Ferguson Avenue,  
Haileybury, Ont.

**Timmins Holds Famous North Bay Juniors to a Tie Score**

Interesting and Lively Exhibition Game here on Monday Evening Results in Score of 1 to 1. Big Crowd Delighted with Good Work of the Two Teams. Looks Like Speedy Hockey for This Season.

The North Bay Nugget on Friday last says:—"The Trappers Will Do!" All right, then, Timmins will do too!  
With close unto 1000 spectators present, the Timmins Juniors held the far-famed North Bay Trappers to a tie score in an exhibition match played on local ice, Monday evening. For fully an hour before the game started all roads led to the Timmins Rink, enthusiastic fans showing that amateur sport is still popular in Timmins by the record attendance at the first game on local ice this winter, and the game played by the youngsters who are representing Porcupine in the N. O. H. A. this season satisfied all, and it is safe to predict that the attendance will be still larger when the hereditary enemies of the blue-and-gold-clad miners, the tri-coloured papermakers of Iroquois Falls, visit here.

For the formal opening of the season, Mr. A. F. Brigham, general manager of the Hollinger Mine faced off the puck, and immediately after, the Timmins Citizens' Band, who were on hand some twenty strong, opened in to the first verse of "God Save the King," and cold weather and all, the entire audience rose to their feet and bared their heads—and then the National Game of Canada was off.

To pick a star in a team referred to quite often as Sam Eplett's Pets, would be hard. The boys, who have only had four practices, showed up well, every one, and the fans are already preparing to book reservations in Toronto for the time when the blue-and-gold of Porcupine appears for the first time in the O. H. A. finals. Levine, who was a sub goal tender for the Trappers last winter, and played junior in Timmins before that, showed up well. He was not kept so busy as the North Bay goal-minder, but the shots sent in on him were cleared well, and stopped nicely. Couture and Greco are both dangerous, and played a nice game on defence. They have both speed and hard shots, and combine nicely with the other players on the team. Teevin, in centre, played a hard persistent game, and with the combination displayed in the last period should be one of the stars on the local aggregation before the season is over. Ganton turned in a fine game. Lawrence, Charebois, Boyd and Arundell were used frequently, and while on the ice showed up well. Boyd is dangerous as a checker, and Charebois still packs the wicked shot Timmins fans were so used to last winter. Pinder the sub net minder was not used.

For the visiting Trappers, Clark in goal during the first period, and Sayer during the last two spasms turned in fine games. Barclay and Vail the defence men were dangerous, the last named being perhaps the most outstanding man on the ice during the evening. Arters in centre showed a disposition to loaf off-side, weakening his team in the first two periods with this offence. The Pelangio brothers are a dangerous pair, but have warmer tempers than Timmins fans are used to. Haman, Lee, Kilby, Killoran and Gillaude all played well, the last named in particular being a fast skater and hard shooter.

"Glad" Thompson, from the Hollinger Mine, refereed the game, officials of both teams expressing satisfaction in the manner Mr. Thompson acted, and this satisfaction was fairly general with the large crowd of spectators present.  
Cards with the line-up of both teams were distributed at the door of the rink, to assist the fans in familiarizing themselves with the players on both teams, particularly the sextette who are to bring honour to the blue and gold of the Porcupine this winter.  
Only one thing during the evening could be said to cause any regret, and that was the failure of a large number of the gentlemen present to observe the no smoking signs. When numerous cigarettes are lighted up in various parts of the rink, it does not take long for a cloud of smoke to form, which hangs over the ice in a blue pall, making it harder for the players to turn in the game expected of them, and harder for the spectators to see. All good sports should remember this, and at the next match refrain from smoking in the rink. Twenty minutes isn't long to go without a smoke, and there is lots of time between periods for all who care to, to have their smoke where it will not interfere with the players or spectators.

The teams were:—  
North Bay—Clark and Sayer, goal; Barclay and Vail, defence; Arters, centre; C. Pelangio, left wing; Haman, right wing; Lee, Kilby Killoran, Gillaude, P. Pelangio, subs.  
Timmins—Levine, goal; Couture and Greco, defence; Teevin, centre; Ganton, left wing; Lawrence, right wing; Charebois, Boyd, Arundell, Pinder subs.  
Referee—"Glad" Thompson, Hollinger Mine.  
Time-keeper—R. Carmichael.  
Penalty time-keeper—B. G. Wilson.

Goal Umpires—J. Monaghan and F. Boyce.  
1st period—When Mr. A. F. Brigham, general manager of the Hollinger Consolidated Gold Mines Limited, faced off the puck in centre ice, junior hockey got away to a start in the Porcupine Camp. Before the official face-off the Timmins Citizens' Band played the first verse of the National Anthem, and nigh on 1000 spectators rose to attention and bared their heads, then came the official face-off, and when referee "Glad" Thompson rang his bell both teams started off at 8.37 p.m.

The Timmins team took the offensive at the start, but did not get past the North Bay defence. The Trappers came back, but failed to get through to Levine. The three Timmins forwards went down and called on Clark, who was in the North Bay goal to make the first save of the evening. The play remained in the opposition territory until Vail and Haman broke away, but failed to get by the Miners' defence. C. Pelangio came and sent a wicked shot at Levine, which failed to find its mark and smashed in the boards. P. Pelangio came in on Levine but the guardian of the Timmins nets saved. The Bay lost the puck and play was transferred, but the Trappers speedily came back, Vail calling on Levine to make a nice save. End to end play now was the order of the night until Couture went in in a sensational rush but failed to find the net. Charebois signalized his initial appearance on the ice by a hard shot at Clark. Vail took the puck and came down sending a hard one in and skating in for the rebound, but missed his shot. Arters, the North Bay centre, was checked up for loafing off-side, the game being called repeatedly for this offence on the part of the little centre man from the "Gateway of the North." Killoran and P. Pelangio played a dangerous combination causing the Timmins defence several anxious moments. Ganton switched the play by calling on Clark to make a nice save. Arters took an off-side pass, but Levine saved. End to end play by both teams followed. Couture was showing up well in checking the fast Trapper forwards. Greco drew the first penalty of the evening when he was sent off for cross-checking Arters, near the Timmins net. Shortly after, with only four minutes to go Teevin scored on a pass from Ganton. The Miners pressed hard calling on Clark to go to his knees to save. Barclay drew the first Trapper penalty when he went off for tripping Teevin. The game slowed down some, until Ganton went in and sent a low fast one in at Clark, who saved in a creditable manner. The fast travelling Miner was going in again when the period ended, with the locals one goal ahead on a single-ton score.

2nd period—Sayer replaced Clark, in goal, Lee replaced Haman, and Kilby replaced Gillaude for this period. The locals took the offensive from the face-off. Teevin going to the box for interference. The Trappers came in but failed to get by the blue and gold defence. Teevin went down but lost in middle ice when he failed to pass the puck. Close checking stopped any end to end play at the time. Lee went to the box for tripping. Vail came down and sent a hard one in, which was a little wide. Greco went to the box for a rest. Ganton went in with a low fast one, but Sayer saved. End-to-end play prevailed, Vail breaking through and having only Levine to beat, but did not pass the Timmins goalie. The game had the appearance of speeding up some. Greco went in in a whirlwind burst of speed, but failed to bulge the twine behind Sayer. Charebois was sent to the penalty box for an enforced rest. Vail came in again, but shot from outside the blue and gold defence. Greco and Pelangio got into a mix-up near the Bay net, and for a minute it looked as though the whole of both teams would be embroiled, but Referee Thompson soon had the youthful scrappers in hand, and after a few seconds the game was off again. Levine was called to make a great save right after. Teevin came down in a wild rush, but lost the puck when Vail, who had lost his stick kicked it in front of the Timmins centre. The Trappers were showing improvement over their performance in the first period. Playing a rather ragged combination the Miners got in on the Bay net, but failed to pass Sayer. With the period thirteen minutes old Vail scored on a pass from Lee, tying the score. The red and white clad sextette pressed the play, but Levine was right on the job. After a few breathless seconds round the Timmins net, the blue and gold forwards went into Trapper territory, and proved to the satisfaction of the onlookers that Sayer was truly a wonderful netminder. Until the period ended Vail played a dangerous game, and was the most watched man on the North Bay team. Killoran, to save what looked a dangerous rush on Teevin's part, tripped up the Timmins centre and was sent to jail for his

attempt. The gong rang with the locals on the offensive. North Bay 1, Timmins 1.

3rd period—C. Pelangio came down but lost at the local defence. Greco went in but shot wide. Greco was stopped up by the referee when he was coming down the ice. Teevin tried a hard shot, Sayer saved. Greco and Teevin were showing up well in some nice combination, and were checking well. Arters got the puck, but was tripped by Lawrence who was sent to the penalty box. Pelangio was sent to the box when he mixed it with Ganton. The Trappers came down in a nice three man combination, but failed to get in on Levine. Ganton got in on the Bay net on a lone effort, but was tripped by Vail was sent off for an enforced rest. The play remained at the Trapper end, the Timmins forwards bombarding the citadel of the red and whites. Teevin and Greco turned in some nice combination at this time. Greco went to the box for tripping Arters. Gillaude was showing up well, and was playing a fast and dangerous game for the Bay during the whole of this period. Trappers worked hard to score but were forced mostly to shoot from outside the defence. Ganton and Teevin had a nice try at combination, but did not pass Sayer. Boyd called on the North Bay goalie to make a nice save, twice in succession. Ganton tried one from close in but was high. Playing nice combination Teevin and Couture went in but could not bulge the twine in the Trapper net. With the locals showing up well, and keeping the play in the North Bay end of the rink, the first match on Timmins ice this winter closed, both teams a tie, and being an exhibition game no overtime was played.

Score by periods:  
1st period—Teevin on pass from Ganton—16 minutes.  
2nd period—Vail on a pass from Lee—13 minutes.  
3rd period—No Score.  
Timmins 1—North Bay 1.

Bachelor—"I got a box of cigars from Widow Jones."  
Friend—"Ah, I see, widow's weeds."

Ikey: "I like the suit but it costs too much! too much money!"  
Mrs. Ikey: "Ah, buy it Ikey. Don't be so Scotch."

**THIS RIVER WORKS HARD**

It is estimated that the Amazon River, every twenty-four hours discharges into the sea a quantity of sediment sufficient to form a solid cube 500 feet on edge. The great waterway is navigable for about 2,200 miles and is very convenient for the transporting of the crude rubber for which this district is noted.

This crude rubber must be carefully treated to make it finally into such excellent articles as Columbus Rubber Boots. They are designed and constructed to give maximum comfort and long life. No pains are spared to make them what they are—the very best that can be bought. At all the best dealers.
