

T. & N.O. RAILWAY TO SERVE ROUYN CAMP THIS WINTER

Announcement Made by Hon. G. Howard Ferguson last week.

After all the talk and trouble in regard to railway service for Rouyn, the T. & N. O. is to be the railway that will help out the Quebec Gold Camp this winter in the matter of transportation. Railway service for the district this winter is, of course, a matter of vital importance to the interests of that camp. The needs of the Rouyn territory were originally to have been served by a T. & N. O. spur built right into the camp, but Quebec opposition caused the Ontario Government Railway to stop at the Provincial line and the question of further service was left to the C. N. R., which has called for tenders, but will not be in a position to give service for a considerable period yet. The T. and N. O., meanwhile, has built its line to the Quebec border and is prepared to finish in the immediate future a service which will care for the needs of the district, as teams and good roads will be requisitioned to haul freight and supplies from the end of steel into Rouyn itself.

Recently there have been many enquiries as to what the T. & N. O. intended to do in the way of service, and in answer Hon. Mr. Ferguson last week issued the following statement:—"The T. and N. O. Railway Commission has had a great many inquiries from business interests as to the position we will be in to give them service this Winter. We will be operating right to the Quebec boundary. We are now building a station which will be very shortly completed. There will be a couple of boarding-houses and accommodation for people. There is a sleigh road from there into the Rouyn that will serve the mining district. I understand that plenty of teams will be available to convey passengers and freight, and as the roads are very good, service will be reasonably rapid. This will be a great advantage to the mining camp in securing supplies as well as to the shippers and general business public."

VIPOND PRODUCTION FOR OCTOBER WAS \$46,000.00

Official figures given show that during the month of October the Vipond Consolidated Mines, Limited, mined 5,204 tons of a value of \$46,000.00. During the month, ore of commercial grade, which was previously indicated by diamond drilling, was encountered in operation at the 300 and 500-foot levels on No. 8 vein in the southern part of the property.

TWO MORE BASKETBALL GAMES LAST TUESDAY

Two more fast games of basketball were played in the High School gymnasium on Nov. 10th. The opening game between the High School Jrs. and the Night School Jrs. was a right snappy game, the boys going in to it for all they were worth, resulting in a win for the High School boys, 18 to 13. The High School boys look to be the team to beat on the Junior schedule, and are making good progress under the capable handling of Mr. Henry. The officials handling the game were Messrs. Brown and Wolno.

The Senior game the same evening between the Night School and the Ramblers was one of the fastest and cleanest games seen this year so far. The game was nip and tuck all the way until the third period when the Ramblers romped home, winning by a score of 32 to 19. Kennedy and Gates, for the losers, played an exceptionally heady game, while Brown, Parker and Roberts were the basket locators for the winners. Referee, F. J. Wolno; timer and scorer, H. Chittenden. Line-up—Ramblers—Parker, Carson, Roberts, forwards; Brown, centre; Thompson, Burke, Ayotte and Portelance, defence. Night School Srs.—McGrath, Kennedy and Severt, forwards; Ray, centre; Gates, Towers and Watson, defence.

Last week the final arrangements were completed for the organization of a Conservative Club in Timmins. LIBERAL VOTE INCREASED BY RECOUNT IN NIPISSING

The recount of the ballots in Nipissing riding was completed before Judge Valin last week in three days—a record for promptness. Over 18,000 ballots had to be counted. The recount resulted in 21 votes being added to Mr. Lapierre, giving him a majority of 74 over Mr. John Ferguson. The total cost of the recount will be around \$1,000.00 and this has to be paid by the defeated candidate. A number of voters used fountain pens to mark their ballots, others used indelible pencils, and these ballots were all thrown out. Other ballots were disallowed because the backs had been

ANOTHER FIERY CROSS BURNED ON SATURDAY

Burned for Two Hours on Rocks North of Town. Cross Was Large One.

On Saturday evening last another Ku Klux Klan fiery cross was burned here. This time the cross was erected used by some of the officials for figuring upon. In the case of ballots thrown out the Conservative candidate lost more than the liberal Candidate.

among the rocks on the hill north of the town. The burning cross could be seen for miles. From the town it was distinctly outlined and attracted much attention. It burned for about two hours. Several travelled out by auto to see the cross. When they reached the scene there were no Klansmen in sight or any sign of the K.K.K., except the fiery cross itself. This second cross was about ten feet in height and about ten feet across. It was wrapped in oil-soaked cloth so as to burn well. Strips were run from the upright to the arms making an attractive design in fire. This is the second fiery cross burned here, the first being on the 'slimes' near the golf course three weeks ago.

PRINCE VISITED "OXO" RANCH IN ARGENTINE

Rode in Round-up. Won Visitors' Race Saw Vast Herds of Fine Cattle

One of the happiest and most carefree days which the Prince of Wales enjoyed during his tour of South America was spent on the great "Oxo" cattle ranch in the Argentine. He galloped about the ranch in a woolly gaucho saddle, saw the horses rounded up, watched a remarkable display of rough riding on unbroken

horses, which was something like a circus only more exciting since the horses were free to plunge where they would and it was the spectators business to keep clear of their hoofs.

Following some cowboy races, the Prince organized a visitor's race of ten starters and won it himself. He thoroughly enjoyed himself and was vastly impressed with the horses, as well as the magnificent herds of cattle which ranged the "Oxo" ranch. Thousands of cattle, chiefly Herefords and Shorthorns which have been constantly improved by the introduction of prize strains from the Old Country were to be seen fattening on the rich grazing land.
