**A NEW RADIO**

An Irishman was going home about ten o'clock at night. He was stopped by a good-feeling fellow countryman sitting by the roadside. "Shish—" said the sifter. "Listen to that wonderful Rhadio—it's not so clear I can understand—listen." The sober one remarked: "Pat, get up and go home—you're sitting on Mrs. Murphy's pet cat."

**30 DAYS CLEARING SALE AT N. ANSARA'S, 30 THIRD AVE**

Last week saw the start of a big 30-day clearing sale at N. Ansara's, 30 Third Avenue, and the event started on Saturday with a swing. \$50,000 worth of high-class winter and spring goods went on sale at greatly reduced prices, the price-cutting knife trimming prices on everything in the store,—Men's wear, ladies' and children's goods, household furnishings, dry goods, boots and shoes, etc. etc.

**TIMMINS TUXIS WIN FROM SOUTH PORCUPINE 6 TO 1**

Timmins stepped into South Porcupine on Saturday to play a Tuxis league hockey game with the South Enders, and emerged on the long end of a 6-1 score.

The score hardly indicates the play, for the South Porcupine lads were dangerous at all times, but the back-checking of the Timmins forwards combined with good defence work kept the score down.

For South Porcupine Lorti and Michaelson were best, both getting in some good work while Burns in goal saved his team from a worse defeat.

Ruppert with two and Guillardino with four did the scoring for Timmins, but it would not be doing justice to the rest of the team to pick outstanding players as they all worked well, even to the subs. Donaldson, Guillardino and the forward line dished up a brand of combination that was hard to stop, while Langdon and Wadsworth played a good defence game, with Langdon rushing well at times. Craig in goal was not called upon often, but he was there when play demanded it.

Sullivan accounted for South Porcupine's only goal, on a pass from Michaelson.

The teams were:—Timmins—Craig and Cuthbertson, goal; Langdon and Wadsworth, defence; Donaldson and Ruppert, wings; Guillardino, centre; Hardy and Sterling, subs. South Porcupine—Burns, goal; Lorti and Burns, defence; Michaelson and Lorti, wings; Sullivan, centre; Levinson and McDougall, subs.

**BOND SELLING CAMPAIGN CLOSING THIS EVENING**

"Father and Son" Banquet to be held in Basement of the Presbyterian Church in Connection With Work for Boys.

The bond selling campaign in connection with the Boys' Work Movement in Ontario closes this evening. In Timmins and district the campaign has been very successful, the people in general making good response. The bond-selling idea is sponsored by the Boys' Parliament of Ontario, the idea being on the one hand to secure funds for carrying on the Trail Rangers and Tuxis Boys' work, and on the other hand to assure the general public dividends in improved citizenship in the boys now growing into manhood.

There will be a "Father and Son" banquet in the basement of the United Church, Timmins, this (Thursday) evening, commencing at 6.15 p.m., to observe the close of the bond-campaign, and also as a part of the boys' work movement, the boys being encouraged to take part in public affairs so as to be fitted for the general duties of citizenship as they grow up. The boys this evening will take part in proposing and responding to toasts. A similar event last year was of noteworthy interest, the boys showing especial talent and originality.

**THAT PRECIOUS SIXTH**

A teacher tells of an incident in a primary school examination over which she presided. One of the questions was with reference to the five senses and a bright pupil handled the subject this way:

"The five senses are sneezing, sobbing, crying, yawning, coughing. By the sixth sense is meant an extra one which some folks have—this is snoring."

**TIMMINS TRAIL RANGERS WIN THIRD STRAIGHT GAME.**

The Timmins Trail Rangers won their third straight game Saturday morning at the Timmins rink by defeating South Porcupine 3-3.

Dome defeated Schumacher 3-1.

The boys are showing steady improvement especially in their combination. Several nice combination rushes were responsible for scores.

The teams were:—Timmins—Robertson, goal; Dewar and Mullen, defence; Hudson, right wing; Ellies, centre; Williams, left wing. Porter, Paice and Engle, subs. South Porcupine—Howton, goal; Bostrom and McNulty, defence; Jason, right wing; Caterello, centre; McDougal, left wing; McInnis and Martin, subs.

Scoring by:—Paice, Hudson 5, Dewar 2, Timmins; and Jason and Bostrom 2, South Porcupine.

Hudson and Jason were the individual stars of the two teams. Pete Hackett officiated to everyone's satisfaction.

**RATHER HARSH**

A man is something that can see a pretty ankle three blocks away while driving a motor car in a crowded city street, but will fail to notice, in the wide, open country-side, the approach of a locomotive the size of a school house and accompanied by a flock of forty-six box cars.

**COCHRANE HAS A NEW WEEKLY NEWSPAPER NOW**

A second newspaper has been started in Cochrane, the new weekly journal being called The News. Of course, Cochrane is not large enough to warrant two newspapers, and it is accordingly only a matter of time until the old-established Post or the new News pass away unless one or both are supported in some outside way. With the present strenuous conditions throughout Canada for newspapers two journals can not remain prosperous in a community no larger than Cochrane. Even with the increased prospects through the big-pulp and paper industries promised for the Cochrane district in the future, there does not seem to be field enough to maintain two newspapers. This is not said to discourage anybody or to wish either of Cochrane's papers hard luck, but during the past five years conditions have changed so materially in the publishing business as to make costs and competitions so keen that a large field is necessary to assure any paper a fair measure of the prosperity without which it can not exist.

The first issue of The Cochrane News is bright and newsy, though handicapped by an amateur touch. Perhaps The News can increase rapidly in newness and brightness and decrease in the signs of the inexperienced. In any case all will wish well to Post and News,—and the devil tak' th' hindmost. And he will.

**Mutual Life's Unbroken Progress**

**\$3,796,982 Surplus Earnings in 1925 Shows Exceptional Strength of the Mutual Life of Canada**

**Pioneer Mutual Company Has Record Sum for Distribution to its Policyholders**

THE 56th year in the history of the Mutual Life Assurance Company of Canada was marked by solid and substantial progress. It is gratifying to note from the reports made to the policyholders at the annual meeting on February 4th that the 1925 operations of Canada's pioneer Mutual Life Company compare very favorably with the record results achieved in 1924. The 56th milestone in Mutuality marks 56 years of unbroken prosperity.

Our Policyholders—who alone constitute the Company—rightly judge the strength and progress of the Mutual Life of Canada by its surplus earnings from year to year. The surplus earned by this Company during 1925 totalled \$3,796,982.41—an increase of \$296,724.41 over the surplus earned in 1924, in which year all previous high-water marks were far surpassed. These remarkably favorable earnings will enable the Company to continue to pay dividends to Policyholders on the same liberal scale in 1926 as heretofore, and, in addition, the free surplus available for contingencies has been increased by \$607,981.91. The amount paid to Policyholders in 1925 was \$7,201,403, an increase of \$969,252 over the 1924 total.

**Steady, Safe Growth in Business**

Healthy expansion of the Company's business is again recorded for 1925, by the end of which year the total in force amounted to \$322,529,285. At the end of 1924 the assurances in force totalled \$295,729,866, so that 1925 showed a net increase of \$26,799,419. The total new issue for last year was \$45,573,577—an increase of \$2,249,280 over the 1924 volume of new business.

Notwithstanding this very considerable increase the expense ratio—already notably low—was again reduced on 1925 business. The percentage of income required to cover general expenses was cut from 15.50% in 1924 to 15.23% in 1925.

This economy in administration was one factor contributing to the exceptionally high surplus earned for Mutual Policyholders. Very favorable mortality and an equally favorable interest rate on invested assets were other factors.

**Low Mortality and Higher Interest**

An extraordinarily low rate of mortality was experienced in 1924, the actual death strain being only 36.01% of the expected, so that although the death claims paid in 1925 exceeded those of 1924, the mortality ratio—37.95%—was still very favorable.

Although throughout last year the trend in bond prices was toward higher figures (with consequently lower yields), coupled with a tendency toward lower rates of interest on mortgage loans, the Company was able not only to maintain the average rate of interest earned on its invested funds, but to make a slight increase to 6.42%.

**Assets Steadily Increase**

Indicative of the impregnable financial situation of the Company is the \$5,556,800 increase in accumulated assets, which now total \$72,517,566, as against \$66,960,767 at the end of 1924.

By every test, the principle of Mutuality—whereby the profit-participating Policyholders receive back the entire net profits—justifies confidence in the continuance of benefits to Mutualists in the coming years.

**Benefits to Policyholders Strikingly Shown in 56 Years' Record**

YOUR attention is directed to the following statement of the total benefits paid to policyholders and beneficiaries since the Company was established fifty-six years ago. These figures show how well the aims of the founders of the Company have been realized.

(1) Death losses on completion of Claim Papers	\$20,754,185.90
(2) Matured Endowments and Annuities	11,052,358.47
(3) Surplus	19,005,064.08
(4) Surrender Values	9,626,852.15
(5) Other Payments	78,965.74
	\$60,517,426.34

And it holds at this date for the security of its Policyholders: Reserves on 3 1/4% and 3% standard	\$58,713,297.23
Provision for unadjusted claims and prepaid premiums	351,231.37
Dividends due, deferred and accumulative	10,006,817.43
Additional Reserves and Surplus Funds	2,976,316.16
Total	\$72,047,662.19

Total paid to and held for policyholders \$132,565,088.53.
