BURNING BAG OF SAWDUST CAUSES ALARM OF FIRE.

On Monday, at about 2.55 p.m., there was a telephone message sent to the fire hall and at the same time an alarm was rung in from Box 12. The trouble was at the side of the Bardessono block where there was an immense amount of smoke and indications of a possible fire alongside a small metal covered doorway leading to the basement. At the bottom of the metal-clad door there had been a small space that might let in cold air, and the janitor of the building last winter packed some old bags and sawdust against this little opening. Yesterday, it would appear that someone came along and threw a match or dropped a cigarette stub against the sawdust filled bags. The result was an immense amount of smoke and a suggestion of fire and flame. The firemen with one shot of the chemical put the supposed fire out of the running altogether. The motor truck and brigade were very speedily on the scene, fully maintaining their general record for immediate response. The motor was out of the hall before the first round of the bell was completed.

Cochrane last week had the pleasure of listening to a section of the Coldstream Guards Band while this group of the famous band was on its way by C.N.R. to the West. There were about 30 or 40 in the section and they gave an hour's musical programme at Cochrane. They were given official welcome to Cochrane. They were given official welcome to by the Mayor and Board of Trade. The Coldstream Guards Band will be the feature band at the Toronto Exhibition this year.

OPEN AIR BAND CONCERT TO BE HELD THIS EVENING

Everybody may not know what you happen to know. Also vice versa. Don't be afraid to explain nor to ask for explanations. —Four-Eighteen.

SHERIFF OF DISTRICT MARRIED LAST WEEK

Mr. John Donald Maekay, Sheriff of Cochrane District, and Miss Hazel May Maclean, daughter of Mr. and Mrs. Angus Maclean, of Sault Ste. Marie, were united in marriage on Wednesday, June 30th, 1926, at the United Church Manse, Cochrane, by Rev. C. Sinclair Jones. Hosts of friends here will extend sincere good wishes to the couple.

She—While you are asking papa for my hand I'll play something lively on the piano.
He—I'd rather you didn't, dearest. You know, some people can't keep their feet still when they hear lively music.

CRUELTY TO DUMB ANIMALS

is prevented to a great extent by a society organized for the purpose, but cruelty to little children is allowed to continue. There are children in Timmins who are tragically handicapped by defective vision, and whose parents cherish the delusion that the child will "outgrow" the defect.

Have your child's eyes examined, and have them corrected if they are found to be defective.
