BASEBALL LEAGUE GAMES FOR BALANCE OF SEASON.

In the northern group of the Temiskaming Baseball League, Timmins is scheduled to play at Iroquois Falls on July 7th and July 29th and at South Porcupine on August 18th.

The home games at Timmins are as follows:—

July 14—South Porcupine at Timmins.
 Aug. 4—South Porcupine at Timmins.
 Aug. 25—Iroquois Falls at Timmins.

The South Porcupine and Iroquois Falls matches schedule are:—

June 30—Iroquois Falls at South Porcupine.
 July 21—Iroquois Falls at South Porcupine.
 Aug. 12—South Porcupine at Iroquois Falls.

Mrs. Wm. Irish, of Cochrane, was in Timmins last week to attend the funeral of her nephew, the late James Constant.

THE VALUE OF A GOOD BAND TO THE COMMUNITY

The Haileyburian is conducting a clever campaign at present with the purpose of securing the establishment of a band in Haileybury. The Haileyburian has published several very interesting editorials emphasizing the value and benefit of a band to a community. These editorials are of interest to towns where there is a band as well as towns that lack a band. Last week The Haileyburian says:—

"Spring—and the regular throbbing beat of the drums, the clear melody of the cornets, a rolling march, the tramp, tramp of the marching feet and we all, from the ragged urchin to the most sedate citizen feel our spirits rise and our feet tingle, while some inner voice urges us to 'follow the band.'"

"The small boy who hates to practise his music lesson particularly loves the band. He runs along beside it all over the town and thrills at the mere thought of carrying the big bass drum."

"The 'tired business man' looks out of his office window when he hears the music, invents an excuse to go to the post office, so that he, too, may follow the band."

"His wife at home, hustling, hating everything and wishing she had 'kept that good job,' runs to the window, watches and listens while the parade passes, and goes back to her work with a smile on her face."

"Yes, we all instinctively long to follow the band, and it makes us all forget our troubles and grievances."

"Music the fiercest grief can charm
 And Fate's severest rage disarm."

"What is a town without a band? Why be without the greatest refining influence and entertainment known?"

"Where—is our band? Why haven't we a band which would bring the whole community together at its open-air concerts, put us all in a good mood, make us forget our petty daily cares, let us meet our neighbors and become more interested in their welfare."

"Assuredly a band is the best possible method of building a true community spirit."

PROSPECTORS AT RED LAKE MAKE BIRCH BARK CANOE

The lengths to which prospectors are extending their efforts to reach Woman Lake and Birch Lake are reflected in an interesting example of resourcefulness reported by A. J. Byles of Beamsville who is in Red Lake in connection with work on the claims of the C. L. T. Syndicate composed of Toronto interests. Mr. Byles reports that while camped on the shores of Gull Rock Lake he had as neighbors a pair of prospectors, John and Joe Henry of St. Catharines, who had been stranded there since the break-up. They were without dogs or canoes, having hauled between 500 and 600 pounds of supplies over the winter trail from Hudson on toboggans. At Red Lake they found everything staked and without means of travelling by water, after the break-up they were helpless. Just before the final break-up they had started to build a birch bark canoe. Their only tools were their knives and their axes. They heard of some scrap iron which was reported to have been left at an old abandoned camp on the east side of Gull Rock Lake and at great risk to their lives they travelled across the ice, a distance of from six or eight miles. They returned with part of a handsaw, some rod iron and some gasoline cans. By artful use of the gasoline cans and some canvas a bellows was made, a rough forge was built of stone and sufficient heat was produced to meet their purposes. From the saw they fashioned a rough draw knife from the rod steel, a bace and bit, a split stump served as a vice.

Birch ribs and gunwales were cut and birch bark was then stretched over the frame. The seams were made watertight with spruce gum. Finally after two weeks laborious efforts a birch bark canoe was produced that would float. It was a pair of triumphant as well as hopeful prospectors who finally set out to retrace their trail from Pakwash Lake and take the eastern trail leading into Woman and Birch Lake sections.

HOLLY RECREATION AND LANGS. PLAY GREAT GAME

One of the Finest Exhibitions of Football Seen Here Last Saturday Afternoon

One of the finest exhibitions of football ever seen on the athletic field here was played last Saturday between the Holly Recreation and the Lanes. There was a short period of lagging in the second half on the part of the Lanes., which no doubt lost them the match, for the Rees. notched two goals which put them ahead, and finally winning out 4 goals to 1.

The first half started with bustling football with the Lanes. on the offensive and the Rees. backs were kept busy in clearing, but were finally beat and Elrick had one to clear. The Rees. came down but F. Jackson looked after them. Winder was called on to make a fine save and he cleared well. The Lanes. got away again and broke through the Rees. defence, Backhouse getting a pass sent in a hot one; the ball struck the crossbar and rebounded into play; it was driven back again, but the luck was against the Lanes. for the ball this time struck the upright and was cleared. The Rees. took up the offensive for a while and Wilkinson and F. Jackson came in for a lot of work and they cleared in fine style. Winder also had a couple to handle which were also cleared.

It looked as though the first half was going to finish without a score, but five minutes from time the Lanes. put in a fine spurt and swinging the leather freely, they broke through the defence and Bratby scored with a nice shot. The Rees. tried hard to square up but had to make the change-over for the first time this season on the losing end of the score.

The second half started off with fast play, both goalies being visited in turn, but the leather was kept out. This was kept up for nearly a quarter of an hour and finished up at the Lanes.' goal where a lively time went on from a corner kick. After some kicking of the ball in and out of the goal area Jackson finally got it through for a score. The Lanes. eased up a bit now; no doubt the fast pace was telling on them. The Rees. kept up the pressure, and forced a corner and Jackson headed in the flag kick which put the Rees. ahead. The play was not so fast now and much swinging of the ball was in evidence with the Rees. playing the better game. They consolidated their lead when Rankin scored on one of the finest shots of the season, Winder having no chance to save. The Lanes. now started to press again and F. Jackson came down in an effort to spur his team on. Higginson got a pass and was well away, when he came a cropper in the penalty area, which looked very much like a penalty, but the play went on, although this incident stopped the Lanes. from what looked like a sure goal. At the other end the Rees. were awarded a penalty, but Jackson shot it wide. The pace was hot again and Shaw got the fourth goal with a good cross shot which gave Winder no chance, and the final whistle blew without further score. It was a hard match and everybody commented on it as the finest match of the season and sure got their two-bits worth.

The teams: Holly Rees.:—Elrick, goal; Liddle and Low, backs; Rankin, Morris and Woods, half backs; McTaggart, McKenzie, Shaw, Jackson, and McLatchie, forwards.

Lancastrians:—Winder, goal; F. Jackson and Wilkinson, backs; Hooper, Moore and Jenkins, half backs; Higginson, McGarry, Backhouse, Bratby and Jones, forwards.
 S. Lynn, referee.

HOLLY RECS. The Score was 4 to 0. It was Hard Going on Wet and Slippery Ground, but a Good Game.

The Holly Recreation won another victory on Thursday last by taking two points from the Cornish One-and-All by a score of four goals to nil.

The match was played during the rain which had been falling all the day and there were a couple of heavy showers during the play and the ground was slippery which made football almost impossible, but a good match was played throughout in spite of the heavy going.

The Cornish were handicapped at the start. Their goalkeeper failed to put in appearance and Street went between the sticks and the match went on for twenty minutes before the Cornish had their eleven men on the field. The Rees. took up the offensive at the start and the Cornish had a trying time to keep them out and in spite of the hard work Jackson got one by Street on a nice shot. The Cornish had a good chance at scoring but let it slip by. The Rees. kept up the pressure and before the half closed N. Dougall notched the second goal. The change-over was made with the Rees. two up:

The second half was a little more even and the Cornish had two good chances, only they failed to follow up the play when they had only Elrick to beat. The Rees. pressed in their usual style, and in ten minutes McKenzie got the third goal. The Cornish did not give up hope and Elrick had a close shave when he fell with the ball in his hands and an appeal was made for a goal, claiming he went over the goal line, but none of the officials saw it, and it was not counted. The ball was heavy and hard to control by now and a fairly good game was being played under these conditions. Fifteen minutes from the end Jackson scored on an easy shot. Shortly after this Rice stopped a hard shot with his chest and was carried off the field. He is feeling fairly good again, but will no doubt be out of the game for a few days.

The teams:
 Cornish:—Street, goal; Strong and Rice, backs; Higan, West and Howe, half-backs; Youton, Mills, Williams, Toms and Taylor, forwards.
 Holly Rees.—Elrick, goal; Liddell and Low, backs; Rankin, Morris and Woods, half-backs; N. Dougall, McKenzie, Shaw, Jackson and McLatchie, forwards.
 J. Moore, referee.
