It is felt that all the Presbyterian women should be interested in the work of the W.M.S. and it is hoped that as many as can do so will avail themselves of this notification to be present whether members or not.

HOLLINGER ENGINEERING STAFF MAKE PRESENTATION

Previous to his departure for his new position at the Argonaut Mine, Mr. W. T. Sampson was banquetted by the members of the Hollinger Engineering staff, and he was also made the recipient of a very handsome watch as a mark of esteem and remembrance. The banquet was held at the Empire Hotel on Friday evening, April 30th, and there were 25 or 30 present at the event. The evening proved a very enjoyable one, except that there was very general regret at the fact that it was occasioned by the loss of so popular and valued a citizen as Mr. Sampson. The wishes for the successful future of the guest of the evening, however, were many and most sincere. After the fine banquet had been enjoyed, Mr. Ted Rowe presented Mr. Sampson with an elegant 21-jewel Hamilton watch, gold, and suitably engraved. In making the presentation Mr. Rowe referred very aptly to the good services of Mr. Sampson on the engineering staff, his invariable friendly disposition and his kindness and his many helpful qualities as a man and as a citizen. Brief but happy addresses along the same lines were made by Messrs Huckaby, T. McDonough and A. L. Joyner. Songs by Mr. Huckaby, with piano accompaniments by Mr. Murphy, were also appreciated features of the evening. One of the big hits of the evening was the inspiring address of Mr. Neil Dickson. He had left the banquet hall but returned and spoke a few words that completely won unanimous approval and the greatest applause.

Four Generations Come to Canada

Perhaps the first great-grandmother to bring her family to Canada is Mrs. Marianne Cox, of London, who arrived with her family, consisting of four generations, on the Canard liner Ausonia, which docked at Quebec recently. All are eager to settle in the land of their adoption and their ultimate destination is Yellowgrass, Saskatchewan.

HORSE ATTACKS SURGEON AND BREAKS HIS LEG

The wild wolves of the North apparently fade away before the wild horses of this country. According to the story told by The Sudbury Star, a horse he was attending attacked Dr. B. T. Carmichael, V.S., knocking him down and breaking his leg by stepping on him. Dr. Carmichael had the same leg broken last year when a horse he was riding at the rodeo fell on him. Dr. Carmichael has gone to Toronto for treatment for his present injury.

POPULAR YOUNG COUPLE MARRIED MONDAY MORNING

The marriage took place on Monday morning, May 10th, of Miss Jean Roberts, elder daughter of Mr. and Mrs. A. Roberts, of Timmins, and Mr. Albert Portelance, son of Mr. and Mrs. Portelance, of Buckingham, Quebec. Both bride and groom are members of the Hollinger Stores staff, the bride being for some time in the dry goods department and the groom on the grocery store staff. The bride has been a resident of Timmins for some thirteen years past and has been one of the best known and most popular of the young ladies of the town. The groom has also wide circles of friends here. The young couple will receive the best wishes of host of friends in town and district. Mr. and Mrs. Portelance left on the noon train, immediately after the ceremony, and will spend the honeymoon at Ottawa, Montreal and other points east. On their return they will take up residence in Timmins.

CALEDONIAN MEETING ON FRIDAY NIGHT THIS WEEK

Friday (tomorrow) night is the regular meeting of the Caledonian Society of Timmins and will be held in the Hollinger Recreation Hall as usual. A programme of special interest and attractiveness is promised, the event being "President's Night," and the programme being arranged by Mr. W. D. Watt, the president. There will be dancing, refreshments, and a fine selection of literary and musical numbers. Mrs. Patrick will give a paper on one of Scotland's gifted poets and this feature will be one of special interest and inspiration. There should be a particularly good attendance Friday evening, as the evening is expected to be one of the most interesting of the season.

TRAPPER TAKES STRYCHNINE AND DIES AT NORTH BAY

Alphonse Lebel, a trapper, whose home is in Quebec, died on Friday evening at North Bay as the result of taking strychnine. He was registered at the Mackey House and his groans attracted the attention of the proprietor of the hotel. Investigation showed that Lebel was in great agony. He confessed before he died that he had taken strychnine but gave no reason for the act. When he died the man had over \$90.00 in cash with him as well as a receipt for \$100.00 which he had apparently sent to his mother a few days before. He purchased the poison at a drug store in the usual way, saying he was using the strychnine in his business as a trapper.

CONSERVATIVES TO MEET AT MATHESON ON MAY 19

District Meeting at Iroquois Falls Last Week Decided to Call Another Meeting

The annual meeting of the District Conservatives of Cochrane District was called for Thursday afternoon last at Iroquois Falls. About thirty-five or forty were in attendance, Iroquois Falls and the Porcupine sections being well represented. From Timmins, Mr. A. F. Kenning, president, and a majority of the members of the executive of the local association attended. After the meeting had been called to order by the District President, Mr. Jas. Kingston, Mr. A. C. Brown pointed out that there was some little disarrangement owing to the dividing of the Cochrane riding into two, but that the District President, Mr. Kingston, had followed the best procedure by calling the present meeting. Mr. Brown suggested that the meeting proceed to elect officers and organize. Mr. R. P. Thompson, of Swastika, pointed out that the delegates from his section had not had sufficient notice of the meeting, and that on account of distance, train service, etc., they could not be properly represented. He suggested that a more central point be chosen for the meeting and a later date be chosen. Mr. Brown at once withdrew his motion and supported the Kirkland Lake section, emphasizing the fact that all sections should have equal opportunity for representation at the annual meeting and that all should work together for the best interests of all the party. The question was put to a vote, and eventually it was decided to hold the annual meeting at Matheson on Wednesday next, May 19th. It is understood that the convention for the selecting of a candidate for the new riding for the Ontario Legislature will be held in the course of the next two or three weeks.

Legends of the St. Lawrence River in Quebec

Folk tales and legends still cling to the shores of the St. Lawrence, that first highway into the unknown continent of North America. Legends in which are mingled bits of Indian superstition, French customs and religious beliefs. In the time of the early explorers, those brave men who dreamed dreams which led them on and over the bright waters, past dark islands, purple hills and shining cliffs, until they settled in Canada, these legends were revered. Now, however, while large Canadian Pacific steamships crowded with tourists ply up and down the St. Lawrence, the legends are no longer regarded except as quaint fairy tales with somewhat of a religious flavour not to be disregarded or ridiculed, but to be enjoyed as reminiscent of the olden days when saints and demons assumed mortal forms. Katherine Hale, in an artistic little book issued by the Canadian Pacific Railway recently, ably depicts many of these stories. One of the most familiar of these French Canadian legends is that of Loup-Garou, evidently derived from the German

werewolf or the Irish banshee. Loup-Garou typifies the French Canadian's reverence for things spiritual and his belief in supernatural intervention. Joachim Crete, a miller of Beausejour was not really a bad man, but he did jeer at church collections and failed to try to convert his hired man merely because he was such a good partner at checkers. On Christmas night they played, instead of going to church. They even, in a mood of defiance, set the mill going, as if it were an ordinary night. Suddenly crack! and the mill stopped working. Then the lantern went out, and the two men were left in trembling darkness! After that the hired man tumbled down stairs, and the miller began to drink fast and furiously! Presently he heard a deep moaning, and turned to see a huge dog about to attack him. Then the miller knew it was Loup-Garou, and he fell on his knees praying for forgiveness. But he lunged at the dog with a reaping hook, and wounded him. That was the saving of the hired man, for according to the legend, if you have been turned into the form of a wolf or dog because of evil deeds, only a bloody wound can restore you. Loup-Garou is one of many such legends.
