All here, however, will wish him the best of luck, and at the same time congratulate Kirkland Lake on securing another talented good citizen.

While attending the furnace at his home this week Mr. F. J. Wolno was slightly burned. He was re-kindling the fire which had gone down so low that he thought it was out, but the blaze suddenly struck up, the flames rushing through the door and singeing his eyebrows as well as slightly burning him about the face and head. He will be confined to the house for a day or two, though not seriously burned. He was standing a little back from the furnace door when the flames shot out.

Why do the newspapers in other towns and cities always pick on Timmins when something unpleasant is to be said? The North Bay Nugget heads a despatch from South Porcupine, "Manslaughter Charge Faces a Timmins Man." Timmins has nothing to do with the case. A Dome Mines lady was killed by an auto driven by a South Porcupine man. Why drag in Timmins? The only part that Timmins has in the matter is to deeply regret that a good woman is an her grave through an accident and that a man is facing trial on a serious charge.

## SURPRISE PARTY AT THE NEWRAY MONDAY NIGHT

Miss Muriel Olton Honoured on Eve of Departure for St. Catharines, Ont.

Schumacher, Feb. 11th, 1926. Special to The Advance.

On Monday evening a very enjoyable time was spent at the Newray mine when about twenty of the young people of the Newray and Schumacher gathered to give Muriel Olton a surprise party and shower on the eve of her departure for St. Catharines where she is entering the training school for nurses. She was the recipient of many beautiful and useful gifts as a token of the well wishes of her friends and companions. Mrs. R. Lafferty and Mrs. A. Lee were the hostesses of the evening and served a very dainty lunch at midnight, after which the party broke up with the old songs, "For she's a jolly good fellow," and "Auld Lang Syne."

The passengers in the Hamilton bus, en route from Timmins to Schumacher on Tuesday evening, had a very exciting experience. At a point about mid-way between the towns, the public conveyance suddenly swerved and in a moment was in the ditch, but fortunately did not turn over or your correspondent would have had a sadder tale to relate. Several lady passengers showed great calmness in the hour of peril. Efforts were made to right the vehicle but without avail, and the passengers were compelled to pursue their little journey on foot to their respective places of abode, congratulating themselves on their narrow escape. The rutty condition of the highway was probably the chief cause of the accident.

The boys had been asked to write an essay on any animal they liked, and some surprising efforts were received by the master. One of them, evidently supposed to be a description of a mule, read as follows: "The mule is harder than the guse or turkie. It has two legs to walk with, two to kick with, and wears its wings on the side of its head."

They had been on their much-talked-of trip abroad, and had now returned home. "And what did you think of Venice?" asked a neighbour. "Venice?" murmured Mrs. Greening. Then she turned to her husband, "Did we go to Venice, George?" "Don't you remember that we stopped there, and there was a flood on, so we didn't leave the station."

Mr. Albert Tindall and son, of Montreal, were Timmins visitors last week.

## WINTER WINDS WILL NOT CHAP

Campana's Italian Balm prevents chapping of the hands and face in winter time. The cold wind evaporates the natural moisture of the skin, leaving it dry and shrunken. Campana's Italian Balm replaces this natural moisture. All druggists and departmental stores sell it. A special sample bottle mailed on receipt of 5c.
