**THERE ARE RARER THINGS
THAN A DAY IN JUNE.**

"What is so rare as a day in June?" asked the poet. And the question was asked as if there were no answer. There are many things these days much rarer than all the days of June together. For instance, you may see thirty days in June, but these days do you ever see or know:

- A girl with long hair.
- A carriage and pair.
- A woman with a bun (artificial).
- A man with long whiskers (real).
- A lady with long skirts.
- A gentleman with a silk hat.
- A barber who lets a customer forget to pay for his shave.
- Somebody who is satisfied with the Timmins post office.
- Anybody who thinks he couldn't run a newspaper better than the news papermen at the game. And, rarer of all, anybody doing that same.

**BOY SHOT BROTHER WHILE
PLAYING WITH A RIFLE.**

A despatch this week from Porquus Junction says that while Carl Rese, age six, was teaching his younger brother, Oscar, age four, the intricacies of a .22 rifle the weapon accidentally exploded, the bullet passing through the calf of the little fellow's leg.

Mrs. Rese who was outdoors ran inside and found the blood spurting from the injured leg. The little fellow was rushed immediately to Dr. Day's hospital at Connaught where the wound was dressed. The accident occurred on Tuesday and the injured lad was taken home Thursday.

Investigation of the accident revealed that the rifle had been empty and the six-year-old had had gone to the box of cartridges and loaded it himself. It went off, he claims, while he was showing the weapon to his brother. The parents, Mr. and Mrs. Rese reside on a farm near Porquus Junction.

**SEVERAL MEN THOUGHT TO
BE DROWNED AT TIMISKAMING**

The Ottawa Journal on Wednesday says: "When Walter Carter, carpenter of Westboro, met death by drowning at Timiskaming, Que., last Wednesday, one other man and possibly more were also drowned, according to Mr. John T. McBride, 589 Somerset street, who until Saturday was employed by the Fraser-Brace Construction Company. "When Mr. McBride left the company's office, he says, he was told that at least four men had been drowned, although Mr. Carter was the only Ottawa man. At the time he left insufficient time had elapsed for a checking up of the number of men believed to have been lost.

The fatalities occurred as a result of a log bridge across Gordon Creek giving away under pressure of ice from upstream, which plunged all the men on it into the icy water. At that point the river contains a strong current and is about 30 feet wide.

"Mr. McBride knew that Mr. Carter was one of the men drowned, because one of the men watching the river for bodies had identified his body in the stream, but due to floating ice and the swift current had been unable to bring it out of the water. "Mr. McBride heard also that a man from North Bay and another from Syracuse, N.Y., were among the victims. While he had heard that four were drowned in all, Mr. McBride admitted that perhaps there were not more than two. The full list of the missing might not be known for several days."

**A DELAYED PRECAUTION
(From The Detroit News)**

All but one of the 11 dozen 'fresh' eggs sold to a Bay City grocer by a slick farmer proved to be spoiled. If the farmer had only used the old reliable method of candling the eggs, that one good one need not have got in.

**NOW WILL SOMEONE PLEASE
TELL ANOTHER ONE NOW?**

Paris—While a train was travelling about 50 miles an hour a boy of seven fell out. The mother, who had six other children with her, tried to jump out after the boy, but was prevented by other passengers. When the train was stopped the guard found the child walking to ward the train unhurt.

**MATHESON PEOPLE ARE
SUCCESSFUL IN ACTION.**

A despatch last week from Matheson to The Nugget says: "In the actions entered on Thursday of the last week by Child's Hardware Joseph O'Connors, Archie McChristy, plaintiffs, and Hattie Gold Mines Limited, defendant judgement was given in favour of the plaintiffs for the amount of claims and costs. Cases were up for hearing before Judge Caron and G. H. Hunt, barrister of Kirkland Lake, acted for the plaintiff."

**ENJOYABLE EVENINGS AT
SCHUMACHER CALEDONIANS**

The recent meetings of the Caledonian Society of Schumacher have proven unusually pleasing and successful. The regular social evening on Dec. 16th and the open dance on New Year's Eve, (Hogmanay) were two events that will be long remembered. Special mention should also be made of the social evening on Dec. 2nd. On that occasion the regular routine of dances was varied by numbers rendered by local talent. Vocal solos by Miss Rosalie Robinson, Mr. Geils and Mr. Little were received with hearty applause and much appreciated. Recitations by Miss Betty Paterson and Mr. A. J. Downie were enjoyed equally as well. A paper written by Mr. D. MacDonald on some of his early adventures on sea and land, and read by his son, Charles, proved very interesting and informative. The Schumacher Caledonians are making much progress and intend to maintain the high standards now set. They are expecting a very pleasant evening at the dance scheduled now for Wednesday evening, January 20th.

**CHARGED WITH CRUELTY
TO SEVEN-YEAR-OLD CHILD**

Mrs. Moleski, of the Gillies Lake section, was arrested last week on charges of cruelty to a seven-year-old foster child. The complaint was laid by Inspector Oscar Robertson of the Children's Aid Society, following investigation of reports coming to his attention. The child told the Inspector that she had been thrashed with a leather whip and subjected to other cruelties, including that of being made to kneel in her bare knees upon two beams, at the same time holding a milk bottle above her head. If she tried to lower her hands or change her position the whip would be used, the youngster told the Inspector. She said she would be kept in this position for an hour. When the Inspector visited the house the child's body was found to be marked as though a whip had been used. The woman resented the Inspector's visit, and he says she poked him one in the eye. She ran outside, and the Inspector following her found her attempting to get rid of something in the snow. He rescued the article, which proved to be a cruel-looking whip, with a handle of wood and long leather thong. The youngster said this whip was the one used upon her. The Inspector laid information against the woman and Officer Fulton and Cushing arrested her. The little girl was taken to Mrs. Moffat's hospital for the evening though she is not seriously harmed. The child was well dressed, and, apart from the marks on its body, seemed to be well cared for physically.

Very sincere sympathy will be extended to Mr. and Mrs. David Bough, Balsam street, in the death on Wednesday, Jan. 13th 1926, of the dearly-loved little son, David Arthur Bough, aged eight months. Death was due to an affection of the heart.

The eighth annual poultry show of the Nickel Belt Poultry Association was held last week at Sudbury. It proved the best in the history of the Association. There was a very fine showing of birds. Over 400 paid admissions were received.

"I paid the plumber the last instalment to-day. Thank goodness! I can at last take a bath with a clean conscience."

Did you ever know or hear a hen starving to death waiting for the worms to wriggle to the surface?

WANTED

WANTED TO PURCHASE—A set of the latest edition of the Encyclopedia Britannica. Must be in perfect condition. Will pay spot cash. Apply Box D.H., Advance Office, Timmins. -2p.

Quebec Winter Sports Off to Good Start

(1) From left to right:—W. B. Thompson, McGill; R. S. Whitney, Yale; C. Beaubien, Loyola, Montreal; J. Beaubien, Loyola, Montreal; R. Whitney, Yale; J. Fortier, University of Montreal; P. Mousseau, University of Montreal; R. Plante, Laval, Quebec; G. Tache, Laval, Quebec; S. Audette, Ottawa. (2) Isabel Courser in action. (3) W. B. Thompson making his 95-foot jump. (4) W. B. Thompson, of McGill University, Montreal.

Daring jumps into space were the opening features of Quebec most brilliant winter season when the International Intercollegiate Ski Jumping teams lined up for the famous trophy on December 30, at the Ancient Capital. W. B. Thompson, of McGill University, scored the longest jump of 95 feet, but J. Beaubien, of Loyola College, Montreal, was awarded the maximum number of points because of his fine form, although he jumped only 91 feet.
Among the university teams taking part in the contest were McGill, Loyola, Ottawa, Montreal, Yale, and Laval. Although it was very cold, large crowds turned out to see the contest, three grand stands on the Dufferin Terrace being packed.
Isabel Courser, nineteen-year-old Miss who holds the world's woman championship, treated the spectators to a daring exhibition, while Ivid Nelsen, Canadian Champion, set a new record for Quebec by jumping 101 feet.
The International Ski Trophy was awarded to the triumphant Loyola College team. Two nights later the Terrace was to be seen in sparks and flashes. Parties from the New England States arrived in force

to take part in the New Year celebrations, and a fireworks exhibition was staged soon after nightfall. Numerous outings were arranged and the winter carnival was at its height and ready to go strong for the rest of the winter from the first week in January.
Another highly interesting event at Quebec, on December 30, was the International cross-country ski race, won by W. B. Thompson, of McGill University. The course is over a difficult five-mile stretch. Tache, of Laval University, Quebec, was second in the cross-country race, and J. Beaubien, of Loyola, Montreal, was third.
The Yale University contestants were left far behind, in both the ski jumps and races, by their Canadian opponents. H. Whitney and R. S. Whitney, of Yale, were seventh and eighth, respectively, in the cross-country race. They had the very same position in the jumping contest.
Heavily-laden sleighs are to be seen going slowly through the old city at all hours of the day and night. Visitors seemingly never tire of the wonders of the quaint French-Canadian capital.
