WORLD-WIDE INTEREST IN POULTRY CONGRESS

Canada Will Invite 100 Countries to Attend at Ottawa in 1927.

Anything that is of interest to Canada is of interest to this district in particular, but because of the special interest taken locally in poultry matters there is outstanding interest in the World's Poultry Congress to be held at Ottawa in 1927. The Porcupine has pioneered in the matter of poultry-raising, and so realizes the value of conferences and conventions in such matters. Some may think that it is a little early to go deeply into the question of an event to be held in 1927, but the proposition is so big a one that it will take much time to perfect.

All possible publicity will be necessary from now until 1927, to rouse the proper degree of interest at home and abroad to assure a success that will be a credit to Canada.

Great Britain, Ireland, France, Belgium, Holland, Denmark, Sweden, Spain, Italy, Czecho-Slovakia, Burma, Egypt and the United States are countries which have already signified their intention of participating in the World's Poultry Congress to be held in Ottawa in July, 1927. Many more acceptances will follow the issuing of the official invitation, which will go from Canada to over one hundred governments.

The first congress held at the Hague in 1921 was the first World Congress of any body of investigators to be called after the war. This no doubt helped to bring more official attention to the "hen" particularly so because of the place she took as a food producer during the period of short supplies from 1914 to 1918.

The president of the World's Poultry Congress in 1927 will be Mr. Edward Brown, F.L.S., of London, England, who is president of the International Association of Poultry Instructors and Investigators. He has recently visited Canada, and in speaking of these Congresses described the first at the Hague as a wonderful example of organization, and the second at Barcelona last year as wonderful from the standpoint of its exhibition. The standard has been set, and Canada must make the third Congress in 1927 an outstanding example of what an international congress should be, and in addition try to let the delegates see and realize that Canada is a nation—young it may be in nationhood—but one whose ambition knows no limitations, and whose hospitality is offered wholeheartedly.

Enthusiasm and a realization of Canada's opportunities and responsibilities are necessary to success in 1927. One paper has said "The whole of America is behind this undertaking." The statement is true, but the responsibility for making the Congress a success, for making the delegates feel at home and wanting eventually to make Canada their home, for united effort by each and every province, and for welding another link in the chain of Poultry progression, rests with Canada. It is not entirely a poultry man's job, but something in which every Canadian can take a hand.

HIGH BOWLING SCORES AT SCHUMACHER MONDAY

High bowling scores were made for the turkey on Thanksgiving Day on the Schumacher alleys. The boys who took home a turkey were:—M. Corrigan, with a score of 244; A. Furlong, 256; D. E. Keeley, 259; E. Angignon, 226; M. McMillan, 290.

SUNDAY EVENING'S BAND CONCERT PLEASED ALL

The band concert given in the Goldfields Theatre on Sunday evening after the church services was well attended and appreciated. The programme was up to the high standard set by the Timmins Citizens' Band for these events. The soloists for the evening were specially effective. Mr. Jenkins made a decided hit with his first solo, all being pleased with his attractive tenor voice and his fine musical talent. His second number was equally effective and appreciated. Mr. Larkin, whose expressive baritone voice has pleased previous band concert audiences, sang two solos that won much well-merited applause, his interpretation of the pleasing selection given being very effective. Mr. Parks, as accompanist on the piano, added much to the success of the vocal numbers by his talent and skill.

The instrumental quartette, "The Combat," by Bandsman Lloyd, Cornthwaite, Phillips and Wolno, delighted the music lovers, being an attractive number rendered with much talent.

The Band was out in force and played well. Among the band numbers were:—March, "Salute the Brave," selection from "H. M. S. Pinafore"; selection, "Hiawatha"; "A Nautical Fantasia"; selection; "Laurentian Echoes."

The next band concert will be held on Sunday evening, Nov. 22nd, in the Goldfields Theatre, after the church services.

Mr. A. Leach returned on Saturday from a visit spent with his mother and brother in Omaha and Broken Bow, Nebraska, U. S. A.

WORKERS MAY SECURE UNIVERSITY DEGREES

Unusual Opportunity Now by the Frontier College

The first calendar, just issued, of the Frontier College, Canada's "university in overalls," tells the manual workers, no matter how far out on the frontier, how they may obtain a university degree and what help is available. For twenty-five years the Frontier College has been taking secondary and advanced education to our outer lines of settlement. It is now prepared, under Dominion Charter, to confer degree in arts upon those who have the pluck and determination to complete courses.

Inspired by the principle that the worker has a right to education beyond that given in primary schools, the Frontier College has sent its instructors to the mines, the forests, the fisheries, the outlying settlements and the factories, and has carried on educational work in remote places. University men and students in research departments engage in the same hard manual labour as their fellows by day and achieve success in teaching after working hours. Each year has seen an increasing enrollment of students and instructors, proving that success will follow effort to carry opportunity to the workers when tact and courage are combined with instruction. A little support from a provincial government here or from a railroad there, an occasional gift by a corporation or individual; so the Frontier College has built up its courses and its reputation with only the pith of education to stimulate it and no glamour to smooth the steps to Parnassus.

To the man, anywhere in Canada, who works with a craving for knowledge, this calendar, which may be obtained from the College at 67 Yonge Street, Toronto 2, Ontario brings hope of achieving education with friendly and practicable assistance and, under special conditions, with some financial help in fellowships or prizes. To the ordinary man who takes some interest in practical philanthropic work the calendar is inspiring reading.

NATIONAL MUSICAL NIGHTS AT COMING BAND CONCERTS

The Timmins Citizens' Band intends to hold a series of "National" musical evenings, each one devoted to the special national music of some particular country or nation. For instance, there will be a Scottish night, an Irish night, an English night, a French night, and so on. Sunday evening, Dec. 20th, after the church services, will be "Cornish" night at the Goldfields Theatre, band music and vocal selections being of Cornish music. It is hoped to feature the Cornish Christmas carols at this event.

Monday, March 8th, to Tuesday, March 16th, Prospeeters' Classes at Timmins next year.
