LANCASHIRE CLUB HAVE VERY ENJOYABLE NIGHT

A very pleasant evening was spent on Saturday last at the Hollinger Recreation Club, the event being the Ladies' Night of the Lancashire Club. Daicing was one of the main pleasures of the evening. Solos by Mr. A. J. Downie and Mr. Jerkin were delightful features also on the programme. The "Steamer Dance" was one of the happy novelties of the evening the crowded floor being completely entangled in streamers, bright and gay. Two other novelties of the evening were a "Cinderella Dance" and a "Dummy Dance," in the latter two dummies being used and passed on to others by tagging. The A. S. D. Club orchestra provided the best and plenty of music. The refreshments were the best also, and in plenty for the large gathering. Next Saturday will be "Bachelors' Night," and will be a fancy dress dance.

There will be a Valentine Dance, under the auspices of the Kiwanes (the ladies of the Kiwanis Club), on Friday evening of this week, Feb. 12th, in the Masonic Hall. Past successes under the same auspices assure a pleasing evening for all attending the event to-morrow night.

ITALIAN SETTLEMENTS SUGGESTED FOR NORTH

Among the people from other countries coming to live in the North Land those from Italy have proven generally as particularly good citizens. In this district there are Italians in business, in the mines, in various trades and professions, and they are good Canadians because they are good citizens. Industrious, cheerful and anxious to do their part fairly, they are valuable additions generally to citizenship here. There are a number of natives of Italy who have taken up farming and dairying and they have

made a success and proved of value to the communities in which they have taken up residence. On account of this there will be more than usual interest in the following from a recent issue of The Toronto Globe. Apart from new citizens from Great Britain, no other European immigrants deserve more hearty welcome than those from Italy. The Ontario Government would do well to make special efforts to secure a good share of the immigration from England, Scotland and Wales under the new immigration plans recently inaugurated under the joint auspices of the British and Canadian Governments. It might be

well also, however, to give careful consideration to the plans and proposals of the Italian Aid and Protective Society. The following is the item in The Globe referred to above:—"Asking that Ontario welcome and assist Italian agriculturists who have been debarred from the United States by the quota law, a deputation waited C. Cain, Deputy Minister of Mines and Forests, at the Parliament Buildings. The deputation was introduced by W. H. Edwards, M. P. P., and included D. A. G. Glionna, President of the Italian Aid and Protective Society, and Salvatore G. Majorano of

80 Madison Street, New York City. Both Mr. Glionna and Mr. Majorano told the Deputy Minister that they have been approached by a large number of residents of the rural sections of Italy who want to emigrate and have been debarred from the United States by the quota law. They asked the Province of Ontario to set apart a certain section for these people preferably in Northern Ontario, where a large community centre might be established. It was promised that only the best class of immigrants would be brought to Ontario. The society in connection with the general scheme of colonization proposed to

establish a centre in the city where the new arrivals may be received and welcomed to Ontario and escorted to their destination by agents of the Province or of the society. The proposals made by the deputation will be considered by Government and an answer given in a few days."

Mr. W. H. Metcalf, druggist, of Haileybury, recently fell at his home and received a painful cut on the back of his head. He slipped on a small rug on the polished floor and fell, striking his head on the radiator. Six stitches were required to close the wound.
