PICKED-UP TEAM BEAT KIRKLAND LAKE, 4 TO 2

Timmins, With Players Secured Just Before Train Time, Makes Nice Win of First King Cup Match.

Securing a team to go to Kirkland Lake on Saturday last for the first match in the King Cup series was reminiscent of old football days here. Half an hour before the train left there was desperate effort being made to round up enough players to make a team. One of the regular players was meeting his family after an absence of over two years. Another was laid up with injuries sustained in a recent match. Still another could not spare the time from work. An so it went. But eventually a complete eleven was secured, just as in the days of old. And the pick-up team gave a fine account of itself. The forward line went at Kirkland Lake with a vim and snap that left the Lake fairly gasping. Inside of fifteen minutes Timmins had a four goal lead. The final score was 4 to 2 in favour of Timmins.

All who saw the match say that each and every Timmins player gave the best and that best was splendid stuff. Not a man on the team but played a dandy game. It was a match worth seeing. The regulars on the line-up fairly excelled themselves, and McLatchie, Adamson and Landers deserve special mention. Adamson was great at back, and McLatchie gave a fine game indeed. Joe Landers played the best game of his young life and showed that he has all the promise of giving a creditable account of himself in fast senior company.

The Timmins team included:—Elrick, goal, Ned Dougall and Adamson, backs; G. Cooper, W. E. B. Cadman, Rankin, half-backs; Neil Dougall, Sathrang, Petterson, Joe Landers, McLatchie, forwards.

Referee—Mr. Meath, Kirkland Lake.

Iroquois Falls showed such improvement and progress that the team held Dome on Saturday to a draw, 2 to 2. The Falls and Dome meet again in the King Cup series this coming Saturday.

On Saturday, Kirkland Lake also play at Timmins in the return match of the King Cup series.

MARKET TWICE A WEEK COMMENCING AUGUST 7

Will be Held Every Tuesday and Saturday Until Further Notice.

Formal notice is given this week by the Town Council that Timmins Market will be opened at the Skating Rink on Saturday, August 7th, and then every Tuesday and Saturday until further notice. Farmers, market gardeners and other producers and the public generally may bear this in mind with general advantage. Each year the Hollinger kindly allows the use of the Skating Rink for market purposes, and the building in the past has proven exceptionally useful for the purpose. There is ample room and accommodation, and the location is convenient for all concerned. The market provides excellent opportunity for the producers to dispose of their produce to advantage, while consumers find it a convenient way to secure fresh produce with prices usually below what they would be with other methods of sale. In previous years the market has been very well patronized and generally considered successful and beneficial.

The funeral was very largely attended, the Schumacher Firemen attending in a body and the Timmins Fire Department also being largely represented. Large numbers of the Oddfellows of the district were also present for the last sad rites over their departed brother. Interment was made at Timmins cemetery.

DOMINION ELECTION TO BE ON SEPTEMBER 14TH

Date Announced by Premier Meighen in Stirring Address at Ottawa on Tuesday Evening.

The opening meeting of the political campaign for the coming Federal election contest was held at Ottawa on Tuesday evening of this week, the principal speakers being the Premier, Hon. Arthur Meighen, Senator Gideon Robertson and the Hon. Mr. Pate-naude, all of whom delivered very stirring addresses. There were over five thousand present at the meeting. The Premier made very vigorous attack upon Hon. Mackenzie King's attempt to raise a constitutional issue. "There is no constitutional issue," said the Premier, who gave a masterly summary of the Customs scandal and other of the King Government misdeeds and pointed out that the real issue was whether honesty and democracy were to triumph at the coming election. The speakers seemed to have the firmest confidence that the right will triumph in the coming contest and that the Meighen Government will be returned by a good majority. It was one of the most enthusiastic meetings ever held in Ottawa. During the course of his address, the Premier took occasion to announce that the election date for the coming Federal election was September 14th.

Mr. Jas. Cochrane, of Cobalt, is in charge of the A. L. Herbert office here at present.

Secretary of State in the Meighen government and formerly Canadian High Commissioner in London.

GIRL OF TWELVE SAID TO BE DEFAUDING STORES

Merchants Tell of Youngster Charging Goods under False Name. Has Clever Scheme

A local merchant this week told The Advance of a scheme of fraud that has been worked successfully in town by a girl of twelve. This youngster has been making small purchases at certain local stores, until she was known to the proprietors and clerks. Then she would come along with a note supposed to be from her father asking for credit for comparatively small amounts. As the man whose name was signed to the note was well known and good pay, the notes were honoured without any particular question. When bills went out at the end of the month, however, the man supposed to be the father concerned, called to say he had not contracted the bill and knew nothing about it. Investigation showed that the young girl had been putting one over. Another trick employed by the youngster is to get goods at one store on credit and return them to another store for other goods or for cash to be returned to her. The youngster's schemes have been called to the police's attention, and effort is being made to find out what is what. It is hard to believe that a twelve-year-old youngster unaided could carry through frauds of this description so cleverly.

BIG CROWD AT SUNDAY EVENING BAND CONCERT

There was even more than the usual crowd at the band concert on Sunday evening after the church services, and all thoroughly enjoyed the good music. There was a crowd lined up all along the street from the Empire Hotel to the Prince of Wales, and also on the station platform and in the space alongside the band stand. Then there were autos parked on both sides of the road. Indeed, on the east side the cars were two abreast at some points. Bandmaster Wolno and his capable band presented a programme of special attraction, every number being exceptionally well given and each and every member of the band doing his part in very pleasing style. Compliments to the band were numerous and sincere in appreciating the clever work of the members and the band as a whole. The outdoor band concerts this season are proving even more popular than in previous years, and it is pleasing to know that the popularity is won on merit by the excellence of the programmes furnished.

GAME AT DOME SATURDAY SHOULD BE A GOOD ONE

In the N.O.F.A. series for the King Cup, Iroquois Falls plays at the Dome on Saturday, the game starting at 5.15 p.m.—This should be a specially worth-while match. Last week, after Dome previously defeating the Falls by a big score, the Falls held the Dome Miners to a draw. Now, the Falls is coming out with the idea of going a step farther and making a name by a straight win. On the other hand the Dome says it can't be done. So there you are! In any event the spectators appear to be booked for a first-class match of good football.

HON. S. F. TOLMIE
Minister of Agriculture in the Cabinet of Hon. Arthur Meighen.

WILSON AVENUE STORE ROBBED THIS WEEK.

Burglars entered S. I. Buevetsky's store down the River Road on Monday night, taking away a quantity of goods. A light in the store at an unearthly hour happened to attract attention and a call was sent in to the police station to the effect that there might be something wrong in progress. The police car made a speedy trip to the scene, the police arriving only a minute or two too late for the catching of the burglar or burglars redhanded. As it was, the robber or robbers had a very narrow escape just missing the police clutches. So hurried was the departure that a quantity of goods was deserted in a yard and laneway. The police do not think the robber or robbers got much out of the crime the getaway being unduly hurried through the arrival of the police. From the investigation made by the police at the time, it would appear that at least one robber escaped by taking refuge in one of the many shacks in the district, but it was impossible to find this particular shack, though a number of places were searched. The police are carrying on a thorough search for the guilty party or parties.

It is definitely known that several parties, representing reliable people, are prospecting on the strength of definite information and that one or two of these parties are expected back almost any time."
