

T. & N.O. RY. EMPLOYEES FORM COAL SYNDICATE

A despatch this week from North Bay says:— "A number of employees of the T. & N.O. Railway have incorporated a syndicate on the strength of property held in the prospective coal field near Long Rapids on the Mattagami River. The claims in question lie well within the area which is regarded as being favorable.

employing a boring machine in the district. It is now admitted that no very intelligent report can be issued on the strength of surface examinations. On the other hand, were two or three of the more favorable localities to be selected for boring operations, it would then be possible to issue a report which would maintain the high standard which the Ontario Department of Mines has attained in other branches, particularly with regard to the gold, silver and other metal-bearing areas.

recently in the banks of the Opasatika River near the point where the Opasatika flows into the Missinabi, gives some indication of the extent of the possibilities in the prospective coal fields. Boring operations would appear to be justified in an effort to learn whether or not valuable seams of coal may lie at some reasonable depth below these big deposits of lignite, which are being discovered right at surface."

PULPIT BIBLE AND HYMN BOOK STOLEN IN COCHRANE

In Cochrane recently the pulpit Bible and hymn book were stolen from the United Church, but were located last week on the narrow strip of land between the two lakes. Apparently, the thieves found there was not much sale for Bibles and hymn books in Cochrane. It would appear to be good policy for the police at Cochrane to hang on to their uniforms, and to see that the office furniture in the station is fastened down.

HOCKEY CLUB TO PUT ON BIG DAY HERE ON JULY 1ST

The Timmins Hockey Club are planning to put on a big day of sports at the athletic grounds here on Thursday, July 1st. There will be football, baseball, and other sports, games, pastimes and novelties and a good day is expected and intended. The proceeds from the event will go to assist in financing the coming hockey season.

EUCRE AND MUSICAL PROGRAMME ON WEDNESDAY

There will be a Euchre Party and Musical Programme, under the auspices of the Altar Girls' Society, in the Parish Hall, on Wednesday evening next, June 16th, commencing at 8.15 p.m. Like all events under the same auspices the event will be a very enjoyable one. The musical programme will be a very attractive one and none should miss this event.

DRAPERY AND WASH GOODS WEEK AT HOLLINGER STORES

Last week was Drapery and Wash Goods Week at the Hollinger Stores, as well as Boys' Week in the Men's store. The events were very pleasingly observed. One of the novelties was the fact that all the ladies on the staff were gown'd in white for the occasion to demonstrate the attractiveness and utility of Hollinger Stores wash goods materials.

There is a dance every Friday evening at the McIntyre Recreation Hall, Schumacher, Ted Emery's Ramblers Orchestra furnishing the music.

DOMS TEAM KEEPING UP IN THE P.D.F.L. MATCHES

Takes Nice Win From the Town A Team on Tuesday Evening

The Dome are keeping pace in the P.D.F.L. race by taking two more points from the Town A. on Tuesday night last by winning out on a closely-contested match by a score of 1-0. The first half was of good open football and a good many close shaves of both goals from corner kicks which were numerous. Both teams were centering well but the ball was intercepted equally as good and cleared safe. The Dome forwards were playing a fine combination game but Studden and A. Cadman put up a stubborn defence; likewise Ewart and Jago at the other end. The change over was made with no score.

The second half started with the Dome on the offensive and gave the Town a trying time for some little time, but the ball was kept clear and Haylett came in for some praise in the way he stopped some of the shots. At the other end the Town had a fine chance but could not beat Reynolds who was on the alert. The Dome pressed again and it finished up by Studden handling the ball in the penalty area and the Dome were awarded a penalty kick which Richmond took and shot the leather right into Haylett's hands; it was cleared. The Dome kept up the pressure and from a nice combination play by Murray and Fidoek, Richmond got the ball and scored a nice goal. The Town pressed and G. Cooper sent in a shot which Reynolds cleared. Shortly after this the Town were awarded a penalty for hands, A. Cadman took the kick and sent the ball for a ride over the bar and missed the Town's best chance to even up.

The Dome tried hard to add to their score and were playing a fine brand of combination but they could not get the leather between the sticks. The Town at the other end put in some good work and Reynolds was called on to clear, one being a fine shot from the wing by Colman. The end came without further score. The match was a good one, with both teams working hard, but the Dome was the better in team play; their forward line worked in some fine combination plays. The Town had to call on three players at the last minute other than picked to play and all showed up well.

Town A—Haylett, goal; Studden and A. Cadman, backs; G. Cooper, F. Cadman and A. Cooper, half-backs; Andrews, Landers, Adamson, Dunsmore and Colman, forwards.

Dome—Reynolds, goal; Jago and Ewart, backs; Hitt, Harrower and Kellow, half-backs; Rudkin, Richmond, Wallace, Murray and Fidoek, forwards. J. Moore, referee.

REGULAR MEETING OF EL SHADI B.C. ON TUESDAY

The regular meeting of the El Shadi B. C. will be held on Tuesday evening, June 15th, at 8.30 p.m. A special programme is being arranged. A good attendance is desired to arrange for the following week's "Twilight Excursion."

SOME COUNTRY

Some idea of the immense extent of Canadian territory and the organization needed for its administration is well illustrated by the annual report of the police commissioner of Saskatchewan, says the Natural Resources Intelligence Service of the Department of the Interior. In 1925 the provincial police of that province travelled nearly 1,250,000 miles to make some 10,000 investigations. This represents over 8,600 miles per man of which only one-third was made by railway.

SOUTH END INTERESTED IN CHIBOUGAMAU LAKE North Has Produced \$200,000,000 in Gold Dividend Disbursements are Now at the Rate of \$750,000 a Month, and Increasing A writer in The Toronto Mail and Empire last week says:—"By the end of the current month, the output from the gold mines of Northern Ontario will cross the two hundred million dollar mark. All but \$190,000 of this has been turned over \$25,000,000 and with production out since 1909.

Diamond Drilling has been Started on the Davidson. Other South Porcupine Notes South Porcupine, Ont., June 9th, 1926. Special to The Advance. The Chibougamau Lake District looks as though it might be the "Red Lake" of Quebec. Some well-known mining companies have had men quietly looking over the ground in this area for some time and others are contemplating sending representatives, he believe. Chibougamau Lake is in the north-eastern part of Quebec, above Rouyn. Very promising reports have come from there into the Rouyn district. The Canadian National Railways report for 1925 says, "This section of Quebec from Rouyn east along the Transcontinental is one of the most promising places left in north-eastern Canada in which to expect discoveries of merit which can be economically operated." It also states that high values are found to exist at Chibougamau. We believe that several of the old-time prospectors from here are arranging to go in. Chibougamau Lake is on the same height of land as Kirkland Lake. The Finns of South Porcupine and district held a big picnic on the Ball Grounds on Sunday. Diamond drilling has been started at the Davidson this week we hear. Mr. Max Ryan, of Timmins, has the contract. Mr. and Mrs. Nallet, of McCauley, Manitoba, are on a visit to their daughter, Mrs. V. Laffin. Mr. J. Bell and Mr. D. Abrams are leaving this week for the Chibougamau Lake district in Quebec. The Explorers Club had a hike and fishing trip out to Pike Lake last Saturday. Reaching years of discretion is not so enviable a state of being as it is generally estimated. When you reach that age you are too young to die and too old to have any fun. Announcement is made of the marriage of Miss Annette Roy, daughter of Mr. and Mrs. Josephus Roy, Timmins, to Mr. Wilfred Perrault, the event to take place on Wednesday next, June 16th, at St. Anthony's R. C. church. Nuptial Mass at 8 a.m.

WEEKLY DANCE EVERY WEDNESDAY NIGHT IN THE FINN HALL Music by Five-Piece Orchestra EVERYBODY WELCOME -19-31p

(including Tax) Tickets on sale at all Drug Stores in Timmins, Schumacher and South Porcupine GOLFERS REGRET DEATH OF GRASS ON THE GREENS The golfing season has not got away to its customary good start in this district this year. The fairways are in better shape than ever, but due to the grass all dying on the greens, these have not been opened for play yet. Timmins golfers are still using the winter greens. It will be some time before the greens are in shape to play on, and until then local devotees of the game of "golf" will have to content themselves with the small winter greens. Last week Mr. Noah Teifer took up the contract of garbage collector for the town. Mr. Geo. Laporte, who had the contract for some seven years past, thanks the people for kindness and co-operation while he was at the work.
