PERSONNEL OF ENGLISH F.A. TEAM TO TOUR CANADA

Team Will Play at Timmins on Wednesday, July 7th.

During the past few weeks The Advance has had several articles relative to the English F. A. team touring Canada this summer and to play at Timmins on July 7th. Through the courtesy of the Dominion News Bureau, Limited, Montreal, The Advance herewith is able to give a summarized biographical note regarding each of the players on the team. The following is by Leslie H. Christie and is headed, "Personnel of English Soccer Team to Tour Canada." It will be noted that most of the players on the English team are big fellows. The Advance has gleaned from Mr. Christie's summary the following facts:—

One player is over 6 ft. Three others are only an half inch and an inch, respectively, shy of the 6 ft. mark. Twelve of the players are over 5 feet 8 inches in height. The smallest man is Magee, who is 5 ft. 3 inches, and weighs 150 lbs. Heales, who is 6 inches taller only weighs 4 pounds more. The average height is over 5 ft. 9 inches. The average weight is over 162 lbs. The heaviest man is Sewell, who weighs 174 lbs.

The following is Mr. Christie's article:—

"Nine international players, whose names are household words in English soccer, are included in the touring team which lands in Canada in May representing the English Football Association, and who will play their first match in Montreal on May 24th. Below is given a brief summary of the team:—

SEWELL, R.—(Blackburn Rovers); born Middlesborough; goal-keeper; played for England against Wales 1924; English Cup medal 1914; 5 ft. 11 1/2 in.; 174 lbs. Previous club, Burnley.

GALE, T.—(Barnsley); born Rothwell; goalkeeper; 5 ft. 10 in.; 168 lbs; previous club, Harrogate.

BAKKAS, E.—(Huddersfield); born South Shields; right back; 5 ft. 9 in.; 162 lbs; previous clubs, Wellington Athletic and Tottenham Hotspurs.

KEEPING, A. E.—(Southampton); born Milford-on-Sea; left back; 5 ft. 11 in.; 168 lbs.

CLIFFORD, G.—(Portsmouth); born near Sawley; right back; 5 ft. 8 1/2 in.; 168 lbs; previous club, Sutton Town.

MAGEE, T.—(West Bromwich); born Widnes; right half; played for England against Scotland 1925; against Wales 1923; against Sweden 1925; against Belgium 1925, and against France 1925; 5 ft. 3 in.; 150 lbs.

HEALES, H.—(Blackburn Rovers); born Blackburn; centre-half; played for England against Ireland 1924; played for English League 1923; 5 ft. 9 in.; 154 lbs.

FOXALL, H.—(Portsmouth); born Birmingham; centre-half; 6 ft. 1 in.; 168 lbs; previous clubs, Cradley Heath and Merthyr Town.

HARKUS, G. C.—(Southampton); born Newcastle; left-half; 5 ft. 9 in.; 168 lbs; previous club, Aston Villa.

BOOKER, J.—(Ninhead).

HARRIS, W.—(Birmingham).

JACK, D. B. N.—(Bolton Wanderers); born Bolton; inside-right; played for England against Scotland 1924; against Wales 1924; English Cup medal 1923; 5 ft. 11 in.; 157 lbs; previous club, Plymouth Argyle.

DARR, J.—(Middlesborough); born South Bank; outside-right; played for England against Ireland 1919; against Wales 1923; 5 ft. 8 1/2 in.; 162 lbs.

RAWLINGS, W. E.—(Southampton); born Andover; centre-forward; played for England against Scotland 1922; against Wales 1922; 5 ft. 10 in.; 164 lbs.

SMITH, JOSEPH—(Bolton Wanderers); born Dudley; inside-left; played for England against Scotland 1914; against Wales 1914-1920; English Cup medal 1923; 5 ft. 7 1/2 in.; 159 lbs.

WAINSCOT, W. R.—(Leeds United); born Maltby; inside forward; 5 ft. 10 in.; 173 lbs; previous clubs, Barnsley and Middlesborough.

TUNSTALL, F.—(Sheffield United); born Wombell; outside left; played for England against Scotland 1923, 1924 and 1925; against Wales 1924; against Ireland 1923 and 1924; against France 1924; English Cup medal 1925; 5 ft. 7 1/2 in.; 154 lbs. Previous club, Scunthorpe United.

WILLIAMS, O.—(Middlesborough); born Ryhope; outside left; played for England against Wales 1923; against Ireland 1922; 5 ft. 7 in.; 154 lbs.; previous clubs Easington Colliery and Clapton Orient.

HAVE WINTER CLOTHES CLEANED BEFORE STORING

Before putting away your winter clothes, furs, etc., let us clean them for you.

Not only does our system take out all the dirt but it kills moths or any germs that might be in the garments, and you will find it will well repay the expense.

Give us a ring and we will do the rest.

KING'S CLEANING SERVICE
Phones 280 and 281.

SPECIAL EFFORTS FOR DISTRICT BEE-KEEPERS

W. G. Dixon, Agricultural Representative at New Liskeard Writes Interesting Letter

Mr. W. G. Dixon, Agricultural Representative at New Liskeard, sends The Advance the following interesting and informative letter:—

It is a generally well known fact to Temiskaming Bee-keepers that during the Summer of 1924 a good deal of work was done in checking up on Foul Brood. Mr. E. J. Dye of the Provincial Department made a very thorough inspection of Temiskaming Apiaries having in mind the destruction and prevention of the spread of Foul Brood, especially American Foul Brood. Following this and other similar work done in the Province the Minister of Agriculture deemed it advisable to make certain changes in the Foul Brood Act. I wish to make reference to a few of the more important clauses in the Act which have to do with successfully protecting present and prospective Bee-keepers in the District.

Section 2 (A)—"Every person keeping bees in the Province of Ontario shall on or before the 30th day of April in every year apply to the Minister of Agriculture in writing, signed by the applicant, for a certificate of registration."

(3) "Every application shall be addressed to the Provincial Apiarist, Ontario Agricultural College, Guelph"

(4) "Where a person commences keeping bees after the 30th day of April in any year, he shall apply for a certificate of registration as hereinbefore provided within ten days after coming into possession of the bees."

(5) "Every person keeping bees who neglects or refuses to comply with the provisions of this section shall incur a penalty of not less than \$5 and not more than \$10 and costs."

(1) "The owner or possessor of an apiary shall not sell, barter, give away or remove from the premises any bees or used apiary appliances or apparatus until he has secured a certificate from the Provincial Apiarist that such bees, used apiary appliances or apparatus have been properly disinfected and are free from disease."

Bee keeping in Temiskaming District has become quite an important industry and its future depends very much on keeping the district free from diseases, especially Foul Brood.

As already stated, the above regulations are to protect, first the Bee-keeper himself, and second, the prospective Bee-keeper.

Professor F. E. Millen, Provincial Apiarist who is directly in charge of Ontario Bee-keeping, will be very glad to give full information at any time in reference to the interpretation of the Act and its application to the prevention of the spread of disease.

We solicit the co-operation of every Bee-keeper in the district in order that losses may be prevented in the future.

W. G. Dixon,
Agricultural Representative.

PECULIAR KIND OF MOLE DISCOVERED NEAR CHAPLEAU

A despatch from Chapleau to The Sudbury Star last week says:—

"While some section men were at work recently digging up the track in the C.P.R. yards at Chapleau, a mole came out of the hole which the men had made—a most peculiar specimen, the color of a mouse, with a trunk something like an elephant's in shape, and about the size of a man's finger. At the end of it was a star shape which appeared to be its mouth. Mrs. James Rose happened along at the time and, as the men did not want the creature, she asked them for it, and later Mrs. Rose sent it to the High School for the pupils to study. Here it is being preserved in alcohol. It is said to be very strange for it to be in this part of the country."
