BRITISH PAPER NEATLY SUMS UP THE SITUATION

The Weekly Outlook, of London, England, in a careful and impartial summary of the political situation in Canada, points out that Lord Byng's attitude is constitutionally correct, and that the Governor-General could not have taken any other logical position in fairness. "It is rather surprising," the Outlook continues, "that he should have been attacked with vitriolic fury as an autocrat and military despot who had degraded Canada, her position as a Crown Colony and so on. The explanation appears to be very simple. Mackenzie King demanded dissolution to escape a vote of censure and a charge of corruption. His tactics are comprehensible but not justifiable. To escape a personal charge he has chosen to raise a constitutional issue. His idea of defending himself in other words is to attack the Crown. Commonsense Canadian electors will probably see through so transparent a device but meanwhile the situation is uncomfortable for everyone concerned."

MAN KILLED BY FALLING UNDER TRAIN NEAR COBALT.

The mutilated body of a man thought to be Paul Emile Brassard was found on the T. & N. O. tracks near Cobalt on Wednesday morning. The limbs were ground off the body by the heavy train and the body was so bruised as to make identification very difficult. From papers in one of the pockets, however, it is believed that the dead man is Paul Emile Brassard, who had been employed on one of the extra gangs on the T. & N. O. It is surmised that he boarded the paper train and was riding between the cars when he lost his balance and fell between the cars. The body was discovered half an hour after the train had passed. Efforts have been made by Inspector Moore, of Cobalt, to get in touch with relatives of the deceased but up to the time of writing these efforts are understood to have been unsuccessful. Brassard was about 28 years of age.

ROBINSON CORKSCREW INCIDENT AT RED LAKE

The Advance does not suggest that the following story is not founded on fullest fact or that it is even exaggerated in the slightest degree. But this paper does not want the credit of being responsible for the tale. It is from the columns of Gibson's Fort-nightly Mining Review, and here it is:—

"A story comes from Red Lake of two prospectors marooned at Gull Rock Lake since the break-up without dogs or canoes, having hauled 500 to 600 pounds of supplies on toboggans over the winter trail from Hudson. Finding Red Lake all staked up and without means of travelling by water, they were helpless. Just before the final break-up they commenced the building of a birch-bark canoe, with only knives and axes for tools. Hearing of some serap iron at an abandoned camp some six miles away, they risked their lives on the rotten ice, and salvaged a hand-saw, some iron rods, and some gasoline cans. With the cans and some canvas they made a bellows, constructed a forge with stones. The saw became a draw-knife, the iron rods a brace and bit, a split stump served as a vise. With these rude implements they managed, after two weeks of effort, to finish the craft. Triumphant the pair then hastened on their way via Packwash Lake to the Woman and Birch Lake country."

WHY CONSIDER THE SECOND-HAND MAN?

When leaving town and selling off your household effects, why trouble with the second-hand man? He gives you just as little as you'll take—and no more. Bring your furniture, etc., to the Auction Mart where it will be promptly sold off at good prices—and immediate settlement follows the sale.

DEATH OF COL. ROSS, FORMER POSTAL SUPERINTENDENT

Colonel George Ross, I.S.O. former General Superintendent of Postal Services for Canada, and for fifty years one of the chiefs of postal administration in this country, died on Sunday at his home on Delaware avenue, Toronto. The deceased, who was in his seventy-fourth year, is the father of John G. Ross, of North Bay, district superintendent of postal services in Northern Ontario.

HOLLINGER MAKES NICE VICTORY IN HEAVY MATCH

The Cornish One-and-All dropped another match in the P.D.F.L. on Thursday last when the Hollinger team won from them, 8 to 4.
 The field was heavy from the rain all day, and so good football was difficult. It certainly was heavy going. The Hollinger, however, went to it with decided vim, the clever work of Sathrang especially being well worthy of special note. Sathrang showed them some fine shooting, and it was easy to see why the English team had kept two men on him all the time at the big game here last week. The Cornish missed some chances in the first half, their shooting being off, but the Hollinger made every shot count. The second half the Cornish did better shooting and netted more goals as a consequence. Street had to retire after heading a heavy ball which told on his injured forehead. He had his forehead hurt in the big match last week with the English P. A. team.

ITEMS OF INTEREST FROM THE RED LAKE DISTRICT

The following news notes are from The Red Lake Lookout, the new newspaper published at Sioux Lookout in the interests of the Red Lake district:—
 "On pretty good information we understand the Howie-Dome claims at Red Lake have wonderful ore at the depth of 1,200 feet, which has been pierced by the diamond drill."
 "There are 18 engine stalls in the Canadian National Railways roundhouse at Sioux Lookout, and about 150 men are employed in the shops and roundhouse in three eight-hour shifts."
 "Mr. Tremblay of New York has been here for a month past buying fish from the fishermen for miles around, and sending the product packed in ice to New York, where the fine solid fish is highly appreciated."
 "Mail now leaves the railway for Red Lake P.O. one a week, and is due to arrive there on Thursday p.m. Outgoing mail from Red Lake leaves at 7 a.m. each Monday. Mr. Brown is the postmaster."
 "The McIntyre Mines has recently taken an option on the Smith claims on East Bay—and it is understood that they have optioned with the Guggenheim interests, the arrangements having been made by Mr. Ed. Flynn, who was a visitor at Moberley's Hotel, Sioux Lookout."
 "Mr. C. V. Gallagher of South Porcupine recently sold six claims at Red Lake. There were two other parties interested."
 "Mr. McChesney of Timmins has taken in a crew of men to do a lot of work on some claims south of the Dunlop Syndicate."
 Mrs. Rochon, a pioneer of the Sudbury district, died recently at the home of her daughter. Mrs. Rochon was 99 years and 4 months old. She had eighteen children, six of whom survive. There are 150 grandchildren and great-grandchildren.

WINNIPEG EXCHANGE TO TRADE IN MINING STOCKS

Winnipeg Stock Exchange has appointed a committee to deal with the mining stocks end of the brokerage business, as it is the intention of the Winnipeg Exchange to handle more mining stocks in the future. With Red Lake so near and with the general boom now on in Canada in the mining industry the Winnipeg Exchange feels that it should be prepared to handle the legitimate business. Accordingly the committee has been formed and mining stocks are henceforth expected to form a material part of the business of the Exchange.

USE OF KNIFE AND REVOLVER JUST MILD EXCITEMENT

Apparently they are a cool-headed lot in Cochrane. To judge from the story in The Cochrane News, a man who uses a revolver and a knife in a public place creates nothing more than a "mild excitement." They feel that it is probably in bad taste, but there is no reason for excitement. What Cochrane seems to need is a speed cop on a motor cycle. Anyway this is what The Cochrane News says in its last issue:—
 "A mild piece of excitement occurred yesterday afternoon about five o'clock on the tracks of the C.N.R. when two men decided to settle their family affairs before the public. The elder of the two not being a match for his younger assailant, resorted to the use of a revolver from which he fired two shots neither of which took effect, the younger then managed to get the gun and the elder attacked with a knife with no better results. The assailant has been arrested on the charge of shooting with intent to do bodily harm and assault."

ANNUAL BAND REGATTA TO BE HELD, AUGUST 2nd

Civic Holiday, August 2nd, is the date of the annual regatta held at the Mattagami River, under the auspices of the Timmins Citizens' Band. A programme of much interest is being prepared. This will include attractive water sports such as swimming races, chasing the duck, canoe races, diving, walking the greasy pole, etc. This is the sixth annual regatta held by the Timmins Band, each event being popular and successful. Watch for announcements regarding the sixth annual regatta.

COMMUNITY CLUB DANCE AT CONNAUGHT, JULY 16th

A dance is to be held in the public school house at Connaught on Friday evening of this week (tomorrow) July 16th, under the auspices of the Connaught Community Club. The event will commence at 8.45. There will be refreshments served during the evening, and a first-class orchestra will be in attendance. The dance will be an enjoyable one, and all are certain of a good time. In view of the good time always enjoyed at Connaught dances it is likely that several from South Porcupine and other sections of this part of the camp will motor over to Connaught for the occasion.
