ONE THIN WOMAN GAINED 10 POUNDS IN 20 DAYS
SKINNY MEN CAN DO THE SAME.

All weak men and women.
All nervous men and women.
All skinny men and women.
Can grow stronger, healthier and more vigorous and take on solid needed flesh in 30 days just by taking McCoy's Cod Liver Extract Tablets four times a day—sugar coated and easy to take as candy.
And what a hit these flesh producing tablets have made. One druggist tripled his sales in one week.
Everybody knows that from the livers of the humble codfish comes a first class vitamin that is a wonderful vitalizer, flesh producer and health creator.
Millions of McCoy's Cod Liver Extract Tablets are sold every week and thousands of frail rundown underweight people are being helped.
A box of 60 tablets for 60 cents and if any skinny man or woman doesn't gain at least 5 pounds in 30 days—money back. Ask any good druggist anywhere in America.
Be sure and get McCoy's, the original and genuine and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust.

OPENING OF THE ANSON MEMORIAL HOSPITAL AT IROQUOIS FALLS

The official opening of the new Anson Memorial General Hospital at Iroquois Falls took place on Friday last. The Abitibi Power & Paper Co. and the Town of Iroquois Falls made it an interesting and impressive event in keeping with the importance of the new institution to the district at large. In addition to the people from Iroquois Falls and immediate district there were many from more distant points. Including in the list of visitors for the occasion were:—

Dr. W. E. George, Medical Health Officer for this district, North Bay; Alex White, Dept. of Industrial Hygiene, Toronto; Geo. W. Lee, Chairman T. & N. O., North Bay; Col. L. T. Martin, Commissioner T. & N. O., Ottawa; Col. J. J. McLaren, Commissioner T. & N. O., Hamilton; T. J. Mahoney, M.P.P., Wentworth, South, Hamilton; A. P. Costigane, Sec. Engineer, Can. Pulp & Paper Makers' Association, Toronto; Jasper Humphrey, General Supt. C. P. R., North Bay; J. H. McDonald, Ex-Mayor, North Bay; J. O. McKerron, Traffic Manager, A.P. & P. Co. Ltd., North Bay; Dr. Campbell, North Bay; C. F. Brown, North Bay; Geo. Whitley, North Bay; E. D. Loney, "The Nugget," North Bay; Otto Thorning, "Northland Post," Cochrane; Geo. Lake, "Porcupine Advance," Timmins; Dick Pearce, "Northern News," Cobalt; J. Drinkwater, Mayor of Cochrane; Arthur Leroux, Reeve, Ansonville; Frank K. Ebbitt, Mayor of Iroquois Falls; Mrs. J. M. Coghill, President District Women's Institution, Elk Lake; Very Rev. J. E. Woodall, Archdeacon of Temiskaming, Porcupine Junction; Rev. J. C. Hutton, United Church, Monteith; E. R. Tucker, Public Magistrate, Cochrane.

The visitors were greatly impressed with the wonderful new hospital. As Mr. Alex. White, of Toronto, said in his brief address at the formal opening ceremony, "wonderful" is the only word that will describe it. The visitors were also impressed particularly with two other points in connection with the event. One was the generous attitude of the Abitibi Co. in planning the new hospital for the general use of the whole district. The other was the kind hospitality extended to all the visitors and the very evident desire of everybody to do everything possible to make the visit a pleasantly memorable one.

The out-of-town visitors were invited to meet at the hospital at seven o'clock. There they were cordially wel-

An Epoch in the History of the District of Cochrane. Hospital Equipped in Most Up-to-date Way is Open to Whole District. Interesting Event in Connection with Official Opening of New Institution on Friday Last.

comed and shown through the building, there being a large number of efficient and capable guides giving very courteous and helpful service along this line. Then refreshments were served to the visitors, while the townspeople inspected the new hospital.

The meeting for the formal handing over of the keys to the new hospital was held in the Parish Hall. A very pleasing orchestra furnished very attractive music. Mr. R. A. McInnis, general manager of the Abitibi Co., was chairman of the meeting, and among those on the platform were: Mayor Drinkwater, of Cochrane; Chairman Geo. W. Lee and Commissioners L. T. Martin and Col. McLaren, of the T. & N. O. Railway; Dr. George, North Bay; District Representative of the Dept. of Health of Ontario; Mr. Alex. White, Toronto, representing the Division of Industrial Hygiene; and Dr. H. Martland Young, superintendent of the new hospital.

Mr. R. A. McInnis, after a pleasing welcome to the visitors, referred to the fitting of the hospital as a memorial to the late Mr. F. H. Anson. It had been Mr. Anson's great wish to see proper hospital accommodation to meet the needs of all the district, and this wish had met the full-hearted support of his successor as president of the Abitibi Co., Mr. Alexander Smith, who made it his especial care to see that the hospital idea was carried through. "This hospital belongs as much to the whole District of Cochrane as to the people of Iroquois Falls, but of course we will see to it that our own people are well looked after in it," said Mr. McInnis. Mr. McInnis also paid tribute to Mr. Thomas Mills, who built the hospital and who was responsible for every step in its erection. The applause that greeted Mr. McInnis' tribute showed that townspeople and visitors alike seeing the beauty and finish of the completed structure agreed very heartily with the chairman's words of appreciation.

Mr. Geo. W. Lee, Chairman of the T. & N. O., spoke most interestingly of his early knowledge of Iroquois

Falls. He also paid due honour to the memory of his friend, the late Mr. F. H. Anson, "a man of great vision—a man in a thousand." In the present president, Mr. Alexander Smith, Mr. Lee also saw a man of great talent and breadth of mind, and he believed the future of the industry and the district safe in such capable and earnest hands. Speaking of the new hospital, Mr. Lee said that though cities like Toronto might boast of bigger buildings, they could pride themselves on none more completely equipped. "This hospital is the most fitting tribute to the memory of the greatest man the North has known," said Mr. Lee. The T. & N. O. Commission, he concluded, were anxious to have some part in the work, and so would like to present a radio set to the nurses. "I think I can get that through, even if there is a Scotsman on the Commission," said Mr. Lee amid laughter.

Mayor James Drinkwater, of Cochrane, complimented the town and district on the magnificent hospital provided. His humorous sallies were also much enjoyed.

Col. Martin, of the T. & N. O. Commission, touched on the contribution made by the Abitibi Co. to the growth of the district. They had founded a great industry and this had brought other development in the district. The Company had shown great public-spirit, and he believed that the opening of the new Anson Memorial General Hospital would be of greater far-reaching effect and benefit than realized to-day.

"Truly a wonderful hospital," said Mr. Alex. White, who also spoke of the good work for the people accomplished by the Abitibi Co. Touching on the value of a doctor in a community like the Falls, Mr. White pointed out that the doctor's duty did not rest at healing disease, but his best efforts were really given to preventing accidents and warding off disease, illustrating the point by saying that a master mechanic gave his machines such constant care that they were never ill but always in the best of working order.

Dr. George explained that Hon.

Forbes Godfrey had looked forward to coming to the opening of the hospital, but on account of the approaching session of the House he had been forced to forego what he would certainly have esteemed as a pleasure and a privilege. Dr. George gave an interesting outline of the history of the hospital idea from the time when the sick and injured were treated in open shops on the streets of Rome to the present day with its wonderful hospitals like that of the present one at Iroquois Falls. Dr. George emphasized the credit due to the Abitibi Co. for erecting and equipping such a fine hospital. "I have had dealings, personal, professional and official with the Abitibi Co., going back over a great many years, and there is one thing I would like to say with emphasis and that is that the Abitibi Co. certainly has a heart," said Dr. George. The new hospital, he said, was a tribute to the heart of the company and its founder, the late Mr. F. H. Anson. Dr. George paid appropriate tribute to Dr. Young, the superintendent of the new hospital. "I feel that Dr. Young deserves a great deal of credit and I wish to state so publicly on behalf of the Department of Health and the Minister of the Department," said Dr. George. The gathering showed its appreciation of Dr. Young by the continued applause that followed the tribute so well merited. As Dr. George formally handed over the keys of the new hospital to Dr. Young there was further enthusiastic applause.

On coming forward to reply Dr. Young was greeted with round after round of applause. He spoke briefly but very effectively outlining the duties and the responsibilities that rest upon the board of governors and the staff of an hospital. He thanked the staff for the whole-hearted co-operation given in getting the hospital ready to open. He emphasized the fact that prevention is always better than cure, and touched on the ways in which the hospital and medical men and nurses can benefit the public by advancing corrective and preventive measures. "It shall be my endeavour," he concluded, "and I speak for the staff as well, to further the interests of this community in every way, and make the hospital not only for the care of the sick, but also for correction and prevention."

IROQUOIS FALLS. PARIS HOTEL
Now open for business. First-class rooms, and steam heated. All up-to-date conveniences. Reading and Sitting Rooms. Sample Room for Travellers. Best dining room in town. Meals at all hours.

WARNING TO HOUSEHOLDERS
All Damp Garbage should be wrapped in paper so as to avoid freezing to the cans.

Lady Byng Inspired by Rockies

Lord Byng golfing on the famous Banff course

Her Excellency, Lady Byng

His Excellency sets out for his morning ride from Banff station

let me tell you, it is well worth it. I do so regret that people will go to the South of France or some seaside resort, rather than view the beauties of their own Canadian Rockies and of Vancouver Island."

Lady Byng described her first view of the Rockies. "It was so great an inspiration. I cannot convey the beauty and wonder of that undulating line rising out of the mist; that endless, unending chain of marvellous mountains and the valleys below in colours of aquamarine and emeralds."

The opinion of Her Excellency regarding Western Canada is not that of a mere passerby. With the Governor-General she has been all over the country, going by motor where the rail and river do not penetrate. "There are those," said Lady Byng, "who visit Canada landing at Quebec, coming on to Montreal, proceeding to Ottawa, and Toronto, who have gone away giving their view on Canada. Such views are always defective even if sometimes they are not wholly unfair and unjust. Canada's bigness is evident on the map, but its actual size is only realized through direct contact and acquaintanceship."

The idea of interchanging visits east and west is developing the attitude so admirably taken by the wife of the Governor-General should speed the movement and give it wider impetus.

In our Dominion different localities have different interests and problems, and nothing but a close and sym-

pathetic study of cause and effect will solve the difficulties which confront the country as a whole. Books and newspapers assist somewhat in bringing into closer touch the eastern, central and western regions of the Dominion. But not until the people living east visit the west and the people in the west visit the older provinces — visit them with the intention of becoming acquainted with the life and ideals of the native born, will any degree of intimacy or understanding be reached.

The lesson of Lady Byng's speech, then, is for Canadians, when they go travelling on holiday, to extend their knowledge of the structure and economic life of the people in other parts of the country than their own and to see for themselves the beauty of Canadian scenery which travellers from other lands say is unexcelled the world over and of which every province has its full share — see Canada first, and see it from Halifax to Victoria.
