There were thirteen appeals against the assessment at Haileybury last week, but the annual court of revision only reduced the roll by \$350.00.

South Porcupine Man Dies After Being Struck by Auto

Accident on Monday at Bridge Just West of South End. Interesting Aratory Competition by Boys at South Porcupine Home and School Association.

South Porcupine, Nov. 25th, Special to The Advance.
On Monday morning early an auto being driven by Isaac Koivila, a Finlander and taking some men out for the six o'clock shift, ran down another Finlander, Jno. Rinta, at the bridge just on the West of the town. Rinta, was caught by the car and dragged for about fifty yards. He was hurried to the Dome Hospital, but succumbed to his injuries around 11.30 a.m. Koivila was later taken into custody. Jno. Rinta, the victim of the accident, has just been out from Finland about five or six months and was boarding at the Finn boarding-house formerly known as the "White Rat." He was thirty-five years old and leaves a wife and five small children in Finland. There are many conflicting stories as to just how the accident happened but the trial will bring out the exact facts. This is a dangerous piece of road owing to the traffic both by motor and by foot and the wonder is that there have not been more serious accidents before. Mothers in the vicinity of both Golden Ave. and Bruce Ave. on the western entrance to town are in constant dread of speed artists that seem to think that all notices, laws and such are for the other fellow, not for them. While the street should not be the playground for children yet it is necessary at times for even small children to cross the road at these places and there have been what seemed like many narrow escapes to the watching mothers. It is regrettable that a father's life has been taken, and there may be no blame attached to the driver, but it is to be hoped that a stricter watch be kept on these two main entrances to the town, both for the sake of the pedestrian and for the motorist, and that these two parties themselves be ever on the lookout at these danger-points.
The Home and School Association meeting on Wednesday was well attended. Nine youthful orators contested for the prizes which were won as follows:—1st. Jack Morgan; 2nd. Jack O'Shea; 3rd. George Kaufman. The judges were:—Mrs. T. J. Wright, Miss V. Snyder and Mr. V. Evans. The prizes were presented to the winners by Reeve Gallagher. Councillor H. Boyle was present and also spoke a few words of encouragement to the

young people. As it took the judges some time to make their decisions and there was a space after the speaking, little Cecilia Devine, another pupil of Miss Lamb's Third Class, read at sight a poem of four or five long stanzas, "The Job of a Man" that someone had handed in. The reading was done with charming effect and expression and few, if any, of the adults present felt that they could have read it better without having looked it over. This and the speaking of the boys were fine examples of the training in poise and expression that our children are receiving in the Public School to-day. The Home and School Association have membership tickets for sale now. Membership for one year is seventy-five cents if both father and mother wish to be members, one dollar and twenty-five cents. At the close of the term a Union Jack, 6'x3', will be presented to the room which is represented by the largest numbers of enrolled members, mothers counting 1 point, fathers and teachers 2 points each. Other friends interested in the welfare of the children are also eligible for membership and may obtain tickets from members of the executive.
COBALT DAIRYMAN FOUND DEAD ON SUNDAY LAST
Irvine Keene, well-known dairyman of Cobalt district, and one of the pioneers of the Cobalt Camp, was found dead Sunday afternoon in his stable. Mr. Keene, who lived at Argentine, north of Cobalt, went out after dinner as usual to feed his cattle. When he failed to return, search was made and he was discovered dead in the stable. He had been in his ordinary good health and had made his usual rounds on Sunday morning. He had lived in Cobalt Camp for some nineteen years, having moved there from Collingwood, Ont.
Sunday evening or Tuesday morning there was another attempt to break into the store of V. M. Bowie & Co., Third Avenue. Effort was made to gain entry by prying the rear door with a bar. The would-be burglars, however, were evidently frightened away and left before completing their work, but left the plain marks of the attempt upon the door and casing.

MINNEAPOLIS HOCKEY FANS APPRECIATE FRANK

Signing of McGuire the Best News This Season, Says Minneapolis Star.

In a recent issue of the Minneapolis Star, there is a large double column picture of Frank McGuire, together with an extended reference to his qualifications as a star hockey player. The Minneapolis Star says:—
"Frank (Mickey) McGuire, left wing on the Cleveland hockey club last year, has been signed with Minneapolis this winter. This is the announcement made to-day by Lloyd Turner coach of the Rockets. McGuire is in Minneapolis, and decided last night that he would not turn professional like a number of his teammates, but will stay with the Minneapolis team in the amateur ranks. The signing of McGuire to play with the Rockets is probably the best piece of news announced so far this season, for McGuire is a well-known hockey player and he should be a sensation playing with such a club that Turner is getting together. McGuire was second highest in the league scoring last year and was considered one of the best wing men in the amateur game. He was offered several flattering professional contracts but turned them down. The star hockey player comes from Timmins, Ont., where he first took up the ice game, and was soon recognized as a good player. He then played with the leading amateur teams in Northern Ontario before moving to Cleveland. With the signing of McGuire the offense is pretty well completed. Turner stated this morning that he has signed about as many men as the team needs, at least for the present. McGuire is recognized as being one of the leading hockey players in the country and should prove a big help to the local team. Two workouts will be staged every day from now on and the team will be forced to go through the hardest kind of work to get in shape for the first game of the season. Turner had the men working-out at noon, doing skating and getting used to stick-handling, while in the evening he had his defense working with Thompson and McKinnon on the defense with Jonsson and Abels changing off. Indications are that anyone hoping to make a place on the Minneapolis hockey team is in for a hard grind. There are 16 players out at the present time, and Turner plans to carry about 10 or 12 men during the season."
Vision sees through things; grit sees them through

Money Gives Confidence

Those who have money carry on their work in life with greater confidence. A Savings Account with this Bank if added to regularly even with small sums will soon give you the confidence that only the possession of money can give. There is a Savings Bank Department at every branch of this Bank.
