

ORGANIZATION MEETING OF GUN CLUB ON FRIDAY

All Interested in Trapshooting Should Attend on Friday Evening This Week

An organization meeting for the Porcupine Gun Club is called for tomorrow (Friday) evening, May 21st, at 8.30 p.m., in the Town Hall, Timmins. All sportsmen are requested to attend.

The Porcupine Gun Club will feature trapshooting, and the club may be said already to be away to a good start, for the traps are already here, and the lumber and pigeons have been donated to the club. The intention is to have a small fee for membership, and with the great interest in town and district it seems to be a foregone conclusion that the Porcupine Gun Club will prove a big success. Every sportsman interested should make a special point of being present on Friday (to-morrow) night at the Town Hall, Timmins, at 8.30 p.m., for the organization meeting.

MARRIED AT KIRKLAND LAKE, MONDAY, LAST WEEK.

The Kirkland Lake correspondent of The Northern News, of Cobalt, last week says:—

"A popular wedding was celebrated at Trinity United Church, Kirkland, on Monday morning at 10 o'clock, when Miss Sadie, only daughter of Mr. and Mrs. Assad, of Kirkland, became the bride of Mr. Salem Berday, of Timmins, the ceremony being performed by Rev. J. F. Anderson, M.A. To the strains of the wedding march played by Miss Selma Moses, of Timmins, the bride approached the altar on the arm of her eldest brother, Kail. She was attended by Miss Louise David, of Cochrane. She looked charming in white with a white veil and carrying a bouquet of white roses. The bridesmaid was dressed in blue and carried pink roses. Mr. Charles Salem, of Timmins, supported the groom. During the signing of the register, Miss Moses sang "O Promise Me" accompanied by Mrs. J. Charon. The young couple left the church amidst a shower of confetti and the wedding party and guests repaired to the home of the bride's parents, where a sumptuous wedding breakfast had been prepared, after which Mr. and Mrs. Berday left for Timmins, where they will make their home."

SERIES OF ROBBERIES AT MATHESON CLEARED UP.

During the past two years there have been a number of robberies at Matheson, and through the efficient work of Provincial Officers Delves and Craik these were all cleared up last week and the offenders duly punished. Most of the thefts were from farmers in the district, and included the stealing of rifles, clocks, watches, farm implements, tools, jewelry, etc. Some of the stolen articles have been restored to their rightful owners while other articles have been lost track of, having been disposed of. The following is a list of the convictions and sentences last week as given by a Matheson correspondent:—

Albert Belisle sentenced to one year in jail for house breaking and theft of articles from W. Carlton's residence in Taylor township and one year for breaking into and theft from William Long's place in Bowman township; Andre Ripele sentenced to two years less a day at Burwash on two counts of receiving stolen goods. The goods were found by the constables underneath the floor in the barn of the accused. Ripele was also convicted and sentenced to six months imprisonment for having a still and to a term of three months for having liquor in his possession illegally. The sentences are to run concurrently. Francis Forde, convicted of house breaking and theft was allowed to go on suspended sentence, having made restitution for the amount of the stolen goods and costs. William Peeper charged with house breaking and theft had his case adjourned sine die. J. B. Ross, convicted of securing money under false pretences was allowed his freedom on suspended sentence and on making restitution to the amount of the stolen articles and costs.

Mr. and Mrs. Charles Earl Myers, of the Ankerite Mine, celebrated their eighth wedding anniversary Monday, May 10th. After a dinner party, which was held in the Empire Hotel; they adjourned to the home of Mrs. T. Harper, 25 James Avenue, where a reception was held for them. Mrs. Myers is the eldest daughter of the late Major Sands of London, England.

Special Information About Red Lake for Prospectors

Posters Giving New Boundaries, Change of Mining Recording Office to Pine Ridge, etc. Being Widely Displayed by Department of Mines for the Advantage of the Prospectors in General.

The Ontario Department has issued a poster relative to the enlarged Red Lake Mining Division. This poster carries a map showing the exact extent and boundaries of the mining division. These posters are on display at all mining recording offices, stations on the T. & N.O. and C.N.R., hotels, and other public places in the North Land. The Department is very anxious to give the poster the widest possible publicity, so that the prospectors who will shortly be leaving for the field may be advised beforehand where they must record their claims or their return. Mr. Thos. W. Gibson, Deputy Minister of mines, has asked The Advance to take notice of the poster, which this paper gladly does in the interests of the prospector.

The poster gives notice that by Order-in-Council on April 27th, 1926, the boundaries of the Red Lake Mining Division were amended so that the same shall be as follows:—

"Being parts of the Districts of Kenora and Patricia, Province of Ontario, described as follows:—

"Commencing at the intersection of the northerly limit of the Canadian National Railway right-of-way (National Transcontinental line) with the easterly limit of the District of Kenora; thence westerly along the northerly limit of said right-of-way and station grounds to the intersection with the easterly limit of the Township of Rowell; thence south along said easterly limit to the southeast angle of said township; thence westerly along the south limits of the Townships of Rowell, Ladysmith, Wauchope, Buller and Redvers to the southwest angle of the Township of Redvers; thence north along the west limit of the Township of Redvers to the south shore of Clay Lake; thence continuing along the southerly shore of Clay Lake and the Wabigoon River in all its windings and lake expansions to the southerly shore of Ball Lake on the English River; thence along the southerly shore of Ball Lake to station No. 1916 on Ontario Land Surveyor Dobie's traverse of the English River as shown on plan of survey dated 12th March, 1920; thence southwest across the outlet of Ball Lake to station No. 1899 on said traverse survey, being on the northerly or right bank of the English River at Ball Lake; thence in a general course westerly following the right or northerly bank of

the English River and all its lake expansions to the intersection with the Interprovincial Boundary between the Provinces of Ontario and Manitoba; thence north along said Interprovincial Boundary line to a point in the production west of Ontario Land Surveyor K. G. Ross' base line run in 1921; thence east astronomically along said production and along said base line to O.L.S. K. G. Ross' meridian line run in 1921; thence east astronomically to the easterly shore of Cat Lake where it is intersected by Ontario Land Surveyor J. S. Dobie's base line run in 1919; thence continuing east along said last-mentioned base line to Ontario Land Surveyor J. S. Dobie's meridian line run in 1919; thence south along said last-mentioned meridian line and along the east limit of the District of Kenora to the point of commencement.

"Reserving therefrom the lands patented to Grand Trunk Pacific Railway Company and known as part of block 10; also Indian Reserve No. 28 on Lac Seul; Indian Reserve No. 21 on Webaskang Lake, Indian Reserve No. 29, on Oneman Lake, and all other lands heretofore patented, leased or sold on which the mines and minerals were not reserved."

Notice is also given on the poster that by the same Order-in-Council provision was made for the changing of the office of the Recorder for the Mining Division from its present position at Red Lake to Pine Ridge at the foot of Lac Seul. The said changes in the limits of the mining division and of the Recorder's office are to be effective on and after June 10th. The office for recording claims in the added territory will, on and after the 10th of June, be at Pine Ridge and not at Kenora as formerly. Prospectors and others concerned should make special note of the above regarding the Red Lake.

There have been several thefts and burglaries recently, but the worst yet for some time occurred last Thursday morning early when some one actually stole the silent policeman from the corner of Third avenue and Cedar street. The silent policeman from the corner of Fourth and Cedar was used to replace the stolen one. The stolen policeman has not been returned as yet, nor has any clue been secured as to its whereabouts, if any.

THE LEFT HALF-BACK ON ENGLISH TOURING TEAM

George Cecil Harkus will be on the Team Playing at Timmins on Wednesday, July 7th.

Here is another sketch of one of the players on the touring English F. A. team to visit Timmins in July:—**GEORGE CECIL HARKUS** (left half-back)—Although he has not gained any distinctions in the game, Harkus has been a valuable man to his club, Southampton, either on the right or left flank or even at inside left. A Novacastrian by birth he joined Aston Villa for 1921-22. No footballer is engaged by Aston Villa without considerable ability. He remained two seasons and although chiefly with the reserves he made some appearances with the senior eleven against Huddersfield, Cardiff City, Blackburn Rovers and Nottingham Secured by Southampton for 1923-24 he was useful in the middle line but last season and this he has been simply invaluable, principally as a left half. He is a good and sound footballer, clever in heading and a real support to forwards. 5 ft. 9 ins., 168 lbs.

The Kapuskasing correspondent of The Sudbury Star says:—"While Kapuskasing has developed into quite a busy town it is quite evident that the influx of men has been and is greater than the demand. At all hours of the day men can be seen standing around pool rooms, etc., in bunches, while others seem to be aimlessly parading the streets."

Carry it always with you!

McLaughlin-Buick

Only McLaughlin-Buick has the Triple Sealed Motor and Sealed Chassis

EVERY driving part in the McLaughlin-Buick chassis is protected by housings. Dirt, mud and water are kept out and the lubricant kept in.

And the Valve-in-Head motor is completely sealed against destroying elements—the air, oil and gasoline are cleaned by the use of the Air Cleaner, Oil Filter and Gasoline Strainer.

That's one reason why the McLaughlin-Buick lasts longer and gives no trouble to the owner.

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.
