motor run of 104 miles over the newly completed Banff-Windermere Highway through awe-inspiring scenery. Saturday, Sunday, Monday and Tuesday—four full days—are taken up with the above. Then commences the trip across the prairies to the head of the lakes which is reached via Edmonton and Saskatoon to Lake of the Woods district. A full 24 hours is spent among the sights of this wonderful Lake district and then the trip goes on to Fort William. From this point the journey is continued by boat through Lakes Superior and Huron to Port McNicoll whence Toronto is reached four hours later, and the trip completed.
It is difficult to conceive of a more healthy or a more diversified holiday than the one outlined above. In addition it brings home to the participant the glory of Canada in a way that is unequalled in so short a time. No one can take such a trip and not return from it bigger, wiser, more conscious of Canadian nationhood. And such an experience must of necessity be invaluable for those whose profession it is to teach the next generation of Canadians.
