MUSICAL COMPETITIONS
AT TORONTO EXHIBITION

North Land Well Represented in
Past Years. This Year Likely
to See Many More Competi-
tors from This District.

In past years the North Land has
been well represented at the musical
competitions in connection with the
Toronto Exhibition. This is decidedly
a music loving country, and its people
coming from all walks of life and all
parts of the globe, there is an unusual
amount of musical talent here. Ac-
cordingly interest is specially high in
the North in the musical competitions.
It is likely that more than the usual
number here will be interested this
year, so the syllabus sent out by the
Canadian Bureau for the Advance-
ment of Music last week will be of
particular interest.

This booklet free for the asking,
gives the dates of the National Ex-
hibition as August 28th, to Sept. 11th.
Entries for the musical competitions
close on August 2nd. The Canadian
National Exhibition Association offers
these musical competitions for the
purpose of encouraging greater
interest in music, and greater profi-
ciency in musical performance. In
such competitions the competitors not
only have added incentive to study
and practice, but they also have the
advantage of having performances of
the same music by others. The
critical faculty of the general public
is also increased by the illuminating
reports of the judges and these re-
ports are moreover of interest and
assistance to the competitors.

At the request of the Canadian
National Exhibition, the musical com-
petitions this year will again be con-
ducted by the Canadian Bureau for
the Advancement of Music.

The competitions will be held in the
amphitheatre of the Phonograph
building, to which the public is wel-
come without charge.

The prizes are:—1st, gold medal;
2nd, silver medal; 3rd, bronze medal;
a \$75.00 scholarship to the outstand-
ing contestant in each of the follow-
ing departments:— ladies' vocal,
men's vocal, piano, and violin.

With the exception of the boys' and
girls' classes, where the fee is 50c.,
the entry fee in each case is \$1.00
which must be sent with the entry.
In the vocal department, the classes
are:—coloratura soprano, lyric soprano,
dramatic soprano, mezzo soprano,
contralto, lyric tenor, robust tenor,
baritone, bass, boys (unchanged
voices) and girls (high voice and low
voice).

In the violin department, there is
an open class, a class open to out-of-
town competitors, and classes for
under 12 and under 16 years.

The piano classes include:—under
9 years, under 12 years, under 16
years, and open.

The cornet department has a de-
partment for those under 18 years
and an open class.

The Canadian Bureau for the Ad-
vancement of Music is a worthy or-
ganization upheld by voluntary con-
tributions, and not in any way a
money making concern. Its whole
concern is what its name indicates,—
the advancement of music in Canada.
In the past it has done excellent work,
and this year as always lovers of
music will wish it all success.

Any lover of music interested in
the competitions should write to J. S.
Atkinson, secretary Canadian Bureau
for the Advancement of Music, 229
Yonge street, Toronto, and they will
receive syllabus, giving rules, selec-
tions, etc., and all details and particu-
lars.

STILL URGING GREATER
CO-OPERATION IN FOOTBALL

At a meeting of the executive of
the Timmins Football Club this week
it was decided to make one more effort
to assure co-operation and harmony
with the several football clubs in
town in regard to the T.F.C., the
secretary being instructed to again
urge upon the several clubs the need
for the best of harmony and asking
them to send two representatives each
to sit on the executive of the T.F.C.

SHAWAN CLAN NIGHT AT
CALEDONIANS ON FRIDAY.

Friday evening of this week the
regular meeting night of the Caledo-
nian Society of Timmins at the Holling-
er Recreation Hall will be "the
Shewan Clan Night," the programme
throughout being the hands of Mr.
Wm. Shewan, who has prepared a
programme of special interest and
merit. Music will form a large part
of the programme, but there will also
be other numbers that will please all.
It will be a rare night of good enter-
tainment, and all Scots and Scots-
women and their friends will enjoy it
thoroughly. Refreshments will be
served as usual and there will be
dancing, etc.

GOOD RESPONSE TO THE
S.A. SELF-DENIAL FUND

The annual S.A. Self-denial Fund
campaign so far has been confined
largely to securing subscriptions from
the business places of the town for
the carrying on of the good work of
the Army. Adjutant Crowe this week
said that the campaign was going al-
ong successfully, the response being
generous. On May 1st, the regular
house to house canvass will be start-
ed to allow all opportunity to con-
tribute to the funds necessary for carry-
ing on the Army's work of rescue
and uplift.

Mr. Geo. Poppleton, a former mem-
ber of the town council, was elected
by acclamation last week to the place
on the Haileybury town council made
vacant by the death of Mr. Thos. Ash-
head.

MAYOR OF SIOUX LOOKOUT
SAYS 2000 CLAIMS STAKED

Over 2000 claims have been staked
between Woman River and Clear-
water Lake, following the gold strike
in that section of the Red Lake coun-
try, according to the report made in
Toronto last week by Mr. Greer, the
Mayor of Sioux Lookout, who was in
the city with a view to having a re-
cording office opened at Sioux Look-
out. Western prospectors are now
flocking into the country, it is said,
and they claim the rush will continue
this spring in a northeasterly direc-
tion.

Mr. M. Greer, former Chief of
Police here, was called to Ottawa last
week owing to the illness of his
father and mother. He left for the
East on Saturday and will likely be
away for a week.

Famous Tank Becomes Memorial

This shows the British battle-scarred tank, "America" which is being
lowered into the Cunard freighter "Vardulia". The tank, which won
immortal fame in France, weighs 29 1/2 tons, and is here shown being
lifted from King George V. dock at London into the freighter for trans-
portation to the United States, where it will find a final resting-place on
the campus of Cornell University. The tank was presented to the
British by New Yorkers through the efforts of Major Louis Livingston
Seaman, one woman contributing \$15,000 to the fighting machine. Re-
cently Major Seaman started a movement to have it presented by the War
Department in London to his alma mater, Cornell, because of the large
part Cornell played in the war. The tank is being given a military re-
ception upon its arrival. It will be a permanent and unique memorial to
Cornell men who died in the war.

An Artist's View of the Rockies

Cathedral Mountain From the Yoho Valley

Leonard Richmond, R.B.A., R.O.I.,
the well known British artist is
among the latest to succumb to the
lure of singing the praises of the
Canadian Pacific Rockies. In Apollo,
a magazine of the arts, Mr. Rich-
mond writes of the Rocky Mountains
as one of the most magnificent sights
of the world.
Towards the end of March 1925,
the artist made his first journey into
the heart of Canada. He writes, "As
the train advanced from Calgary, the
"foothills" of the Rockies gradually
emerged in view, suggesting the
appearance of a body-guard, or sentinels,
guarding the sterner mountains
beyond."
"It is not expedient or desirable for
me to describe in detail the emotional
ascending scale that my feelings
experienced as the train approached the
actual Rockies themselves. It is
enough to state that my highest
imaginative thoughts had never visu-
alized so much impressive force and
dignity as those austere mountains
conveyed that late afternoon in
March.
"The general color on that particu-
lar afternoon was monotonous in
effect. I have not seen any Japanese
wood-cut print that equalled the
superb draughtsmanship of the finely
designed groups of pine trees which
were almost black in tint, contrasting
sharply against the virgin snow.
"The mountains of Canada suggest

many forms of expression for artists.
In that respect they are probably
unique. The intellectually endowed
modern painter has scope enough to
create works of art, based on the
innumerable suggestions of dynamic
force, grim tragedies of form caused
by ancient volcanic eruptions, and
occult feelings, too, can be awakened
by close contact and communion
with the soul of the mountains.
"It is impossible for any artist to
sketch more than a fraction of such
a vast area of varied subjects. Once
the artist is situated right in the
mountains there is no occasion to seek
for subjects or to walk any distance
for desirable views. There is some-
thing interesting to paint from any
angle.
"Some of the most interesting
pictures that I have seen recently of
the Rockies are those where the
artist has improvised in colour and
form on the original theme in nature.
By this means Nature can be made to
look more natural in a picture and
the artist's thoughts can be crys-
tallized into positive expression."
Mr. Richmond, who painted a
number of beautiful views, states that
although Lakes Louise, O'Hara,
Moraine, and Emerald are famous in
the lake world of Canada, he was
intrigued by the smaller sisters, Lake
Mirror and Lake Agnes, known as
the "Lakes in the Clouds," above
Louise.

BARBER SHOPS TO CLOSE
EACH EVENING AT SEVEN

Except on Saturdays and on Nights
Before Holidays. By-law to
Go Into Effect on April 28th

The by-law, passed on April 15th,
by the Timmins Town Council, to re-
gulate the closing of barber shops in
town, will go into effect on April 30th.
It was passed following a petition
from the Master Barbers of the Town.
Section 84, sub-section 3, of the Fac-
tory, Shop and Office Building Act,
R.S.O., 1914, Chapter 229, empowers
the Council to pass such a by-law.

Under the provisions of the by-law,
all barber shops in Timmins shall be
closed and remain closed: (a) On
each business day of the week, ex-
cept Saturday and the day next pre-
ceding each legal holiday, between
seven o'clock in the afternoon and
five of the clock in the forenoon of
the next following day; (b) On Satur-
day and the day next preceding
each legal holiday, between ten
o'clock in the afternoon and five of
the clock in the forenoon of the next
following day.

The penalty for a breach of the
by-law is a fine not less than a dollar
nor more than fifty dollars, together
with costs; fine and costs may be col-
lected by distress and sale of goods
and chattels, and failing such the con-
victing justice or magistrate may com-
mit the offender to jail for a period
not to exceed 21 days.

The new schedule of closing hours,
while not inconvenient to the public,
relieves the barbers from over-long
hours. The barber shops formerly
closed at eight on ordinary nights and
at eleven on Saturdays and days be-
fore holidays. Under the new by-
law they will close at seven o'clock
ordinary nights and at ten o'clock on
Saturdays and days before holidays.

QUARTERLY STATEMENT
OF DOME MINES LIMITED.

The approximate statement for the
three months ending March 31st, has
been officially published. During the
three month's period, 135,100 tons
were milled, of a total earnings of
\$1,024,094.61. The operating and
general costs totalled \$611, 837.62, or
at the rate of \$4.529 per ton. Estima-
te of the Dominion Tax is given at
\$26,600.54. Miscellaneous earnings
total \$43,556.12, leaving a net of
\$429,212.57.

MAYOR INVITED TO JOIN
MONSTER DELEGATION

Along with the heads of 300 or
more other municipalities in Ontario
Mayor E. G. Dickson has been asked
to join in a big delegation to Ottawa
to protest against the recent tariff
changes that threaten the country
with serious loss and unemployment.
The invitation has been sent out to
all manufacturing and other centres
interested and comes from Oshawa,
where telegrams were sent out follow-
ing a meeting of the Oshawa city
council. The telegram reads:—"The
industrial life of Ontario is threaten-
ed. Will you join us in a mass dele-
gation to Ottawa to protest against
tariff changes?"

FIRE RANGERS WILL BE
LATE GOING INTO BUSH

That the fire-rangers will likely be
as late as May 1st this year in start-
ing in their work, is the prediction
made in The North Bay Nugget last
week. The Nugget quotes Mr. Fred
Hamilton, Chief Ranger of Cochrane
District as being of the opinion from
many years experience that special
care will have to be taken this year
in the forested areas. The past two
seasons have been notable for
heavy rainfalls in the dangerous peri-
od. Settlers and others were unable
to dispose of their slash as in pre-
vious years; with the result that two
years accumulation of slash and un-
derbrush remains over large sections
of the country. Such accumulations
form the worst menace to the work of
rangers and is forever breeding fires
in any dry period which may occur.
Further The Nugget says:—"The
anticipated rush of prospectors and
tourists into Red Lake also promises
a problem for the Forestry Depart-
ment. Red Lake is in the Port Ar-
thur district. Some time ago a peti-
tion was circulated among claim
holders in Red Lake asking for spe-
cial fire ranging service in that sec-
tion. It was also proposed that the
rangers appointed in the new area be
authorized to issue permits to trav-
ellers entering the district with the
object of keeping a check on the ac-
tivities of strangers. It was also sug-
gested that the personnel of the staff
be composed only of men who would
be competent to deal with cases of
sickness and accidents that may de-
velop on the trails and along the
waterways. The Government, it is
understood, has this matter under con-
sideration."
