

**KITTY DANCED—
AND NOW SHE PAYS.**

She is tall and slender, with coquettish blue eyes and hair that is very definitely auburn, bobbed, of course, for Kitty is nothing, if not up-to-date. Yet her up-to-dateness didn't include the ability to guard her health. Dances and parties, cold and flu spells, then more parties and more sick spells brought on what her mother might have foreseen had she lived.

No, you can't blame Kitty. Her youth, her prettiness and her popularity were false friends to her. She is only 18. Another year in the kindly care of the Muskoka Hospital for Consumptives, where expert medical attention and nursing are hers, will perhaps see her restored to health and usefulness.

**INTERMEDIATES PLAY
LIVELY BASKET BALL**

Holland's Crusaders Lost to Pozzetti's Team on Monday.

At the High School on Thursday, Nov. 17th, a lively game of basketball took place between the Night School and Holland's Crusaders. The final score, 34 to 10 in favour of Holland's team, does not give a good idea of the closeness of the play, but does indicate the speedy work of D. Small the fast Holland forward. The game was an interesting one to watch; the first ten minutes was as speedy basketball as has been seen in Timmins this season. During this period the Night School held the score 8-5.

Mr. G. E. McGrath, referee; Mr. P. E. Piche, timekeeper; Mr. J. Blackshaw, scorer.

Holland's Crusaders—Cory, Richards, Forrester, A. Holland, guards; Stevens, centre; Small, Spence, Griss, forwards.

Night School—Bulner, Horster, Desroches, guards; Ray, centre; Curle, Vachon, Newton, Watson, forwards.

At the Hollinger Recreation Hall on Monday, Nov. 22nd, Pozzetti's basketball team rode triumphant over Holland's Crusaders, but only by one point. The score was 24-23.

From the side-lines the game appeared slow and sticky, the players made too many personal contacts and kept running together in bunches. Pozzetti's showed the greater dash and energy in offence and defence, and this won out against the superior playing skill of Holland's. Three 15-minute periods were played.

J. Thomas, referee; A. Wright, timekeeper; J. Blackshaw, scorer.

Pozzetti—Guards, Hertle, T. Holland; centre, R. Giguere; forwards, D. Charbonneau, D. Newington. Spare, T. Garnett.

Holland—Guards, Cory, Forrester; centre, Stevens; forwards, Spence, Small.

The games of basketball that are played locally would develop much speedier play were the personal fouling cut to a minimum. At the same time the breathing interval allowed when a free throw was given would help. It is suggested that referees keep a stricter watch on the personal contact and deliberate bodying and charging between players.

**BORROWED DOGS BIT
DRIVER AT CONNAUGHT**

Social Club Formed at Connaught Last Week. Other Connaught News.

Connaught, Nov. 24th. Special to The Advance.

The Union Church was filled to capacity Sunday evening last when the Rev. Mr. Farmer held "Rally Day Service." Special features of the evening's service was a song by the Junior members of the Sunday School entitled—"I am so Glad that our Father in Heaven," Miss Birec accompanying the little ones. Following was a recitation by Pat Burney. Little Miss Maudie Dixon also recited. A most interesting sermon was delivered by Rev. Mr. Farmer and special music was furnished by the choir.

Mr. and Mrs. A. R. Swayne, accompanied by their children, Jean and Edward left the early part of the week for Toronto and vicinity.

Rev. Mr. Farmer was a visitor to Nellie Lake on Friday last.

Dr. and Mrs. Day entertained the Connaught Bridge Club a week ago, Friday and Mr. and Mrs. B. J. Connelly entertained on Friday last.

The young people of the town met at the home of Mr. and Mrs. Lew Taplin, Friday evening and formed an amusement club. After a very pleasant social evening a meeting was called and arrangements made to have a gathering every second Friday in the Public School House. Various names were suggested for the Club and after some discussion the "Connaught Night Hawk Club" was chosen. Mr. Gene Colombo and Mr. Reid furnished music for the evening.

Dr. and Mrs. Day, attended the Masonic Dance in South Porcupine last week.

Mrs. F. J. Clemens, and children, who were the guests of Mr. and Mrs. J. F. Clemens, returned to their home in Haileybury last week.

Miss Euphie Forsythe was a visitor in Cochrane last week.

Mrs. Charlie Robinson, was called to her home in Utterson, on account of the death of her mother, Mrs. Wm. Stevens.

Mr. and Mrs. J. A. O'Donnell and family are spending their holidays in North Bay and Toronto.

Mrs. Edward Ness, of Detroit, was called here this week on account of the serious illness of her father, Mr. Robinson.

Mr. and Mrs. T. S. Woolings and Alberta returned last week to their home in Englehart.

Mr. John McLeod, of Night Hawk Lake, was a visitor to town Monday.

What might have resulted in a most serious accident was avoided last week by prompt medical assistance. Mr. Albert Leclair, a resident on a farm near Night Hawk Lake, borrowed a team of dogs from a neighbour and came to Connaught. While he was hitching up the dogs for the return trip—a fight started and in his efforts to separate them one of the dogs bit him and his hand was severely lacerated.

**ANNUAL INSTALLATION
OF OFFICERS ROYAL ARCH**

The annual installation of officers of Northern Lights Chapter Royal Arch Masons will be held on Wednesday evening, December 2nd. The Installing Officer will be Ex-Comp. H. E. Ruwald, Iroquois Falls.

Following the ceremony, a Social Evening will be held, taking the form of a Ladies' Night, to which all Masons, as well as Royal Arch Masons, are cordially invited to come and bring their ladies. The arrangements are in the hands of a very capable committee and a most enjoyable evening is anticipated.

**GOOD CHANCE TO KEEP
THE STABLES CLEAN NOW**

Many in town who keep a horse or horses have found difficulty in keeping their stables clean during the winter months. It has been a problem in such cases to know just what to do with the stable manure. There need be no difficulty along this line this year. As noted in The Advance last week it is the intention of the High School Board to beautify the High School grounds next spring and this winter they would be pleased if any with stable manure to dispose of would simply dump it on the High School grounds this winter. This should be an accommodation to those who have this material to dispose of and it will save the High School next spring the cost of purchase.

Next regular meeting of Town Council on Monday afternoon, Dec. 14th, at 4 p.m.

**ADVISING YOUNG MEN
TO SETTLE IN THE NORTH**

Agent-General for Ontario Expresses Opinion on Immigration and Other Matters.

Many will remember the address given here by Mr. W. C. Noxon, Agent-General for Ontario in Great Britain, at the banquet given in Timmins some weeks ago to the British Press men touring Canada. In his address Mr. Noxon emphasized the fact that he felt that city dwellers would not make good settlers for a farming country, and the hope he saw, so far as immigration from Britain was concerned, was in young men and boys being trained specially for farm work before being brought to Canada. He referred to the efforts and plans of Ontario along the line of training boys to take up farm life in Canada. "The hope of this young country is in the young men," said Mr. Noxon. At Sudbury some days ago Mr. Noxon spoke along similar lines. He suggested to The Sudbury Star that he did not think that English or Scottish farmers, long established on the land in Britain, would be likely to "make a go of it" in Canada.

"They are accustomed to small farms and having plenty of neighbors and when they get up here and are are maybe a mile or more from their nearest neighbor, they are lost," said Mr. Noxon. He added that the Finns and Icelanders are the best class of people to work the farms in these northern regions because they are accustomed to the isolation from their earliest recollections.

At the same time, Mr. Noxon did not forget his hope in the young men. "When I advise young men in England to settle in Canada," said he, "I tell them that they could not do better than to come to Northern Ontario. If settlers would come to Canada and expend the same amount

of energy and intelligence as is necessary for them to do in England, they would be very successful. I believe that this North Country is just beginning to develop, and in the next twenty years you will see undreamed of changes. Wherever I have gone through the North during the past six weeks, I have seen changes from the time when I visited here before. Everywhere are signs of industrial improvement and of better conditions and all lines of business seem to be more optimistic about the future than ever. If one spent the next twenty years in Northern Ontario they would be repaid many times, for the real opportunities are only now opening up."

If it may be noted in passing, however, that all through the North Land there are successful settlers who came from Great Britain when they were much past youth and yet made good here. Men who, know something of farming and are ready to learn and are adaptable stand a good chance to succeed here no matter what their age may be.

Mr. Noxon is on his yearly tour of Ontario with the view of keeping fully acquainted with conditions and prospects in this land, which he reports so well overseas. This tour is of value in enabling him to give first-hand information to all who are desirous of emigration from Britain, and also for the placing of Canadian products in the Old Country.

Mr. Noxon told The Star of his impressions after several weeks spent in the mining camps of the North. He was greatly impressed by the changes that have taken place during the past few years, especially around Timmins and Cobalt.

"Few people realize," he said referring to Timmins, "that we have a city of such a size in the northern reaches of our province. Many of the English people still think that Northern Ontario is a land of snow and do not imagine for a minute that there are such things as farming settlements away up there."

Mr. Noxon also mentioned to The Star that most of the miners who came to the North from Cornwall were successful at the mines here.
