## RAMBLERS' CLUB HOLD FINE JUVENILE PARTY

Big Time Enjoyed by Big Crowd at Hollinger Hall on Monday Evening

The Hollinger Recreation Hall bore a gala appearance on Monday night for the Juvenile Party held by the Ramblers Club. The decorations used by the Ladies' Basketball Club for their dance last Friday evening were still in place and these gave an artistic appearance to the Hall for the weekly special of the Ramblers.

There was a good attendance of members present for the event, all being in costume reminiscent of youthful days, and the programme arranged for the evening was interspersed with childhood games which were very much enjoyed, and proved even more popular than the regular waltzes and foxtrots, or the ever popular Paul Jones. Prizes were awarded for the best costumes, Miss Nellie Farrell winning the ladies' prize and Mr. Hector Ayotte carrying off the honours for the men. The music for the dancing was provided by the Club Orchestra and this with the delightful refreshments contributed to the outstanding success of the annual Juvenile Party of the Ramblers' Club.

President McIlhargy in a few words expressed his appreciation for the splendid turn-out of the members in costume for the event, and to the ladies of the Basketball Club for leaving the decorations up until after the juvenile event. He also announced that next Monday the Club would hold the usual dance, and on Victoria Day, May 24th, it was the intention to hold a special dance. Invitations are being issued this week for this Empire Day Dance, which will be in the form of a guest night. An enjoyable evening's entertainment is assured all attending.

## Winners of Farming Scholarships

This party of boys arrived on the Cunarder "Ausonia" which was one of the first boats to dock at Quebec this season. The boys are winners of the scholarships offered by the British Empire Exhibition Fellowship initiated by the Prince of Wales, and open to boys throughout the Empire, for a two-years free tuition in farming. Canada was chosen for their training and they will proceed to The Ontario Agricultural College, at Kemptville, Ontario. The boys are as-keen as mustard for life in their new country.

### ANNUAL MEETING FRIDAY OF THE POULTRY SHOW

Friday evening, May 14th, is the date of the annual meeting of the Porcupine Poultry and Pet Stock Association. The meeting will commence at 8 p.m. in the town hall. The business will include:— election of officers for ensuing year, selection of judges, setting date of annual show, receiving of annual reports, etc. All interested in poultry or pet stock should make a special effort to be present and help this good cause along. Be there, tomorrow evening at 8 sharp at the town hall.

### MR. WM. OFFER ORGANIZING NEW MINING SYNDICATE

Mr. Wm. Offer, formerly of this camp, where he had charge of some important mining properties, is now residing at Orillia. He was in town last week and expects to be back here again in the course of a day or two. Mr. Offer is organizing a syndicate to be known as the Mineral Mining Syndicate, with several important and promising properties in the Rouyn camp on the list of its claims owned.

The faster the pace the shorter the race.

### HALL DECORATIONS WERE PARTICULARLY ARTISTIC.

The Ladies' Basketball Club gave another fine dance in the Hollinger Recreation Hall on Friday last. The hall was decorated the best it has ever been, and had an unusually pleasing and artistic appearance, the design being carried out with the greatest care and attention to detail, as well as general effect. The A. S. D. Orchestra was enclosed in a bower of waxed flowers on a trellis. At the back was an imitation pond with swans and pond surroundings, and an archway to represent a bridge across the pond. The lights and windows were all specially decorated. A specialty of the evening was a dance by the Brownies. The evening throughout was a very pleasing one and all of the large crowd attending will hold in pleasant memory for a long time the very enjoyable dance by the Hollinger Recreation Ladies' Basketball Club.

The Ladies' Aid of the United Church will hold an afternoon Tea and Sale of Home Cooking, at the home of Mrs. G. S. Scott, 48 Hemlock street, on Saturday, May 29th. Everybody welcome. Keep the date open.

### ANOTHER GOOD OFFICER LEAVES POLICE FORCE.

Good citizens will all sincerely regret the resignation of Mr. W. W. Orr from the Timmins police force. Mr. Orr has shown himself a capable, courteous and efficient officer, and holding the respect of all. Always cheerful and good-humoured, he did his duty without officiousness or offensiveness and was close to the ideal type of policeman.

### ACTION BY HEARST MAN TO BE TRIED AT THE SAULT

The Northern News, of Cobalt, last week says:—

"The action commenced by Evan Topaloff, Hearst, against the Lyons Fuel and Supply Co., of Sault Ste. Marie, in which the writ was issued at Haileybury two weeks ago, and in which a large sum of money is involved in a dispute over a pulpwood contract, is to be tried at the Soo on June 7 next. Following the issuing of the writ an interim injunction restraining the defendant company from taking further proceedings against Topaloff under a chattel mortgage was granted by Judge Hartman. This week, at Osgoode Hall, H. H. Davis, for the plaintiff, made application to Mr. Justice Grant to have the injunction continued, but this request was refused and the injunction was dissolved. By order of his Lordship Abel E. Wade was appointed receiver pending the outcome of the trial. The plaintiff is to be at liberty to enter into immediate possession, but not to oust the mortgagee till security is given, except that he may ship out wood. The security was fixed at \$20,000, of which \$10,000 may be bond of the defendants."

### MERCHANTS CASUALTY CO. NEW "ALL RISK" INSURANCE

In The Advance in the past few weeks the Merchants Casualty Insurance Company, whose local agent is Mr. W. S. Macpherson, has advertised its new "All Risk" insurance in connection with automobiles. In one of these advertisements there was a typographical error that might cause confusion. In reference to damage or loss to an insured car arising from collision it was said that "\$25.00 would be deductible on cars listed up to \$150.00, and \$50.00 on cars listed up to \$1500.00." It should read "\$25.00 deductible on cars listed up to \$1500.00, and \$50.00 on cars listed over \$1500.00."

### REPORT ON MICHIPICOTEN AND GOUDREAU AREAS

A report that will prove of great interest to men connected with the mining industry of Ontario has been published by the Geological Survey of Canada. It is a report by Dr. W. H. Collins, Dr. T. T. Quirke and E. Thomson, on the Michipicoten and Goudreau districts. It is essentially economic and contains detailed descriptions of the iron ore, pyrite and gold deposits. It is therefore of value to companies engaged in opening new mines that had previously been closed. The descriptions of the deposits of iron ore including a body of siderite in the Helen range of between 69,000,000 and 100,000,000 tons are most complete, and their importance will be particularly appreciated when conditions favour a revival of the iron-mining industry in this province. Development work is now being conducted in new gold mines and in others that had formerly been worked. Large bodies of pyrite are found in the area and were mined extensively during the war. The report is illustrated by large scale plans and is accompanied by two geological maps. Copies may be had by applying to the Director, Geological Survey, Ottawa.

## EXCELLENT PROGRAMME AT "WELSH NIGHT" CONCERT

Varied and Interesting Numbers, Vocal and Instrumental, by Clever Welsh Artists

Another very pleasing band concert was given in the Goldfields Theatre on Sunday evening after the church services, it being one of the "National and County Nights,"—"Welsh Night." Deputy Bandmaster J. Lloyd has charge of the arrangements for the programme and he received the most able and valuable assistance from Messrs Thomas and Roberts in the preparations for the programme, which proved unusually good—varied, interesting and of high quality. On account of the bad weather there was not a full house, but the attendance was good and all enjoyed the lengthy programme of good music, vocal and instrumental.

The selections by the Timmins Citizens' Band included:—"On the Trail"; selection, "Zampa"; selection, "The Talisman." The excellent work of the band was much appreciated, all the numbers being very effectively presented and given in pleasing way.

The pianoforte solo by Miss B. Meredith was a very attractive number and was given a pronounced selection also showing the fine talent of this clever young lady.

Mr. Morgan's effective presentation of "The Diver" was another number that received special favour and encore. In his responding number, "Rocked in the Cradle of the Deep," Mr. Morgan again pleased the audience. Mr. Geo. Hale played the accompaniments for these solos.

One of the outstanding features of the evening was the cornet solo, "Arise," by Mr. J. Lloyd. Mr. Lloyd's gifted rendition of this number won very decided encore, and his second selection, "O, Lovely Night" was another excellent example of very skilled and effective cornet playing. Mr. Geo. Jenkins added to the effectiveness of these numbers by his talented work as piano accompanist.

The story of the gallant life-saving of two Welsh young women was very pleasingly told by Mrs. Geo. Hale, whose recitation was one of the specially enjoyed selections on the evening's programme. The wrapt attention with which the audience listened to Mrs. Hale's sympathetic recital of the Welsh story indicated the effectiveness of her presentation and the interest roused. She was very insistently encored, and gave in response the story of "Prospector Bill in Heaven," another number much appreciated.

"The Joy Wheel" was the trombone solo cleverly presented by Bandsman C. Roberts. The audience was delighted with this number and gave it very hearty encore.

One of the special hits of the evening was the vocal duet by Messrs Roberts and Thomas, Mrs. Roberts playing the accompaniment in very effective way. Messrs Roberts and Thomas first gave a very melodious presentation of "Miami," that completely won the audience. In response to the recall they gave "Till We Meet Again," the well-matched voices making a very pleasing combination.

The next band concert will be on Sunday evening, May 23rd, in the Goldfields Theatre, after the church services.

### BIG BUILDING PROGRAMME FOR IRROQUOIS FALLS.

An active building programme is outlined for Irroquois Falls this summer. Twelve new houses are to be built in the town, as well as new office buildings for the Woods Dept., and a new Town Hall. This work, of course is being done by the Abitibi Company, but there is no word as yet of the Government building a new post office building at the Falls, though the post office is the only structure in the town that is a disgrace to the place.

Warm Weather Is Just Around The Corner. Are You Ready For It?

NEW dresses are always interesting. The new warm weather ones particularly so this season, on account of beautiful fabrics and colourings.

Come in and look over the lovely new assortment just received. Styles, quality and prices will appeal to you we know.

Feel welcome to come in and "shop around" and don't forget to glance over our bargain tables for specials.
