SKINNY MEN RUN DOWN MEN NERVOUS MEN

Don't Miss This

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamins than any food you can get. You'll be glad to know that McCoy's Cod Liver Extract Tablets come in sugar coated form now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong, and have a complexion that people will admire—ask any druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them. It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness over-taking them they work wonders.

ONTARIO'S MINERALS

The mineral resources of Ontario cover practically the entire list of metallics and non-metallics. Ontario possesses the largest individual deposits on the continent of talc, feldspar, mica and graphite. The greatest nickel mines in the world are at Sudbury, the largest deposits of cobalt and the richest silver camps at Cobalt and South Lorrain, and highly productive gold camps at Porcupine and Kirkland Lake. Ontario's gold mines are attracting world-wide attention. The production of this metal in 1924 was valued at \$25,669,262.

The mining laws are liberal, fair and just. A miner's license obtained from the Department of Mines or any Mining Recorder, costs \$5.00 and entitles the prospector to stake out three claims in each mining division in any year. After performing 200 days' work on a claim, patent is granted on payment of \$2.50 or \$3.00 per acre, depending on location in unsurveyed or surveyed territory.

Arrangements have been made by which parcels of gold ore will be purchased from prospectors developing their claims or others who may have gold ore to sell. Full particulars may be obtained from A. A. Cole, manager, Temiskaming Testing Laboratories, Cobalt, or the undersigned.

For list of publications, geological maps and reports, copies of the Mining Laws, etc., apply to—

THOS. W. GIBSON
Deputy Minister of Mines
Toronto.

or

HON. CHAS. MCCREA
Minister of Mines,
Toronto.

41-53

VISITING ESKIMOS ONLY IMPRESSED BY TOBACCO.

Civilization's many wonders apparently made but slight impression on Savakak, Anatota, Attawinga and Tapita, four Eskimos brought to Montreal by officials of the Revillon Freres Trading Company. The four visitors from the frozen North smiled and were mildly amused by the white man's environment and pastimes, but displayed little enthusiasm for the mechanical marvels which they were viewing for the first time.

The sight of one thing, however, invariably caused the quartette to display all the enthusiasm anyone could demand. Tobacco was unmistakably a tremendously prized article, one that they enjoyed hugely, though they had never in their lives made its acquaintance previous to boarding the brought them from Baker Lake to god ship "Jean Revillon" which Liverpool, Nova Scotia.

As a solace for the rigours of Winter as they know it, all four—after sampling everything in the form of tobacco offered—took away with them to Pagwa, Ontario, a plentiful supply of Millbank Virginia Cigarettes, and of Dixie Bright Plug Smoking Tobacco in the famous vacuum (air-tight tin). Evidently these primitive people are exceedingly quick to sense value when they encounter it.

NEW COURT HOUSE AT COCHRANE NOW READY

The Northland Post of Cochrane last week says:—"While a few men are still busy on the final touches of some interior work, the new Court House building was opened for occupation yesterday. There was no pomp or ceremony for the occasion, and only the moving in of the furniture, etc. gave indication of the building being put to actual use. His Honor Judge Caron moved his office and chambers from the Stevens building and is occupying the north-east corner of the first floor facing 4th Ave. The District Court Clerk, Mr. W. L. Warrell, also has his new office on the first floor, facing the avenue, while Sheriff Mackay occupies the north-east corner on the ground floor, facing the avenue. Magistrate Tucker has his office also on the ground floor on the north side of the building. Office space has been reserved for the Northern Development Branch, the Crown Lands Agent and the Crown Timber Agent, and it is expected that they will move into the new building shortly."

BASKETBALL AT HIGH SCHOOL FRIDAY EVENING

Another fast and exciting game was played in the Senior Basketball series on Friday evening, Nov. 20th, in the High School gymnasium, when the Masons and Ramblers met in a regular league fixture. The first period saw the Masons away to a good start and they ran up a good lead. However, the Ramblers came back strong in the second period and nearly tied the score. The third period was a real hot one, each team playing real hard basketball, the Masons finally winning by a score of 34 to 26. Ramblers—Parker, Roberts and Carson, forwards; D. Brown, centre; Thompson, Ayotte and Burke, defence. Masons—Hains, Fraser and Tevins, forwards; Wolno, centre; Boyd, Jarratt and Klinkenberg, defence.

JUNIOR BASKETBALL ON FRIDAY EVENING

The Junior Basketball game on Friday evening between the High School boys and the Shops Juniors was a mighty interesting one. The High School lads are developing into a real snappy aggregation and show a nice combination. However, the Shops Juniors had no subs and two of them, Tevins and Boyd, had helped their big brothers, the Masons, out in the first game, so found the going hard, playing two games in one night, but they were by no means snowed under and are certainly a team to be reckoned with.

High School—Clark, Lang, W. Mann, Kinisisto, forwards; E. Abrams, centre; B. Davis, McGuire, defence.

Shops Jrs.—Tevens and J. Roberts, forwards; H. Boyd, centre; Monaghan, Greco, defence.

Final score 27 to 10 for the High School

Born—To Mr. and Mrs. J. A. McMaster, West Dome Lake, on Sunday, November 22nd, 1925—a daughter.

A colored man was whitewashing a fence. A passer-by watched him a while and asked: "Sam, why don't you get a brush with more bristles in it?"

"Wha' fer?" replied the aged and contented worker.

"Why—if you had a good brush you could do twice as much work."

"Yeh, but ah ain't got twice as much work to do!"
