THE ADVANCE WISHES

sincerely extends best wishes for a perfect Christmas and a New Year sured here of the best support. as happy every day as Christmas Day this year,

Much has been written in regard to the spirit of Christmas. After all however, there is little more that can be said except to emphasize the fact that Christmas is a special season set apart by common agreement throughout the world, when thought for had criticism and censure to advance and for others in money. Science others, rather than for self, is upper- in thoughtless mood. Perhaps these will eventually reduce time, and the most in all minds. To think of others and particularly of the less fortunate,—this is the essence of the Christmas spirit.

The general happiness that seems to prevail at Christmas time is due to the spirit of the season. Men and women are never so truly happy as when they are helping someone else. This is so true that it may be wondered why selfish people are so shortsighted through most of the year as to allow this form of enjoyment to escape them. However, at Christmas time, every normal man, woman and child seems to embrace the pleasure that comes from friendship and kindness. There is no other satisfaction like it in this weary, woeful, wicked,

bright, happy and kindly old world. From every Christmastide there is carried forward into the new year a growing measure of the Christmas spirit, helping the old world on its way to better days. The world is growing better, after all, despite the cynics and the pessimists. Cruelties, common a century ago, inhumanities and injustices formerly regarded as matters of course, are not even read about today without horror and amaze- N. O. H. A. team! ment. Of course, the old world, with its thousands of years of evil and selfishness, has a long way yet to come. But, Christmas will eventually triumph, and brotherhood some day be universal.

Every succeeding Christmas helps! Accordingly, the civilized, the patri otic, the humanitarian wish is: "A Merry Christmas to All!"

SUGGESTS 15-DAY LIMIT BE SET FOR DEER HUNTING

The Richards Landing Council, St Joseph's Island, has moved that the Department of Game and Fisheries be petitioned to limit the open season for deer and moose on St. Joe's Island for 15 days for the following reasons: To protect the game; that it seriously interferes with farming; and that when game is killed in the forepart of the season, when the It was a fine exposition of good hoc- weather is warm, a great part is lost. key that the Timmins Juniors gave The council suggests November 15 to on a visit to his son William of Tim-
