Waterworks and Sewerage System in Use in Schumacher

Schumacher Now Has Regular City Conveniences. Residences Being Built on Platt Vet. Death of Mrs. M. Feldman. Presentation to Mrs. Bowden and Miss Doris Bowden. Progress on New Rink at Schumacher.

Schumacher, Nov. 17th. Special to The Advance. Rev. J. D. Parks, of Timmins, preached to a large congregation in the new United Church on Sunday evening. Rev. Parks, being a former pastor here for a number of years, is well and favourably known, especially to the pioneer residents, and all were glad to meet him and to listen to his kindly and appropriate remarks. The Euchre and Dance held in the Recreation Hall on 11th inst., under the auspices of the local Orange Order was very largely attended. The prize winners were—First prize for ladies—Mrs. H. Leng. Second prize Mrs. Humphrey, of Timmins. First prize for gentlemen—Mr. Alex. McKenzie. Second prize—Mr. Bone. Consolation prize—Mrs. Ferguson. The latter part of the evening was very enjoyable spent in dancing to the melodious strains of the Ramblers' Orchestra. A very delicious luncheon was served at the midnight hour. Excellent progress is being made on the new Schumacher Rink. Comfortable buildings have been erected in which the skaters may adjust their skates or warm themselves in the very severe weather. Everything indicates a successful season at this winter recreation centre.

Mr. Leslie Keetch, of Timmins, has moved his family to Schumacher. The McIntyre Co., has commenced the erection of some dwellings on the Platt Vet., to the east of our townsite. Just watch this new residential district grow. The Ladies' Auxiliary of the United Church held a social evening on Wednesday, Nov. 11th as a farewell to Mrs. Bowden, one of the members who is leaving shortly to make her home in Detroit. Unfortunately it was impossible for Mrs. Bowden to be present, but later she was the recipient of a beautiful Madeira scarf and the following address:—"Mrs. Bowden, a valued member of the Ladies' Auxiliary is about to leave us. Being a member of long standing, general regret is felt at her departure. On behalf of the Auxiliary we wish to express their thanks and appreciation for the excellent help she has given and the courtesy shown during her long membership. We all join in wishing Mrs. Bowden every success. Please accept this token as an appreciation of your services and a kind remembrance from Schumacher friends."

South Porcupine on Sunday. Rev. J. D. Parks, of Timmins, preached to a large congregation in the new United Church on Sunday evening. Rev. Parks, being a former pastor here for a number of years, is well and favourably known, especially to the pioneer residents, and all were glad to meet him and to listen to his kindly and appropriate remarks.

The Euchre and Dance held in the Recreation Hall on 11th inst., under the auspices of the local Orange Order was very largely attended. The prize winners were—First prize for ladies—Mrs. H. Leng. Second prize Mrs. Humphrey, of Timmins. First prize for gentlemen—Mr. Alex. McKenzie. Second prize—Mr. Bone. Consolation prize—Mrs. Ferguson. Mr. Cosser, mechanical superintendent of the McIntyre-Porcupine Mine is on a business trip to Toronto.

Misses Myrtle Ritchie and Isabel Martin visited friends in Matheson during the week.

Mrs. W. J. McKay left on Tuesday for an extended visit to Seaford, where her mother, Mrs. Smith, is seriously ill.

Mrs. George Shippam is suffering from an attack of tonsillitis.

Messrs Dick Elley, Whitney and Trollope have gone moose hunting in the vicinity of the Hayden Mine. We hope they have success as we are very fond of moose steak.

Miss Kellett of the Upper Canada Tract Society paid her annual visit to the Public School last week and the pupils responded very generously by contributing the sum of twenty-two dollars.

The Canadian Girls in Training held a farewell party at the home of Mrs. W. A. McKay, Second Avenue, on Friday in honour of a member, Miss

Doris Bowden, who is leaving at an early date for Detroit, Mich. Her associates presented her with a box of handkerchiefs as a little token of remembrance.

The water system and sewage disposal plant are in operation and many of the residents are enjoying the modern conveniences of a large city.

REMARKABLE RESULTS AT NEWRAY PROPERTY

In the last issue of The Market Dispatch, issued by the A. E. Moysey Co., appears the following reference to the remarkable progress reported as being made by Newray:—"While the officials of Coniaurum retain their usual silence, we now have it on excellent authority that developments along the 1,000-foot level, in the Newray property, are meeting with remarkable results. Two separate ore-bodies have been encountered, ranging from \$8.00 to \$35.00 in gold to the ton. The miners employed underground make no secret of the fact that conditions never were better than at present and, also, that the vein-structure indicates a large gold mine is being steadily proven. As is the case at the adjacent big mines, McIntyre, Hollinger and Vipond, to reach the zone of major enrichment requires going down to greater depth and, to this end, we are advised, plans for sinking several hundred feet below the 1,000-foot level are now nearing completion.

We are informed that the Main Vein of the Goldale property, which

TIMMINS KIWANIS CLUB SPONSOR FOR COBALT

President C. R. Murdock Attends Interesting Event at Cobalt Last Week

Mr. C. R. Murdock, President of the Timmins Kiwanis Club, represented Timmins at the formal presentation of the Kiwanis charter to the Cobalt Kiwanis Club, the Timmins Club being sponsor for the more recently organized one at Cobalt. The event took place on Friday evening last when a most attractive banquet was enjoyed at the Y. M. C. A. building in the Silver Town. Among the visitors were Mr. Blake Halliday, District Governor, who presented the charter and the silk flag to Cobalt Club, and Mr. C. R. Murdock, who presented the new club with a gavel given by the Timmins Club.

There were about 75 Cobalt Kiwanians at the banquet and the event proved interesting and impressive. There were a number of very inspiring addresses and the whole event was most enjoyable.

The Cobalt Kiwanis Club is a live and progressive organization and is taking up community work with a will. The start in this line is the sponsoring of a motion picture house for Cobalt, the Kiwanis Club directing and aiding materially in the work of securing the necessary finances and securing the advantage of a first class theatre for Cobalt. Mr. Ralph Taylor is the president of the Cobalt Kiwanis Club and he is ably supported by an earnest group of leading business and professional men.

now forms a part of Coniaurum, has been tapped. Diamond drilling, by the previous management, passed through an ore-body at a depth of 1,000 feet, but lateral work was stopped before this particular section was reached.

This ore-body now is reported to be sixteen feet in width, carrying values which are reported as well above the camp's average. Opening of the vein soon will be under way and it is anticipated that assays will be available before long.

A party of the members of the Pembroke Kiwanis are expected here on a visit to the local Kiwanis Club, the date likely being next Tuesday Nov. 24th.

Saturday evening, Nov. 28th, the Timmins Citizens' Band will hold a Social Evening in the Hollinger Recreation Hall.

Attention! Householder

NOW is the time to clean your yard. Use plenty of Chloride of Lime which can be procured at the City Hall free of charge.

Keep covers on your Garbage cans. All users of well water should boil the water at least twenty minutes.

By Order, TIMMINS BOARD OF HEALTH.
