LARGE QUANTITY OF FREIGHT GOING IN TO ROUYN CAMP

It is understood that there are over four hundred tons of freight now at Cheminis ready to go into the Rouyn Camp. This freight includes 150 tons of lumber and hay. This does not look like any slackening in Rouyn Camp, in view of the heavy shipments of freight to Rouyn during the winter. All winter freight has been pouring into the new camp, ready for the big operations in the spring. The rush to Red Lake may have interfered a little with the boom at Rouyn, but it certainly did not kill Rouyn by any means,—not that anyone can notice. Rouyn is promised a big development this summer, with much building etc. So long as the winter roads were good freight was teamed from Cheminis to Rouyn. Recently the break-up had made the roads too bad for general freighting on heavy roads. Accordingly the goods have piled up at Cheminis, the end of the T.&N.O. branch line. It is understood that one hundred teams are now at Cheminis, ready to start on transportation of freight just as soon as the roads permit.

ITINERARY OF TOURING ENGLISH FOOTBALL TEAM

Secretary of Dominion Football Association Writes About Good Sportsmanship of Timmins

Last week Mr. Oscar Robertson, secretary of the Timmins Football Club, received a letter from Mr. Samuel Davidson, secretary of the Dominion of Canada Football Association relative to the visit to this country this summer of the touring English F.A. team. "We are given to understand," says Mr. Davidson, in his letter, "that this will be the best team that ever represented England on a tour in any of the Dominions."

Continuing his reference to the expected game in Timmins, Mr. Davidson says:—

"As you are no doubt aware we have been criticized for staging a game in your 'Wild Country.' We however, have no fear of the financial result of the game, and are also of the opinion that the benefits that will accrue in your District are not to be counted in dollars and cents. We are also of the opinion that the receipts in your city will be much larger than in cities four times as large. We therefore trust that one and all in your city will get behind this game and show the rest of the Dominion what a REAL sporting city can do."

Mr. Davidson enclosed the proposed itinerary for the English Football Team tour, which may be summarized as follows:—

- May 24—Montreal.
- May 26—Hamilton.
- May 29—Toronto.
- June 2—Fort William.
- June 5—Winnipeg.
- June 7—Regina.
- June 9—Lethbridge.
- June 12—Calgary.
- June 16—Vancouver.
- June 19—Nanaimo.
- June 23—Victoria.
- June 26—Vancouver.
- June 29—Edmonton.
- July 1st—Saskatoon.
- July 3—Winnipeg.
- Wednesday, July 7—Timmins.
- July 10th—Toronto.
- July 14th—Montreal.

Mr. Hourigan, who fell and broke his leg above the knee some weeks ago while crossing through the Central School grounds, has been very ill as a consequence of the accident, but is now reported as making very satisfactory progress to recovery.

POWER LINE WILL HELP SHININGTREE GOLD CAMP

Roads Also Planned to be Built for Benefit of the Shining Tree Area.

Last week The Sudbury Star made reference to the Shining Tree Camp and its prospects. The Star says:—

"Although shifted into the background by the Red Lake district and forced for twenty years to play as a side show attraction to the booming camps of Porcupine, Kirkland Lake and Rouyn, the Shining Tree camp is at last showing promise of coming into its own and reports from Queen's Park state that \$10,000 has been appropriated for the extension of the Northern Canada Power Co. power lines from Gowganda to Shining Tree. News of this development will be hailed with satisfaction by numerous mining men of Sudbury who have invested thousands of dollars in the development of the properties in and around Shining Tree.

"Lack of power has always been one of the great handicaps that has been faced by the owners of these properties but the announcement that development is to proceed has given rise to new hopes and W. McVittie who has obtained the contract for building the line, left on Monday afternoon for the scene of activities. In the past, the public have been mined instead of the claims, but in this new development the broker, it is hoped, will not play the same leading part and prospects are still bright for making Shining Tree a gold producing area. Despite any black eye it might have received, a large number of the investors have stuck with the project.

"During the past two winters the Northern Development Branch has devoted considerable attention to wards building a winter road which will eventually link Gowganda and the Shining Tree district. This road would give access to the Shining Tree mines and also to the holdings of the White Rock Mining Co., of which Mr. McVittie is president, and in which Sudburians have invested over \$80,000.

THINK TIMMINS BOY IS GENIUS AT THE VIOLIN

The Hart House String Quartet returned to Toronto last week after a tour of the West and part of the North, including a visit to Timmins where they were much appreciated. The Toronto Star on Thursday published a lengthy interview with members of the Quartet. The tour was a triumphal one, The Star says, and the Quartet was greeted with overflowing houses, and return engagement of the gifted players was eagerly sought. According to the interview in The Star, the members of the Quartet were greatly impressed by the great love of music found in the west. "The westerners," said Mr. Blackstone, "are keener on good music than our own people here in the east. I believe it is because the westerner is more robust, more full-blooded. Power of emotion seems to develop in terms of vitality. Contrary to general supposition, the dynamic man is often the esthetic man."

The following paragraph from The Star's interview with the Quartet will be of particular interest to Timmins referring as it does to a talented young violinist here, Master Jack Neilson, aged twelve. In this connection The Star says:—

"But in the west we found many youthful musicians of promise," declared Milton Blackstone. "Among the boys and girls we listened to were many fine players. We were particularly impressed by a boy in Timmins who is nothing short of a genius. We are bringing him down to Toronto for a musical education—and at no very distant day he will be famous."

The Haileyburian is running its usual guessing competition with the prize of a year's subscription to the person giving the nearest correct date for the going out of the ice from Lake Temiskaming. April 19th was the earliest date for the going out of the ice, this being in 1910. The latest was May 21st, this being in 1923.

BRINGS SUIT AGAINST CAROL
Zizi Lambrino, whose marriage to Crown Prince Carol of Roumania was annulled in order that he might marry Princess Helen of Greece. Now that he has renounced his title Zizi is suing him as the dynastic reasons no longer justify the annulment. With her is her little son.

Reserve

The best reserve one can have is money in a Savings Bank account. It not only increases by the interest it earns but it gives you assurance in meeting any problem which may present itself. A reserve is as necessary to you as it is to your Bank. Open a saving account with this Bank and start to establish your reserve.
