## Banquet Tendered to the Schumacher Football Club

Interesting Event Last Week Proves Very Enjoyable. Juniors of Trinity United Church Present Delightful Operetta. Schumacher Poultry Fanciers' Win Many Prizes. Mr. F. W. Schumacher Again Giving Generous Christmas Gifts.

Schumacher, Dec., 9th, 1925. Special to The Advance.

The officials, players and a few friends of the Schumacher Football Club were entertained to supper at Mr. J. Campbell's "White Lunch" on Tuesday, Dec. 1st. The dining room was gaily decorated with the club's colours and the whole evening was a very pleasing one. Mr. Fred Duxfeld, manager of the team, occupied the chair, and in opening apologized for the absence of the President, Mr. Harry Leng, who was unavoidably detained, and the Captain, Mr. W. Robson, who had recently suffered a bereavement in his family. He also introduced Mr. J. Shewan and Mr. J. Jardine to the company present, while Messrs Bob Sterritt and Frank Korris, old-timers of football in Schumacher, were also present as guests. The boys did full justice to the splendid supper served and Mr. Campbell and his assistants had a busy time. After the tables were cleared, the boys had smokes and 4.4 beer. The toast of the evening was the "Schumacher Football Club," proposed by Mr. J. Jardine. Mr. Jardine in his remarks spoke highly of the class of football the Schumacher team played and he thought that with so many footballers coming into the district there was ample room for another district team in the camp to enter for the Northern Ontario cups and Ontario Cup. Mr. Jardine took this opportunity to thank the Schumacher Club for their invitation to the banquet, as he had thoroughly enjoyed himself and added that Schumacher was noted for good sportsmanship. He hoped that it would always continue to be so. Mr. Jas. Shewan, replying to the toast, stated that it gave him great pleasure to be amongst the boys and he greatly appreciated the good work done by the football club last season. He was very pleased to hear that the club had had such a successful time, both on and off the field. He remarked that all kinds of sport made better citizens and urged upon one and all to further the interests of Schumacher. During the past season the town of Schumacher had done well regarding cups won. They had not only good footballers, but runners, baseballers, and jumpers, and they must not forget what the firemen brought back from the Firemen's Tournament, which all went to show how Schumacher people went in for sports and pastimes. Mr. Duxfeld in his remarks stated that he was proud of the football team which had been both a playing and financial success. Their players had always played the game and the club had rewarded them by giving them the banquet that night. He thought the best game of the season was when they beat their friends from the Dome for the Schumacher Cup. They had also won the 5-a-side tournament held in Timmins, and he gave a special word to the Cornish team, whom they beat in the 5-a-side match. He did not yet know whether there would be football in Schumacher next season, as they had lost a portion of their playing pitch, but he hoped that if they could not play football in Schumacher, that their players would do as well for the clubs that they intend playing for. He also thanked the Ladies' Social and Welfare Committee of the Schumacher Football Club for their services towards the club. Messrs. T. Teasdale, W. Feathers and J. McGregor, also made brief addresses regarding the club. The following gentlemen contributed towards the evening's entertainment:—Messrs. Hocking, Teasdale, Feathers, Hamilton, Cran, Jardine, Wallace, Dougal, Campbell. The item by Jack Jenkyns and Ned Hill, "Our Flight Amongst the Angel," was well rendered, as also were the songs rendered by Miss Rosalie Robinson. Votes of thanks to Mr. and Mrs. Campbell and their assistants were passed. The evening was brought to a close by singing "Auld Lang Syne" and "God Save the King."

Mr. L. Salineous left Schumacher on Wednesday, December 3rd, for his home in Finland.

On Wednesday last, the Operetta, "The Golden Whistle," was presented by the Juniors in the basement of Trinity United Church, which was suitably decorated and wonderfully lighted. It was preceded by a Chorus of twelve little girls and their dollies in a cradle song, which was thoroughly enjoyed. The operetta followed and as the array of elves, roses, but-

terflies, birds and fairies poured on the stage one wondered when they would end. There were over forty children in the cast and each and all did their parts well and capably, especially the naughty white rabbit who it has been claimed was the star of the evening. The beautiful costumes were all made by Mrs. F. W. Gilbert, whose training of the children has won her well-earned praise. We understand that the play will be presented early in the New Year with a number of added attractions to lengthen a programme which was only too short. Well over \$100 was earned for the Church Building Fund.

Mrs. W. Cowan visited her daughter, Mrs. T. Mahon, of South Porcupine, on Wednesday of last week.

Mr. and Mrs. Garfield Heggart, who were recently married in Cobalt, are spending part of their honeymoon here, the guests of Mr. and Mrs. C. Swanson. The happy couple will reside in Timmins. We extend congratulations and best wishes.

Miss J. Belanger returned from Toronto on Saturday, and has resumed her duties as teacher on the staff of the Public School.

As the population of our town now exceeds 2,500, and is growing very rapidly it was decided to have an additional member on the local police force. Mr. James Cushing, the new official guardian, has had successful experience in Timmins, and should prove a very efficient and popular officer.

The local Orange Order will hold an open dance in the Recreation Hall on Monday, Dec. 14th. The Ramblers' Orchestra will be in attendance, and first class music is assured.

Mr. L. A. Marlin, M.A., Inspector of Public Schools, paid an official visit to the school during the week.

Several of our young people attended the Bachelors' Insomnia Club dance in South Porcupine on Dec. 3rd.

Mrs. H. Fairhurst, who was called to New Hampshire about two months ago by the illness and subsequent death of her father, Mr. Richard Davis, returned home last week.

Mr. Geo. C. Murphy returned on Wednesday from a business trip to Cochrane.

Mr. and Mrs. Richard Davis, of New Hampshire, are the guests of Mr. and Mrs. H. Fairhurst.

Rev. C. Armstrong Sales is confined to his home with a severe attack of tonsillitis.

Several of our citizens attended the Dedication service in the United Church, Timmins.

Mrs. Alex. Carey, of First Avenue, who has been a patient in the Timmins Hospital, returned home this week.

We regret to report the illness of Mr. McFarlane of the McIntyre Assay Office.

The evening service at the United Church was ably conducted by Miss Quick, deaconess of this district.

Mrs. John Kallio returned on Sunday from Toronto, where she has been a patient during the past month in the General Hospital. We are pleased to report that her health is very much improved.

The pupils of the Schumacher School, about three hundred and fifty in number, will receive gifts again this year from their friend, Mr. F. W. Schumacher, of Columbus, Ohio. The teachers too, receive beautiful and appropriate presents every Christmas time.

Our townsmen, Messrs Skelley and Tompkinson, were as usual very successful with their exhibits at the Poultry and Pet Stock Show held recently in Timmins. Many first prizes and several specials were brought home to Schumacher.

Don't forget the Bazaar in the United Church on Saturday afternoon, December 12th.

Several references have been made recently to pedigreed dogs in Timmins. Another recent acquisition to the dogs in town may be mentioned. Last week Mr. Wheeler brought to town a pedigreed Wolf Hound, direct from the Romanoff Kennels. This Wolf Hound has an imposing pedigree that includes nine champions.

## WORLD'S LATH RECORD CUT

On Friday, November 20th, the Manley Chew Sawmill, Midland, Ont., turned out a world's record cut of 132,900 four foot Norway Pine Laths, in 10 hours. This record cut was made on the P. Payette Co.'s New Patented Ball Bearing, 16 Gauge, Thin Saw Lath Machine, manufactured in Penetang, Ont.

The New Payette Invention takes out just half the kerf of the ordinary Lath Saw, and increases the quantity of Laths from 20% to 25% from the same amount of material.

With the decrease in standing Timber and with no hope of it getting any better, any machine that will increase our lath cut by taking out just half the saw-dust, is something that should interest any live and up-to-date Sawmill Man.

The wolf changes his coat, but not his disposition.

## INGENIOUS AFRICANS

Rubber is found floating around, in little globules, in the milky juice of the rubber tree. In order to separate the rubber from this juice the natives of Africa and New Guinea used to resort to an ingenious method. They smeared their bodies with the milk and when the liquid had evaporated, leaving the gum, this latter was easily removed.

More modern methods are of course in use now. The manufacture of rubber goods requires scientific skill and care. Columbus Rubber Boots are made from the best materials by experienced workmen and are thus able to maintain their well known reputation for comfort and durability. Dealers everywhere are proud to handle them.
